Dear Sir:

I enclose copy of letter sent to Mr. Henshaw, and also
a copy of statements regarding water values.

It may be that some of this data will help you in some
of your work before the commission, at least it will give
you expert opinion, as to values.

I thought it might be possible that such data might inter-
est you, and in some way aid you.

Very respectfully your,

DictFH/GK

G.W.Henshaw Esq.,

San Francisco. California.

Dear Sir:

I enclose, as promised, copies of statements, from the
court record, as to the value of water power.

You will see that there are a number of engineers, who
value water at from \$2500.00 to \$7000.00, per inch.

It has been difficult to secure the transcript, so as to
have these copies made, therefor the delay.

A considerable part of these copies could have been done
without, had the typist been careful to cut out all useless
matter.

There is no doubt but that Water is king, throughout this
whole southern territory, and the value of same, will greatly
increase, with intensified farming.

Very respectfully,

DictFH/GK
