## NOTES FROM THE CO-PRESIDENT...

CAROLE ZIEGLER

### Pavilion Reservations

It is no longer sufficient to fill in the calendar on the desk in the Pavilion to consider it reserved. From now on, the Pavilion is officially reserved after it has been confirmed with Alane Reardon or Veronica Lopez in the International Center Facility Office. You can reach them by calling 858-534-6442 or if on campus x46442. The can be reached by email at <areardon@ucsd.edu> or <vlopez@ucsd.edu>. Please do, however, also fill in the Calendar in the Pavilion so that people can see at a quick glance whether the space is probably available or not. Once the space is reserved with Alana or Veronica the date will be added to the International Center Master Calendar.

### Parking

One reason for having a Master Calendar is help ensure that we are not overbooking the center and thus compounding the parking problems that we have all experienced. One issue that has been addressed and we are waiting for implementation is that the Day Care center parents may no longer park in the lot to drop off their children. A drop off and pick up area is being worked out. In the meantime, if you see any children in the parking lot, feel free to let the International Center Office know. This is not just a matter of convenience, but also a safety issue involving the children.

### International Center Annex

Oceanids has computer facilities in the Annex. Due to space constraints and under utilization of this room, it has been worked out that International Center Interviews may be carried out in this room. If you have need of the computer facilities, please let Carole Robertson know and she will make sure that you are put on the schedule for use of the room. Also, if you need to use the room unexpectedly when an interview is occurring please go through Carole Robertson.

### Southland Women's Conference

On April 8, Maxine Bloor, Glenda Rosenblatt, Mary Daschen, Barbara Starkey and myself attended the Southland Women's Conference on the UCLA campus. Thanks to Maxine Bloor for driving us up to UCLA. We had a lovely breakfast on the patio of the Faculty Club to start the conference. The president of UCLA then addressed our group before we headed off to meet the new incoming freshman class of 2004. He noted that UCLA is the smallest of the UC campuses, but has the largest student population of 35,000. The conference was broken up into workshops including working out meeting strategies, fundraising and communication. I attended the meeting program. It seems that the interest group type venue works well for all of our groups. Like our Oceanids, they have some large group events, of which, some are well attended and some are not. We came to the conclusion that it is unpredictable for various reasons as to why one event is well attended and another not. So the closing idea was to just keep on doing events and accept that some will not always have as good an attendance as we might expect.

### Liaisons needed

Oceanids has 51 joint members with the Friends of UCSD Health Care; we need a member to serve as Liaison. If you would like to attend both meetings and report what's happening, please let us know.

Also we need a new liaison for the UCSD Alumni Association.

Please contact me if you are interested in either. ... Carole

## CORRESPONDENCE...

*Oceanids received some pleasing correspondence recently. First, Oceanids was proud to accept a certificate proclaiming the following:*

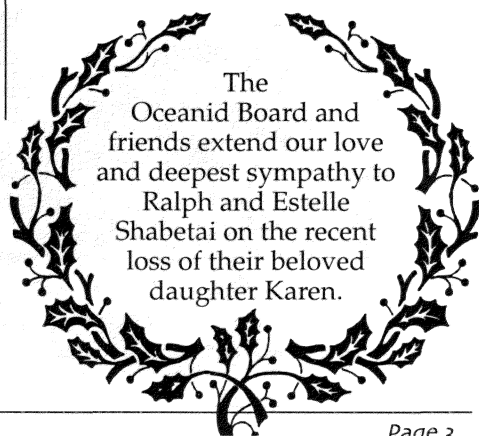

"The Chancellor of UCSD does hereby acknowledge THE OCEANIDS to be an Officially Recognized Campus Support Group for fiscal year 1999-2000.  
Robert C. Dynes, Chancellor"

*And from Mary Dhooge, Director of the International Center:*

"Oceanids did it again! What a wonderful lunch you planned and prepared for [the] International Cafe. We really appreciate Oceanids continuing support of the Cafe, and enjoy having the opportunity to work with your members each year on this event. We hope that they had as much fun as we did, and that they enjoyed the interactions with the students..."

## CARDS & CALLS APPRECIATED...

Long time active member Lila Butler has been unable to attend many of our functions these past few months. A card to wish her well or a telephone call would certainly cheer her up; we know she would enjoy hearing from you.

# OF INTEREST

*Pastoral lands and vernal pool habitat in UC Merced area.*

## UC MERCED CONTROVERSY UPDATE...

In April numerous members asked Al Pentis to write an article on the information he learned during his initial research on the proposed UC Merced campus site and the environmental controversy it has created throughout the state. One Oceanid "response" to Al's article was submitted weeks past deadline and thus could not be included in our May issue, even if approved.

Many Oceanids wanted to know more about vernal pools and the UC Merced campus. Al spoke on vernal pool ecosystems at our Sounding Board in May; he answered many superb questions. Since many of you want to become better informed about both sides of the Merced issue, my solution is to "head off" any "back-and-forth" controversy by directing you to the web sites shown below; you may read letters submitted and even ask questions. If you normally do not access the web, you can go to the public library and receive assistance to search these sites on their computers.

A tremendous amount of factual and interesting information is available on these very current Web sites. Al cautions that one must always consider the interests the authors represent.

<[www.vernalpools.org](http://www.vernalpools.org)>      Witham web site  
<[www.ucmerced.edu](http://www.ucmerced.edu)>      UC Merced web site  
<<http://webpages.ainet.com/sburke/>>      Legal web site

One point to bear in mind is that Al found almost no one against UC creating a new campus site - the controversy arises when considering the potential environmental damage and ignoring alternative sites available [since 1995], especially the closed Castle Air Force base site [to be a prison?] with a mostly intact infrastructure and only six miles away. Negotiators now seem to say that the Regents have already chosen the Merced site and say "...it's a done deal..."; reading the web sites you'll find many knowledgeable and prepared groups which do not agree with "...the deal..." Wow!

*Thousands of acres of rolling native grasslands and pristine vernal pool ecosystems are at the center of discussions surrounding the choice of a site for the new UC Merced campus.*

## VOLUNTEERS NEEDED FOR ORIENTATION ASSISTANCE PROGRAM

Each September, volunteer Orientation Assistants (OAs) welcome newly arrived international students and scholars to the UCSD campus and provide the kind of assistance most helpful to new arrivals: orientation to the campus and community, help with housing, and an active connection to the information and resources available at the International Center. UCSD and community members, along with study abroad returnees and international students and scholars, have enjoyed participating in this program in the past.

volunteer OAs are needed again this year. OAs attend an all-day training session on Monday, August 28, and make a commitment of eight hours a week for the following three weeks. OAs also help host a Welcome Dinner on Tuesday, September 19. The International Center provides resources and training materials for the program. As a former OA described the program, "You will meet people from all over the world and provide a service they will never forget."

Qualifications include good communications and problem solving skills, cross-cultural sensitivity, patience and empathy. Familiarity with the UCSD campus is helpful, but not required.

For further information and an application form, contact the International Center's Front Office or call 858/534-3750.

## PEOPLE TO PEOPLE RETURNS TO PALOMAR MT. & HISTORIC BAILEY HOUSE - REBUILT

The historical Gnute and Doris Bailey home at Palomar is ready for visitors again, so we will visit on Monday, June 12. The original Bailey home burnt down during a disastrous fire a few years ago. Doris says her son was given the task of rebuilding their home to the original plans, but with a few modifications. They now enjoy central heating and an enlarged, more functional kitchen.

We will meet at the shopping center at Hwy 5 and Via de la Valle at 9:30 AM. Please call Carole Ziegler at 619-297-0798 to let her know if you are bringing a salad or dessert and whether you can drive or not. Don't forget your binoculars, bird book and walking shoes if you want to do some exploring in this beautiful place.

### DIRECTIONS

Take I-5 to Via Rancho Pkwy (S6) east, or take I-15 north to Via Rancho Pkwy (S-6) east (North County Fairy exit). Continue east (it becomes Bear Valley Pkwy) to junction of (S-6) Valley Center Rd. Continue north east on S-6 through Valley Center. At junction of Hwy 76/S-6, turn right. Continue on S-6 to top of Palomar Mt. Watch carefully for left turn — S-6 heads up the mountain as South Grade. At top turn left at State Park Rd., go 1 1/4 mile, then turn right on Bailey Meadow Rd. to Doris' house at end of road. Approx 1 1/2 hr. trip.

ANOTHER YEAR OF  
GOOD TIMES &  
GOOD FRIENDS!!!
