Dear Colonel Fletcher:

I have paid the note for \$350.00 which was payable the 18th., of this Month, having done so on April 15th., and I attach the cancelled note for your attention so that you will know that it has been taken care of properly.

We are greatly obliged to you for your genuine assistance in this and other matters, and want you to know that we sincerely appreciate it.

Very sorry to read in the papers that the United Press matter has to come up, and bother you, as I had hoped that you were through with your grief, and expenses in the matter of the Daily Newspaper Venture. I hope that you will beat them on this matter, so you won't have to undergo any more expense in that direction.

Thanking you sincerely for your courtesies, and assistance to us, and with best wishes, I am

Sincerely yours,

Julian Weir

Dear Colonel Fletcher:

Here is what I want to see and talk over with you if you are interested, and I think possibly you may be:

Bishop, who has been running the Encinitas Post Publishing Company, at Encinitas is broke, and quitting business in the very near future, and the thought occurred to me, that there is an opportunity to get control of that field up there, without very much money, and develop the paper to a point in the next couple of years to where it will no doubt be worth a good deal.

The question is of course whether you own property to the extent in that particular territory, and surrounding it, sufficient to warrant your'e interesting yourself to the extent of furnishing the capital to get the thing in shape, and in return having a mouthpiece there for your interests in that locality, and elsewhere.

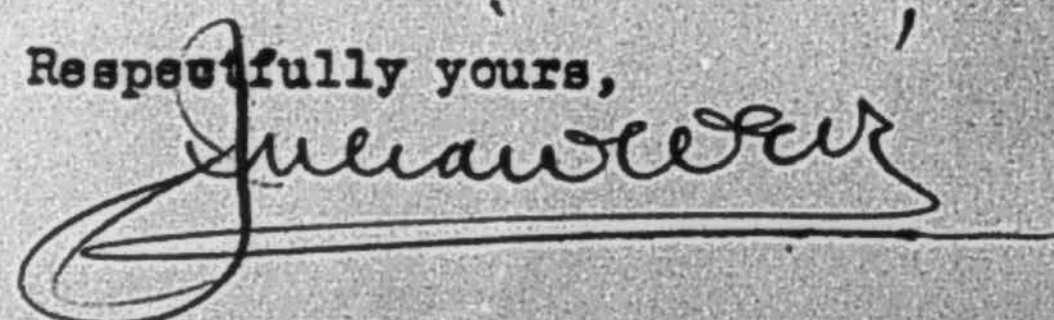

I think it can be made a good thing for you, and I will be willing to go into it, and see that your interests are guarded, and that your responsibility will be safe all the time it is in operation. I have a Printer who is capable of developing it, and will take instructions, and carry them out.

This operation will not involve more than \$2000. to \$2500. and for that we can get complete control, and ownership of this plant, Newspaper, and all the business.

You will no doubt know in Ten Minutes whether you are interested in it or not, and I will be glad to go over the matter in detail with you if you are. If not there is no harm to anyone.

With kindest regards, I am

Respectfully yours,

April Twenty-third,

My dear Weir:

Answering yours of the twenty-second will say that Bishop's plan did not interest me at all. He has put it up to me already.

My advice to you is to keep hands off.

With kind personal regards,

Sincerely yours,

Dear Colonel Ed:

I have just received the papers back from the Security Trust and Savings Bank showing that the note for \$1200.00 which you so kindly signed has been paid up, and I will get this cancelled note in a day or so, and show it to you to complete the evidence. It was time for me to refinance the \$2500.00 Mortgage, and as we were in a position to pay up the remaining balance of \$400.00 on the note, we felt that that was the thing to do, rather than renew that portion.

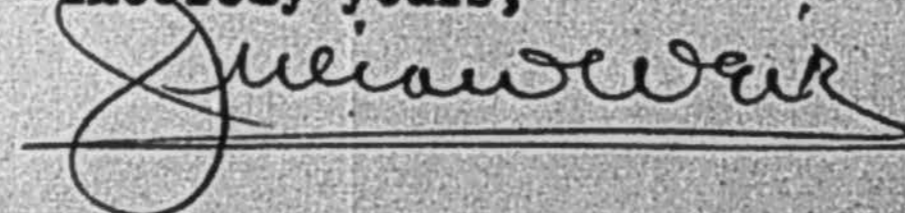

Besides thanking you for your many kindnesses to me in writing, I want to see you personally, when I bring up the note, so that I can express to you some of the gratitude we feel for your'e willingness to help us over a rough spot.

As this note has been taken up Eight Months before we agreed to pay it, I cannot help but feel that our Friend Whitcomb's judgement in this matter has run true to his form on several other matters, and this apology for a man will certainly regret having gone out of his way to endeavor to do me an injustice as he did when you called him on the phone that day in your office.

We have the First Mortgage in the hands now of the Security, and they were glad to handle it for me, and all in all it is in very satisfactory shape.

With our very best wishes for your continued health and happiness, I am

Sincerely yours,

July Fifth,

My dear Mr. Weir:

Many congratulations my boy. I will be glad to see
you any time.

Yours very truly,
