**H**OTEL DEL CORONADO has a world-wide reputation as one of the most attractive, comfortable, satisfying resort hotels in America. It offers a great variety of amusements—Polo, Golf, Tennis, Salt Water Swimming, Aquaplaning, Motor Boating, Yachting, Boating, Motoring over Paved Roads, and Horseback Riding. It is located near the ocean on Coronado Beach, a favored region possessing one of the most delightful climates in the world—warm yet invigorating in winter, refreshingly cool in summer.

The hotel is noted for its appointments. The whole ground floor is devoted to the entertainment of guests, and consists of a series of living, lounging and card rooms, together with a magnificent dining-room seating six hundred guests and a circular ballroom which will accommodate two hundred couples. The ballroom is used as a sun room during the day. This whole floor is luxuriously and comfortably furnished, and there is a warmth and homelike atmosphere that has been commented upon by almost every patron. It is the hotel's greatest attraction.

### BEDROOMS

There is a large range of parlors and bedrooms comfortably and handsomely furnished with every convenience. Most of the rooms on the ocean front have private porches which can be used as sleeping porches or living rooms.

### COURT

The hotel is built around a court which is filled with semi-tropic shrubs, flowers and palms, a never-ending attraction to the guests.

### SILVER GRILL

During the winter season, from January until the end of March, the Silver Grill is open with a cuisine and service equal to that of the best.

### DINING-ROOM

The hotel is operated on the American plan, and offers a high class table of great variety under an able chef. Great care has

CANOEING POPULAR ALL YEAR

OPEN ALL THE YEAR ROUND

HOTEL DEL CORONADO.

CORONADO BEACH, CAL.

SOUTH END OF DINING-ROOM

OPEN ALL THE YEAR ROUND

been taken in the cuisine, many improvements have been added, and we believe the service is exceptional.

#### CHILDREN

A school for children is maintained in the hotel grounds with a capable and successful teaching staff. Amusements and playrooms for children are provided until 9 p. m. under experienced and competent control. The children's dining-room is furnished with a special bill-of-fare sufficiently varied to suit all ages, with service equal to that given in the main dining-room.

#### FIRE PROTECTION

One of the supreme advantages of Hotel del Coronado is its fire protection. Within the last few years an automatic sprinkler system has been installed throughout the hotel at a cost of \$100,000, probably the most complete sprinkler equipment to be found in any hotel in or out of the United States. If a fire should occur in any part of the hotel, even in the remote recesses of the attic or the basement,

CHILDREN'S DINING-ROOM

HOTEL DEL CORONADO.

CORONADO BEACH, CAL.

AEROPLANE VIEW OF HOTEL. POINT LOMA IN THE DISTANCE

OPEN ALL THE YEAR ROUND

the automatic sprinkler comes into operation and not only kills the fire but also the smoke, one of the most dangerous features of a fire.

In addition to having a water supply through a 16-inch main, automatic steam pumps for the sole use of the sprinkler system maintain a constant pressure. The moment a sprinkler head is automatically opened by an increase of temperature, the steam pumps get into action and maintain a pressure of not less than 100 pounds per square inch on the whole sprinkler system. These steam pumps are furnished with a separate, independent reservoir of water, having a capacity of 70,000 gallons. So far as fire is concerned, there is no safer hotel than Hotel del Coronado, and few as safe.

#### RACING

The regular racing season at Tijuana, Mexico, opens Thanksgiving Day for at least one hundred days, racing every day except Monday. There are attractive purses offered, the most notable being a \$40,000 Handicap.

The race track is about fifteen miles from

HOTEL DEL CORONADO.

CORONADO BEACH, CAL.

RACING AT TIJUANA—SEASON THANKSGIVING UNTIL END OF MARCH

OPEN ALL THE YEAR ROUND

Coronado by automobile on paved roads. Frequent train service by the San Diego & Arizona Railway from San Diego.

#### POLO

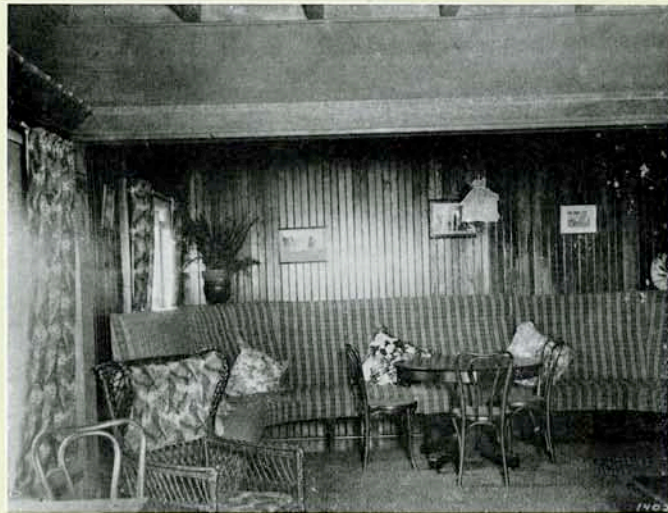

The polo fields, which are in the grounds of the Coronado Country Club, have been praised by leading polo players, both European and American, as the best fields to be found anywhere. They are level, with sandy sub-soil, and can be played upon ten minutes after a rain.

There is loose box stabling for 180 ponies.

#### GOLF

The Club has an eighteen-hole golf course, with grass fairways and grass greens, beautifully located, having the ocean on one side, and the bay of San Diego on the other, and with a fine view of the city of San Diego and the surrounding country. The course is of regulation size for championship golf.

Guests of the hotel can obtain a temporary membership entitling them to all the privileges of the Coronado Country Club for a subscription of \$20.00 per month, or \$30.00 for

husband and wife (includes all taxes and rent of lockers). Green fees of \$1.00 for 18 holes, or \$2.00 per day are charged for those guests who do not care to take out a temporary membership.

A new miniature nine-hole, all-grass course has been laid out on hotel grounds for exclusive use of hotel guests. Approach and putting contests will be held frequently during each year. Daily use of miniature course will also serve to perfect golfers in iron shots. Cups on greens are 2½ inches in diameter, instead of the regulation 3 inches, giving splendid putting practice.

#### TENNIS

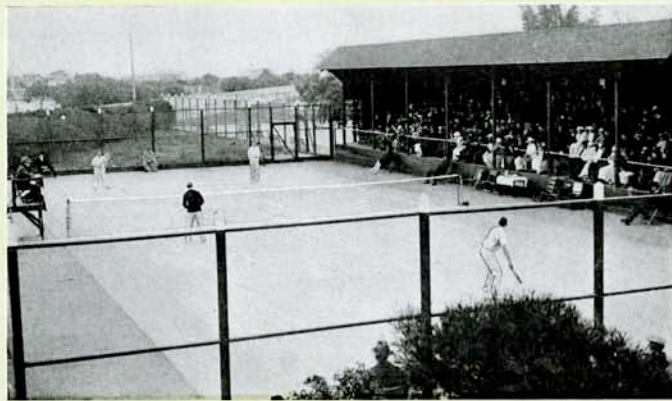

There is a cement tennis court at the hotel for the use of guests; also two more cement tennis courts available at Coronado Country Club.

#### SWIMMING

A first-class salt water plunge is located within five minutes' walk of the hotel. A complete filtering system has been recently installed, giving perfectly clear water, constantly renewed.

#### FISHING

Excellent ocean fishing can be had off Coronado. Special power boats may be engaged at reasonable rates both from the hotel and other

sources. Excellent bass and trout fishing available in the mountains. Reached by automobile.

#### SHOOTING

There is superb quail shooting and good duck shooting in Mexico. Coronado is only fourteen miles from the border. Trips of this kind must be specially arranged for in advance, as it is necessary to get passports for guns and ammunition, and parties must go in charge of an experienced guide and interpreter.

#### RIDING

A first-class saddle livery is maintained on the premises, to which is attached a riding school, both under capable management.

#### ARMY AND NAVY

San Diego is the base for the Destroyer Squadrons of the U.S. Pacific Fleet, Naval Aviation Station (at North Island), the U. S. Marine Corps, the Naval Training School, and the U. S. Army Signal Corps Aviation School at Rockwell Field (North Island).

## DANCING

Dancing every night, except Sunday, in the Casino, and Wednesday and Saturday nights in the ballroom. A series of balls are given during the winter and summer seasons. A note of brilliancy is added to these affairs by the uniforms of the Army and Navy officers quartered in Coronado and San Diego.

An excellent and varied program of moving pictures is given in the ballroom twice a week.

## BILLIARDS AND BOWLING

A large billiard room is maintained with American and English billiard tables, also pool tables. There are four bowling alleys, all under experienced management.

## EQUABLE CLIMATE

The winter climate of Coronado has always been held in the highest esteem by visitors from all parts of the world as being one of the most equable and delightful to be found anywhere. The SUMMER climate of Coronado is considered by its residents to be superior to

OPEN ALL THE YEAR ROUND

its winter climate—sunny, balmy days, cool nights, no rain—a climate tempered by constant ocean breezes from the northwest. The advantages offered by the hotel during the *summer* are equal in every way to those of the winter.

CITY OF SAN DIEGO—Shopping, Theatres and Varied Amusements and Attractions.

San Diego, which is just across the bay from Coronado, is an up-to-date, active city of 100,000 people, affording all the shopping and amusement facilities to be found in larger cities.

#### AUTO TRIPS TO MOUNTAINS

There is a highly cultivated, attractive back-country between the city and the mountains, the foothills of which are only some thirty miles from San Diego, offering splendid opportunity for automobile trips over paved roads for motor enthusiasts.

#### GARAGE

First-class garage, capacity recently doubled, and under courteous, thoroughly experienced management, is on the hotel grounds.
