Dear Ed:

Mr. Albert H. Kelsall desiring to do business with us has referred us to you in a matter of a small amount of work he did for you on your flume.

I am desirous of obtaining what information I can in respect to his activities, and I would be pleased if you will extend to me, as regards the satisfaction of his business deal, and of his treatment of the section of your flume, which he claims to have successfully treated for you.

Thanking you in advance for this information.

Very sincerely yours,

H. W. Todd

Dear Eds--

In reply to your note enclosing a letter from Todd. This man Kelsall has some kind of a dope, which he has tried for years, for painting the inside of the flume, and your father let him work on that section between Eucalyptus Reservoir and Grossmont. I could not see that his preparation had any advantage over treating with asphalt, and it cost a very great deal more.

Yours very truly,

C. Harritt

My dear Todd:

Enclosed find letter from Mr. Harritt, manager of the La Mesa, Lemon Grove and Spring Valley Irrigation District, who was superintendent of the Cuyamaca Water Company at the time this preparation was applied for us.

This letter is as much as I know about the matter inasmuch as I never inspected the material and we relied on Mr. Harritt's ability to run the system for us.

Hoping this is the information you desire, I am

Yours sincerely,
