# Nissan the big lift in PNG

Nissan Forklifts have earned a well-deserved reputation around the world for excellent maneuverability, safety, and durability. And true to this tradition, the new FX Series has been designed to deliver even greater performance and operating ease as well as lasting reliability.

The FX Series was developed using a distinctive operator-oriented approach. As a result, it's quieter, more comfortable and far better equipped than any other forklift in its class.

Step into the cab and discover the FX difference. All controls, levers and pedals are rationally arranged within easy reach.

The steering is light yet sure in its response. The FX Series — putting a new perspective on performance.
