## CALIFORNIA "END BARRIO WARFARE" CONFERENCE

April 9, 1979

Compañeros and Compañeras,

Saludes de parte de la Coalition of Chicano Community Workers here in the San Fernando valley.

On March 10, 1979 the C.C.C.W. met with a number of organizations from the southern California counties to discuss the possibility of having a Southern California Conference to "End Barrio Warfare". At that meeting it was agreed by all present that an "End Barrio Warfare" conference is a good step towards finding solutions to the causes creating youth violence in our communities.

In building towards the conference we will be accomplishing:

1. Coming together, all of us concern community workers who are serious about dealing with the "gang violence".
2. To begin to discuss the causes of "gang violence" and methods in which to deal with the problems effectively.

An important decision made at the meeting was that the conference should not be only for Southern California but a statewide conference. This will encompass alot of work and dedication if we are to have a sucessfull conference; something we all strive to have.

The statewide conference is tentatively schedule for early Fall of 1979. The site and program will be agreed on in the next two upcoming meetings. At this stage in the organization of a statewide conference we are reaching out to, our, compañeros and compañeras doing work with youth in the Central and Nothern counties. While at the sametime expanding our contacts in the southern counties.

Our next meeting to discuss the organization of the conference will be held on April 14, 1979 at 10:00 a.m. The Agenda includes :

1. Introduction of attendants.
2. Regional Reports.
3. Discussion of Program.
4. Organizational Structure.
5. Finance Efforts.
6. Next Meeting Place.

We hope that you will be attending this meeting. For more information call me at (213) 768-4636 or 768-0645. Will see then.

Fraternally,
