# VEYSEY & RAFFERTY ARE INSIDE DR. YELLEN IS OUTSIDE

Today is the day when there is going to be the big political dinner put on by the El Centro Lions Club which is supposed to be non-political in its policy of inviting speakers. Mr. Veysey, the Leech, and Mr. Rafferty were invited to speak at this gathering for which the Lions Club did extensive publicity inviting the general public to attend and having the members of Kiwanis and Rotary attend.

Dr. Ben Yellen is a candidate for the Assembly seat that Veysey is running for. WHY WAS HE NOT INVITED TO SPEAK AT THIS BIG POLITICAL DINNER? So Veysey and Rafferty will be inside Denny's Restaurant making the speeches. But Dr. Yellen will be outside delivering his printed speech which is this very leaflet which you are now reading.

It is necessary once again to point out the unique features of this election contest between Leech Veysey and Dr. Yellen. It will again illustrate to you the power of the big ranchers to erect this CURTAIN OF SILENCE in the 75th Assembly District which is similar to the IRON CURTAIN surrounding the Communist countries so that it is necessary for a powerful VOICE OF AMERICA RADIO to broadcast news into the Communist countries so the people learn what is going on in the world.

So it is in the 75th District where the controlled Press and Radio under the influence of the big ranchers are maintaining a CURTAIN OF SILENCE on the political statements and political activities of Dr. Yellen so that NOT ONCE has there been an article in the past 3 months in any of the newspapers circulating in the 75th District. NOT ONCE has any radio station given a broadcast giving the political issues that Dr. YELLEN talks about like the swindling in property taxes whereby the big ranchers in Riverside and Imperial Counties escape millions of dollars yearly and the rest of us have to pay more taxes to make up for them; or the \$14 millions electricity swindle perpetrated on 110,000 people living in Riverside and Imperial Counties by the Imperial Irrigation District; or the big handouts given cotton growers FOR NOT GROWING COTTON; or how the absentee landowners in defiance of the U.S. Reclamation Law are farming in Riverside and Imperial Counties and taking 70% of the farming profits out of here SO THAT NOT ONCE ARE THESE PROFITS SPENT WITH LOCAL MERCHANTS AND BUSINESSMEN WHICH IS THE CAUSE OF POOR BUSINESS CONDITIONS THROUGHOUT THIS AREA.

VICTOR VEYSEY IS APPARENTLY LIVING IN A DIFFERENT WORLD FOR THE NEWSPAPERS AND RADIO FREQUENTLY REPORT HIS STATEMENTS BUT HE NEVER TALKS ABOUT THESE IMPORTANT SUBJECTS. SO BE SURE AND KEEP ON PASSING THIS NEWSLETTER AND ANY OTHER NEWSLETTER ON TO ANOTHER PERSON TO READ FOR YOU WILL NOT KNOW THE STATEMENTS OF DR. YELLEN ON THESE MATTERS FOR THE NEWSPAPERS AND RADIO KEEP A NEWS BLACKOUT SO THAT THE PEOPLE SHOULD NOT KNOW WHAT IS HAPPENING JUST AS IS DONE IN THE COMMUNIST COUNTRIES!!!

But there is another blackout in roadside signs so that you will NOT SEE ONE SIGN advertising Dr. Yellen's candidacy while Veysey has many large illuminated ones plus many small ones. The story of this blackout in road signs will be told in another Newsletter.

And today at this big Lions political dinner, there is a perfect example of the blackout as regards speech making at service clubs and other organizations. The chairmen of the program committees are afraid to invite Dr. Yellen to make a speech for they know they will suffer reprisals from the big ranchers for inviting him.

VEYSEY HAS NOW BROUGHT HERE GOVERNOR REAGAN TO BOLSTER HIS CAMPAIGN FOR ELECTION AND TODAY HE HAS BROUGHT MR. RAFFERTY TO DO THE SAME THING.

But no Big Democrats come to aid Dr. Yellen. He just walks the streets of the cities distributing his Newsletters. No newspaper or radio station will tell you what is written in these Newsletters.

Why does Leech Veysey need the aid of Big Republicans like Reagan and Rafferty? In Schurz's Prostituted Press dated Sept. 5, 1968 is an article on the front page with the big headline, "VEYSEY LAUNCHES CONFIDENT DRIVE". Here is an excerpt from this article, "He describes this years campaign as a 'mini-campaign'. That means it is going to be large enough to cover the subject and carry lots of impact. Because of the nature of my opponent, it's not going to be an all-out gut stringing campaign that is sometimes necessary".

Well, in the primary election Dr. Yellen spent \$9.00 all his own money and Veysey with the help of the big Democrat Ranchers John Benson (collects yearly a handout of \$140,576.00 for not growing cotton) and Ed Rutherford (who also collects big handouts) spent \$12,000.00. These figures prove conclusively that Veysey is running a MAXI-CAMPAIGN.

In the 1966 campaign, Veysey spent \$19,000.00 and his Democrat opponent spent \$9,000.00 so that one can see that in that year Veysey had a MAXI-CAMPAIGN. This year's campaign will cost Dr. Yellen \$500.00 and Veysey is going to exceed what was spent in 1966. So again Veysey has a MAXI-CAMPAIGN.

Maybe Veysey by the phrase 'mini-campaign' means that he and the big ranchers by preventing the newspapers and radio stations from giving the statements of Dr. Yellen on various issues, by preventing Dr. Yellen from having billboards advertising him, and preventing Dr. Yellen from being invited to speak to clubs, etc. will result in mini-exposure of Dr. Yellen to the voters so that the voters have a mini-knowledge how they are being swindled out of \$50 millions yearly???

There is an old expression about "Birds of a feather flock together". When Veysey brought Reagan here to speak for him it was a case of one Leech who escapes big taxes on his ranch property helping Veysey another Leech who escapes \$10,000.00 yearly on his ranch.

Now Veysey has brought Mr. Rafferty here and both belong to the group who were never in the armed forces of the U.S. In the Newsletter entitled VICTOR VEYSEY AN UGLY AMERICAN, it was revealed for the first time how Super-Patriot Veysey and his son escaped service in World War II, the Korean War and now the Viet Nam War. The newspapers always have articles about Super-Patriot Veysey giving American flags to various organizations. Do not forget that Veysey's July 4th, 1963 speech at the Brawley Plaza is TAUGHT IN THE BRAWLEY ELEMENTARY SCHOOLS TO STIMULATE AMERICANISM & PATRIOTISM.

Samuel Johnson, the famous writer and lexicographer, in 1775 said, "Patriotism is the last refuge of a scoundrel". Those who are big flag wavers and do not serve in the armed forces in time of war, fit this description. The San Diego Union and the Schurz papers have had a news blackout on the series of articles printed by the Long Beach Independent so that the voters of the 75th District can not know if Mr. Rafferty fits Samuel Johnson's description for Rafferty is another big flag waver. The CURTAIN OF SILENCE protects both Veysey and Rafferty so that the voters have not the basic knowledge to vote intelligently!!!
