A change in the rules

THE International Rugby League Board held its general meeting in Port Moresby on July 11 this year.

At the meeting, the international board executive discussed two major issues, the Bomb Rule and the expansion of the Pacific Cup under the new five year development programme.

Both the international board director-general Ken Arthurson and secretary Ron MacGregor announced the decision after the conclusion of a two-day board meeting.

Mr Arthurson said some countries had experimented with the rules relating to the 'bomb' and the board had decided to write a rule book.

He said, when a bomb is set up from any play, play will resume from a 22 metre tap. The new rule should become effective in the 1988 season throughout the league countries.

Member countries are asked to try these new rules. Other experimental rules changes include:

- Making players retire five metres from

the scrum, except the half back.

- Elimination of the second marker from the play of the ball.

- Preventing a player negating by deliberately knocking-on or kicking the ball into touch after the fifth tackle by allowing the opposing team to play the ball at the point where the infringement occurred.

Mr Arthurson concluded "All these changes are experimental and optional, with the exception of the bomb rule which has now been endorsed."

Mr Arthurson said the five year league programme has given full support to next year's Pacific Cup tournament schedule to be held in Western Samoa.

Last year it was staged in Rarotonga, Cook Islands and this should gauge the interest for the growth of the code in the Pacific basin, he said. The Pacific Cup is one of the world tournaments besides the University Cup which was inaugurated last year. The World Cup aims to give more exposure to rugby league.

An overview of the national scene

RUGBY LEAGUE continues to be played throughout the country and remains by far most popular spectator sport in Papua New Guinea.

The Papua New Guinea Rugby Football League presently has some 30 affiliated Leagues, of which 20 have full member status. The other ten Leagues are "associates", mainly in the smaller centres where financial and administrative resources are more limited.

All full member Leagues have junior grades at U19 and in a few cases U17 level. Most Leagues have 2 or 3 senior grades. On average Leagues have 6 clubs, but the largest-Port Moresby-has ten clubs each fielding five grades from A Grade to U17.

At the present time there are approximately 5000 registered senior players, 2000 juniors and about 500 schoolboys. Rugby League is gradually gaining strength in the secondary school system after a few lean years. The reintroduction of Physical Education at the Teachers' Training college and the introduction of flag footy and fair play codes of conduct in schools have softened attitudes among school authorities. The introduction of coaching will gradually be implemented in other centres.

From the participants on the level 2 Course it is hoped that at least 22 Regional Coaching Directors can be identified to assist Ivan with continuation of the national Coaching Scheme. Unfortunately the absence of a major sponsor for the Scheme hinders progress. Currently the national Coaching Scheme is supported by a player levy and ad hoc sponsorship of individual courses.

Coaching

The standard of coaching in Papua New Guinea has improved a great deal in recent years due largely to the untiring effort of Keith Collins, the National Coaching Director until his untimely death in March of this year. In his four years with the PNGRFL Keith was a constant source of encouragement to Kumuls and village boys alike. To date there are some 340 Preliminary and 130 Level coaches in Papua New Guinea, the vast majority having gained accreditation under Keith's tutelage.

The PNGRFL appointed Ivan Ravu

as acting National Coaching Director and his first task was to assist Graeme Rose from the ARL Coaching Panel to conduct the first level II Course in Papua New Guinea. Twenty-two coaches nominated were for the course which held at NSI in late July.

Referees

With the large number of players and clubs constantly on the increase there is an increasing demand for graded referees which the League is finding hard to fill. Our long term plan is to increase the number of graded referees and especially improve the standard, which is currently on the decline. Unfortunately the popularity of Rugby League is not matched by a similar awareness of the laws of the Game among spectators and players and this has acted as a deterrent to many promising referees. It is however, a problem encountered by other sports in Papua New Guinea.

It is our intention to request the assistance of the ARL in making available the services of a prominent referees administrator to assess the situation in Papua New Guinea and develop a strategy for development of this vital area of the sport.

The PNGRFL does have a small number of referees who we consider to be of international standard. The most notable is Graham Ainui who spent 3 weeks in Europe in March of this year and controlled both Under 23 internationals between France and Great Britain. According to officials' assessments he acquitted himself extremely well and the PNGRFL is disappointed that he was not appointed to Test between Australia and New Zealand.

Administration

This is an area of the code which suffers a great deal from lack of continuity. From national to club level administrators tend to be short term appointees and a proper development plan is therefore hard to establish or implement.

The PNGRFL Executive has seen the resignation for various reasons of President, Secretary, Executive Officer and Treasurer since the last I.B. meeting.

The majority of administrators have the interests of the code at heart, but a lack of finance limits the amount of contact that the national executive can make with League officials to assist and

advise on development at local level. There is an urgent need for a full-time development officer able to spend time in the provinces to bolster the game in many centres. A dangerous trend is becoming apparent where the standard of the game in Port Moresby is outpacing even the traditionally strong Highlands centres.

Finances

As always, this is a major problem and has been indeed mentioned previously in this report.

The PNGRFL is fortunate to have a five year sponsorship agreement with Pepsi, without which, the National body could not exist. Whilst generous in itself, it is not sufficient to carry out the real development in coaching, referees and administration which we would like to undertake.

The biggest single expense which we face is transport. Nearly all major fixtures require air travel and whilst gate receipts are encouraging, visiting teams from overseas would agree that the cost of transport and accommodation in PNG is prohibitive.

This year saw the first major tour by the Kumuls since 1979 and a fund raising committee has the mammoth task of raising some K180,000 to cover costs.

Since the last (I.B) International Board Meeting the PNGRFL has hosted a two test series against New Zealand and a Test against Australia, prior to their successful European Tour.

In addition Port Moresby qualified for the Panasonic Cup for the second year, again disposing of Northern Territory and Western Australia quite easily before succumbing to the professionalism of a Sydney Club side.

The PNGRFL is excited about the Kumul tour of Europe and is confident of success against both Great Britain and France. The tour will however need to be viable financially if we are to back up with a tour of Australia and New Zealand next year.

This year has seen another landmark for the PNGRFL with a player recently being contracted to play in Sydney and two other trialling with Parramatta.

The 1986/87 seasons have been full ones for the PNGRFL. Success has been tinged with tragedy. The occasion of the I.B Meeting in Port Moresby will definitely enhance our prospects for the future.

from the EDITOR'S desk

THE RUGBY League season in the country has been another hectic season for both players and administrators. As with all happenings there were ups and downs.

One of the most notable upsets was the untimely death of the then PNGRFL Director for coaching the

late Keith Collins. What Keith has done for Rugby league in this country can not be measured. Keith we in league will remember you for many years to come.

The sudden departure of prominent Port Moresby league personality and national selector Brian Rosanowski, raised a few eyebrows but it may have been for the betterment of the league as a whole.

The failure of Port Moresby Premiers DCA to defend the Cambridge Cup may have disappointed certain followers but congratulations to Hagen Tigers for the top class performance in their lead-up matches and in the final that saw them defeat Lae Brothers to take out the cup.

The Cambridge Cup sponsorship deal expires this year but it is hopeful that PNGRFL will renegotiate a similar deal with the sponsors Rothmans of Fall Mall.

Southern Zone however maintained its champion zone tag when they went through the zone championships undefeated. Staff opposition was offered by Islands Zone and the islanders should "come of age" next season.

Port Moresby, the main source of players for the Southern Zone went so far as to qualify for the National Panasonic Cup but were eliminated by the best. A team from the Sydney League.

All the leagues affiliated to the PNGRFL completed their competitions successfully and credit should be given to those involved in administration aspects of the leagues.

However as was pointed out in the report of the PNGRFL table at the meeting of the International Rugby League Board in Port Moresby in July, sound administration is one aspect which is hindering progress of league in the country. This statement could be true for most sports in the country.

The National Sports Institute has conducted at least one sports administration course in all the provinces since 1981. The output, 591 certified sports administrators.

Undoubtedly many participants of this course were associated with league in one way or another but it seems that their input to league is nil.

Another aspect of the report was the lack of referees and maybe better still lack of qualified referees. Graham Ainui made it a first when he refereed international matches in England and France early this year and this shows the potential that is in the country.

Sad to say but many take up the whistle and the flag for what they might get in terms of kina and toea and not for the love of the game.

Back to the players, there seem to be an improvement in the standard of play in the country. Port Moresby defeated all the teams in the qualifying rounds of the Panasonic Cup but went down to Sydney giants Dalmain.

The visiting team from NSW country league, Riverton were no match for the zone teams and the Presidents 13 as well.

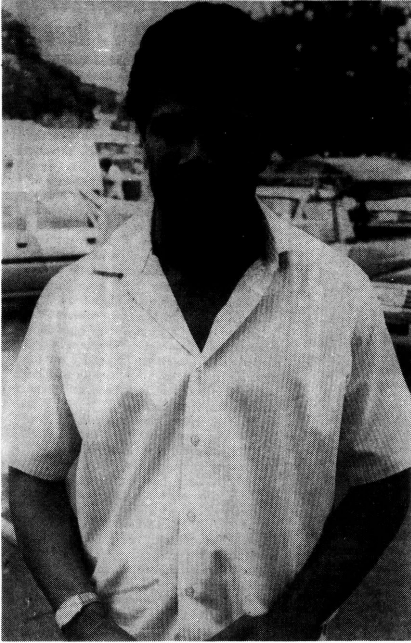

Port Moresby kept its unbeaten record against visiting teams when it downed a strong Gold Coast Vikings side recently.

The only smear was the Kumuls loss to the Kwis early this year. But the Kumuls performance then was commendable.

The Kumuls European tour is on and despite starting with a high note our boys were crashed by the British Lions 42-0 in the only test played in England.

RLN news wish them all the best and hope that rugby league will be much much better next year. Wish you one and all in League a Merry Christmas and a prosperous New Year.

A successful C' bridge Cup round

THE 1987 Cambridge Cup has been a great success in more ways than one despite its future which is still in limbo according to Cambridge Cup chairman, Ivan Ravu.

It has been great in the past three years of rugby league under the new format. Those years have been very encouraging even though controversy arose during semifinals and grandfinals in many leagues, he said.

Its aim to be the champion of the Champion league in the country is not an easy task. To achieve such aim or goal one has to strive to overcome the hardships that might come their way. Mr Ravu said to win the prestigious Cambridge Cup, as Tigers of Mount Hagen total commitment is most essential from the club level with an undefeated record in the Cup champion competition.

The participating clubs in the Cup final countdown Tigers of Hagen and Lae Brothers had come the hard way to meet in the finals, said the chairman.

The club officials and the respective league must be credited for their part in bringing the clubs into the finals.

Mr Ravu said it has been a long rugby season for both teams, Hagen Tigers and Lae Brothers which ended in a great performance on October 4.

The spectators and supporters really got their money's worth of entertainment despite or regardless of torrid match displayed by the two grandfinalists, said Mr Ravu.

This year's grandfinal was well presented with the courtesy of Rothmans of Pall Mall Pty Ltd with a lot of time and money injected into it. The branch manager in Port Moresby plus Cambridge Cup committee member Kevin Murphy contributed to the smooth running of the final.

A big thanks to Cambridge Cup committee and also to the sponsors for providing incentives and arranging air travel ground transport, accommodation and meal allowances, he said.

Cambridge Cup would also like to thank PNG Rugby league executives for their assistance in appointing officials at the hosting centres to man the match.

Despite some disruption during the round lead up to the grandfinal, it was a great story and certainly will linger in the hearts of PNG league fans.

Cambridge Cup this year has been a success. Involvement of host league officials, promotion of the competition by Rothmans and a greater interest shown by clubs has contributed to the success.

Mr Ravu concluded by saying the full report will be tabled at the Papua New Guinea Rugby League Annual general meeting to be held in late November.

BOUGAINVILLE FOOTBALL LEAGUE PRESIDENT'S REPORT, 1987

THIS is my last Report as President of BRL League and I want to thank you for the support I have received from your Clubs and Club officials.

The PREMIERSHIP SEASON saw Dolphins take out the Bougainville League Flag for 1987. Seagulls were rather unfortunate, mainly through its attitude to the League and its administrators.

Barbarians were by far the best administered club in the League; the club owes much to Joshua Penias for his dedication.

Diggers seem to be continuing to have to battle the apathy which gripped the club a few years ago. Players must understand it is the League, the Club and the game which are important. To win is a bonus. A name change will not solve the obvious low morale present in the Club.

Snafu also had administration trouble which cost them competition points. Clubs must understand that to be successful they must have good administration. During the season the clubs administration was found wanting; yet, those same administrators, who cost the club points and prize money remained in their positions. Once again a bad case of apathy on the part of the players.

Muruks were able to survive the year without any major hiccups; and go on to win the SP CUP bringing their SP Cup wins to three.

The REFEREES ASSOCIATION have once again earned the thanks of this League. The refs came in for what I consider to be more than a fare share of abuse. It is absolutely stupid of clubs not to suspend or discipline players for abusing the referees. There are instances where clubs could make a real contribution to the maintenance of discipline

by dealing with players and supporters who continually abuse the referee either from the sideline or on the field. It is also cowardly.

Seagulls showed a particularly high level of disrespect in the Under 23 Grand final. The League must take strong measures against those men.

Given the circumstances we have heard the referees performed well for the season and I wish to publicly thank Mr. Kiap and his referees.

THE JUDICIARY is to be thanked for its efforts on behalf of the League. It is interesting to record here that during the season the General Committee of your league overturned a number of Judiciary decisions which the league considered to have been too lenient. The league must give its full support at all times to the "Man In The Middle" at all levels of decision making.

THE JUNIOR LEAGUE, now under the direct administration of the senior league was well organised this season and congratulations to those men who helped to obtain the high level the Juniors attained. It is obvious a number of U19 players should now join the Senior League. It is hoped they will do so and the older players make way for them in not just the U23 but up in the A Grade where we so badly need fresh players.

THE BOUGAINVILLE TEAM regained the NGI Championship with a younger team and a most capable coach, trainer and manager. I am pleased to see the trophy back here where it belongs. I trust it will stay here for some years to come.

Our players in the NGI team acquitted

themselves well and though we only got one Cap for the Kumul Tour, Lautu Atoi, the others played to their best to have us runner-up in the National Championships. This league also supplied the NGI Coach.

A close look will need to be taken at the format, as it is at present, for the running of the NGI Championships and the National Championships. It cost this league almost K13,200, to get Lautu Atoi a Kumul Cap. No league, whether the league has a gate or not should be asked to incur such an expense. This country is not industrialised, it is still very much an agrarian society and as such that sort of expense is out of our league.

Kimbe Rugby League have not honoured their commitment to the cost sharing which makes it possible for the NGI Championships to be held. A new system will have to be introduced in order to make provision for leagues who do not honour their commitments. We received no immediate support from the PNGRFL in order to obtain re-imbursment of our travel expenses.

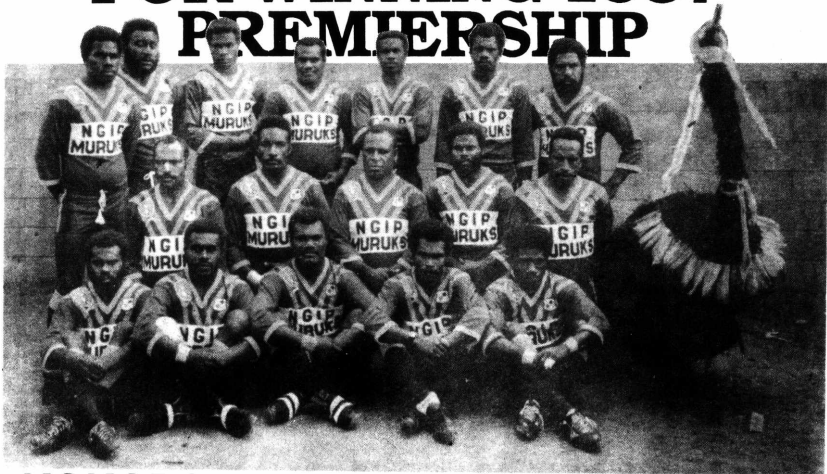

The league now has in place precedents for the continued successful conduct of its affairs.

I also wish to thank our sponsors for their help. I have written to them than I retire at this meeting. I am happy to have been associated with your League and leave here with good memories of times past for which I thank you. I wish you all the best of luck for the coming season and beyond.

ISLANDS

NORTH SOLOMONS LEAGUE REPORT

THE North Solomons Rugby League had a very successful year, as we became a full member with our mother league (PNGRFL) which enabled us to see our first ever representative team to Kimbe for the Island Zone trials.

During that trial our team played against more organised league teams such as Bougainville, Rabaul and Kimbe. Eventhough we went down to Bougainville 6-2 and Kimbe 32-23 our players tasted what representative games are like. Give us two more years and we will be a force to be reckoned with.

Secondly our Association would like to thank the Executive of all Clubs affiliated to our Association for making our grand final a very successful one, and also not forgetting our spectators and supporters.

Congratulations to Air Niugini for being the premiers of 1987; to other clubs try again next year.

Thirdly the first ever Cambridge Cup on the Island was also a success. Organisers and supporters helped in many ways to make everything possible for our paying public to watch the game. Although our Premier side ANG just went down to Dolphins 18-20, we were proud to be the organisers of the Tournament here.

We have also elected our new executives for the 1988 season.

They are:

Philip Stag - President
Leo Kuringi - Vice President
Peter Sepe - Secretary
John N - Treasurer.

Lastly we would like to thank PNGRFL for giving us constant information in relation to the greatest game of all and other matters, Clubs and Arawa High School for their oval and all the people we did not mention.

See you all in the 1988 season.

PETER SEPE
SECRETARY

KIMBE rugby league president Gerry Luru delivered his report in a high note at the Annual General meeting early this month. He rounded it in four words, saying, "It's a successful year."

He told the club delegates at the meeting that without the support from the club officials and players Kimbe league would not have been as it is today. And with great appreciation, he convey his gratia maxima to all those who made it possible for Kimbe's great year of rugby league.

With the sudden death of late patron Harry Humphreys and the dismissed of league treasurer, the Kimbe league administration work is manned by league president, Gerry Luru, Vice president Mathew Papea and Secretary Brain Tapa.

Mr Luru said there was no proper cash book kept to monitor the spending of leagues money which again is public money.

Kimbe league has spent more than K14,520 on its renovation plan. Mr Luru said league had built a ticketing office with telephone at the cost of K4300.

Also the health authorities had pressure that Kimbe league should have

a permanent toilets for male and females. The money spent on the toilets is estimated at about K10,220. Most of the money was from the presidents own pocket while Kimbe league contributed a little.

The league president proposed that if people do not use the toilets properly next year there will be a 20c fee per person for the use of the toilet.

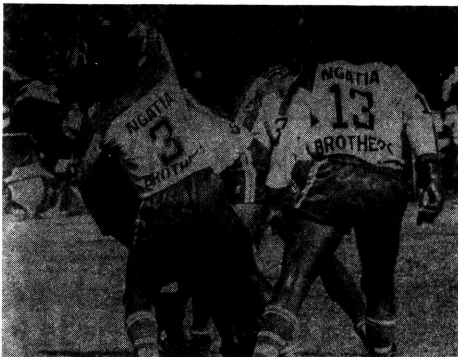

An underground cable for electricity supply has been installed at the cost of K2400. The league has also approached the local Water Board to supply water to the league field before the 1988 season kicks off.

Kimbe league secured building materials for spectators stands from the West New Britain Building Suppliers at a cost of K7,000. Part of the building materials will be imported from New Zealand.

Mr Luru in his speech to delegates, he told them that flood lights will be up to see the games played in the night.

"This is one thing that we really wanted to see off the ground," said the president.

A grandstand and proper dressing rooms will also be looked at and the proposed grandstand will be up by 1990.

New Ireland league on the track

CLUB DELEGATES, Club officials, members of the Judiciary Committee, Rugby League players, all our sponsors, and the many keen supporters. We have just completed another year of our Rugby League season and I as President give this brief report for your benefit on the achievements and problems New Ireland Rugby Football League has been through in the 1987 season.

We learnt from our 1986 season that to end the season fully and participate in the other activities from the National League, New Ireland Rugby Football League calendar had to start early.

This we did. Our pre-season kicked off on February 14 1987 and after three weeks, the season proper kicked off.

We initially had problems with our Muruks Club with affiliation but thanks to Vicko Pamel who came to that Club's rescue, all four Clubs, Sea Eagles, Muruks, Tarakum Brothers and Snafu entered the competition with three grades each.

Completion this year saw at times good football and individual talents displayed on the field.

We have some of the Country's best football talent within this league and with experience and good coaching, some of our players will make the big time in Rugby League.

The 1987 season has been another very good year for this League and more especially so for the code.

This is the first year ever, the New Ireland Rugby Football League had gone through a season with no

judiciary hearings for player misconduct, spectator invasion and brawls.

Even the grand final game between Tarakum brothers and Snafu sharks which was played before a capacity crowd was played in a very sportman like manner.

Our guest of honour, Honourable Premier Mr Pedi Anis was heard commencing "This is the first time I have seen a grand final played in the true spirit of the game."

Delegates, you can feel proud because it is part of your contribution to the game that enabled us to have a very clean season.

Our referees must be congratulated for their efforts on the field under the leadership of Robin Yapok and Leo Badcock.

The standard of referees has certainly improved and will continue to do so with a number of our referees holding tickets.

From the financial side, I would like to thank the following companies and individuals for their financial support. It is acknowledged that without your financial support, the clubs would not exist and the game would not be played at the current level: -

Bisi Trading Pty Ltd through Bruce Tsang and his wife Cynthia Tsang who are sponsors of Sea Eagles Club.

Malaysian Overseas Investment (PNG) Pty Ltd through Francis Sia and his wife Helen Sia sponsors of Tarakum Club (one of the grand finalists for 1987).

Jimmy Tip and Mai Mui Trading through Gavin Tip, and his wife Linda Tip sponsors of the 1987 grand

finalists Snafu Sharks.

Bulminski Hai Bensin station through Tuki Wilson Sponsors of Muruks Club until this year. I hope the sores have healed and a reunion can hopefully be achieved in 1988.

The New Ireland Rugby Football League has no proper sponsors. However the League received donations from the following, Kavira Hotel Pty Ltd (Anthony Meehan) K50 H & T Chalapan Pty Ltd (Herman Chalapan) K30, Honourable Premier Mr Pedi Anis K50. Thank you for your assistance this year. The League will certainly have to arrange a sponsor for 1988 and onwards.

Due to financial constraints, we did not participate in the Zone trials.

One of our major disappointments was missing out on the Cambridge Cup after we went out of our way to ensure our games ended in time to participate in this tournament. I hope the Cambridge Cup organisers do communicate with the leagues before making their selections.

All in all the New Ireland Rugby Football League is gaining momentum and given the progress made in the last two years since I have been your President, I can only say it is heading for better times.

I thank each and every one of you, the Club officials especially and my members of the executive for your support over the last two years.

Anton Yagama
President

It will take two years to think and plan, he said.

Mr Luru took the opportunity to thank his deputy Mathew Papea for pushing the games to be played in Kimbe.

Mr Luru said he was very happy because it was the first time for such a big event to take place in Kimbe under his regime.

The jubilant president said, other leagues had spoken very highly of Kimbe league's administration and organisation. Most participating leagues enjoyed their stay in Kimbe during the two days zone trials.

Kimbe league raised more than K10,400 and paid K2600 to Bougainville and North Solomons. After paying its debts Kimbe league made a profit of K4,000.

The 1987 grand final was the first ever trouble free finals in the province since its inception in West New Britain in the 70's.

Mr Luru said the finals was played in spirit of true sportsmanship and he hopes the trend continues next year.

The present Gerry Luru donated the Walala Cup to the Kimbe League to promote up coming stars. The cup will be used for 12 seasons. The Cup was bought at a cost of K1200.

Kimbe League president said, league executives should be proud because they have achieved much and contributed much to the development of league within 10 months.

"If we had come into office three years ago, the league enthusiastic will not have been standing for almost 240 minutes," he said.

Mr Luru also told RLN that referees have claimed too much from gate takings as some of the money could be used for the leagues projects. Under the national referee's constitution the referee's association should be paid 5% of the gate takings.

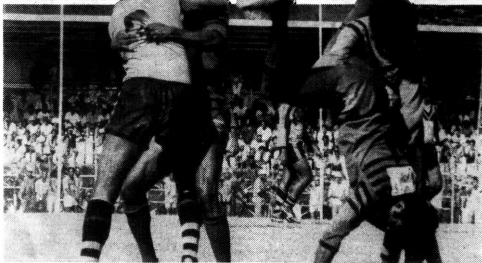

At present the league is paying the association with K264.

Mr Luru has vowed that in his second term in the office he would see that the spectators stand and flood lights are up before the end of the 1988 season.

The new league executives who were voted unopposed for the 1988 seasons are President Gerry Luru. Vice president Mathew Papea,

Secretary Geravasius Rovi and Treasurer Brian Tapa.

1987 has been a fruitful year

• It's panic stations as opposing players from Kone Tigers and Brothers disregard the ball and have a go at each other.

THE publicity given to Hagen Rugby League after Hagen Tigers' victory in the national club championship also drew attention to the longest serving Kumul prop Joe Tep.

Hagen centred in the heart of the Highlands region has attracted more fans and players in a bid to secure a representative cap.

Hagen league has proved to be the top league centre in the country and has also won more than five places in the Highlands zone to fight for the Kumul jumpers.

It has also produced two rising stars and former junior Kumuls Peter Dum and Paul Kas.

The president of Hagen league, Paul Ray told RLN that Hagen is back from its recovery following the sudden resignation of the former president who transferred to Mendi.

Mr Ray said the Hagen '87 league season was the year of recovery.

He said, there was no proper plan during the former administration's term.

"Everything was in a mess when the new league executives moved into to take over the regime at the beginning of the year," he said.

The league is now pushing for new fields at the new sports complex to be erected at the present Queen Elizabeth Park.

The new site looks more profitable because

it is in the centre of the town and is likely to draw spectators throughout the town.

Mr Ray said the provincial government has been asked to help the league fraternity to pursue this matter in a conference yet to be held between the sports office and the provincial government.

The proposed field at Kagamuga is not attractive enough because it is too far and not many people attend the games due to the distance.

This year the competition was very competitive with six strong teams participating. Four town teams and two village teams boosted the number of clubs to six.

Hagen league is now recognised as the top centre in the league arena outshining Goroka the oldest league centre in the country.

"In the old format of the Cambridge Cup, Hagen league proved to be the toughest Highlands region to beat," said the president.

"To conclude," Mr Ray said, "now with Tigers winning the Cambridge Cup, Hagen will be the league to reckon with in the future despite the strong opposition it will face from the country's city leagues, Lae and Port Moresby.

The year has been very fruitful with Hagen league being the winner of the country's top league honour, the Cambridge Cup.

• Air Niugini and Kumul back Kepi Saea changes his direction to get away from Kone Tigers defence. Team mate Wata Sauna is at hand to give help.

Kiunga had its ups and downs

WALKING around Kiunga and villages and settlements nearby it is easy to see which game has captured the imagination of its residents - Rugby League.

In any open space or school ground available young people are constantly playing touch rugby.

The highlight of the Kiunga Rugby League season was the Cambridge Cup fixture between Waghi Brothers and local stars, Kiunga Magani.

For the first time ever a major Rugby League and sporting event was conducted in Kiunga. According to Kiunga Rugby League President Linus Yambun the 'game was the best game of rugby league ever seen in Kiunga. The Magani versus Brothers clash was a fitting end to the 1987 Kiunga Rugby league season,' he said.

Mr Yambun said the standard of rugby league in Kiunga had dramatically improved in 1986/87. According to Mr Yambun, one reason for the improvement was the upgrading of the Kiunga town oval which is now an international size playing field.

Mr Yambun also admitted that there were some serious problems in the administration of the Kiunga Rugby League.

'There is no co-operation between league and club officials,' he said.

Some people think that once the league officials are appointed they have to do all the work to see that the league is progressing. However when decisions are made these people are the first to criticise.

'There is a lack of communication in both directions,' he said. Mr Yambun said that to correct the situation a committee system will have to be set up. He said that the committee

will consist of league and club officials to look after various aspects of the Kiunga Rugby League administration.

'As president I have to ensure that the games go on so I referee the games myself. Unless some people come forward and assist with refereeing the future of Kiunga League looks very dim.'

During the season the major title honours were distributed between the clubs. United won the pre-season, whilst Brothers took out the Easter Carnival. Magani won the honours by taking out the A grade grand final winners and Wali Wests won the reserve grade grand final.

Despite transport and financial problems Kiunga League managed to send a representative team to the Southern Zone trials. Kiunga put up a strong performance despite losing to Tabubil and the National Capital league.

The Kiunga High school Schoolboys Rugby League had a very successful 1987 season.

The commitment shown by the teachers who coached the students reflected on the high standard of rugby league displayed by the schoolboys.

Kiunga also took part in the National Schoolboys rugby league carnival in Lae last July.

The Kiunga boys managed to defeat Minj 13-10 but lost to Kimbe, Morobe and Eastern Highlands.

Kiunga High school Grade 9 student Saquae Sakaek was named the Best and Fairest player at the carnival. The team was coached by Victor Buddy.

Madang league flourishes under new team

by HENRY MORABANG
Staff writer of Rugby League News

MADANG's mid year controversy over poor administration did not cause any setbacks on the league administration, according to its new president Stanely Pil.

Mr Pil, a prominent businessman took over the office from Peter Yama in a special meeting held in the middle of the year.

Mr Pil told RLN that since taking over the office he had had to tighten up on the management.

"Madang league really could not manage its own affairs that's why we were almost unable to secure the spot in the PNGRFL," he said.

He said players were unable to behave themselves and there was no commitment from individual players.

The league boss said Madang league is playing a major role in disciplining its club who operate under the umbrella.

He said that by doing so the standard of league in the local scene would gradually improve. A clear example was Kuliki Hawks who rolled out of the doldrums to steal the Madang premiership.

Kuliki Hawks' coach and former Kumul five eight, Tony Seoto must be praised for a job well done in bringing the students of the Para Medical College into becoming the league heroes.

Another big issue was the prostitution of players. Madang League has taken tough action on players who abscond to more richer clubs.

The league president urged all clubs to secure a more competent sponsor for the next season so as not to be in the position Souths' club found itself in this year where there was no financial support at all.

All administration work looked very healthy because clubs had to tame their players in order to get more out of the players, Mr Pil said.

The gate takings look good so far, with money accounted for at the end of each game.

Mr Pil said, "the new administration took the initiative in setting up outer gates which made it easier for the gate takings."

Mr Pil told RLN that without the secretary, the league's financial background looks very healthy. Players also had to pay to get into the gates for the game.

Madang rugby league is not planning to make a big name but due to the growing rugby league population in the small town, it has planned to build a club house and a proper grandstand.

Mr Pil said, he was very happy with all the support his administrative staff received from clubs, players and supporter of rugby league.

Vanimo to introduce rural league in '88 season

MAMOSE

VANIMO Rugby League this year started off with six teams competing in the A and Reserve grades respectively.

The teams Brothers A and Reserve grades registered 34 players, Defence A and Reserve registered 60 players, Hawks registered 42 players in the A and Reserve grades, Sea Eagles registered 44 players in the A and Reserve grades, Royals 43 players and Tigers 52 players in the A and Reserve grade.

The total number of players registered for 1987 season was 275. Club affiliation fee was K150 and K15 for individual players registration.

Each team played 10 games and at the end of the final round the standing points table was A grade Defence 20 (undefeated) Sea Eagles 15 Hawks 10 Tigers 9 Royals 8 Brothers 0

In the Reserve grade the final round points were, Defence 16 Hawks 11 Brothers 11 Sea Eagles 9 Tigers 8 Royals 3

Semi finals were played on Sunday, August 2. In the A grade Defence played Sea Eagles, the score was 22-6 in Defence's favour

when a brawl broke out and the game was called off.

The decision from the executive meeting fined the two teams Defence and Sea Eagles K100 each.

Sea Eagles managed to pay up their fine while Defence failed to pay their fine and therefore was suspended from entering the finals.

Hawks were slotted in to play Sea Eagles in the grand final. Sea Eagles outlasted the Hawks 32-22 to take out the premiership.

Defence club will be suspended for 1988 season unless they pay their fine.

Vanimo Rugby League will next season pay full affiliation fee to the National Body (PNGRFL). They have also raised funds to pay the affiliation fee to the zone competition with Madang, Wewak, and Lae leagues. This year the league did not have proper fields for the games, and they have not collected gate takings this year.

Plans for next season include promotion of rugby in the rural areas, since soccer and other sports are not strong in West Sepik. Aitape and Lumi will get their first clubs into the league next season. The new Executive officials for 1988 season is, Felix Rotasomana - President Senty Margis

- Secretary The league will also be sending delegates to the annual PNGRFL general meeting in Lae in November.

Ivan Ravu stepped in as head coach

FOUR rugby league coaching and referee courses did not eventuate because of the death of the late National Rugby League Coaching Director Keith Collins. The late Collins died in a car accident just outside Port Moresby after returning from a Schoolboys promotional coaching clinic at Kwika in the Central province.

• The late Keith Collins during a coaching clinic held in Port Moresby.

The vacant National Coaching Director's position has been filled by Ivan Ravu until PNGRL appoints a full time Coaching Director.

Mr Ravu told RLN that in his present capacity as acting rugby league coaching director he could not contact every course schedule in this year's programme. He said he has postponed all four courses until next year when he has a proper plan.

The courses, were supposed to have been conducted in Kavieng, Manus, and Kimbe but did not eventuate due to financial constraints. While in Wewak there was no cooperation between the Wewak league executive and the Provincial government.

There is a demand for such courses in Arawa, Lae and Port

Moresby," Mr Ravu said. People really need a coaching course to upgrade their qualifications and also upgrade their coaching skills.

Besides that, the acting national rugby league coach has been invited to lecture the Goroka Teachers College students who are Physical Educational teachers.

He said the students are trained five hours a week.

Mr Ravu said he has not contributed much this year because all the courses had been postponed, while in the mid year more than 22 coaches have upgraded their qualification as coaches from a Level 11 course conducted by PNGRFL in conjunction with Australian Rugby League.

The national coaching director would like to thank PNG Banking Corporation for their sponsorship and also thanked Australian rugby league visiting lecturer coach Graeme Ross.

Thanks to you and to Graham

LET'S give a big hand to the referees of both national and provincial leagues for their tremendous hard work.

They have done their best and it is obvious that without them no one could enjoy the matches over the weekends.

This year was a good season for referees in Port Moresby and hopefully for those in other centres as well.

On the national scene, Graham Ainui has shown great responsibility in his career as the President of Papua New Guinea Rugby League Football League Referees' Association.

This year RLN would like to take this time and space to promote one of our very senior rugby league referees in the country - Graham Ainui.

1975 - Commenced refereeing in the junior grades.

1976 - Commenced refereeing in the senior grades.

1977 - Appointed touch judge in the match - PNG v France.

1979 & 1980 - Controlled group 16 matches while in Canberra from February to April.

1981 - Controlled match between Highlands zone (PNG) & Cronulla Club (Sydney) in Goroka.

Controlled Cambridge Cup in Lae and the grandfinals in Goroka & Kundiawa.

Appointed touch judge in the Test - PNG v France.

1982 - Appointed touch judge in the Test - PNG v Australia.

1984 - Appointed as first Papua New Guinean to control grandfinal in the Pt Moresby Rugby Football League Competition.

This year the carnival was a success with only minor incidents taking place such as - injuries, (bruises body rheumatics and one or two wrist fracture problems).

Teachers act as coaches to give better ideas and playing tactics to their respective school students.

Just like the senior body (town competitions) the schools affiliate, with the NCD and Central Province SBRL Body - and the Provincial Body affiliates with the PNGSBRL Body.

Each school in NCD/CP pays a K25 registration (team) and players pay K2.50 for the players registration. Of this K2.50, K2 is

sent along to the PNGSBRL body for insurance of players, and 50t stays with the school's team.

The selection trial for NCD/CP also takes place. And this year the selection was done between two sides (possibles and probables). This took place before the start of Term 2 holidays.

During the holiday, (Term 2) the Southern zone school boys were selected and took part in the National School Boys championship in Lae.

The carnival went on for a week. The champions once again were Southern the 1986 champions, and this time (year) defended and won the title with no points scored against them, throughout the series.

Back to NCD/CP League. The season for 1987 ended at the Loyd Robson oval on the 7th of August 1987. Both teams from Kwikila High school were in the Grand Final. Under 70kg against Sogeri NHS, and under 55 against Laloki high school.

Laloki high School were unfortunate and lost the game to Kwikila Under 55kg. And Sogeri won convincingly against their younger brothers.

Congratulations to Kwikila for their 2 teams, and Sogeri and Laloki, for entering the grand finals.

Support from Senior Leagues

There should be a constant and

dose watch on the school boys RL from the Senior Executives of the Leagues. There seems to be no interest at all. No one knows and discusses about the School Boys League. All that they are concerned about are today's players in the Senior league.

Support from Business houses Keith Collins' programme, if it wasn't for that tragic car accident would have been better than what it had been, or how it had been organised.

I applaud Steve Malum (through Bob Brooks) for their concern in the School Boys Rugby development programme. But how far it will go remains a question mark. Some schools did receive it and others did not. Will it continue?

I appreciate all those individuals especially the teachers who form the core of the School Boys Rugby League for their part in the promotion and development of the code. PNG Rugby League (National Body)

What should it do in the development of School Boys Rugby League back schools?

Ans - Provide Courses

- Fund Courses

- Liaise with Education Authorities.

For active teachers to be trained to successful Level 1, 2, 3 Coaches.

• This Kwikila player has nowhere to go but stay down as his Gordons High School opponents pound on him.

TEACHERS ARE THE BEST PEOPLE TO BE TRAINED AND TO PROMOTE THE CODE IN PNG.

A progressive year for the schoolboys

THE Director/President of Schoolboys rugby league John Morrison told RLN Review 87 that the season has been very progressive for Schoolboys League.

The highlight of course was the National 60kg carnival held in Lae. Teams from eight centres participated for the Keith Collins Memorial Shield. NCD/Central won it well without having scored against them. The important thing which occurred was the increasing number of places conducting regular competitions either intra or inter school.

Around up of the centres:
 NCD/Central - Conducted competitions at 55 and 70kg levels among eight schools. The finals were held in August in what was a very successful season.

Kiunga - Conducted intra school competition at 65 and 60kg level with some 55 games. Flag footy has caught on extremely well in the

community schools and is being actively encouraged everywhere.

Kerema - Two schools were participating in regular games and a team did participate in the National Carnival.

Morobe - Schoolboys rugby league was revived but not much of a competition was organised.

Kimbe - play regular Intra School Competitions and participated well in the National carnival.

Wahgi/Minj - started up an organisation and a number of social games at 50 and 60kg level were played. Wahgi played in the National carnival with a team composed of students from High school.

Eastern Highlands - continued to conduct the largest competition with teams from five schools competing in 50, 60 and 65kg divisions. No finals were held but there were carnivals in each division which finished off the

season well. The 50kg division was especially good with the teams developing the fundamental skills well. 50kg teams toured Chimbu, Western Highlands and Lae during the year.

What is likely to happen next year? More concentration on the smaller divisions with a maximum of 60kg.

Other areas which may start some form of competition, New Ireland, Sepik - St Francis, Nuku, and possibly Western Highlands. A tour of either Queensland or NSW to coincide with the Kumuls' Australia and New Zealand tour.

More and better sportsmanship to be instilled into the students. A better example to set by town. Rugby League competitions.

No cheating or foul play. The Annual Teachers Coaching Course will be on again early next year and we will hold the AGM in conjunction with the course.

• National Capital and Central province schoolboys grand-final in the Under 70kg division. Sogeri (in dark shirts) won 12-10.

• In the Under 55kg division De la salle (striped Shirts) went down to Kwikila 8-6.

Junior league goes from strength to strength

AS Director of PNG junior rugby league for 1986-87 it's my great pleasure to present my report to PNG junior rugby league football and PNG rugby league's annual meeting.

1986-87 has been a year of many successes in many areas with very little disappointments of which I will enter highlights in parts of my report.

Last year 1986-87 in the promotions and the development of the code and the objectives of PNG junior rugby league was served by the following executives.

Gaudi Toka - president; Benson Osil - vice president; Morris Mason vice president; Don Haro - vice president; Jim King - vice president (until replaced); Lucas Koin - secretary; Brian King - treasurer (vice president - PNGRFL).

Their commitment, direction and work has ensured effectiveness of the code and its administration. A lot has been achieved at respective leagues through their directions.

The executive and I (Edward Bal) were supported by the following individuals occasionally:-

Keith Collins - coaching director (until death); Rodney Sweeny - Hunt - finance director; Dawa Solomon - executive officer (resigned); Dave Ross - secretary.

Being realistic, I'd admit that the administration is the highest component of expenses. Only very few leagues have respected their constitution and forwarded their monies towards the PNG junior rugby league office.

Many leagues both full and associate members have failed to pass on registration money. I firmly suggest that the junior rugby football league for the 1986 and 1987 season should work hard to do away with this problem. In 1986 PNG the junior rugby football league had the following membership:-

1. Highlands zone: Goroka, Kundiawa, Waghi, Mt

• Junior league action on the grounds of the Port Moresby league.

Hagen, Tari, Gemboge.

2. Northern zone: Kainantu, Lae, Madang.

3. Island zone: Rabaul, Bougainville.

4. Southern Zone: Port Moresby, National Capital District.

However, only a few leagues have junior grades playing in their leagues and have seen a high level of development and administration at this level.

The change over the executives has been a major problem continuously, especially the responsibility for accounting for junior grade money. No management and financial accountability seemed to be accepted by the executives accordingly league administrations are "continuously" undermining the players through not passing on the registration and other players fees to the junior rugby league office. Incompetent officials who are

not working and serving in the best interests of rugby league and the players should be removed and constitutional measures should be taken upon them. However it is pointless to blame anyone at this time of the year.

The executives were supported by the four co-ordinators respectively. They have performed their responsibilities beyond their expectations which have promoted a high level of administration. The four co-ordinators are

Don Haro - Southern zone; Morris Mason - Northern zone; Benson Osil - Highlands zone; Jim King - Islands zone (replaced).

For the promotion and development of the game I'd like to thank "PEPSI COLA" for their involvement and generous and innovative sponsorship for the next five years. PNG junior rugby football league was allocated K10,000.00 last year of which 50 per cent was used as players elected for Kumul representation to New Zealand earlier this year.

The historic tour all in all was tremendous and a great success from every point on the beginning to the end. For very detailed information on the tour please refer to my separate tour report which was previously tabled. However and despite criticism by supporters and the general public mislead on the selection of touring party officials, we have fulfilled our responsibilities to the best of our knowledge.

I have been very pleased with the year's achievements and would be at this meeting particularly like to extend to the fellow executive members of PNG rugby football league, all affiliated league members and officials my very sincere thanks for their very productive assistance and contributions towards juniors. Thanks so much for a job well done. I urge you all to continue to assist and direct the junior rugby league at your respective leagues.

National Capital sorts out problems

THE PRESIDENT of the National Capital rugby football league Mr Tau Peruka cited improvement and success in his league in the annual report for the 1987 league season. Below are some of the highlights.

Seven clubs, Bomana, Saraga, Boroko, Hohola, Morata, Waigani and Koroboses competed in the 14 weeks premiership competition which was preceded by a seven week pre-season tourney.

The NCRFL registered 694 players, half of whom were juniors.

In June the NCRFL juniors participated in the inter-city junior carnivals with their counterpart from the Port Moresby league for the Perpetual Pepsi Trophy.

From the carnival three players from the National Capital league were selected to attend a one week coaching coach in Australia. A similar carnival will be conducted again next year.

All the games of the NCRFL have been played at the Kone Tigers grounds after a three year (1986-1988) agreement with the club, was signed.

This year the NCRFL has been able to re-imburse clubs of monies

the league has received through membership and to purchase jerseys for the junior players in all the clubs.

Two players from the National Capital league, Sawie Kaeta of Hohola and Gasup Apao of the Waigani club were selected to represent Southern zone, Apao however withdrew due to study commitments.

Sawie Kaeta was later nominated as the NCRFL nominee for the Jim Jacob Players of the year award.

No major difficulties were experienced by the league and Peruka paid tribute to the few dedicated people who made sure that the season finished off on a high note. Bomana defeated Hohola to take out the A grade premiership.

He said in his report that club organisation and administration were the areas that needed improvement and measures were now being taken to sort out these problems before the next season. The national capital league is looking forward to another successful rugby league season next year.

Tau Peruka,
President.
