GEORGE K. BROWN, President. CHARLES T. WALKER, Vice-President.
H. R. BROWN, Secretary and Treasurer.

THE COMPANY OWNS
THE ORPHAN JOHNNY, ARAPAHOE, GOLDEN WEST and GREAT
NORTHERN Nos. 1 and 2.—FIVE GOOD CLAIMS.

1 C **PER SHARE** **1 C**
(Introductory Price Only)

A NEW COMPANY!
OWNS MINES IN
BOULDER COUNTY,

Colorado, one of the oldest and richest counties in this state. The company owns clear of debt five of the most promising claims near the old-time camp known as Jamestown. Upward of \$10,000.00 worth of development work has been done on these claims and well-defined veins and leads have been opened and it is believed very little additional work will put the property in condition to ship pay ore.

The workings consist of shafts, tunnels and drifts varying in depth up to more than 250 feet each. Good leads and veins have been found and with a small amount of additional work will undoubtedly show greater values.

FOR FORTY YEARS

Boulder county in general and the district about Jamestown in particular has been shipping ore in large quantities. About Jamestown are many prominent old-time mines, among which may be mentioned the Wano, Golden Age, Invincible, Buckhorn, Woody Co.'s mines and mill, Longfellow and dozens of others. The Orphan Johnny Co. has most excellent neighbors and the officers believe their mines will prove just as rich when further developed.

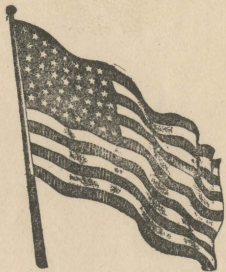

100 SHARES \$1. 1,000 SHARES \$10

Ten thousand shares \$100, and any larger quantity desired at the same price, 1c. per share (if ordered before prices are advanced). We can accept orders on the installment plan, payable monthly, accepting one-fifth cash and the balance in four equal payments. On each 1,000 shares you pay \$2 down and \$2 per month for four months. All shares are 5c. par, full paid, when issued and never assessable.

The company now desires to sell sufficient shares to raise the funds to procure United States patent to the five claims and to reopen its mines. For this reason a limited number of shares are now offered for sale so cheaply.

As stated, there are many well-known and rich mines near the Orphan Johnny. The company believes its mines will prove equally valuable with very moderate development.

GENERAL OFFICES, 527 COOPER BUILDING.

P. O. Box 731.

Denver, Colo., 190...

Dear Friend:

We have recently secured the exclusive sale of the treasury or development shares of a new and what we consider, most promising mining corporation.

We were so favorably impressed with the company, its mines, and the low price we obtained for our customers, that we embrace this early opportunity to inform you and a select few of our friends at a distance, for those who invest in mining shares at the start are the persons to make the largest profits.

We refer to the Orphan Johnny Mining Co., a recently organized company owning five of the most promising mining claims in Boulder County, Colorado, but forty miles distant from Denver. Mines have been profitably and successfully worked there for nearly half a century--and they are still yielding their riches to the fortunate owners.

We will enclose you herein a circular briefly describing the company, its claims, etc. Later a prospectus will be issued and mailed to all shareholders.

You will observe we are offering the first block of shares upon the market at the unusually low price of ONE CENT PER SHARE. Of course, you will at once see that such prices can not last long. We can assure you that prices will soon double and treble. We communicate with you just now to offer you the opportunity to get in on the "ground floor" as we term it here in the West. You will thereby profit by all the advances in price which the shares are sure to make.

Kindly read the enclosed circular carefully. Let us hear from you at once with an order. Do not fail to buy at least a few Orphan Johnny shares at this, the first price. Buy a small block for cash, or if you prefer, order right now at present prices and pay a small amount monthly. At any rate be sure to buy a few Orphan Johnny shares before prices advance.

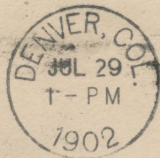

The sole and only reason these shares are offered so cheaply is to quickly raise the ready cash to carry on the necessary proceedings to obtain United States patents to the claims, develop same, etc.

Let us hear from you at once. The present allotment at the exceptionally low prices offered you, will soon be all spoken for.

Yours truly,

L. H. Flanders.
Manager.
