

Student Alan Kowitz named to Muir College Provost's Honor List

June 16, 1980

Alan Kowitz of Hacienda Heights has been named to the Muir College Provost's Honor List at the University of California, San Diego.

Kowitz has completed his freshman year at UC San Diego where he is a biology major. Of UC San Diego's four colleges, Muir has the largest enrollment, averaging 2,700 students during the school year. At Muir, students plan their own academic programs, following certain guidelines.

UC San Diego is located on the coast in La Jolla. The four-college system allows a student to choose the college which suits his or her needs. Students have all of the advantages of attending a small school with the benefits that come from studying at a large university.
