A-2 COMM. RATE

CONTRACT FOR THE SALE OF NATURAL GAS COMMERCIAL SERVICE

Rate District No. 3 of Northern Division

THIS AGREEMENT, made this 11th day of Sept., 1933, between SOUTHERN CALIFORNIA GAS COMPANY, a corporation, hereinafter called the Company, and

Grassmont Park Co

1020-9th, San Diego, Cal.
hereinafter called the Consumer,

WITNESSETH:

That whereas the Company has filed with the Railroad Commission of the State of California rate schedules, rules and regulations affecting service of natural gas which are open to public inspection at the offices of the Company,

And whereas the Consumer desires service of natural gas for commercial purposes and the Company is willing to furnish such service under the rate schedules, rules and regulations affecting the same,

Now, therefore, it is mutually agreed as follows, to-wit:

Beginning Sept. 11th, 1933 or as soon thereafter as the Company shall be ready to commence service to the Consumer, the Company shall furnish and the Consumer shall take from the Company natural gas for commercial purposes

under the rate schedules, rules and regulations affecting the same, for use at the Consumer's Apartment House

located at 224 No. Isabel, Glendale, California.

The Consumer acknowledges that he has inspected Rate Schedules Nos. A-6 and A-2

affecting such service and selects Rate Schedule No. A-2 filed under C.R.C. No. 1120-G, a copy of which is hereto attached and made a part hereof, and agrees to take service thereunder. The Consumer agrees to pay the Company for all natural gas service hereunder at the rate and under the conditions set forth in said schedule. All bills shall be rendered monthly and paid at the office of the Company within fifteen (15) days after date thereof.

This contract is not transferable by the Consumer and shall continue in force for the term of ONE YEAR from the date hereof and thereafter in accordance with the conditions set forth in the aforesaid rate schedule.

The Company shall not be obligated to deliver gas except at times when and at points where the capacity of the Company's existing mains is sufficient to supply the Consumer without detriment to then existing service to others, and the Company shall not be liable in damages or otherwise for failure to serve gas hereunder on account of such lack of main capacity.

The Company shall not be liable in damages or otherwise for failure to deliver gas hereunder which in any way results from breakage of its facilities, however caused, acts of God, strikes, failure of gas supply or other conditions beyond its reasonable control.

The Consumer hereby grants to the Company for enjoyment as long as this contract continues in force, and for a reasonable time thereafter, such easements and rights of way, in, under, across and through the lands of the former, together with such rights of ingress thereto and egress therefrom as may be necessary or convenient to enable the Company to install, operate, inspect, maintain, repair and/or remove meters, gauges, pipe lines, fittings and regulators, and all other equipment and apparatus which the Company may elect to install for the purpose of furnishing service under this contract.

All natural gas delivered hereunder shall be measured in accordance with the standard practice of the Company as set forth in its Rule and Regulation No. 2 filed with the Railroad Commission of the State of California.

All meters, gauges, pipe lines, fittings, regulators, equipment and apparatus installed in or on the premises of the Consumer, the cost of which was borne by, and/or advanced to, and/or donated to the Company shall be and remain its property, except as otherwise specifically provided in the then rules and regulations of the Company filed with the Railroad Commission of the State of California, and may be removed by the Company at any time before or after the termination of this contract.

All natural gas delivered hereunder shall be supplied in accordance with the rules and regulations of the Railroad Commission of the State of California, and under such rules and regulations as may be adopted from time to time by the Company and approved by said Commission, and this contract shall at all times be subject to such changes or modifications by the Railroad Commission of the State of California as said Commission may, from time to time, direct in the exercise of its jurisdiction.

This contract constitutes the entire agreement of the parties as to natural gas service and all terms and representations heretofore made are embodied herein. No agent of the Company has authority to make, and the Consumer hereby waives, any terms or representations not contained herein and agrees that the Company shall not be bound thereby.

IN WITNESS WHEREOF the parties have duly executed these presents the day and year first above written.
