Lakeside Calif 8-12-13

Mr. W. S. Post
San Diego Calif

Dear Sir:

I do not know whether I should report progress of this work direct to you or whether that pleasure belongs to Mr. Barth.

We are making a close preliminary survey of conduit & siphon line. There will be only two siphons.

The 1st one begins at Sta 47+22.9 & extends to Sta 79+81. The second will begin about Sta 99+00.

We have completed preliminary to Sta 100+89 but will probably back up some distance from this point.

Weather was very hot today.

Very respectfully
J. J. Holbert.

Mr. W. S. Post
San Diego Calif

Dear Sir:

We finished the survey of Siphon lines yesterday P.M. and commenced survey of the present Flume line between El Monte & Linkershim tunnels. ^{today} This we are running as a stadia line, as per Mr. Barth's instructions.

We got to just south of the Los Cochis tunnel and should complete the work by Saturday night.

Very respectfully

J. J. Holbert.

C. W. CO. FILE

August 22, 1913.

Mr. J. T. Holbert,
Lakeside.

Dear Sir:-

I am sending out a level with which you can complete your check levels. Leave the transit to be called for by Mr. Morse or Mr. Harritt. You will discontinue stadia re-survey of the flume and simply tie in your levels, retain one rodman and send the rest of the men in if you have not already done so.

Please tell Hamilton to close up his work Saturday also, and come in to the office. If he has to leave anything let it be some of the irrigation areas and get what pipe lines he can get hold of tomorrow.

Very sincerely yours,

WSP-VK
