MEDIA ADVISORY

SCIENCE WRITERS: In celebration of the opening of its new facility, the UCSD Center for Molecular Genetics is holding a national symposium on the latest advances in molecular biology. The conference will feature Nobel Laureate Joseph Goldstein and eight other distinguished scientists whose research is on the cutting edge of molecular genetics and bioengineering. A list of the speakers and their topics is attached.

DATE: Thursday, May 7 and Friday, May 8

TIME: 9 a.m. to 5 p.m. on Thursday or 9 a.m. to 12 noon on Friday

LOCATION: Liebow Auditorium in the Basic Science Building at the UCSD School of Medicine.

NOTE: MARK YOUR CALENDARS!
