

Dr. Harold Urey press conference announced

August 8, 1969

Press Conference Dr. Harold C. Urey, Nobel Laureate, UCSD Professor of Chemistry-at-Large, authority on the moon, and consultant to NASA's Lunar and Planetary Missions Board, will meet the San Diego press for the first time since the Apollo 11 flight. Dr. Urey has been in Houston at NASA's Lunar Research Facility, studying the lunar samples since they were returned to earth by the Apollo crew. He also talked with the astronauts during their quarantine confinement.

Time: Monday, August 11, 1969, at 10:00 a.m. sharp

Place: 4214 Physics-Chemistry Building Revelle College campus University of California., San Diego
