Dear Dr. Freemont-Smith:

Dr. Danielli of the State University of New York at Buffalo, wrote on July 16th, to Dr. Szilard giving your name as the new coordinator for the NASA meeting which now appears to be scheduled for sometime in November.

Dr. Szilard is still in Europe and I don't expect him back much before the first of September and perhaps not until the middle of September. I have written to him and given him the information contained in Dr. Danielli's letter.

I did want you to know, though, that Dr. Szilard will be staying in Washington at the above address when he does return and you should, unless notified otherwise, try to reach him here in Washington.

Sincerely yours,

Kay M. Shannon  
Secretary to Dr. Szilard

Dear Dr. Fremont-Smith:

Your letter of October 11th to Dr. Szilard arrived yesterday, and I delayed writing you until to-day as I expect Dr. Szilard to be in Washington any day now. Since you mentioned Friday, October 18th as the deadline for accepting your kind invitation, I felt I should now write and inform you that Dr. Szilard has not returned to Washington as yet, but is expected. I am sure that he will be in touch with you soon and I hope that the delay has not caused you any great inconvenience.

Most sincerely,

Kay M. Shannon (Mrs.)  
Secretary to Dr. Szilard
