A map of the United States divided into four colored regions representing the major groups of Native Americans. The Northwest region (dark blue) includes Washington, Oregon, and California. The Southwest region (light blue) includes Arizona, New Mexico, Texas, and Oklahoma. The Southeast region (dark blue) includes Florida, Alabama, Georgia, and South Carolina. The Northeast region (light blue) includes New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, North Carolina, and South Carolina.

A map of the United States with four regions highlighted in different colors to represent the major groups of Native Americans. The Northwest region (dark blue) includes Washington, Oregon, and Idaho. The Southwest region (light blue) includes California, Nevada, and Arizona. The Southeast region (teal) includes Florida, Georgia, and Alabama. The Northeast region (dark blue) includes New York, Pennsylvania, and New Jersey.
