Sept 10 - 1913

Messrs. Murray & Fletcher, doing business under the name of the Cuyamaca Water Company,

San Diego, California.

Gentlemen:

I, the undersigned, hereby pay under the following protest the bills for water rental rendered me for the months of July and August, 1913, in the sum of \$⁴⁰~~4~~..... ¹⁰ / ¹⁰

My said protest is made upon the following grounds, to-wit:

That said Murray & Fletcher have taken no efficient steps pursuant to the order of the Commission made March 28, 1913, to increase the available supply of water to the use of which I am entitled. That such supply has dwindled down in July, 1913, to one-half of the amount to which I am entitled under my contract; and in August, 1913, to one-fourth of such supply. And that I am notified by you that after September 5, 1913, no water for irrigation but only for domestic uses will be furnished. That I am suffering loss and damage by reason of such short supply and am not receiving the consideration for any increase over my contract rate of rentals, which is involved in the order of the Railway Commission of the State of California requiring you to take immediate steps to increase such supply. That the service rendered to me from said Cuyamaca Water system since the order of the Railroad Commission is not better but far worse than has been known during the history of the system.

My said payment under protest is not to be considered as any waiver of my right to contest future demands or for damages for your failure to furnish water under the contract assumed by you.

Very Truly Yours,

L. Mansur

The water users are now looking for evidence of your intention to carry out the order of the Railway Commission

Dear Sir:

Can you go out to the San Diego River tomorrow morning and met me there about 9 A.M. and decide on the site for wells. You had better use your own machine and charge to the Company.

Also please render bill for your last trip.

Very truly yours,

WSP-WK

Mr. Lincoln Mansur,
R F D #1, Box 199,
San Diego, Cal.

Dear Sir:-

Our Superintendent, Mr. Harritt, tells me that according to information furnished by you, the 15th inch sheet steel pipe laid in 1888 by the Lacey Manufacturing Co. began to leak considerable in the adobe ground at the lower end of the pipe line soon after it was laid and that the Lacey people were compelled to keep a large gang of men at work for about two years in stopping leaks on the line.

We would very much appreciate a letter from you giving us this information in full and will be pleased to recompense you for your time and information.

Very truly yours,

Assistant Manager.
