My dear Sir:-

I hasten to make out the data you want. You will find in closed. I take the itemized statements from the stubs of my warrant-book and attempt to classify under different heads. I did not take time to add them. You have an adding machine and can do the adding more accurate.

The itemized statements are from Jan 1st 1920 to Nov. 1-1920. On a separate sheet I send you the amount of bills passed at the Nov. meeting and warrants drawn but-not paid, also for the December meeting warrant drawn but-not paid.

The assessed valuation of the District for the year 1920-21. is \$3,004,416.20
The rate of tax levy is $\frac{3}{10}$ of one per centum which is \$9013.25. I have no statement what this money will be used for for this year. but presume will be to meet the expense of the district & pay for debts contracted etc.

In regards to printed form of statement of last year's expenditures, I had a statement made passed by the board & certified by myself and printed in The Oceanside Blade. I find the Blade did not send me an affidavit of publication nor returned my certified statement to me. I will take this matter up with the Blade & will have a statement sent to you soon.

If this material is not clear to you please let me know & I will call and explain the best I can.

Very truly yours,

- J. Kinney -

Mr. Ed Fletcher,

San Diego, Calif.

My dear Mr Fletcher:-

I thought I would write you concerning the sentiment I find in this community in regards to the water proposition. I have been talking with several parties recently, I find there is a growing sentiment in favor of water. In fact, I find a feeling that there is great danger of not getting water. I believe if this matter was put to a vote it would carry with a good majority. I believe the bonds would carry. A number of things are clarified. I believe the people are becoming better informed. I find since the court rendered a decision against the district there is an anxiety. If the Supreme Court would reverse the decision I am of the opinion there would be a little doubt about the bonds carrying. I have been thinking of leaving here. If I thought there was any possibility of a change being made I would remain and lend my service.
