

Announcement of 12 more freshmen

February 28, 1964

Twelve more students have been admitted as freshman at the University of California, San Diego, for fall 1964, John W. Brown, Registrar and Admissions Officer has announced. All are admitted subject to graduation from high school.

These twelve bring to 90 the number of students admitted to UCSD's pioneering class, Mr. Brown said.

They are:

Dennis H. Betcher, University of San Diego High School, who plans eventually to major in mathematics.

Philip T. Costello, Hilltop High School, physics.

Christine C. Curlee, La Jolla Junior-Senior High School, biology.

Karen G. Fortin, Madison Senior High School, mathematics and physics.

Kalman E. Holdy, University of San Diego High School, chemistry.

Susan L. Mason, La Jolla Junior-Senior High School, biology.

E. Scott Medling, San Miguel College Preparatory, physics.

Robert A. Nissen, Kearny High School, physics.

Maureen K. Schneider, Clairemont Senior High School, mathematics.

Danny N. Schweers, Hilltop High School, physics.

Sharon L. Sutton, Grossmont High School, chemistry.

Douglas C. Tower, Chula Vista High School, mathematics.
