We have received through our Representative, Mr. H.H. Wadsworth, tentative applications covering the above risks and are writing this letter to inform you that we are unable to grant insurance or accept the applications on the basis submitted. You are, therefore, not at this time nor have you been insured with this Fund.

We have, however, instructed our Representative to call on you, advising as to the basis on which we would accept your business. He has, no doubt, already called on you but we are addressing you at this time so that there will be no misunderstanding with regard to coverage.

Yours very truly,

I phoned Mr. Wadsworth of the State Fund Compensation Ins. and told him we had received cancellation notice from the Phoenix Indemnity Company dated Oct. 1st, cancellation effective Oct. 11th and asked him to cover us.

He answered that they do not want the insurance but had asked you for a list of losses during the past five years.

I told him that we were getting the information and as soon as received it would be furnished to him but that we did not wish to be without compensation insurance.

He answered that he had told you they did not want the business but after receiving the information regarding losses they would reconsider it, that we have ten days before the notice is effective.

I told him that I would talk with you regarding the matter.
