# GRUBBIN' WITH GRETCHEN

*And Pierre Entrée*

## Aloha, Sun Bunnies!

If you're not yet familiar with me and Pierre, we are your faithful, not-so-anonymous, campus restaurant reviewers! After my spacecraft crash-landed on earth, I travelled the globe discovering the savory cuisine of the human race. Soon I found my home at UCSD where I met Pierre who joins me for fabulous dining excursions. Together we sample a grand variety of foods to let you know what is best for your belly! We are committed to try each tasty entree, side dish, and dessert offered on campus and let you know where to find them! So watch for our reviews in **The UCSD Guardian**, where our most recent tasting triathalon is exposéd. Your tummy will thank you!

Love,  
*Gretchen*

## 1984: The Reasoning Behind It All,

The *Sun God Festival* is one of the few new programs implemented by this year's Associated Students Council. The goal of the event is to incorporate all four colleges, student organizations, and the administration into a cohesive social program. The time has come for students, faculty, and the community to unite and share the benefits that UCSD has to offer. Niki de Saint Phalle's *Sun God* has become a campus landmark and it is only appropriate that the festival be centered around the work.

Whether you sit back and watch the entertainment, test your skill at the games, or eat some of the many foods offered, it is our hope that you enjoy the first of an annual tradition at UCSD. For the people who organized the *Sun God Festival*, the year long process has been a labor of love. This is our gift to you, may you thoroughly enjoy the day!

Director of 1984 *Sun God Festival*

## **1998: The Reasoning Behind It All,**

The 1984 *Sun God Festival* was not a grand affair - although successful, campus participation was far from phenomenal. Fifteen years (and fifteen festivals) later, however, the *Sun God Festival* has become an event anticipated by the entire UCSD community. The festival now has day and evening concerts, an incredible number of student and campus organization booths, and an attendance of over 15,000 UCSD students, staff, faculty, and friends throughout the day.

What the first *Sun God Festival* did do, however, was recognize the need and desire of UCSD students to join together in a celebration of spring. The festival provides an opportunity for us to enjoy the company of each other, the campus, and most of all, to enjoy ourselves. It is this successful formula that has allowed the event to grow in size and reputation over time.

It has been an honor to be a part of this UCSD tradition. I hope it only grows stronger in the future. But first things first. May you thoroughly enjoy the day, once again!

*"Other than people's biases and phobias in life, I don't have any idea what [56.19] is about. ... From a policy standpoint ... I don't see any reason even to have it on the books."*

— City Attorney Casey Gwinn

*"It's a law that ... has very little relevance to law enforcement. I don't see any need for it, any reason for it."*

— City Councilmember Harry Mathis

*"If there is no public safety issue connected to the enforcement of [56.19], I support having it taken off the books."*

— City Councilmember Christine Kehoe

## Repeal San Diego's outdated Cross-Dressing Law (*Municipal Code sec. 56.19*)

"No person shall appear in a public place, or in a place open to public view, in apparel customarily worn by the opposite sex, with the intent to deceive another person for the purpose of committing an unlawful act."

- **56.19 gives police the ability to harass the Transgendered community at will**
- **56.19 interferes with the ability of Transsexual people to seek proper medical care**
- **56.19 is *only* enforced against men dressed as women — and *only* against people of color!**
- **56.19 "protects" law-breaking straight men seeking female prostitutes**
- **In the 1990's, the phrase "apparel customarily worn by the opposite sex" is meaningless**

To find out how you can help repeal Municipal Code section 56.19, call Trans Action at (619) 298-2477 or Voices for Justice at (619) 299-4818.

On behalf of the Chancellor's Advisory Committee on Lesbian, Gay, Bisexual, and Transgender Issues, the Co-Chairs would like to thank you and other members of the Diversity Commission for including in your report a recommendation to establish a Center for Lesbian, Gay, Bisexual, and Transgender Issues. A Center is dependent upon various forms of support offered at different stages of its development including initial support for the very concept that it should be established. When fully realized, the Center will be an important contribution to the campus.

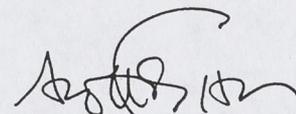

We acknowledge and thank you for your efforts in taking the necessary initial steps. We appreciate your support and the opportunity to contribute to the cultural diversity of this campus.
