Dr. Leo Szilard
Dept. of Biophysics
University of Chicago
Chicago, Illinois

Dear Dr. Szilard:

When in Woods Hole last week I had a brief discussion with Dr. Alfred G. Marshak on the subject of aging, a field in which I want to do research. During this discussion Dr. Marshak mentioned that you and Dr. William Arnold had recently expressed an interest in applying your knowledge of physics to the aging problem.

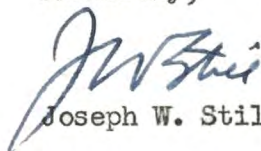

This seems to be one of those fields needing a "team" approach and so I am writing you to inquire if you are interested in exploring the possibilities of forming such a team.

My background is Medicine with 4 years of clinical work, 9 of medical administration and 6 in physiological research. I believe I could make a contribution to such an organization.

If you are interested, perhaps we could meet here in Washington some time this year. I imagine your work brings you here frequently.

Perhaps you have other ideas or suggestions. Your reaction will be appreciated.

Sincerely,

Joseph W. Still, M.D.

JWS/cb

P.S. - I had not associated your name with bio-physica & was surprised when I looked up your address. Perhaps you are already working in this direction!

Dr. Leo Szilard
New York, New York

Dear Dr. Szilard:

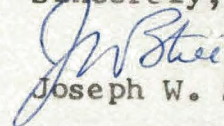

Thank you very much for sending me "The Voice of The Dolphins". I devoured it in two sittings and enjoyed it very much. By turns, I was instructed, amused and stimulated. Altogether, a book of which you may be very proud.

Because of some of your remarks about the management of science and education you may find my book of interest, and because of your present work in biology you may find the attached reprints of interest.

Today I am led to recall your statement to Mike Wallace that you were going to Washington to see if there was a "market there for wisdom." Though I haven't heard what you found out, I'm afraid I can guess correctly.

With best wishes and appreciation for the pleasure your book gave me.

Sincerely,

Joseph W. Still, M.D., M.P.H.

Dr. Leo Szilard
Hotel Dupont Plaza
Washington, D.C.

Dear Dr. Szilard:

I expect to arrive in Washington in the late afternoon of April 22nd, so if it would be more convenient for you to see me that evening, than on the 23rd or 24th, that would be fine. I will call you as soon as I reach Washington.

With personal regards and good wishes.

Sincerely,

Joseph W. Still
