NIGILANI PATROL NO.8 73/74

The purpose of this patrol was mainly for familiarisation and of a routine nature only.

Appropriate comments have been made in respect of the Situation Reports enclosed herewith.

As the body of the Patrol Report indicates, much of the accent in the Witu area is on road development at this stage. Such development is receiving good support from the residents there and is essential to the expansion of business enterprise on the island.

In relation to para 1 (b) on page 2 of the report, the O.I.C. will be advised to look further into the matter with a view to considering the project under the Rural Improvement Programme.

Council works in relation to water supplies (para 2 (a) ) appear to be a little desultory, and the villages of Dole, Kuravu and Korei could face problems in the ensuing dry season. It may be necessary to look into the possibility of locating alternative well sites to alleviate this problem.

Could a check be made on the Patrol Report numbers for Nigilani as this office also has no record of Patrol Report No.7 from Bali Witu.

Mr. Mora has written a good report but I would have liked to see a little more emphasis on trends in relation to economic development. He will be advised accordingly prior to patrolling this area again.

  
T. J. Downes,  
Assistant District Commissioner.
