

Dear Thom

I wrote you late by Mr Bradley of the opportunity
of Mr Lawrence's man. I let you know I am now pretty well
of my disorder, Herewith you have a copy of the sale from
Mr Lawrence to Messrs. & Hugh Kentlands, as also a bill
of Henry Foster's, being the land being patented and maybe of
use to you, the decision I have not as yet got shure of for
that at the Clerk of the Court office, if to be found there
the same is to meet this morning, and I imagine shall have
a very full one, tho' I suppose the Election for Hingham will be
settled, there was but a small at the latter end of the
polling that the preachers could not yet to hold and it
is said it will appear several were hindered some coming to
the ^{at} poll, that affair I suppose will take in some time to
examine into another affair of a new and extraordinary
nature, I have will be heard before us, it is a petition from
a free preacher who offered his vote for Mr Gordon at
Yonkers, printed on his being called for that he was a subject
of a preacher & ready to take the oath but was
refused by the Marshall, they say with some harsh language
but Bedford has been out of Town ever since I came up but I suppose
he will be here this morning, nor have I yet seen Mr Lewis
but hope to give you these results by the next opportunity

they say there has been at Kingston down since the election
 very great rumour the former candidates all at variance
 with each other, Mr Bayly has signed at Woodstock an
 interest for a new election. Mr Knight along some say
 Mr Elletson has resigned others not as is said the last
 election cost them £1500 which is held to be set aside and
 if studied again now a dissolution soon after will bring
 these parties, tho' the God told me he knew of dissolution
 designed but yet there is many interest making of all sides
 I can recollect any thing more at present to add, but
 my best wishes and that I am

The bearer bringing that some time ago the
 name lines added a plot of John Lawrence all summing up
 of 142 acres which I perceive may be of service in fixing the
 part, but the plot of 50 acres mentioned in the deed from Ed to
 Benj: of which of 10 acres is before can not find in the Sect's office
 which shall search the patent office for we have it yet
 searched for the writ of description, I saw Mr. Keppel yesterday

and have appointed to meet him this morning in Town to
 settle that affair, I am as above
