Gentlemen:

Neither the Board of Supervisors nor the county highway commission can spend any money legally within the city limits of El Cajon to build the gap in the highway between El Cajon and Santee.

The money necessary to build this piece of highway is being raised by private subscriptions, and they are having a hard time raising it. You will be much benefited by the completion of this stretch of road.

The people of Santee have raised \$2500 toward this work, the city of El Cajon \$4,000, and we need \$2500 to \$3,000 more to complete. Will you kindly send me your check for a substantial donation, made payable to Sherwood Wheaton, who is the chairman of our highway commission and who will be treasurer of this fund.

Thanking you for your hearty cooperation,

I am

Sincerely yours,

Gentlemen:

We have nearly \$3,000 yet to raise before we can commence work on the paving of the road between El Cajon and Santee. Neither the County Highway Commission nor the County Board of Supervisors can spend a dollar on this road. The City of El Cajon cannot finance all of this, and have already raised one half of the cost.

Unless those interested make a substantial subscription and the money is raised at an early date, the whole proceedings will be dropped and those who have subscribed will be returned their money.

I hope that you can see your way clear to give us a liberal subscription as per my letter to you of March 11th.

May I have an early reply one way or the other as to whether you intend to help out on this matter or not?

Yours very truly,

EF:AH

Dear Mr. Fletcher:-

According to our records you were, during
the year of 1927 and the early part of 1928, delivered
several barrels that have not been returned or refilled.

We would appreciate your making a check of the
containers now in your possession to see if you still
have the barrel which is No. 212781, delivered to you on
March 25, 1927. If the same is empty, kindly notify us
and we will have our truck at Ramona pick it up.

This is not a request for you to empty the bar-
rel but merely a check of our records to locate our empty
containers and put them back into service.

The enclosed self-addressed envelope is for your
convenience in replying. We trust that we shall have your
reply at an early date.

Yours very truly,

Attention Mr. J. D. Nesbett

Dear Mr. Nesbett:

I received your letter of January 16th in regards
to barrel No. 212781 delivered to us on March 25,
1927.

This barrel must be at Pine Hills or Cuyamaca Lake,
however, I thought that it was at Eagle's Nest
but when I went to Eagle's Nest Saturday the barrel
which we had there is No. 250190 which I returned
to your Ramona substation last Saturday.

The barrel which you asked me about I will try and
locate and if it is not in use at the present
time I will see that it is returned to you.

Sincerely yours,

Gentlemen:

Enclosed find bill against Pine Hills Mutual Water
Company for gasoline delivered on the 15th of January
for which you charged us 19 cents a gallon.

We received gasoline right along during that same
period for Cuyamaca Lodge and only paid 17 cents.
Why is it that you can deliver clear over to Cuyamaca
Lake less than you can deliver to Pine Hills?

An early reply will be appreciated.

Yours truly,

Gentlemen:

I am going on a vacation and while I am gone Mr. Roy Gast or Mr. Dennis, employees of Mr. Sutherland at Pine Hills Lodge, may call up and want a tank of gasoline. Please send them one truckload, 500 or 600 gallons, and charge same to Pine Hills Mutual Water Company.

When they call for it, please deliver it as soon as you can as they are letting the tank get as low as possible and then are going to pump out the remainder in order to have the tank free of water for the new gasoline.

Yours very truly,

Dear Mr. Fletcher:

A recent audit has developed that a stove oil delivery of May 28, 1929 is yet unpaid. It is possible that you have received improper invoicing for this delivery and we are pleased to attach our corrected statement which we intend to itemize in detail for your information.

We trust that you will now deem this item in line for immediate settlement and that we will receive relief by return mail.
