MINI-CONFERENCE: APRIL 12, 1980

LIZ GUILLEN: Liz has been in MEChA for three years. She is a former Chairperson of MEChA at Mesa College. Liz has been involved recently in MEChA at City College and is currently working at the MAC Project with "Unidos". She is also a working member of CCR. Presently Liz is the Chairperson of MECHA CENTRAL - SAN DIEGO.

HERMAN BACA: Herman is the Chairperson of the Committee on Chicano Rights. He is the founding father of this organization which has become the focal point of Chicano Rights not only in San Diego, but in the nation. His dedication to the ideals of Self Determination for Chicanos has made him a source of pride to the Chicano people.

GEORGINA LAVANDERA: Georgina has been involved in the Chicano Movement for a number of years. Her knowledge of the early years of Mecha and the Plan de Santa Barbara are to be an asset to our Conference.

CESAR GONZALEZ: César has been in the Chicano Movement for the past twenty years. He is an educator and recently returned from a world tour on sabbatical investigating the different systems of education in the U.S. and Europe. He has worked in East Los Angeles and participated in the sit-ins at the Board of Education there twelve years ago. César has been with Mesa for ten years, recruited and encouraged to be hired, by Mecha at Mesa. His record at Mesa has been an inspiration to the students there.

MECHA CENTRAL: The Central was dissolved last year for lack of participation, but has organized again with a renewed sense of responsibility. It is our wish that every Chicano who attends this Conference will leave it with this same sense of renewed awareness and determination to make our voices speak to the issues that affect our lives and to the quality of that life that we so sorely seek to improve.

National Chicano Student Conference

Date: APRIL 2 1980.

Hermanos y Hermanas,

Since New Mexico was chosen as the site for the 1980 National Chicano Student Conference (NCSC) at last year's conference in Denver, Colorado, we extend our invitation to you to our "Land of Enchantment," Nuevo Mejico. The NCSC will be held on April 17-20, 1980, at the University of New Mexico and the University of Albuquerque, in Albuquerque, New Mexico. The conference will be hosted by all New Mexico universities.

A Steering Committee has been established to set up workshops for NCSC and to establish a liaison with your university. As of December 1, 1979, all information regarding the NCSC in Albuquerque, New Mexico, will be forwarded to your university to be utilized for further growth and participation in Chicano development, awareness and culture.

Due to the lack of funding, any suggestions and/or contributions would be appreciated. Any input as to workshops and panelists, announcements or activities your university would like to sponsor for a successful conference would also be greatly appreciated.

You may send your responses and suggestions to:

Apart from the NCSC for 1980, and as agreed at the 1979 NCSC in Denver, Colorado, here's what has been happening in New Mexico. On November 9-11, 129 persons representing organizations in New Mexico, West Texas and Southern Colorado, gathered to discuss problems which will be faced by Chicano students in the 1980's. Of major concern for the participants was the proposed reallocation of financial aid funding in Region 6. Other issues addressed during the conference were the lack of Chicano administrators and the lack of Chicano Studies programming at all New Mexico universities. The struggle for the reclamation of land grants and La Mujer Chicana are also topics that were well discussed.

Again, Nuevo Mejico les invita a la Tierra del Encanto el 17-20 de Abril de 1980. Attached is a pre-registration form for you to fill out so that we can project the number of participants.

The following is a list of suggested workshops. Workshops should be oriented toward the education of our people. Each particular workshop should deal with the direct impact that these subject areas have on our people. This means it has to address the problems associated with it and present possible solutions in the form of resolutions. In addition, the workshops should also address the question of how we as students can be instrumental in carrying out these resolutions in a unified national movement.

1. The History of the Chicano Student Movement
2. Federal Funding for Chicano Students and Chicano Programming
3. Legislative
4. The Arts
5. Technology
6. Traditional Education/Health
7. La Mujer Chicana
8. Education
9. The Police State
10. The Labor Movement
