CONTINUING COMMITTEE  
OF THE  
PUGWASH CONFERENCES ON SCIENCE AND WORLD AFFAIRS

*Secretary-General* : Professor J. ROTBLAT

*Chairman* : The Earl Russell

*Telegraphic Address* : Pugwash, London

*Members* :

Prof. E. Amaldi; Academician L. A. Artsimovitch; Prof. Bernard Feld;  
Prof. Bentley Glass; Prof. L. Infeld; Prof. V. M. Khvostov; Academician  
V. A. Kirillin; Dr. H. Marcovitch; Prof. R. E. Peierls; Prof. C. F. Powell;  
Prof. Eugene Rabinowitch; Prof. V. Sarabhai;

8, ASMARA ROAD,  
LONDON, N. W. 2  
HAMpstead 1471

8th May, 1964.

Dear Szilard,

13th Pugwash Conference on Science and World Affairs

I am writing on behalf of the Pugwash Continuing Committee to invite you formally to the 13th Pugwash Conference which is to be held in Karlovy Vary, Czechoslovakia, from the 13th to 19th September, 1964. Some 90 scientists from 25 countries are being invited.

The theme of the Conference will be "Disarmament and Peaceful Collaboration among Nations" and the programme envisages five Working Groups; the topics for the Working Groups are enclosed. Preliminary papers for each Working Group will be prepared by a small group meeting several days earlier. The final reports from the Working Groups will be discussed at the last plenary session of the Conference. The Conference is scheduled to finish at noon on the 19th September and all participants are asked to stay until the end.

Except for the Opening Ceremony, all sessions of the Conference will be private. The reports from Working Groups, the conference papers and a summary of the discussions will be circulated in due course to former Pugwash participants, to Heads of Governments and other interested individuals or institutions. There will be no public statement from the Conference as a whole, but the Continuing Committee will issue a press release immediately after the Conference, summarizing the main findings and conclusions.

The Conference is sponsored by the Czechoslovak Academy of Sciences. For the duration of the Conference the participants will be the guests of the Czechoslovak Pugwash Group. For wives, the inclusive charge will be \$10 per day.

- 2 -

Further information about the Conference is enclosed. I shall be very grateful if you will return the enclosed questionnaire to me as soon as possible, since the information is urgently needed by the organizers.

As soon as your travelling arrangements are complete I should appreciate it if you would notify me of your time of arrival and flight number. With regard to a visa, please show this letter at your nearest Czechoslovak Consulate and inform them that the Czechoslovak Academy will pay for the visa; let me know if you encounter any difficulties.

I look forward to hearing from you soon.

*Best regards*

Yours sincerely,

*J. Reibel*

GRANDHOTEL

MOSKVA

= P U P P =

KARLOVY VARY

We have the honour to present you with this small publication on whose pages you will find a short review of the more important social centres of our hotel.

It gives us considerable pleasure to conduct you through the distinguished rooms through which, for over a century, there have passed generations of guests from all over the world.

“Tell me where you live and I shall tell you who you are” is most appropriate for the type of clientele staying at the Grand Hotel MOSKVA, formerly the PUPP Hotel.

Inside and out, the immaculate service reflects the highest standard of the 20th century. Carriages drawn by six pairs of horses have given way to 240 HP cars, musical boxes have disappeared in favour of modern radios and television sets. However, the courteous service and gracious, exclusive environment have remained.

Hoping that we have pleased you with our small offering and that we shall have the privilege of seeing you soon,

We remain,

Yours truly,

The Management of the Grand Hotel  
MOSKVA (PUPP)  
Karlovy Vary

Parked under the windows of the Grand Hotel MOSKVA (PUPP) can be seen all kinds of luxurious cars bearing the flags of all continents of the world.

The fresh cool greenery and gorgeous masses of flowers of the adjoining hotel park create an enchantingly peaceful spot frequently sought out by the hotel guests.

# HOTEL MOSKVA

At night there is a gay social life in the  
Grand Hotel MOSKVA (PUPP).

The luxurious interior, fragrant with  
flowers, glows with colours and is  
filled with music, both classic and  
modern.

In the sunlight the great complex of the Grand Hotel MOSKVA (PUPP) gleams like a pearl amidst the emerald green of deep forests, parks and hill-slopes.

Taking the "Karlovy Vary breakfast" on the garden terrace is one of the many pleasant moments of your stay at the Grand Hotel MOSKVA (PUPP).

Through the doors of the Grand Hotel MOSKVA (PUPP) have passed generations of guests from all continents of the world. World history has been written in the hotel reception room and is closely connected with the centuries old tradition of this superb hotel. The visitor's books resound with the names of royalty, famous scientists, artists and statesmen who have stayed here throughout the years.

The Small Salon is traditional for its charming atmosphere and is the hub of the hotel's social life. It is gay with activity from afternoon tea-time till late at night. The small dance floor, lilting dance music and singing add pleasure to the moments spent under the crystal vault of the Small Salon. The bar corner with its inexhaustible source of special world drinks is skilfully presided over by the popular barman, Misha.

The French Restaurant is one of the spots which the spa guests accord the greatest praise and acknowledgement. The menu of the French Restaurant and Mirror Restaurant Room is an absolute symphony of culinary art for gourmets from all over the world.

The elegant English Salon is a gracious milieu for private parties. In the light of sparkling crystal chandeliers and softly glowing candles, the fragrance of flowers and the aroma of choice foods many important meetings have taken place at the "Round Table".

The charming milieu of the Napoleonic Salon is also frequently sought out for private parties.

Open all day long, the day bar has also a gaming-room.

We recommend: MOSKVA-PUPP COCKTAIL and KARLOVARSKÝ COCKTAIL.

The Florentina Bar is an exclusive night club frequented by the spa guests for its open-air alcazar and dance and mood music. The spacious Grand Hall is the centre of the traditional international film festivals.

Because of its excellent acoustics the Grand Hall, which possesses the best organ in Central Europe, is always filled to the last seat during concerts. The popular balls held in this Hall are always brilliant affairs.

Crowned heads and eminent personalities from all over the world have stayed in this spacious suite of the Grand Hotel MOSKVA (PUPP).

A true gem of this suite is its adjoining white marble bathroom and sunny dressing-room located in the loveliest part of the hotel.

The whole series of small suites is furnished with elegant period furniture and rare paintings by famous classic artists.

The bedrooms and drawing rooms with all amenities provide the guest with the atmosphere of a comfortable home.

Also the double bed-rooms are luxuriously furnished. Fine materials blend with the beautiful natural wood of the period furniture.

There is a wide choice of single bed-rooms beautifully furnished in many different styles to meet the requirements of the most discriminating guests.

One of the most popular of the many public rooms is the Park Hotel Hall which has an active social life from early morning till late night.

Its cleverly designed interior is ideal not only for dances, but also for small revues.

The whole Park Hotel wing is excellently equipped to provide accommodation for large groups of guests, scientific, political and economic delegations.

Important meetings, seminars and international world conferences of many different branches, including the traditional medical congresses, are held here.

In this wing of the Grand Hotel MOSKVA (PUPP) as many as 300 guests can be accommodated without difficulty. At their disposal is their own telephone exchange with radio telephone contact with all continents of the world. If required, an up-to-date translating system is installed in the main public rooms so that speeches and lectures can be listened to in five languages.

The excellent cuisine has facilities for providing its large clientele with any specific dish required.

The flawless service offered by the Grand Hotel MOSKVA (PUPP) leaves nothing to be desired and guests will find this luxurious hotel a truly comfortable home from home.

ANNEX  
**CENTRAL HOTEL**

Karlovy Vary, Leninovo náměstí 17.

Telephone: 4031, 3031

### THE "VŘÍDLO" (SPRUDEL) OF KARLOVY VARY

is not only a remarkable spring of hot mineral water gushing upwards under its own pressure from the bowels of the earth, it is also a phenomenal spring which, for many centuries, has been returning lost health and new zest for life to those drinking its waters.

It yields 2000 litres of hot water per minute at a temperature of 70° C, and gushes upwards to a height of 15 metres. Royalty, famous and popular personalities from all over the world as well as simple folk have come here in search of renewed health. Among those who "drank to their health" were Czar Peter the Great; composers Johann Sebastian Bach, Beethoven, Weber, Chopin, Franz Liszt, Grieg, Dvořák, Fibich, Nicolo Paganini; writers Mickiewicz, Gogol, Tolstoy, Turgenyev, Chateaubriand, Karl Marx; Emperors and Kings Charles VI, Franz Josef I, Queen Victoria of Sweden, Queen Olga of Greece, Czar Boris of Bulgaria, King Fouad of Egypt and King Edward VII of Great Britain.

## KARLOVY VARY (CARLSBAD),

the world-famous spa, with 20,000 inhabitants, is the leading spa of the celebrated spa triangle: Mariánské Lázně (Marienbad), Františkovy Lázně (Franzensbad), and Karlovy Vary which lie in the north west of Bohemia.

The history of Karlovy Vary, which goes back more than 600 years, continues to grow day by day because of the unique curative effects of the spa waters.

There is a legend that the Karlovy Vary hot springs, which rise from the ground under their own pressure, were discovered by the Roman Emperor and Bohemian King, Charles IV (1310—1378) during a stag hunt in the surrounding deep forests.

Karlovy Vary is indicated for the treatment of gastric and intestinal disorders, liver and biliary diseases, and metabolic disorders. Since time immemorial, the principal curative measure has been the famous spring waters and hot mineral spring (Vřídlo) of Karlovy Vary. The drinking cure is supplemented by douches, peat applications, hydrotherapy, electrotherapy, and special physical exercise in the many medical institutions.

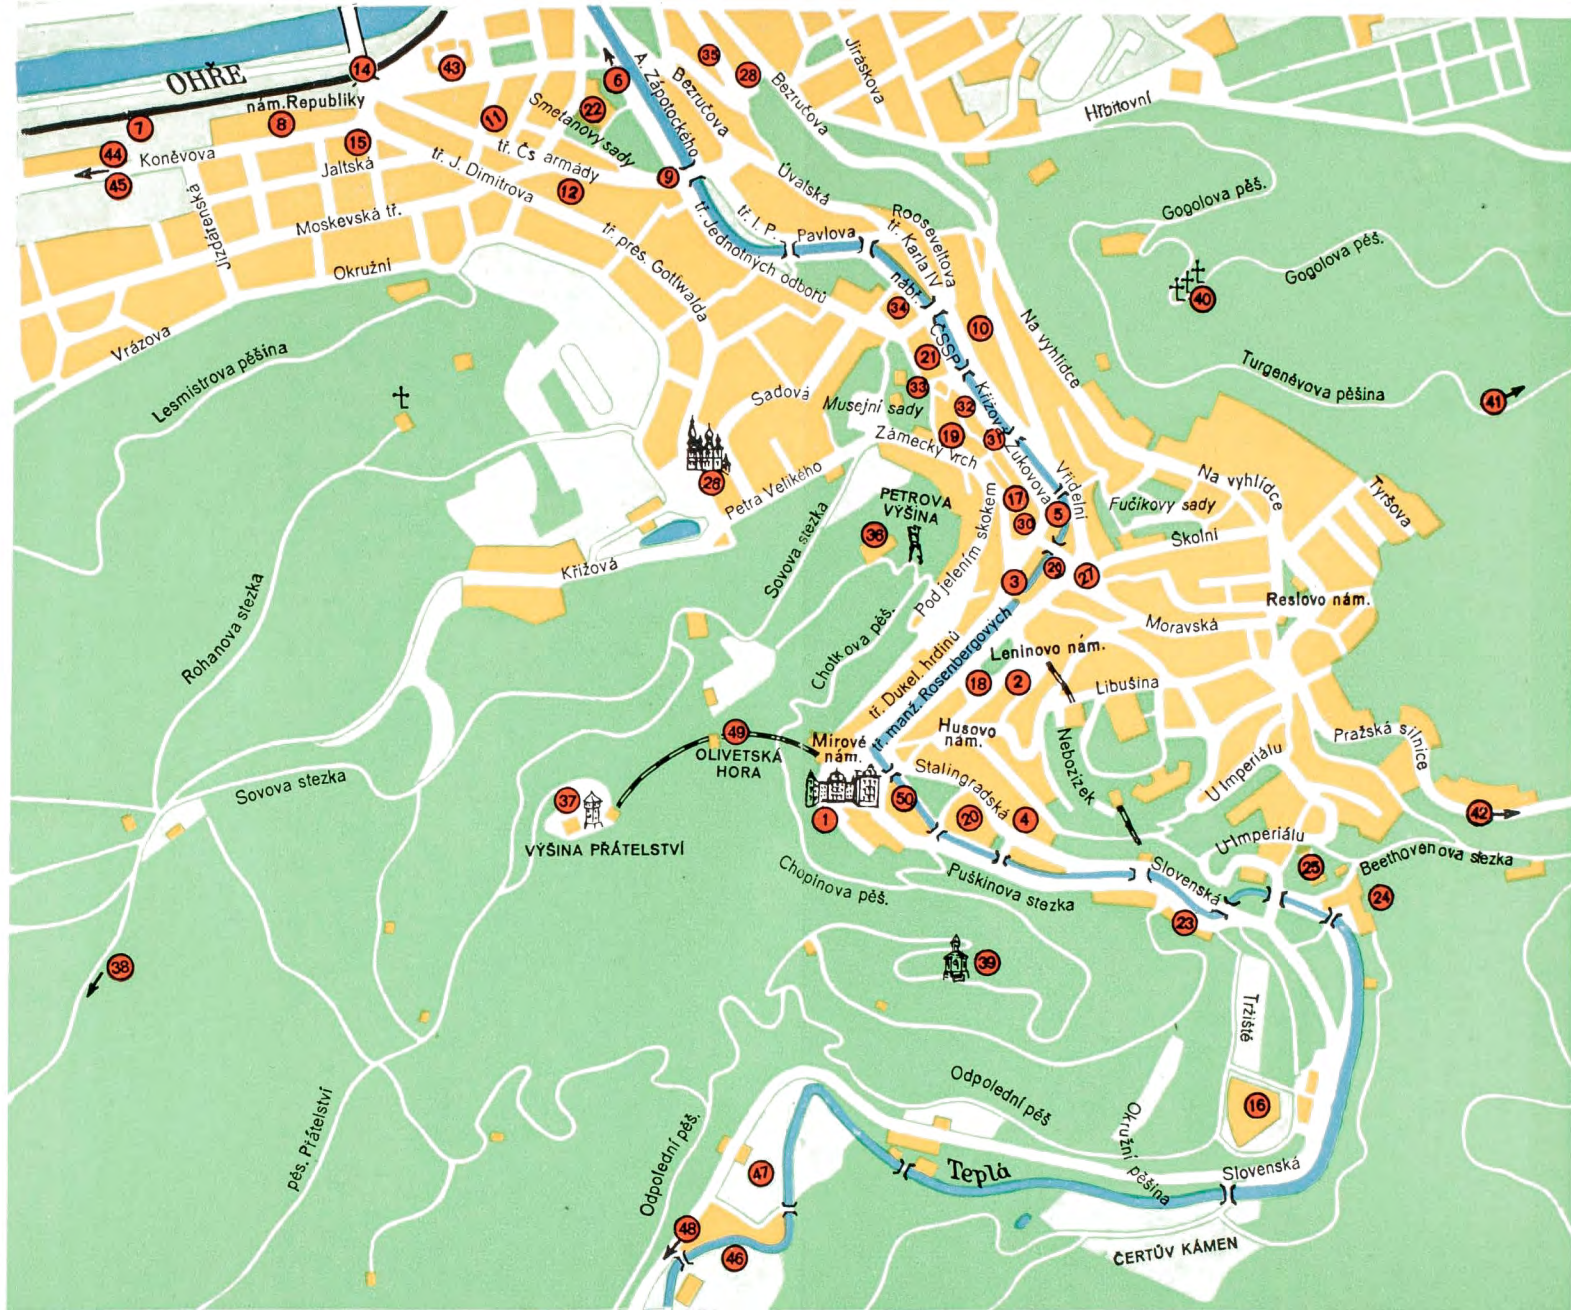

Karlovy Vary is celebrated not only for its cure, but also for the high standard of its social life. Throughout the centuries personalities from all over the world have visited Karlovy Vary. The centre of social life in this spa is the Grand Hotel MOSKVA, formerly the PUPP Hotel.

The history of this hotel is closely connected with the development of Karlovy Vary into a world-famous spa. Right from the beginning, the Grand Hotel MOSKVA (PUPP) has been the home of royalty, maharajahs, high aristocracy, leading politicians, celebrated artists and scientists. And so it is also today. Filled with guests, the hotel is a small world within itself. The hotel management has provided a head physician, diet nurse, and a staff of nurses for guests taking the cure. Sports lovers are provided with facilities for tennis, trap shooting, horse-back riding, sports flying, fishing, ice-skating, skiing, tourism and deer hunting. Hotel guests become honorary members of the Karlovy Vary Gold Club whose golf course is in close proximity to the spa. Sets of golf clubs are available for the use of hotel guests. During the summer season the popular Karlovy Vary steeplechases are held which are participated in by international racing studs. Also highly popular is greyhound racing. Radiating from the hotel are 120 kilometres of well-kept paths leading to the lovely surroundings of the spa. At hunting lodges delightful picnics are held at camp fires. The spa itself is embedded in the magnificent verdure of forests and meadows.

An event of great cultural importance in the social life of Karlovy Vary is the International Film Festival which is held each year. During this period the cream of the international film world meets under the roof of the Grand Hotel MOSKVA (PUPP). The open-air Festival Cinema accommodates 8000 spectators.

Art lovers will be interested in "Loket" the nearby mediaeval fortress. It is remarkably well preserved and in its large halls are housed State collections of old porcelain which are the most valuable collections of their kind in Central Europe.

MASSACHUSETTS INSTITUTE OF TECHNOLOGY  
LABORATORY FOR NUCLEAR SCIENCE  
CAMBRIDGE 39, MASSACHUSETTS

12 March 1964

Dr. Leo Szilard  
Salk Institute  
La Jolla, California

Dear Leo:

The enclosed material concerning both the last Pugwash Conference ~~and~~ <sup>at</sup> Udaipur and the next Conference in Karlsbad will, I hope, help you decide to attend the Karlsbad Conference. Others who have already agreed include, in addition to those noted on the Karlsbad agenda, Paul Doty, Panofsky, Morgenthau, Ruina, and Kissinger. The individuals listed on the agenda have been designated as conveners for their working groups. They will be responsible for collecting material in advance and seeing that it is appropriately circulated.

We are planning to have a meeting of the entire group on the weekend of May 9, in Cambridge.

Looking forward to your response,

With best regards,

*Bernard T. Feld*

13th Pugwash Conference on Science and World Affairs

"Disarmament and Peaceful Collaboration among Nations"

Sept. 9-12, 1964, Prague, Czechoslovakia

Sept. 13-19, 1964, Karlovy Vary, Czechoslovakia

AGENDA

*B. Glas*

I. Measures for reducing tensions and the dangers of war, especially in Central Europe:

1. measures to prevent surprise attack;
2. demilitarized and denuclearized zones and the elimination of foreign bases;
3. non-aggression pact between NATO and Warsaw countries.

II. Current status of proposals for arms limitations :

*B. T. Zelt*

1. extension of the test ban to include underground tests and the adherence of all states;
2. agreements to prevent the spread of nuclear weapons and weapons technology.

III. Progress towards comprehensive disarmament:

*F. A. Long*

1. cutoff of production of nuclear missiles and weapons material and negotiation of a minimum deterrent or nuclear umbrella agreement;
2. possible effects of new technological developments on the elimination of the arms race and the achievement of general and complete disarmament;
3. new ideas.

IV. Problems of Collective Security:

*J. B. Wrenn*

1. Immediate problems;
2. methods for the peaceful settlement of disputes;
3. security in a disarmed world.

V. Aims and methods for peaceful collaboration among nations:

*E. Kalmanowicz*

1. role of science and scientists in advancing the cause of peace;
2. long term consequences of disarmament on the development of science and technology.

*Coordinator: Ruth Adams*

Participation

1. Preparatory Conference in Prague - total of 40: USA and USSR, 7 each; U.K., 6; Czechoslovakia, 3; France, People's Republic of China and Poland, 2 each; W. and E. Germany, Hungary, Rumania, Yugoslavia, Italy, Netherlands, Denmark, Sweden, Norway, India, and Pakistan, 1 each.

2. Main Conference in Karlovy Vary - total of 90 plus 5 observers from UN agencies, etc. USA and USSR, 14 each; UK and Czechoslovakia, 7 each; France and People's Republic of China, 4 each; W. and E. Germany, Poland, Hungary, Yugoslavia, Italy, Netherlands, Sweden, 3 each; Rumania, Bulgaria, Denmark, Norway, India, Pakistan, 2 each; Belgium, Greece, Austria, Canada, 1 each.

#### Tentative Program

- Sept. 9-12: meetings of preparatory working groups, no agenda  
 Sept. 13, 14: plenary session of full conference - reports of preparatory working groups  
 Sept. 15-16: working group meetings  
 Sept. 17: free day (report drafting)  
 Sept. 18: working group meetings  
 Sept. 18-19: reports of working groups to plenary session of full conference.

It is agreed that there will be no statement issued from the Conference as a whole but that, immediately after the conclusion of the Conference, the Continuing Committee will issue a press release summarizing the main conclusions of the working groups.

#### Conference Preparation

It is intended that papers for the Karlovy Vary Conference shall be prepared and circulated well in advance, with most of the key papers being available to the General Secretary by the end of June. To facilitate the preparation and exchange of papers, each national group is to designate one person who, in cooperation with the General Secretary, will be responsible for the advance preparations for the Conference in his country.

In addition, it is suggested that the U. S. and U.S.S.R. groups each designate, in advance, 5 conveners, one for each of the working groups on the Agenda; the General Secretary will designate 5 more, so that each working group will have, in advance, three specific individuals with responsibility for the accumulation and circulation of materials on each of the Agenda topics. The conveners will circulate papers in advance through the individuals in each country designated to aid the General Secretary in the Conference preparation.

## 13th PUGWASH CONFERENCE ON SCIENCE AND WORLD AFFAIRS

### CONFERENCE ARRANGEMENTS IN KARLOVY VARY

#### VENUE

The meeting will be held in the Grand Hotel Moskva (Pupp) where all participants will also be accommodated. A booklet about the hotel is enclosed.

#### TRAVEL

Participants are asked to book to Karlovy Vary. There are daily flights from Prague to Karlovy Vary at 8.10 and 11.40, also at 15.30 Mondays to Fridays, at 10.10 on Saturdays and 17.30 on Sundays. The flight time from Prague is 35 minutes. There are direct flights to Prague from many European capitals.

#### CLIMATE

Mild mountain climate; day-time temperature about 14<sup>o</sup> C; cool in the evening.

#### CURRENCY

There is a special tourist rate of exchange of approximately £1 = 40 KcS (Crown) or \$1 = 14.40 KcS.

#### LOCAL ORGANIZATION

The Conference Organizer is Mr. T. Nemeč, Parizska 11, Praha 1, Czechoslovakia; Telegrams Pugwash Praha; Telephone 60280.

13TH PUGWASH CONFERENCE  
ON SCIENCE AND WORLD AFFAIRS

KARLOVY-VARY, 13TH TO 19TH SEPTEMBER 1964

"DISARMAMENT AND PEACEFUL COLLABORATION AMONG NATIONS

Working Group 1

Measures for reducing tensions and the dangers of war, especially in Central Europe:

- (i) measures to prevent surprise attack;
- (ii) demilitarized and denuclearized zones and the elimination of foreign bases;
- (iii) non-aggression pact between NATO and Warsaw Pact countries.

Working Group 2

Current status of proposals for arms limitations:

- (i) extension of the test ban to include underground tests and the adherence of all states;
- (ii) agreements to prevent the spread of nuclear weapons and weapons technology.

Working Group 3

Progress towards comprehensive disarmament:

- (i) cut off of production of nuclear missiles and weapons material, and negotiation of a minimum deterrent or nuclear umbrella agreement;
- (ii) possible effects of new technological developments on the elimination of the arms race and the achievement of general and complete disarmament;
- (iii) new ideas.

Working Group 4

Problems of collective security:

- (i) collective security - immediate problems;
- (ii) methods for the peaceful settlement of disputes;
- (iii) security in a disarmed world.

Working Group 5

Aims and methods for peaceful collaboration among nations:

- (i) role of science and scientists in advancing the cause of peace;
- (ii) long-term consequences of disarmament on the development of science and technology.

TO: Participants and Advisors for the Pugwash-COSWA Conference  
in Czechoslovakia

FROM: Ruth Adams

DATE: May 21, 1964

The meeting to consider draft papers has been scheduled Saturday, June 13 in Cambridge. We meet in the Conference Room, third floor, of the Cambridge Electron Accelerator, 42 Oxford Street at 10:00 a.m.

Attached is the summary of the discussion held May 9. Please note that all papers should be circulated in advance of the June 13 discussion. Send copies to Ruth Adams, 935 East 60th Street, Chicago, Illinois, 60637 for duplication and mailing.

You will receive from Professor Benjamin Brown a set of the papers prepared for the U.S.-USSR study group. They are confidential--not for general circulation.

A representative from the Arms Control and Disarmament Agency will attend our Saturday meeting.

The Soviet participants in the Study Group will not be available for dinner Saturday night as previously hoped. The weekend is a free one and many have arranged for visits outside Cambridge.

If you wish hotel accommodations, Saturday evening, please contact Bernard Feld.

2. Bomber Disarmament (a background paper by Jeremy Stone)
3. The Freeze (a background paper by M. Goldberger)
4. Alex Rich on Mutual Exchange and Controlled Disarmament

- WORKING GROUP III: Progress towards comprehensive disarmament
- a. cut off of production of nuclear missiles and weapons material and negotiation of a minimum deterrent or nuclear umbrella agreement
  - b. possible effects of new technological developments on the elimination of the arms race and the achievement of general and complete disarmament
  - c. new ideas

Proposed U.S. Papers:

1. Frank Long on the Nuclear Umbrella
2. Jack Ruina and W. Panofsky on the ABM

- WORKING GROUP IV: Problems of Collective Security
- a. collective security--immediate problems
  - b. methods for the peaceful settlement of disputes
  - c. security in a disarmed world

Proposed U.S. Papers:

1. J. Wiesner on Future Peacekeeping
2. The veto and peacekeeping (background paper by Roger Fisher)

- WORKING GROUP V: Aims and methods for peaceful collaboration among nations
- a. role of science and scientists in advancing the cause of peace
  - b. long-term consequences of disarmament on the development of science and technology

Proposed U.S. Papers:

1. Rabinowitch
2. B. Glass on scientific Data--Storage and Retrieval
3. Weisskopf on the High Energy Physics Accelerator (background)
4. Ruina on Communications
5. Doty on the Exchange Programs
6. Revelle (background)
7. Brown (background)

CONTINUING COMMITTEE  
OF THE  
PUGWASH CONFERENCES ON SCIENCE AND WORLD AFFAIRS

8 Asmara Road,  
London, N. W. 2.

From: The Secretary-General.

To: Conveners of Working Groups at the  
Prague and Karlovy Vary Conference.

7th May, 1964.

---

The following have been nominated conveners of the Working Groups:-

Working Group 1 - "Measures for reducing tensions and the dangers of war,  
especially in Central Europe"

Professor B. Glass

John Hopkins University, Baltimore 18, Maryland, U. S. A.

Institute of World Economics & International Relations, 2 Taroslawakaja  
St. K8, Moscow, U. S. S. R.

---

Conveners from each group are asked to communicate with each other about a detailed agenda for the discussions in their groups at the Prague Conference. I should like to receive the agreed agendas from the conveners as early as possible so that I can circulate them to the participants. I should also be grateful for suggestions about the programme for the Preparatory Conference in Prague.

The co-ordinators for correspondence between participants in the conference are :-

U. S. S. R. - Acad. M. D. Millionshchikov, Academy of Science, Moscow.

U. S. A. - Mrs. Ruth Adams, 935 East 60th Street, Chicago 37, Illinois.

Other countries - Central Office (8 Asmara Road, London, N. W. 2).

J. Rotblat
