**If desired, please include additional information about your research, presentation or poster below.**

## **Research & Professional Development Grant Final Report**

---

This was a three-hour workshop done in collaboration with Stefan Elnabli regarding born-digital AV preservation and access. The workshop was built to combine short periods of lecture with hands-on activity. Participants were encouraged to access materials (slides, activity instructions, notes) in Google Docs before the workshop to prepare, and to submit any specific questions they would like addressed.

The workshop received positive feedback and included amended follow-up materials at the request of the participants.
