(why should I say, I agree

with him?) this is an

intelligent being to guide &

inform you, & it is the aim

of part of man's search for

knowledge to reach

this helps. So I'm sometimes
 & feel stranger in century
 about my adventure
~~with the universe~~ over
 the last year - the kind
 lady face that ^(who?) taught
 me how to make pan
 cakes & the ~~crisis of~~
 law - ~~the good habits~~
 So eventually you may
 get the whole story was

much as I remember, for
 I wrote not one note on
 this, damn it! I was too
 pre-occupied, & certainly
 would have thrown it
 away considering what
 else I threw away!

Today ~~the~~ Hell day 13 I have
 succumbed to an "unyielding
 desire to rest" as the Teaching
 of Don Juan puts it, I soothed
~~me~~ ~~Donna~~ ~~says~~ I feel like
 a 15 watt bulb & I'd like
 to be a searchlight or a
 perhaps a floodlight or a
 star. Bernadette had a
 purple flash last night.
 The new class is terrific - we
 all agreed that the purple
 when it exactly the color
 that flood lights is, is a
~~no good color, no no. I'm~~
~~still trying to understand~~
 color. No one asked ~~it~~ at this
 point. I think of it as
 undirected power, ~~uncooled~~
 not cooled at, not
 directed towards the new.

Still Tuddy Day 5 is what
I should write about now.
the ~~night~~ day I had to fight
off so much people. It was
a very painful day, enough
to make me cry out loud.
I ~~remained~~ stood in the
middle of the street with
my flannel night gown on
(white with deep ~~green~~ blue &
deep bright green flamed) my
face a deep bright green
(as I imagined it) Eyes
calling out to the ~~eyes~~
for mercy! I stood with
my hands wrung together
& my face lifted to the
ceiling. As soon as I struck
this dramatic pose I had
the weird feeling the
universe had taken a
picture of me for their

snapshot album, & in some
 late spent state when I was
 dead the friendly spirit
 who was helping me were
 going to open up this album
 I show me this friendly
 Snapshot of me with a
 bright green face standing
 in my right jaw ^{clenched} ~~bridges~~
 my hands & crying for
 mercy. Then I began to
 laugh to myself at my
 melodrama ~~and~~ at the
~~setly~~ embarrassing spectacle
 I was making of myself
 (I never for one moment
 thought I was alone). As
 the day wore on things became
 even worse & the ~~set~~ bright
 green mania was a fact.
 at one point ~~Peter~~ ~~said~~ saying
 the hell & wanted to

(9)

Come in, I told him I still
had a flea epidemic but
could be ~~come later~~ that
night I take out some
~~go~~ get me some plaster
bags (I had to open the
door a crack & give him
money) & come back later
that night to take the
garbage. I guess I gave
them bills. I wouldn't
handle change. The
day before I wouldn't
take the change at the
store, metal even in
cases did something
wired to me, something
purple. But as Friday
was on I realize I
had to get rid of the
pile of purple

clothes & blankets that had
 accumulated from Thursday,
~~and~~ Friday, next, &
 Sunday. ~~I~~ As I changed
 sheets & blankets & clothes
 I threw the people ones in
 a pile in one corner & there
~~was~~ ~~the~~ was the gleaming
 people pile of I couldn't
 go near. ~~anyway~~ after
~~the night after~~ ~~for~~ I
~~got~~ In that pile were all
 the clothes I had worn
 from Monday through
 Sunday, my nice coat,
~~the coveralls~~, plastic
 wheel gloves of
 people on the right
 side! The coveralls, the
 first sweater ~~and~~ had
 given me (that was
 hard to throw away

but I was in the
 street & it was ~~not~~
~~not~~ ~~not~~ people &
 heavily so because the
 machine attached a lot
 of electricity, a ~~beam~~ a
 chain sheet I had
 ripped in an attempt to
 put something heavy
 against me when I
 opened the door to give
~~the~~ money (I couldn't
 have a metal zipper near
 me & I couldn't use my
 scissors either) The
 dark green blanket I'd
 brought had ~~not~~ ~~not~~
 that were much too
 heavy - even an Afghan
 my grandmother had
 made for me & which

in the day when

I was very fond of went
 into the purple pile.
 I had to get rid of them
 all, I knew, or I would
 re-absorb the purple
 urine, which was the
 hardest. It was a day of
 horror, because I knew
 there was something worse
 than the bright green pain -
 it was the purple pain
 & I had let it take into
 my house & I stood
 contemplating what I in my
 hall. I hadn't a system
 for dealing with anything
 yet, either, I couldn't go
 into the bathroom so I
 took several catches on way
 just to the studio & pee'd
 in those. I later took
 in Tuesday when

I bought all the things I
 had brought some bottled
 water & a cup & a new
 pitcher & a new latrine
 pot which I filled with orange
 flavoured rocks to eat &
 all of the turned people
 as I saw the purple &
 awning the new flag
 of the new 'eastern' dist.
 At some point I had to
 approach it I put it into
 the yellow plastic bag
Powin had brought me
 (40, that's heaven!) I
 used 798 & the plastic
 was hard to handle
 because it held a lot
 of electricity & was painful
 to hold. But I stapled
 in my new coat when
 I loved it it was purple -

I the afternoon & most of the
 clacke I'd brought the
 day before - already used! -
 & saws gift & pants &
 sheet & blanket & ~~not~~
~~not~~ anything that
 glared & I put the boxes
 outside the door during
 the night & Peter came
 at one point & got rid of
 them somewhere down
 the street. I ~~had~~ ^{had} been
 please not to show them
~~in the hall down the~~
~~because I couldn't bear~~
~~the idea of a people hall~~
~~by the door because I~~
 couldn't bear the idea
 that the little hall would
 turn purple, & if anyone
~~AB~~ wanted to come
 see me he couldn't,

because the people
 inescapable would cling
 to him & he would be
 noticeable & open to attack
 by the forces of evil.
 Well, how did I know
 what it was? I still
 think I don't think a lot
 of the fear was fantasy.
 As I went through the last few
 pages the seely & thin yellow
 coils of the people risen
 I had met, keep crawling
 across these pages. So
 the people I couldn't do
 anything about (I thought
 of throwing the pen out
 the window but then
 I thought there'd be those
 extra vacant spots in
 the street too! So I
 left them there &

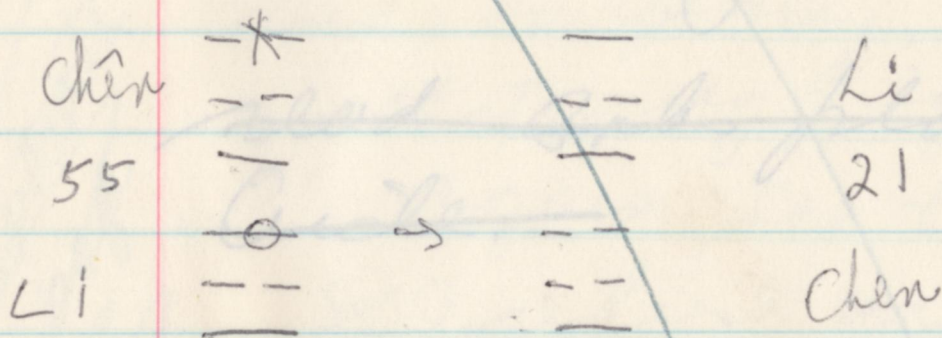

The first two³ were a lot
 of fungus but the ones
 after that ~~was~~ remained
 clear. But now something
 else was happening, I
 had been so long in the
 front part, the studio,
 that I had left so many
 people who there I

couldn't stay there any
 more so I had to sleep
 that night on the very edge
 of the bed, crosswise, at
 the head.

~~Dear~~ I told me today
 He is ~~my~~ ~~diagnose~~
 typically ~~(see as if)~~ like
 a magnet to certain
 people (10 2 a day) he
 sees on the street who
 have a very high level
 of energy.
