TAROT

I never consulted the tarot
~~card~~ A., as my higher self,
as he called it. old higher
self, the whole. I was
supposed to concentrate on
the mind but we talked
instead. A ^{He says} says put your

never danced with women

I don't think I want to

It should be with

The interesting thing about

dancing with the 2

women the other night

& the idea of ~~the~~ seeing one

perhaps in a sexual

situation was that I

never lost any feeling

of femininity - that

remained, I was still

~~a woman~~ a woman

The space between the
dresser + the counter was
about 2 feet wide
+ a metal step ladder

was beside the counter.

I had to do something
with the step ladder
and I didn't want to
buckle it to the wall - but
Clever I put it up - even

2

Change I had wooden
steps I wanted to handle
it with something so I took
this wooden hanger that
was in the sink (I had
thrown it there to soak
in ~~the~~ water but
had never gone over to turn
the water on. I had used
up" the hanger on my
eye & it was bright green

+ purple but I could
 handle it I thought
 to put up the ladder
 with that didn't work so
 I threw the hanging down
 on the floor under the counter
 + pushed up the step ladder
 with a piece of paper I don't
 remember - my bad hand?
 I only had to move it a
 few feet, since I didn't

4

The best thing to do was
put it by the metal
door, all the metal in
place to be sealed, & later
perhaps when the door is
put in the ball, always
that would have ~~left~~
mode, the ball
a purple ~~ball~~, as far
as I knew, because
I didn't know that
the ultra violet purple

5
I was seeing ~~was~~ an aura.

↳ that not everyone could

see it. ~~in~~ feel it. ~~in~~

I had that B would

come to see me, for I felt

he could help me, but

I didn't want him to

come on the ~~date~~ ~~board~~

& become a luminous

purple color. I thought

it was contagious, like a

dry bath, + I didn't want
 him to be ^{so} noticeable!

~~to the fact~~

'at the Dr's office'

to say I don't think any

special talent should be
 applauded, ~~except as they~~

~~enlighten~~ → the only great

talent is for self enlighten

ment & that is something

that cannot be applauded

for ~~the~~ higher self will

7
~~never~~ I would mean
a lower self approbation,
a higher self + that would
be an indulgence of
satisfaction, + that is a
praise rather than a
merit, forward the feet
~~however~~ realization
of love where no applause
is needed. Living in the
world however after

89
makes us feel we want
some ^{appreciation} ~~gratifications~~
~~from it~~, perhaps it
counteracts the
difficulties that life
today entail. We are
witnesses
~~historians~~ on a dying
planet, hopeless not
but perhaps so. We
have learned only to
blunder & pivot over

own planet, killing
 instead of feeding,
 competing instead of
 cooperating, & now
 we move out toward
 the moon & other planets.

~~set~~

~~What will ever~~ This
 counts above all, with
 its mean history, is it
 prepared or entitled to
 trust itself, its ideal &

its vibrations to other

 permit it? Will the
 universe permit the

~~Another dream about a
place to live~~

"there is no superior
i. e. to another"

We talked about despair
 in class. It asked me about
 it. I said it was fear +
 anger - another useless
 emotion - only anger is
 mentioned as one of "the 10
feelings to which parents are
 from attainment, final
 liberation" - but despair
 perhaps anger turned into
 a disgust or helplessness

together are connected
with the self. One's idea of
how one should feel + live

before
rather shared also - for

to me despair is partly
anger + disappointment at
such a gross material

world + myself too
for having indulged so

long in the pursuit
of money + recognition
of ~~Archie I~~ fame to the

small extent that that
 happened to me 1: the
 pursuit of ^{more} money, that
 a job 2: the getting up of
 that pursuit in order to
 gratify my desire to
 write, ~~to do~~ ~~to do~~ ~~to do~~ ~~to do~~
~~do theatrical pieces;~~ to be known
 - even though this latter
 was a more enlightening
 path & became to give me
 an example of how to

freedom to explore, find

& express my true self -

what I did in my art -

the self consciousness

expressed the idea of

the self I have known

conscious. That's my

~~unconscious self in agreement~~

~~what~~

Looking for a plan to

live is indeed a case in

an example of how I

17
feel about myself.

Running from place to place

I have been passive - not

entertaining at all, I've

never asked anyone to come

over - of course people do

but was stupid when

I had a home base to

show people where

where to read me,

what they don't know.

We stopped during any
 public work +, leave from
 here to there no my or
 sense of identity a self is
 unattached
 but must ~~unattached~~ &

 "image" of myself (the
 rose excepted!) I wear the
 black - the white part
 I traded for the dungaree
 with the green velvet hat

in the rear; (via is from
 an aires) I can't wear any
 other, because of my

knee - only white cotton -

when the knee is in pain

I massage the muscles

of the rear leg, see Spark

from the calf muscle -
now? we see a faint
color, just now a
level. now pale purple (!)
from the same calf
muscle - my unitary
will soon reach this ~
stage. However, have great
units of the past (b.t.)
before type written has
the patience to slow

their minds in order
to write clearly (in
meaning & script).

Perhaps I miss the
pleasure in writing
for I do not find it one.

It is just that I want to
say certain things - get
it out - & I have to
write to do it. So I
write - soon I shall

watch ~~Beep~~ ~~Summer~~ +
 Road Runner, the
 early morning hours are
 good for writing (5:30 on)
 I used to wake at 6 & write
 it so quiet & I don't
 wake in despair (a
 low energy pattern -
 also - B's quippy class
 to argue when he
 awakes) I like

to write

However, I decided my

Today having heard a

Then I asked what desert

there somewhere

a melon + the lemon slice
was large, too. Bought

also 2 cannellis + all these
bought 0.12. Chocolate

I saw a place to live I

& it almost the same size
