BACKGROUND: The Physical Education Dance Program offers technique instruction in many idioms of dance. Ballet, modern and jazz constitute the main emphases of the program. Rounding out these core activities are courses in musical theater, tap, ballroom, folk and ethnic dance. This year, more than 800 undergraduate students per quarter have participated in the various dance classes. The dance concert is the fruit of the year's labor. The dances will include experimental dance, breaking, jazz, modern and classical ballet, folk and lyrical, tap, Afro-Cuban-American and many other movements which make dance such an exciting part of our current culture.
