# SAN DIEGO COMMUNITY COLLEGES

## PERSONNEL AND GUIDANCE ASSOCIATION

SAN DIEGO COMMUNITY COLLEGE DISTRICT

The San Diego Community College District Personnel and Guidance Association invites you to participate in its First Annual Bi-National Spring Workshop.

A major focus for this workshop is to bring together different segments of the educational community to explore issues that impact on the professional educator.

The Community College Counselor fills a unique leadership role in the educational continuum from the Beginning to University level studies. It is important that Counselors, Faculty, and Staff review this role in light of the changing demographics in San Diego. Counseling faculty can no longer be parochial in their perceptions of the world, much less the community they serve. Bi-national and multi-cultural issues must be addressed. The counselor is in a unique position to play a vital leadership role in assisting students if strategic planning is implemented in the area of student guidance.

We have invited representatives from two leading educational institution in Tijuana, Mexico who will review their educational system and how faculty and staff work to assist students in reaching their educational objectives.

- TITLE:** Exploring the Leadership Role of Counselors in Post-Secondary Education - The College Connection
- DATE:** Thursday, April 21, 1994 and Friday, April 22, 1994
- TIME:** Bus departs from the District Office (3375 Camino Del Rio South, San Diego, CA) at 3:00 P.M.
- PLACE:** OASIS RESORT  
Baja California, Mexico
