## EVALUATION POLICIES AND PROCEDURES

- On the Friday prior to week that payroll time records are completed by the Business Office each council member shall submit a completed evaluation form to the A.S. secretary no later than 4:30 p.m.

- A schedule of "Evaluation Fridays" will be made available at the start of each quarter.

- The following Monday the ASUCSD Judicial Board shall convene and make appropriate recommendations, as follows:

1. In the case of paid council members, the ASUCSD Judicial Board shall decide to pay or withhold wages for the two week period ending the Friday that the Evaluation forms were completed, as per the ASUCSD Judicial Board's evaluations of the council member.

2. In the case of non-paid council members the Judicial Board shall evaluate those members' job performance.

3. When the ASUCSD Judicial Board finds the work of a council member unsatisfactory, the council member shall be established as a volunteer for those two weeks. (A volunteer shall be defined as a council member who shall continue the duties of his/her office as per his/her job description without pay.) Furthermore, the council member shall be reevaluated two weeks later and again at the normal monthly evaluation time, as per normal evaluation procedures.

4. Appeals on the findings of the ASUCSD Judicial Board can be initiated by any council member. Acceptance of the appeal shall be granted by a majority vote of the ASUCSD Judicial Board, which will in turn hold a special session within one week to hear the appeal.

5. The ASUCSD Judicial Board reserves the right to randomly audit paid council members over any given two week evaluation period. The results of these checks will be given at the appropriate meeting, and the ASUCSD Judicial Board will vote accordingly.

6. Council members in the event of dereliction of duty shall receive a formal written censure by the ASUCSD Judicial Board which will also be delivered in front of council the following council meeting.

7. Findings of the ASUCSD Judicial Board at the conclusion of the evaluation process shall be presented to the council by the ASUCSD Judicial Board Chairperson.

Subject: Calpirg Fee Mandate

Whereas, Calpirg has provided an invaluable and un-duplicated service for the entire university community, and

Whereas, This service includes such beneficial programs such as voter registration drives, and consumer price surveys, and Lobby efforts against utility price increases, and

Whereas, the Associated Students of the University of California at San Diego have set forth their voice, and voted to ensure that all students are assessed a fee for the Calpirg organization, and

Whereas, the registration form committee has put forth its recommendations to the administration, and

Whereas, other University of California campuses have proven that a waivable fee assessment system provides more of the necessary funding for the Calpirg program than a contribution system.

Therefore be it further resolved, that the Associated Students of the University of California at San Diego hereby supports its constituencies mandate for the Calpirg organization.

And let it further be resolved that the Associated Students encourages the administration's selection of a fee system which includes the Calpirg assessment in the primary fee total, with a waiver option noted on the registration form as best means for the preservation and future expansion of this very beneficial student service.

ASUCSD Resolution #38

January 31, 1985

Submitted by: Micki Archuleta

Subject: Little League Softball and Baseball

The ASUCSD Council passed the following resolution.

Whereas, in 1973 the Little League was taken to court for not allowing girls to play Little League Baseball, and,

Whereas, the court ruled that the League MUST allow girls to play Little League Baseball, and,

Whereas, the League subsequently introduced softball as a sport in order to create more opportunities for girls to play, and,

Whereas, last November, the Little League issued an order prohibiting boys from playing Little League Softball and,

Whereas, the court order of 1973 and the ruling of last November when both adhered to create a situation in which girls can play Little League Baseball or Softball while boys can only play Little League Baseball.

Therefore be it resolved, that the ASUCSD calls upon the Little League administrators to treat both sexes equally and fairly and to rescind the order handed down last November thereby allowing boys to play Little League Softball.
