IN SAN DIEGO and its suburban territory, progressive, attractive and growing towns there are numerous trips to be enjoyed to places of interest--all of them conveniently reached by electric, motor car or steam lines at small expense. There are no rail or combination rail and auto trips that should be overlooked by any visitor desirous of spending time in this vicinity to the best advantage, reaping full pleasure of a sojourn in San Diego County.

¶ The entire city, beaches and suburban towns are splendidly served as to transportation facilities by the San Diego Electric Railway, San Diego & South Eastern and the San Diego & Arizona Railway Companies; the latter now rapidly completing construction of line which will give through service between San Diego and the East.

¶ At present an excellent daily service is maintained by the S. D. & A. Railway Company to Tia Juana, a daily train also operating between San Diego Union Depot and Tecate, Old Mexico, and Campo, mountain resort. At the last named point direct connection is made with auto stage for Imperial Valley.

¶ Encanto, Lemon Grove, La Mesa, El Cajon, Grossmont and Santee are served by the S. D. & S. E. Railway Company motor cars on frequent schedule. Electric cars from 3rd and Broadway make connection with ten outgoing and incoming daily trains at Cuyamaca depot. Auto stage connection at El Cajon for valley points and at Santee for Lakeside and other points in back country.

¶ Through motor car service soon to be inaugurated from Union Depot on Broadway.

or at S. D. & S. E. office N. W. corner
Spreckels Building

SAN DIEGO enjoys the unique distinction, and justly so, of being as delightful to the lover of outdoor life in Summer as it is during what are commonly termed Winter months. The city and environs, linked together by city and interurban lines, offer advantages of amusement and sport, which in less favored climes are limited at least to special seasons. The principal sight-seeing trips are briefly outlined with topographical map in this pamphlet.

FISHING

Coronado, Ocean and Mission Beaches—Surf and Pier or Boats
La Playa—Roseville—Pier Fishing
