

"The Lady From the Sea" to be performed

May 21, 1980

"The Lady From the Sea" by Henrik Ibsen will be performed at 8 p.m. May 29-31 in the Mandeville Recital Hall at the University of California, San Diego. A matinee is scheduled at 2 p.m. May 31.

Tickets to the performances cost \$2 and are available at the UCSD Theatre Ticket Office, 452-4574.

The play is set in the eerie midnight sun of Norway, where a young wife is confronted by a lover from the past. Ibsen uses the frozen Norwegian fjordlands as a symbolic setting for the woman's dilemma. She must decide whether to stay or leave on the last day of summer, when her lover will ship out on the last boat to leave the harbor before it freezes over.

The play is a Master of Fine Arts production of the Department of Drama. Chris Hanna will direct.
