DEPARTMENT OF VILLAGE SERVICES AND PROVINCIAL AFFAIRS
Local Level Government Conditional Grant
Project Component

As directed by the NEC the Local Level Government Conditional Grant is distributed on a per head of population basis and divided into an Administration Component, a Project Component and a National Capacity Building Component. The 1990 Census figures were used to calculate the population of each local level government. The Guidelines for expenditure and accountability were explained at training programmes for officials from provinces, districts and local level governments. To obtain their cheques Local Level Governments must:

- prepare Ward based development plans
- consolidate these plans
- submit their consolidated plans
- as plans approved as conforming to NEC Guidelines

To date Manus and Western Highlands Local Level Governments have completed all of the above steps and have received their cheques. All other cheques have been drawn and will be forwarded to Local Level Governments as soon as their plans have been received and approved. All provinces report satisfactory progress and we expect their plans by mid May 1994. Project Grants for Non Council Areas will be released to the provinces when Secretaries of provinces have provided project plans for their Non Council Areas.

On receipt of the cheque each Council should send the original receipt to The Secretary, Department of Village Services and Provincial Affairs, PO Box 1287, Ward Strip, WAIGANI.
