## THE COLORADO COLLEGE

August 28, 1963

Dr. Leo Szilard c/o University of Chicago Chicago, Illinois

Dear Dr. Szilard:

I am writing to you with respect to a program which Colorado College expects to sponsor during the week of January 12, 1964.

Last year, the College made a change in its academic calendar which permitted us to begin the second semester in January with a one-week long Symposium, during which all classes and other regular college activities were suspended in favor of a leisurely and concentrated inquiry into one problem of broad interest. For our theme last year we selected "The Contemporary Arts and the Citizen," and I believe that the Symposium was, in every sense, a considerable success. Our students were given entire freedom to choose whether to attend or not; over two-thirds of them rose to the challenge and attended. In addition, a number of their parents came to spend the week here, and several hundred interested persons from the community and area attended as well. Qualitatively, the discussions and performances gave us a great deal to think about (and to think with). In short, we were very encouraged by the experience, and shall hold another Symposium early next year.

For the topic of the forthcoming week, our students all-but-unanimously selected "The Second World War" - on the basis of their recognition that they knew all too little (if anything) of this significant event in recent history, of its causes, conduct, and consequences.

The purpose of this letter is to inquire whether you might be interested to participate for a day or two during the week, in order to share some of your own experiences, and reflections with us on the role of science in war, and on the impact of war on science. Knowing your contribution at the time, and also knowing of some of your thinking since then, I feel that you would make a particularly valuable contribution to our discussions, and I hope that this inquiry is of interest to you. We would be greatly honored to welcome you to the campus.

My inquiry, of course, raises the question of your expectations in terms of honorarium. We would expect you to be the guest of the College while you are here, and have in the past housed our Symposium participants at the Broadmoor Hotel, just south of town. Can we correspond about the other aspects - both substantive and financial - of your eventual participation?

I hope very much that I may have an affirmative reply to this inquiry, and look forward to hearing from you. I would merely like to reaffirm how greatly honored and pleased we would be to have you join us for this occasion.

Sincerely yours,

Fred A. Sondermann
Associate Dean of the College and
Director of Summer Session

Dear Dr. Sondermann:

Your letter of August 28th to Dr. Szilard at his Chicago address has just arrived.

Dr. Szilard is still abroad and though I do not have a definite date for his return, I believe that it will be in the early part of October. I am sure that, upon his return to Washington, Dr. Szilard will give serious consideration to your kind invitation and you will undoubtedly be hearing from him later in October.

With best wishes for a successful Symposium,

Sincerely yours,

Kay M. Shannon Secretary to Dr. Szilard Dr. Szilard, you already havea capy of Dr. Sondermann's Aug. 28th S.

Dear Miss Shannon:

Thank you very much for your letter of September 6th. We are, of course, entirely willing to wait until early October to hear from Dr. Szilard; however, in terms of putting the program together I would merely say that if there were any chance to send him my invitation while he is abroad and let him decide on it prior to his return, I would be grateful to you. I do, however, leave this entirely to your discretion. Since we are very anxious to have Dr. Szilard with us, I would merely ask you to use whatever procedure you would consider most appropriate and timely. Thank you very much for your courtesy.

Sincerely yours,

Dear Dr. Sondermann:

Thank you for your letter of September 10th. I have informed Dr. Szilard of your invitation and I believe that you may be hearing from him before his return to Washington. If his time does not permit an answer to you before his return, then, of course, you will be hearing from him in early October. I hope that this will not cause too much of an inconvenience.

With best wishes,

Sincerely yours,

Kay M. Shannon Secretary to Dr. Szilard
