Re: File No. 409447 SB

Dear Sir;

Your letter of January 13, which I return enclosed, and which was addressed to my residence, 420 W. 116th Street, New York City, failed to reach me in time to advise you that I shall not be able to appear on January 25, 1943. Your letter was forwarded to me to Chicago, where I am connected with the Metallurgical Laboratory, of the University of Chicago, engaged in defense work.

If you would be kind enough to set a new date in the near future, I would very much appreciate it if it were possible to send me a collect telegram to the above Chicago address, advising me of the new date so that I may get in touch with my witnesses in time. My residence remains at 420 W. 116th Street, New York City, and written communications should continue to go there. I am enclosing a copy of telegram which I sent you upon receipt of your letter, dated January 13.

Very truly yours,

Leo Szilard
