# Compliments of San Diego County, California.

---

When you visit California, as we know you will some day, remember to return our call, and come to San Diego. Let NO ONE prevent you from buying your ticket to San Diego. The fare is the same, and privileges equal to that of any ticket sold to Pacific Coast terminal points.

The bay of San Diego (more beautiful than the bay of Naples,) with the matchless climate, its sea bathing, hunting, fishing and social pleasures ever present the year round, is a pleasure unattainable elsewhere, and unpardonable if you miss it.

All kinds of fruits, flowers and grain grow here to perfection,  
Cheapest and best land in California. For further information,
