

DELEGATES TO FALL CONFERENCE OF THE INDUSTRIAL SPONSORS  
OF THE INSTITUTES OF THE UNIVERSITY OF CHICAGO

November 6-7, 1950

ALUMINUM COMPANY OF AMERICA

Dr. W. L. Fink, Chief of the Physical Metallurgy Division, Aluminum  
Research Laboratories

Dr. L. M. Foster, Process Metallurgy Division

ALUMINIUM LABORATORIES LIMITED

Dr. Robert H. Hay, Head of Physics Division

BEECH-NUT PACKING COMPANY

Dr. L. G. Cox, In Charge of Special Technical Projects

CELANESE CORPORATION OF AMERICA

Mr. Bjorn Andersen, Director of Central Research and Development  
Dept.

Dr. Bruce B. Allen, Assistant Director of Central Research and  
Development Dept.

COPPER & BRASS RESEARCH ASSOCIATION

Mr. Jack G. Graham, Special Project Engineer of the Penn Brass  
& Copper Company

Mr. T. E. Veltfort, Manager, Copper & Brass Res. Assn.

CRANE CO.

Mr. John P. Magos, Director of Engineering

Mr. J. J. Kanter, Directing Engineer, Engineering Laboratories

Mr. N. A. Ziegler, Supervising Engineer, Engineering Labs.

E. I. du PONT de NEMOURS & COMPANY

Dr. A. W. Kenney, Chemical Department

Dr. W. E. Mochel, Chemical Department

FAIRCHILD ENGINE AND AIRPLANE CORPORATION

Dr. Robert L. Echols, Head of Theoretical Physics Section

Dr. Willard G. Bouricius, Sr. Theoretical Physicist

GOODYEAR TIRE & RUBBER COMPANY

Dr. S. D. Gehman, In charge of Physical Research

Mr. J. A. Merrill, Assistant Manager of Research

Dr. H. J. Osterhof, Manager of Research

INLAND STEEL COMPANY

Mr. James W. Halley, Chief Research Engineer  
Mr. E. D. Martin, Superintendent, Research and Development Dept.  
Mr. J. H. Nead, Metallurgical Consultant to the President

INTERNATIONAL HARVESTER COMPANY

Mr. A. E. W. Johnson, Director of Engineering  
Mr. R. E. McGee, General Supervisor, Metallurgical Research,  
Manufacturing Research Department  
Mr. A. L. Ellis, Chief Research Physicist, Manufacturing Research  
Department  
Mr. H. B. Knowlton, Supervisor, Materials Engineering, Material  
Engineering and Parts Standards Dept.  
Dr. W. F. Lyon, Director, Medical Services

ELI LILLY AND COMPANY

Dr. S. F. Kern, Physical Chemical Group

OFFICE OF AIR RESEARCH

Dr. F. W. Bubb, Chief Scientist  
Lt. Colonel L. B. Williams, Physics Research Group  
Major R. W. Hoffman, Aerodynamics Research Group  
Capt. R. J. Hart, Physics Research Group  
Mr. E. J. Hassell, Metallurgy Group

OFFICE OF NAVAL RESEARCH

Dr. Harry C. Kelly, Head of Scientific Section, ONR, Chicago  
Dr. E. Piore, Deputy Scientist, ONR, Washington

PITTSBURGH PLATE GLASS COMPANY

Dr. J. H. Sherts, Director, Product Development Dept., Glass Divn.  
Dr. Franklin Strain, Columbia Chemical Division  
Mr. George E. Eilerman, Research Chemist, Paint Division

PROCTER & GAMBLE COMPANY

Dr. H. Nordsieck, Head, Physical Chemistry Section, Research Dept.  
Dr. F. L. Jackson, Physical Chemistry Section, Research Dept.

REYNOLDS METALS COMPANY

Mr. J. B. English, Chief Development Metallurgist, Reynolds Alloys  
Co.  
Mr. T. L. Fritzlen, Chief Metallurgist  
Mr. S. J. Sansonetti, Chief Chemist

SHELL DEVELOPMENT COMPANY

Dr. J. W. Givens, Assistant to Director of Research

STANDARD OIL DEVELOPMENT CO. (NEW JERSEY)

Dr. F. T. Barr, Chemical Engineer, Development Div., Esso Labs.  
Dr. I. Kirshenbaum, Research Chemist, Chemical Div., Esso Labs.

STANDARD OIL COMPANY (INDIANA)

Dr. R. B. Jacobs, Associate Director, Engineering Research Dept.  
Dr. C. H. Samans, Associate Director, Engineering Research Dept.  
Mr. G. W. Watts, Director of Engineering  
Dr. T. H. Rogers, Director of Research, Research Dept.  
Dr. E. W. Thiele, Associate Director of Research, Research Dept.  
Mr. G. W. Webb, Research Associate, Research Dept.  
Mr. R. E. McMahon, Chemist, Research Dept.  
Dr. F. C. Roop, Assistant Project Engineer, Engineering Research  
Department  
Mr. T. A. Abbott, Executive Director, Engineering Research Dept.

SUN OIL COMPANY

Mr. F. L. Johnson, Manager of the Physical Laboratory

UTILITIES RESEARCH COMMISSION

Mr. R. D. Maxson, Vice President, Public Service Co. of Northern  
Illinois  
Mr. E. L. Tornquist, Research Engineer, Public Service Co. of  
Northern Illinois  
Mr. R. J. Donaldson, Electronics and Communication Engineer,  
Commonwealth Edison Co.  
Mr. M. S. Oldacre, Director of Research

UNION CARBIDE AND CARBON CORPORATION

Dr. R. H. Crist, Director of Research, Physical Processes Dept.  
Carbide and Carbon Chemicals Div., South  
Charleston, West Virginia  
Mr. H. de W. Erasmus, Senior Research Engineer, Union C&C  
Research Labs., Inc., Niagara Falls, N.Y.  
Dr. J. M. Gaines, Assistant Superintendent, Linde Air Products Co.,  
Tonawanda, New York  
Dr. R. H. Gillette, Assistant to the Superintendent, Linde Air  
Products Co., Tonawanda, New York  
Dr. H. S. Pattin, Physicist, Research Laboratories, National Carbon  
Division, Cleveland, Ohio  
Dr. G. A. Perkins, Director of Research, Carbide and Carbon  
Chemicals Division, New York  
Dr. E. O. Wollan, Physicist, Oak Ridge National Laboratory, Carbide  
and Carbon Chemicals Div., Oak Ridge, Tenn.

WESTINGHOUSE ELECTRIC CORPORATION

Dr. John W. Coltman, Manager, Electronics and Nuclear Physics  
Dept., Research Laboratories  
Mr. Aaron Wexler, Research Physicist  
Mr. C. M. Slack, Assistant Manager, Atomic Power Division  
Dr. J. K. Stanley, Research Physicist

DELEGATES TO WINTER CONFERENCE OF THE INDUSTRIAL SPONSORS  
OF THE INSTITUTES OF THE UNIVERSITY OF CHICAGO

February 12-13, 1951

ALUMINUM COMPANY OF AMERICA

Dr. Wm. L. Fink, Chief, Physical Metallurgy Division, Aluminum  
Research Laboratories

ALUMINIUM LABORATORIES LIMITED

Dr. H. P. Godard, Head of Chemical Division, Kingston  
Dr. R. H. Hay, Head of Physics and Physical Metallurgy Div.

AMERICAN TOBACCO COMPANY

Dr. Harvey B. Haag, Professor of Pharmacology, Medical College  
of Virginia  
E. S. Harlow, Research Coordinator

BEECH-NUT PACKING COMPANY

 R. K. Phelan, Assistant Research Director

BETHLEHEM STEEL COMPANY

Dr. D. J. Blickwede, Research Engineer

CELANESE CORPORATION OF AMERICA

Dr. B. B. Allen, Asst. Director of Central Research Dept.  
Bjorn Andersen, Director of Central Research Dept.

CRANE CO.

J. J. Kanter, Directing Engineer  
J. P. Magos, Director of Engineering  
N. A. Ziegler, Supervising Engineer

E. I. DU PONT DE NEMOURS & COMPANY

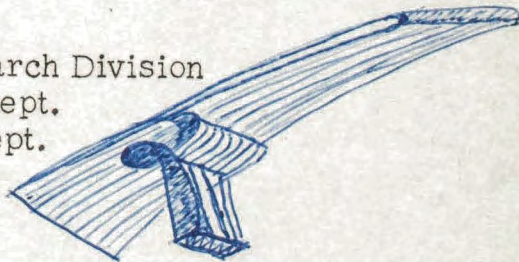

D. Scott, Organic Chemicals Department

FAIRCHILD ENGINE AND AIRPLANE CORP.

Fred Maienschein

GOODYEAR TIRE AND RUBBER CO.

Dr. A. M. Clifford, Asst. Manager of Research Division  
Dr. S. D. Gehman, Section Head, Physics Dept.  
Dr. C. R. Milone, Section Head, Organic Dept.

INLAND STEEL COMPANY

J. W. Halley, Chief Research Engineer  
Dr. E. Martin, Superintendent, Research & Dev. Dept.

INTERNATIONAL HARVESTER CO.

A. L. Ellis, Chief Research Physicist, Mfg. Res. Dept.  
J. H. Halgren, Chief Metallurgist  
P. E. Kerry, Chief Metallurgical Engineer  
H. B. Knowlton, Supervisor, Materials Engrg, Materials Engineering  
and Parts Standards Dept.  
D. C. McVey, Materials Engineer, Materials Engrg. & Parts Std. Dept.  
Dr. H. H. Steinberg, Medical Services

ELI LILLY AND COMPANY

Dr. T. P. Carney, Head of General Organic Chemical Research Dept.  
Dr. R. G. Jones, Head of Special Organic Chemical Research Dept.

OFFICE OF AIR RESEARCH

Dr. Frank W. Bubb, Chief Scientist  
Dr. Amos G. Horney  
R. M. Linsmayer  
Colonel F. J. Seiler, Chief, Office of Air Research, Wright Field

OFFICE OF NAVAL RESEARCH

Dr. John A. Hinckley, Chicago  
Dr. Morris T. Jones, Chicago  
Dr. Harry C. Kelly, Head of Scientific Section, ONR, Chicago  
Lloyd A. White, Chicago

PITTSBURGH PLATE GLASS CO.

Dr. Alfred R. Bader, Research Chemist, Paint Div.  
Dr. George E. Eilerman, Research Chemist, Paint Div.  
Dr. J. V. Fitzgerald, Glass Division Research Laboratories  
Dr. Albert E. Sidwell, Asst. Dir. of Research, Columbia Chemical Div.  
Dr. J. H. Sherts, Director, Product Development Dept., Glass Div.

PROCTER & GAMBLE CO.

Dr. Frank L. Jackson, Physical Chemistry Section, Research Dept.

REYNOLDS METALS CO.

S. J. Sansonetti, Chemical Dept., McCook, Ill.

SHELL DEVELOPMENT CO.

F. F. Rust

STANDARD OIL COMPANY (INDIANA)

Dr. H. A. Cataldi, Asst. Project Engineer, Engrg. Res. Dept.  
Dr. R. R. Hopkins, Asst. Project Chemist, Research Dept.  
Dr. L. G. Lewis, Project Physicist, Engineering Research Dept.  
Dr. L. W. Mixon, Section Leader, Research Dept.  
Dr. B. H. Shoemaker, Divisional Director, Research Dept.  
Dr. E. W. Thiele, Associate Dir. of Research, Research Dept. ~~tht~~  
G. W. Watts, Director of Engineering, Engineering Res. Dept.

UNION CARBIDE AND CARBON CORPORATION

Dr. J. G. Gibson, Organic Chemist, Carbide & Carbon Chemicals  
Div., Oak Ridge  
George Healy, Research Metallurgist, Union Carbide and Carbon  
Research Labs., Inc., Niagara Falls  
Dr. C. W. Sheppard, Biology Division, Oak Ridge National Lab.

UTILITIES RESEARCH COMMISSION

R. J. Donaldson, Electronics and Communication Engineer  
M. S. Oldacre, Director of Research  
E. L. Tornquist, Research Engineer

WESTINGHOUSE ELECTRIC CORPORATION

Dr. A. Wexler, Research Laboratories  
Dr. D. M. Wroughton, Atomic Power Division
