Centre.

Students are welcome to visit our centre at any time if they have queries regarding their work or if they wish to enrol to study.

Anybody who is unable to come to the centre should write to me, Eremam Pinia at:

P.O. Box 1765,  
Rabaul, or ring me on phone number 92 1645.

Eremam Pinia.

My name is Eremam Pinia. I have been COES co-ordinator for East New Britain Province since August last year.

My COES office is situated in Rabaul opposite the Department of Education office. It is located in the Non-Formal Education Building.

My clerk is Mrs Jessie Allan who also assists me in running the office.

There are over 700 students at present enrolled in East New Britain, studying various subjects. Many of these students are attracted to various study centres throughout the

province. There are also quite a number of students studying COES material at the Holy Faith College, Waguan.

Students regularly sit for exams in the COES centre in Rabaul. They sit for entrance exams to decide which particular grade

in their subject they should begin studying. They may also sit for exams here when they have completed a particular grade.

Sometimes when many students plan to sit for exams on the same day we are kindly given permission to conduct exams at the

ALL plants and animals need water to live and grow. People must drink pure water every day if they want to be healthy. We should also remember that water makes up about three quarters of our bodies. Apart from drinking water, enormous quantities of water are

needed for other purposes, in our homes and, especially in factories.

We tend to take a regular supply of water in our homes, schools, and places of work for granted. However as the world's population increases, so the demand for water becomes greater.

In dry countries

water shortages may cause disaster. Wells dry up and plants animals and even people die of thirst. Even in normally rainy countries, one long summer drought can make water supplies so limited

that governments ask people not to water their gardens except with dirty water which is left over from washing or cooking.

Much of our water supply comes from rivers, natural lakes and man-made lakes

called reservoirs. This water is seldom pure. It must be purified at a water treatment plant before it reaches us.

First bits of soil and decaying plants are removed by a process called coagulation.

This involves adding a harmless chemical, such as alum to the water. The alum makes the small particles coagulate or clot together into larger particles. These sink to the bottom of tanks and are removed.

Next the water is filtered by passing it

through very fine sand. This process removes most of the bacteria causing disease which may be in the water. Any bacteria, which may be left after filtering, are killed by adding a chemical called chlorine to the water.

Other treatments may be applied.

## JUNE 11TH ECLIPSE OF THE SUN

### Partial Eclipse

On Saturday, June 11th the moon will start to cover the sun at about 2.30 p.m. this is the start of the partial eclipse. All of PNG will have the partial eclipse of the sun. This lasts until after 5 p.m.

If you stand under a tree that is in the sunlight you can see spots of light on the ground. In the partial eclipse you can see these as little pictures of the eclipsed sun. This is when nearly all of the sun is covered by the moon.

### Total Eclipse

At about 4 p.m. the moon's shadow starts to pass over PNG. Places in the shadow have the total eclipse of the sun. Other parts of PNG have a partial eclipse with over 9/10 of the sun covered. These parts will have the sun shining, but not as brightly as usual.

**DANGER: DO NOT LOOK AT THE SUN AT ANY TIME.**

This is what happens in a total eclipse:

The corona round the position of the moon and sun.

Places in the middle of the shadow - see map - will be in the dark for less than a minute. Other places in the shadow will be in the dark for an even shorter time.

In the total eclipse it is not just dark. A little light comes past the moon. There will be a faint glow in the sky around the moon's position. You will see stars in the darkened sky.

Birds and insects and other animals might think night has come and so go the rest. However, just a short time later it becomes light again.

What will these animals do if they get confused by this? Do any flowers close up as if night had come?

### The next eclipse of the sun

Every few years there is a total eclipse of the sun that can be observed in different parts of the world. It is rare for one place to have two total eclipses in two years.

## PNGFA SAYS NO TO OFFER

The PNG Football (Soccer) Association has refused an offer by the Brazilian Football Academy to send a doctor from the National squad to attend the first course of Basic Medicine Applied for Brazilian Football-orthopedy and Traumatology Area to Foreigner's Medical People.

They are opening places to attend exclusively Doctors from Federations, Associations, and Interna-

By Bobby Joku

tional Clubs to the Course that will be in English Language, with the duration of 15 days, from December 1 to 15, 1984, under the general coordination of Professor Lidio Toledo de Arujo M.D. head of the medical team of Razi's National Football Teams to World Cup of 1970, 1974 and 1978, currently Director of the Medical Department of Botafogo Football Club since 1958, besides

Instructor for medical matters of FIFA.

All participating lecturers will be heads of medical teams of first division Brazilian Professional Clubs with the special guest lecturer, Professor J.A. Nova Monteiro M.D. member of Medical Commission of FIFA and famous by Orthopedics and Traumatism researches for Brazilian Federal University of Rio de Janeiro.

The programme consists of surgeries on traumatism of sports, visits to hospitals and

to medical departments of the Clubs to observe the methods used to attend players, beside lecturers on:

- a) Muscles injuries
- b) Microtrauma
- c) Spleen and Meniscus injuries
- d) Legaments injuries
- e) Joint physiopathology
- f) Open fractures
- g) Wounds and contusions
- h) General luxations and dislocations

- k) Therapy in sports

medicine  
l) Physiotherapy  
m) Physiology in the football

n) Sports medical controls  
o) Alimentation of the athletes  
p) Medical commission functions

The course is limited to 24 participants that should be indicated by the National Federation or Clubs affiliated and the reserves should be made immediately.

The enrolment will be completed when all vacancies are fulfilled. Each Federation has an

unlimited number of doctors participating as desired.

However, the secretary for PMSA, Mr Andrew Waho, has confirmed this week in Port Moresby, that the PNGFA may not have a national squad doctor and the money to participate in the program.

The participating fee will be US\$2000 which should be paid in travellers cheques on the day of the opening ceremony of

the course. This fee covers the hotel expenses, food, local transportation, reception at the international airport and local activities.

All participants on completion of this course will receive a diploma of Participation from the Academy and a certificate of Attendance from the Laboratory of the Exercise of the School of Physical Education of the Brazilian Federal University of Rio de Janeiro.

## Inter-city clash dispute

A dispute has arisen over the prize money to be put up by Lae and Port Moresby for the inter-city clash planned to be held in Port Moresby on November 17.

According to Lae's coach, John Peka, Lae has suggested K2,000 each from the two cities with the winner taking all. "Moresby has argued that this is too much to raise and both centres were meeting again to sort this out." (Meeting held Monday night).

In the meantime,

Lae has announced its team for the tournament with reputed players dominating the team plus a sprinkling of young talent.

The full side is: Daino Sami, Aaron Mugaliang, Arnold Yanum, Ludwig Peka, Kule Matu and Ogeng Dengkeo (Buresong), Sau Gure and Anio Saira (Mopi), Raymond Gumasi and Thomas Neruse (University), Mark Simango (Sobu).

While Port Moresby's interesting line-up consists of Norihin Posenei, Michael

Ramo, Adam Lema, Jeffery Emang, Herman Kawi, Simon Emmanuel, Andrew Kori, Adam Wangu, Patrick Kiromat, Greg Mambo (Guria), Robert Popat, Philip Wori, Jasper Patterson, Donai Bauai, Lungol Popcu, Joe Saleu, John Sirigoi (Uni) Buka Pasar, Jonah Daniel (Sunam), Mike Pye (Wanzesi) Pierre Quaze (Rapatona) and James Tore (Westpac).

Coach Stalin Jawa, trainer: Diamond Korwa, physical training instructor Erwin.

**Mazda Gets A Flipback**

Early pacemakers of the Port Moresby men's softball competition, Mazda Carps, fell from top to second spot following a walk-off protest.

NGI was leading 7-4 at the top of the controversial fourth inning when Mazda coach, Michael Kalas called "time-in-game" following an umpire's decision.

The protest was over a ruling earlier by central umpire, Lawrence Bunbun, when NGI's Ron Rolly advanced to third base heading home, on a hit.

It was claimed that Rolly had not returned to third base after the ball was thrown back to the pitcher.

Third base umpire ruled out. The other umpire on first base ruled safe and the central umpire, making the final decision, ruled safe.

General observation from keen followers at Bisini, concluded Rolly would have been ruled out.

The decision by Mazda to walk off the field left a lot to be desired.

Any decision by a central umpire is final. Whether he agrees with his base umpires or not. An appeal can then be called soon after the decision is made, to rectify the decision.

It is understood, Mazda has lodged a protest.

Meanwhile, after last Sunday's games, premiers, Nissan Gazelle, is clear on 10 points, followed by NGI, Mazda, Elcom and Brown Eagles on 8, Malangan and Agogol on 7, with Kabiu, Demons and Yokomo, still struggling in that order.

Nissan Gazelle got their acts together and slammed Demons Patrick Kila all over the diamond.

Led by Beno Varagu, Gazelle batters made well-placed shots, winning 17-2. Demons on the other hand, had no answer to Gazelle's Christop Timan and Patrick Pilak's deliveries.

In other games, Malangan white-washed Brown Eagles, 4-0. The usually reliable Eagles batters opted for fly balls instead of safe hits. The result

speaks for itself.

Agogol caused another upset when they thrashed Kabiu, 10-2. Thanks to catcher, Moses Pupun, whose calls from back-stop was as effective as his batting. Pupun was ably supported in getting the extra runs by Rochus Birao and William Kaputin.

Kabiu's pitcher, Noah Max, was off-line for most of the game, which Agogol capitalised on.

Elcom beat Yokomo in the other game, 8-5,

which again, would have gone Yokomo's way, would have been fought.

Yokomo's downfall their batting. On occasions, had base fi with runners, but ce not bring them ho They do match all te in every other de pments though. An coach, John-Bili Toko a reliable batter him does not bring his lad to the standard expec Yokomo should go t to B grade as they rely much on their pitch

• Aijo plis. Dostain Homerang, yu no ken krungutim lek bilong mi, nogu lus. Tasol Homeran i sanap strong long pes bes bilong Malangan na mel bilong em i wipim Braun Igels 4-0.

# Cathay Flips Squash Coin

by Wesley Peni

Port Moresby squash courts should be acked with sqash enthusiasts this hursday night to witness the last of the rand finals.

Toyota Trading should take out the dies B2 grade from Papua Lombardo, hile in the mens A grade grand final, the ipping of a coin should decide a winner i giants, Cathay Woo Textiles and athay Westmont.

Cathay Woo textiles, the season's inior premiers, certainly are favourites. The team consists of play makers in .llan Tasang, David Tam, Monica alter, Victor Seeto and veteran, Colin look, and enjoyed the top spot on the adder for the better part of the season.

Westmont on the other hand is nredictable and can turn the tables.

The team has players who should equal he class and calibre of their opponents. layers like Les Cheung, Albert "black ight" Hegai, Emmanuel "phantom" Tsoupis, Colin Cheung and Steve Webb nany look as testing materials but are onistent crack shots in themselves.

Westmont's performances against oshiba was an indication of determinaion, control and concentration, some qualities the players have. And a repeat of the show should prove costly to Woo textiles. Both teams are equally matched houghout.

Judging from the overall performances luring the season, Woo Textiles should ge out Westmont, 3-2.

## Cathay Westmont

No. 1 Les Cheung, Age 26  
Jumped to A grade after winning 1981 C grade title. Experienced player. Won 1984 Madang and Eastern Highlands championships. Back-hand-drop volleyer.

No. 2 Albert Hegai, age 27. Represented PNG on numerous occasions. Improving with every game. The "black knight" of Westmont.

Les Cheung

Albert Hegai

No. 3 Emmanuel Tsoupis, age 30. Came through the ranks from C grade. Back-hand-cross-court dropper. "Phantom."

No. 4 Steve Webb, age 35. Very reliable. Back-hand-cross-court dropper. The doctor. Watch.

Emmanuel Tsoupis

Steve Webb

No. 5 Colin Cheung, age 22. Les's Kid brother. Good ball controller. Back-hand dropper. Flexible.

Colin Cheung

Allan Tsang

Cathay Woo Textiles

No. 1 Allan Tsang, age 26. Left Hander. Runner up PNG championships, 1984. Experience campaigner. Forehand driver. Very cunning. Watch.

No. 2 Colin Hook, age 43, a veteran with class. Represented Kenya in Manila. Winner of Colegate Championship in Kenya. Back-hand boaster.

Colin Hook

No. 3 David Tam, age 30. Very experienced and a vigorous player. Can outstrength anyone. The danger man.

David Tam

## JUNE 11TH ECLIPSE OF THE SUN

When does the eclipse start?

The moon will start to cover the sun at about 2.30 p.m. This is the start of the partial eclipse.

This can be noticed from anywhere in PNG where the sun is shining. It will become a bit darker than usual.

**DANGER: DO NOT LOOK AT THE SUN AT ANY TIME**

At about 4 p.m. the moon's dark shadow starts to move over PNG. Then the moon totally covers the sun. This is the total eclipse.

In the total eclipse it is not just dark. A little sunlight comes past the moon. There will be a glow in space around the sun's position. You will see stars in the darkened sky. Birds and other animals may think night has come and so go to rest.

This is what the sky looks like around the moon and sun in a total eclipse. You can look at this glow but you must look away before any of the sun shows again.

Places in the middle of the shadow - see map - will be in the dark for 2 or 3 minutes. Other places in the shadow will be in the dark for a much shorter time. For places out of the dark shadow the sun will keep shining, but not as brightly as usual. Over 9/10 of the sun is covered by the moon.

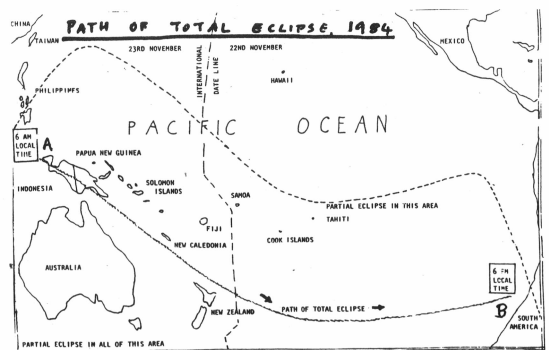

The places which are in the moon's shadow will have the total eclipse of the sun. As the earth and moon both move the shadow moves quickly over parts of the Earth.

The shadow starts to touch the Earth in Irian Jaya, at A on the map. Very quickly the shadow passes PNG and goes over the Pacific Ocean. The moon's shadow does not go over any other land. So no other land has a total eclipse.

The moon's shadow goes nearly to South America at B then the eclipse ends as the shadow is not on the earth.

**DANGER DANGER DANGER**

DO NOT look at the sun at any time. This will blind you before you can close your eyes. Only observe the eclipse in one of the ways in this newspaper.

The shadow moves very fast. If a place is in the centre of the totally dark shadow it has the total eclipse for only 2 to 3 minutes. Other places may be in the total darkness for a much shorter time.

LAS SANDE BILONG SIOS YIA  
25 November 1984

Tude long planti kantri bilong graun yumi save toktok long demokrasi. Em i min gavman i stap long han bilong ol pipel. Wan wan kantri yet i gat king o kwinn. Tasol ol i no gat pawa: ol i osem bilas nating bilong kantri.

Tasol long taun bilong Jisas, king em i strongpela man tru. Olgeta pawa bilong kot na gavman na ami na lo na oda i stap long han bilong em wanpela. Ol pipel i no gat vot bilong laikim o no laikim wanpela samting. Nogat. Laik bilong king, orait, yu go mekim samting. ... Sapos nogat, yu inap dai.

Long stori bilong tude, Jisas i pikasim las de. Bihain yumi olgeta i dai pinis, orait, yum olgeta i mas sanap long bikpela kot bilong God. Na hia Jisas bai sanap king na jas. Dispela de i osem wanpela bikpela eksemesin. Ol bai askim yumi wan wan: yu bin mekim wanem gutpela samting o wanem samting nogut long arapela man? Yu lukim! Jisas bai no kotim yumi long save bilong yumi, long mani, long pawa, long biknem. Bikpela kwesten em dispela: yu bin GIVIM wanem samting? Givim NATING?

Yes, givim nating long narapela. Ol manmeri i bin helpim narapela, ol i no save man ya i makim Jisas, na ol i mekim. Nogat. Ol i no tingting na wari liklik long bekim na pe na ol i mekim osem. Ol i mekim nating. ... Osem na nau ol bai kism pe.

Tasol nau yu lukim stori bilong ol manmeri i no bin mekim gut long arapela. Jisas i kotim ol na i tok: "Bikos yupela i no bin mekim long ol yupela i mekim long mi." Na ol i bekim tok, "Sapos mipela i save em i YU istap insait long ol, mipela i mekim. ... Em nau! Em ol kain pipel i ting tasol long pe na ol i mekim wanpela samting. Osem na em i gut nau ol i us, i gat planti pipel tude i save mekim gut sapos piksa na stori bilong ol i go long radio na nusupea ... sapos ol i kism medal long kwinn, o kism biknem. ... Em i no pasin bilong GIVIM samting; em i pasin bilong KISIM samting. Em i kism pe pinis. ...

Sapos yumi glasim gut dispela kot bilong Jisas, bai yumi helpim long lukim, em i no askim yumi long mekim bikpela samting. Nogat. Ol liklik samting tasol. Osem givim kaikai long man/meri i

hangre, givim wara long dring, welkamim man/meri nating long haus bilong yu, go lukim sikman long haus sik, na kalabusman long kalabus. Em tasol .... Em i no tok long givim mani, o wokim bikpela projek .... Osem na Jisas i soim rit i isi long ol manmeri nating long winim heven.

Ol i stori long Sen Martin. Em i wanpela Kristen soldia. Wanpela de em i wokabaut long rot na i painim wanpela rabisman i gat ol pipila klos tasol, na skin bilong em i guria long kol. Em i askim Martin long mani bilong bain klos. Tasol Martin i no gat mani. Osem na em i kism bainet bilong em na i katim saket bilong em yet tubah na i givim wanpela hap long tarangan. Long nai Martin i driman, em i lukim Jisas long heven na olgeta ensel nabaut long em. Na em i lukim Jisas i pasim hap saket bilong ami. Wanpela ensel i askim Jisas osem, "Watpo yu pasim dispela ami saket? Yu kism we?" Na Jisas i tok isi, "Pren bilong mi Martin i bin givim long mi."

Tude yumi no save tingim las de tasol. Nogat. Yumi save tingim King bilong dispela las de. Em i Jisas Kraiz King .... Em i King nau tasol, na hia long graun tasol ... long wanem, em i bosim yumi olgeta wan wan. Tasol kingdom bilong em i no bilong dispela graun. ...

Jisas em i narakain king. Em i no man bilong pairap na soim pawa bilong em. Nogat. Em i man bilong bel isi. Em i wasman bilong mipela olgeta sipsip bilong em.

Yumi bilong Jisas stret. Long wanem, em i bin givim laip bilong em long bain bek yumi. Olgeta de yumi save pre: "Kingdom bilong yu i mas kam long olgeta hap bilong graun." Em bai kamap osem, sapos pastaim em i kam na i stap insait bilong bel bilong yumi wan wan. Kingdom bilong Jisas i kamap pinis insait long yumi, sapos yumi bihainim ol laik bilong Jisas. ... sapos yumi mekim long ol arapela man osem yumi laik mekim long Jisas yet.

Sapos yumi mekim osem, yumi hosana tru long Jisas. Yumi joinim ol manmeri bilong Sande bilong Palmen ... tasol dispela taun i no gat Gut Fraide i kamap. Nogat. Ista Sande tasol inap oltaim oltaim. Amen.

## 10-pela moa pasta

BIKPELA bung bilong graduesen bai kamap long Morata Baptist Sios insait long Mosbi long dispela Sande, 18 November, 1984. Bai gat 10-pela pasta i graduet. Na bung bilong givimaut sefifiket i go long dispela lain pasta bai kamap namel long 9 klok i go inap long 10 klok moningtaim.
