Silvanus S. Lau, professor of electrical and computer engineering, has received a Fulbright grant for the 1994-95 academic year.

Lau's grant is for a distinguished lectureship at the Asian Institute of Technology in Bangkok, Thailand.

The Fulbright grants, which are administered by the United States Information Agency and awarded by the J. William Fulbright Foreign Scholarship Board on the basis of a national competition, represent a significant part of the federal government's commitment to international educational exchange.
