

# MARK YOUR CALENDARS!

San Diego's telecommunications industry is booming due to both increased domestic and international demand for new equipment and new technologies.

The goal of this conference is to showcase our region's growing industry and provide an update on: regulatory issues, the outlook for new technologies, global and emerging markets, and joint ventures that have worked. Speakers will include nationally recognized experts and leaders. The conference will feature exhibits by our region's leading telecommunications companies in order to allow them to learn more about each other with the goal of creating new partnerships, joint ventures, and opportunities.
