

October 16, 1972

JOHN SILBER
Chairman, Music

Third College would like to begin conducting sessions designed to provide sophomores and other students with information which might enable them to select a major. I am writing to request that your department participate in this program by having at least one representative at the appropriate meeting. The departmental representatives are expected to give a brief overview (about ten minutes) of the departmental major and then open the discussion for questions and answers. Speakers should be prepared to address themselves and give information on two areas: 1) required and related courses for major, and 2) career and graduate school opportunities.

As we would like to begin these meetings next Tuesday, October 24, I would appreciate your contacting Mrs. Rowena Reno on extension 2908 and give her the name of your department's participating representative.

Joseph W. Watson
Provost

To Joe Watson
Provost Third College

Dear Dr. Watson,

If you recall, in the Fall of 1971, Dr. John Silber, Chairman of the Music Dept. at UCSD appointed me as Music Dept. liaison to Third College. He introduced me to you as the person to work with in the search for an FTE for music in Third College. ~~Dr.~~ Dr. Silber advised me yesterday that some one has been hired by Third College to teach a course in Black Music ^{which is an interest of vital} the Music Dept. and ^{me} ~~as~~ Why has ^{it's} representative been bypassed on this matter? So it because you don't take Music Department seriously? Or is it that women representatives don't exist?

I am furious.

Invisibly yours,

Pauline Oliveros
Assistant Professor of Music.

DR. JOE WATSON
Provost-Third College

Dear Dr. Watson,

If you recall, in the Fall of 1971, Dr. John Silber, Chairman of the Music Department at U.C.S.D. appointed me as Music Department Liaison to Third College. He introduced me to you as the person to work with in the search for an FTE for Music in Third College.

Dr. Silber advised me yesterday that someone is being considered by Muir College with Third College funding to teach a course in Black Music which is an interest of vital concern to more than one of our faculty members. Why has the Music Department and me as its representative been by passed on this matter? Is it because you don't take Music Departments seriously? Or is it that women representatives don't exist? I am furious.

Invisibly yours,

Pauline Oliveros

DR. JOHN J. SILBER
Chairman
Department of Music

Please accept my apologies for not bringing the music component of the Black Cultural Sequence to the attention of your department at a much earlier date. There has never been any doubt in our minds that this sequence would be offered in conjunction with interested departments. The strong expressions of interest, cooperation, and support given by the Department of Music bades well for the success of the Winter Quarter course in Black American Music as a cooperative venture.

To MRS. ROWENA RENO

Dear

Last year at considerable personal inconvenience, I attended one of your "orientation meetings" fully prepared to explain Music Dept. offerings.

Only 2 Third College Students showed up and they were not interested in the Music Dept. Only 3 ^{including myself} out of ~~6~~ 7 ^{or more} scheduled faculty members showed up. This year I do not intend to waste my time. If you have interested students send them to me and I will gladly counsel them. I have office hours frosted in the music office.

Sincerely yours,
Pauline Oliveira
Assistant Professor of Music
