 It commenced raining about 5 o'clock
 this morning, and has rained by showers
 until now (9 o'clock A.M.)
 yesterday looked very much like rain
 but at nine o'clock last evening it
 was pretty clear starlight.
 It was a little misty, almost rain
 last Sunday & has been cloudy nearly
 every day since. No rain otherwise

A. B. Norton (who endorsed it to Coe) for
\$2333³³ gold coin this sum being the principal
\$2000 = and interest at the rate of 3 1/2% per year
added. For which note Coe gave me
a check on Bank Cal for \$2247²⁶ C^y
estimating C^y @ 89¢ which makes the \$2000 = gold
(C^y is only worth 88¢ to day but Coe would do
no better barking out of his proposition to
let me have it at current rates)
