

15 December 1961
Washington, D.C.

Professor Leonard I. Schiff
Department of Physics
Stanford University
Stanford, California

Dear Professor Schiff:

Many thanks for your letter of 8 December. I expect to contact your secretary over the telephone at the latest the morning of 9 January and she can give me detailed instructions at that time.

Enclosed I am sending some advertising material "About the Author" and a glossy photograph. Enclosed is also a copy of my speech. It is the latest version but not the final version. I suggest that this version be duplicated rather than ~~the~~ other older versions.

Sincerely,

Leo Szilard

REMARKS

The error in sending you names for mailing copies of your speech is attributable to an erroneous bit of information in THE STANFORD DAILY. We are asking that a correction be published, so that you will no longer be bothered by receiving the names. We are also trying to get the lists of names for your use.

Department of Physics
Palo Alto, California

Dear Schiff:

The attached letter is meant for you and those others whose names are listed in the memo "The Next Step". I should be very grateful to you for reading the attached letter and the enclosures, and for advising me as soon as possible whether you are willing to serve as an Associate.

I hope very much that you will not disqualify yourself from serving on the Board of Directors of the Council.

Sincerely,

Leo Szilard

Enclosures

P.S. I am enclosing the revised and final version of my speech, which will be printed in the April issue of the Bulletin of Atomic Scientists.

Dear Schiff:

You might be interested in thumbing through some of the enclosed letters and press clippings. I should be grateful if you were to pass it on to Dr. Fairbank.

Sincerely,

Leo Szilard
