Finance Instruction 01/2005 - February 2005

SUBJECT: ESTABLISHMENT INTERNAL AUDIT AND AUDIT COMMITTEE FUNCTIONS TO ENFORCE COMPLIANCE WITH THE PUBLIC FINANCES (MANAGEMENT) ACT, IN ACCORDANCE WITH Section 9 (c) - INTERNAL AUDIT AND AUDIT COMMITTEE FUNCTIONS

1. INTRODUCTION

This Finance Instruction is issued under Section 117 of the Public Finance (Management) Act.

It relates to Section 9 (as amended) of the Public Finances (Management) Act which provides a power to require the establishment of internal audit and audit committee functions to enforce compliance with the Public Finances (Management) Act.

This Finance Instruction requires National Departments, Provincial Governments and specified Statutory Authorities to establish internal audit and audit committee functions.

2. NATIONAL DEPARTMENTS - REQUIRING THE ESTABLISHMENT OF INTERNAL AUDIT AND AUDIT COMMITTEE FUNCTIONS

All National Departments shall be required to establish internal audit and audit committee functions. This is meant to include the Internal Revenue Commission.

3. PROVINCIAL GOVERNMENTS - REQUIRING THE ESTABLISHMENT OF INTERNAL AUDIT AND AUDIT COMMITTEE FUNCTIONS

All Provincial Governments shall be required to establish internal audit and audit committee functions.

4. STATUTORY AUTHORITIES - REQUIRING THE ESTABLISHMENT OF INTERNAL AUDIT AND AUDIT COMMITTEE FUNCTIONS

The specified Statutory Authorities below shall be required to establish internal audit and audit committee functions -

- Civil Aviation Authority
- National Housing Corporation
- PNG National Forestry Authority
- National Fisheries Authority

5. NATIONAL DEPARTMENTS, PROVINCIAL GOVERNMENTS AND STATUTORY AUTHORITIES - TIME PERMITTED TO ESTABLISH INTERNAL AUDIT AND AUDIT COMMITTEE FUNCTIONS

The requirement to establish internal audit and audit committee functions set out in 2.3, and 4 above shall take place during the course of one year and will commence on the date specified in 7 below and described as the effective date of this instruction.

6. FORM OF INTERNAL AUDIT AND AUDIT COMMITTEE FUNCTIONS

National Departments, Provincial Governments and Statutory Authorities subject to this Finance Instruction shall adopt and comply with the Audit Committee Charter, Internal Audit Charter and Internal Audit Code of Ethics as described respectively below in this section of this Finance Instruction.

AUDIT COMMITTEE CHARTER

1. PURPOSE

1.1. The purpose of the Audit Committee is to assist the Secretary or other Chief Executive Officer and his senior executive management team in fulfilling their responsibilities for achieving good corporate governance within the Department. For the purpose of this Charter, corporate governance is defined as the systems and processes for ensuring proper accountability, probity and openness in the conduct of the business.

2. AUTHORITY

2.1. The Audit Committee has authority to conduct or authorize investigations into any matters within its scope of responsibility. In doing so it is empowered to:

- 2.1.1. Examine the result of the external audit (including the management letter) and the work of internal auditors employed by the department.
- 2.1.2. Resolve any disputed matters between management and auditors - including the finding disclosed to management in the management letter by the Auditor-General.
- 2.1.3. Access independent counsel, auditor or others to advise the Committee or assist in the conduct of an investigation
- 2.1.4. Seek any information it requires from employees - all of whom are directed to cooperate with the Committee's request - or external parties
- 2.1.5. Require the attendance of departmental officers or outside counsel, as necessary.

2.1.6. Request, on without prejudice basis, the attendance of the Auditor-General.

3. COMPOSITION

3.1. The Audit Committee will consist of at least three and no more than five members. Three of these members should be the respective Department Secretary, or the Chief Executive Officer, the Secretary of the Department of Finance and the Auditor-General or alternates - but in no case will the representative be other than a Deputy Secretary or a Deputy Auditor-General. The other members who may be appointed should be familiar with the general operational activities of the business but should not hold executive office within the Department.

3.2. All appointments to the Committee should be approved by the Secretary of the Department of Finance.

3.3. The Secretary the Department of Finance will chair the Audit Committee.

4. MEETINGS

4.1. The Committee will meet at least four times a year, and has authority to convene additional meetings as circumstances require.

4.2. All Committee members are expected to attend each meeting in person. The Committee may invite members of management, auditor or others to attend meeting and provide pertinent information as necessary.

4.3. Meeting agendas will be prepared and provided in advance to members, along with appropriate briefing materials. Minutes will be prepared and the respective business will provide the necessary secretariat.

4.4. Resolutions of the Committee will be simple majority; where there is a deadlock the Chairman will have a casting vote.

5. RESPONSIBILITIES

5.1. The Committee will carry out the following responsibilities:

5.2. Financial Statements

5.2.1. Review with management and the external auditors (including the Auditor-General and others) the annual financial report and the results of the audit, including any difficulties encountered.

5.2.2. Review the quarterly financial management report prepared in accordance with Section 5 (1) (m) of the Public Finance (Management) Act prior to its submission to the Department of Finance.

5.3. Other Statutory Responsibilities

5.3.1. Review compliance with Section 9 of the Public Finances (Management) Act - for example: in regard to the presence of an Internal Audit Unit and the implementation of findings of the Auditor-General.

5.4. Internal and external Audit

5.4.1. Review with the chief internal auditor the charter, plans, activities, staffing, and organizational structure of the internal audit unit.

5.4.2. Ensure that there are no unjustified restrictions or limitations on the scope of work performed by the internal audit unit and its authority to access departmental records and to conduct internal audits.

5.4.3. Review the effectiveness of the internal audit function, including compliance with The Institute of Internal Auditors' Standards and other relevant standards for the Professional Practice of Internal Auditing.

5.4.4. Understanding the external auditors' proposed audit scope and approach, including coordination of audit effort with internal audit.

5.4.5. Review the performance of the external auditors.

5.4.6. Understand the scope of internal and external auditors' review of internal control over financial reporting, and obtain reports on significant findings and recommendations, together with management's responses.

5.4.7. Review the findings of any work performed by any auditor.

5.4.8. Institute and oversee special investigations as needed.

5.5. Internal Control and compliance

5.5.1. Consider the effectiveness of the Department's internal control system, including but not limited to control over bank and trust account reconciliation and the delegation and exercise of authority over procurement and expenditure, including compliances with the Public Finances

(Management) Act.

5.6. Business ethics and conduct

5.6.1. Review the process for communicating the Public Services Code of Ethics and Conduct to staff within the department, and for monitoring compliance therewith.

5.6.2. Review the effectiveness of the system for monitoring compliance with laws and regulation and the results of management's investigation and follow-up (including disciplinary action) of any instances of non-compliance.

5.7. Reporting Responsibilities

5.7.1. Regularly report to the senior executive management team about Committee activities, issues, and related recommendations.

5.7.2. Provide an open avenue of communication between internal audit, the external auditors, and the Central Agencies Coordinating Committee

5.7.3. Report at least annually to the Secretary of the Department of Finance describing the Committee's composition, responsibilities and how they were discharged, and any other information relating to the activities of the Audit Committee.

5.8. Other Responsibilities

5.8.1. Perform other activities related to this Charter as requested by the Government, the Secretary or the Chief Executive Officer and the senior executive management team.

5.8.2. Review and assess the adequacy of this Charter annually, requesting approval from the Secretary of the Department of Finance for proposed changes. Confirm annually to the Central Agencies Coordinating Committee that all responsibilities outlined in this charter have been carried out.

INTERNAL AUDIT CHARTER

1. Independence of Internal Audit Unit Staff

1.1. All internal auditors should be independent of the activities they audit so that they are able to provide impartial and unbiased judgments. The independence of internal auditors is achieved through providing appropriate organizational status to the Internal Audit Unit and by assisting its members to remain objective.

2. Professional Proficiency of Internal Audit Unit and Staff

2.1. All internal audits undertaken should be performed with professional proficiency and in accordance with the policies and procedures of the Internal Audit Unit and the Institute of Internal Auditors Standards for the Professional Practice of Internal Auditing.

3. Scope of Work to be performed by Internal Audit Unit

3.1. The scope of work performed by Internal Audit Unit should encompass the examination and evaluation of the accuracy and effectiveness of the Department's system of internal control and the quality of performance in carrying out assigned responsibilities.

4. Performance of Internal Audit Work

4.1. All internal audit work performed should be planned, have evidence evaluated, results communicated and recommendation followed up.

5. Management of the Internal Audit Unit

5.1 The Chief Internal Auditor is responsible for the proper management of the Internal Audit Unit. This entails ensuring that audit plans are met, audit resources are efficiently and effectively employed, and audit work is performed in accordance with the Unit's policies and procedures.

6. The Internal Audit Unit provide an independent, objective assurance and consulting service to management, senior executive management and reports administratively to the Secretary and functionally to the Audit Committee. Members of the Unit must have no authority or responsibility for the activities they audit and act purely in an advisory, consultative capacity providing that independence is not compromised.

7. The Audit Committee grants authority to the Internal Audit Unit to conduct a comprehensive program of internal audits within the Department. This authority permit internal audit staff to have full, free, and unrestricted access to

all Department operations, records, property and personnel and requires all personnel to cooperate with internal audit staff during the course of their work.

8. The scope of work performed by the Internal Audit Unit includes, but is not limited to:

- 8.1. Reviewing the reliability and integrity of financial and operating information and the means used to identify and report such information
- 8.2. Reviewing the systems established by management to ensure compliance with policies, plans, procedures and regulations, and determining whether the department is in compliance
- 8.3. Reviewing the means of safeguarding assets and, as appropriate, verifying the existence of such resources
- 8.4. Reviewing the economy, efficiency and effectiveness with which resources are employed
- 8.5. Reviewing operations and programs to ascertain whether results are consistent with established objectives and goals and whether operation are being carried out as planned

9. Other responsibilities of the Unit include:

- 9.1. Providing advice on fraud prevention and detection and ethical business conduct
- 9.2. Coordinating efforts with the Auditor-General
- 9.3. Reporting findings and recommendations to management, Senior Executive Management, the Secretary or other Chief Executive Officer and the Audit Committee
- 9.4. Performing all work in accordance with corporate policies, the policies and procedures of the Internal Audit Unit and the Code of Ethics of the Internal Audit Unit and in accordance with the Institute of Internal Auditors Standards for the Professional Practice of Internal Auditing.

CODE OF ETHICS FOR INTERNAL AUDIT UNIT

1. All staff of the Internal Audit should undertake to conduct themselves in an ethical manner at all times so as to ensure that their own professionalism and the reputation of the Department are upheld at all times.

2. All staff of the Internal Audit Unit should undertake to:

- 2.1. Exercise honesty, objectivity, and diligence in the performance of their duties and responsibilities. Members shall not knowingly be a party to any illegal or improper activity as an Internal Auditor
- 2.2. Exercise loyalty in all matters pertaining to the affairs of the business
- 2.3. Refrain from engaging in acts or activities, which are discreditable to the business or to the reputation of the Internal Audit Unit
- 2.4. Refrain from entering into any activity which may be in conflict with the interests of the business or which would prejudice their ability to carry out objectively duties and responsibilities
- 2.5. Refrain from accepting anything of value from an employee, client, customer, supplier, or associate, which would impair or could be presumed to impair professional judgment or independence
- 2.6. Undertake only those services, which they can reasonably expect to complete with professional competence
- 2.7. Adopt suitable means to comply with the policies of their organization, the Internal Audit Unit and the Standards for the Professional Practice of Internal Auditing
- 2.8. Be prudent in the use of information acquired in the course of duties. Member shall not use confidential information for any personal gain nor in any manner, which would be contrary to law or detrimental to the welfare of the business or their role as an Internal Auditor
- 2.9. When reporting on the results of work, reveal all material facts known which, if not revealed, could either distort reports of operations under review or conceal unlawful or improper business practices
- 2.10. Continually strive for improvement in their proficiency and in the effectiveness and quality of their service
- 2.11. At all times support the letter and spirit of the Papua New Guinea Public service Code of Ethics and Business Conduct

EFFECTIVE DATE OF THIS INSTRUCTION

This instruction shall apply and require the establishment of internal audit and audit committee functions for all National Departments, all Provincial Governments and specified Statutory Authorities commencing Mar 1, 2005.

BIPO tru, i bin gat tupela brata. Ol i stap long wanpela ples nem bilong em Asailo insait long Kandrian, Wes Nu Briten Provsins.

Ol i stap nau na bikpela brata, Singit i tokim liklik brata, Pangtlo, long stap na em bai i go sutim ol pis.

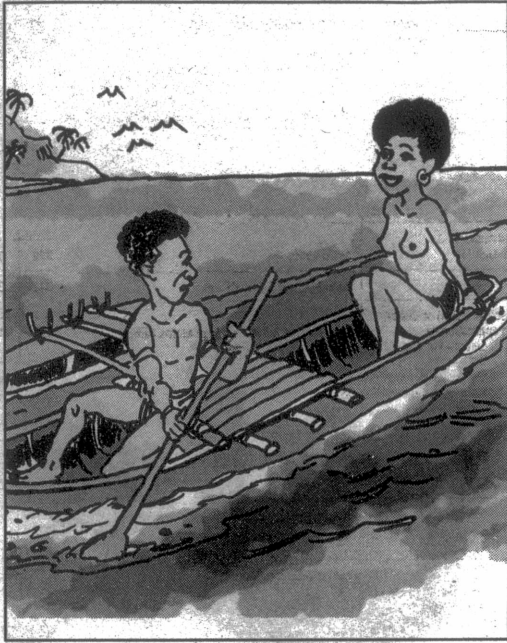

Singit i go sutim pis na taim em i kam bek, em i no kisim wanpela pis. Pangtlo kros na tokim bikpela bilong em olsem, "Olgeta taim yu save go long nambis na kisim wanem kain pis?" Olsem na Pangtlo i kirap na em i go traim.

Em i kirap long moning tru na em i kisim taro na kaukau na em i go. Em i go i stap i go na apinun tru em i kam bek wantaim planti pis. Taim Singit i lukim em, em i kros stret. Liklik brata bilong em tokim em olsem em i no save go painim pis, em i save go painim meri pis.

Orait tupela i stap i go nau na liklik brata em i smatpela mangi stret.

Em i kirap na tokim bikpela brata bilong em long stap na em bai pul bihainim wara i go long gaden. Tasol em i giamanim tarangu brata bilong em na em i go pulim kanu long sait long wara. Na em stat long sutim kindam i go i go na wanpela lapun meri sanap long sait long wara i singautim em long givim em sampela kindam. Orait, em i givim em na lapun meri ya tokim em long kalapim wanpela kulau na bihain, em bai givim wanpela naispela samting long em.

Orait boi em i kalap i go antap long het bilong kokonas na bihain lapun meri i tokim em olsem bai em i no inap long

tromoi kulau. Em i mas holim na karim i kam daun.

Boi i harim toktok na em i karim kulau i kam daun. Orait lapun meri tok, "Yu ken go nau na yu noken lukluk i kam bek inap yu harim solwara i pairap, orait yu ken tanim na lukluk."

Em apinun na boi i pul isi go bek long ples na taim em i harim solwara i pairap em i tanim na lukim wanpela naispela meri i sindaun baksait. Em i kirap nogut stret tasol em i pul tasol i go.

Orait tupela i kam kamap long ples na em i kisim meri ya na em i go haitim em long baksait long haus kuk. Em i tokim

Singit long go kisim pis baksait long haus kuk. Taim Singit i go em i kirap nogut long lukim meri ya na em i gat jeles tingting long brata bilong em. Brata bilong em i kisim meri bilong em na tupela i stap.

Nau bikpela brata i askim liklik brata long rot em i kisim dispela meri. Liklik brata i tokim em long kisim kanu na pul bihainim wara na sutim kindam. Na sapos em i lukim wanpela lapun meri i singautim em, orait em mas i harim toktok bilong em.

Wanpela de i lus orait, bikpela brata em pulim kanu bihainim wara. Em i stat long

sutim kindam i go i go na em i lukim dispela lapun meri.

Em i amamas tru na i askim em sapos em inap bai em i kalapim kulau bilong em na em bai mi givim em wanpela samting i winim moa samting brata bilong em i bin kisim.

Man, Singit i amamas na em i kalap antap long het bilong kulau. Lapun meri i tokim em long noken tromoi kulau i kam daun, tasol holim gut na karim i kam daun.

Tasol Singit i tokim lapun, "Yu wanem kain meri na bai mi karim kulau bilong yu i kam daun." Na em i tromoi kulau i go na pundaun long graun. Em i kam daun na lapun i tokim em long pul i go na noken lukluk i kam bek inap em i harim solwara pairap.

Orait em i pul i go tasol em i lukim wanpela samting. Em i pul i go i go na em i kam klostu long ples na em harim solwara i pairap. Man taim em i tanim em i lukim Karkar meri i sindaun i stap. Na em i kisim pul na paitim meri ya na tarangu i pundaun i go daun long solwara na em i dai. Em i pasim meri ya long saman na em i pul isi isi i go insait long basis. Liklik brata i ron i go daun na em i lukim bodi bilong meri ya, na tupela i kisim bodi bilong em na i go na planim em.

Olsem na nau sapos yu raun long dispela hap Asailo insait long Kandrian distrik, bai yu inap long smelim dispela ples Asailo. Dispela smel em i smel bilong Karkar. Na nau sapos yu ron i go abrusim dispela ples yu ken i smelim Karkar.

'E'-Series The Evolution Continues

The 428E benefits from increased hydraulic performance and operator comfort, whilst maintaining the high levels of visibility, durability and reliability that Caterpillar® Backhoe Loaders have long established in the industry.

- **Engine and Hydraulics** - The Caterpillar® 3054 turbocharged engine is designed for strength, performance and versatility. The load sensing, closed centre hydraulics system provides power where you need it and when you need it.
- **Operator Station** - Style, comfort, superb visibility and ease of operation maximise operator comfort and productivity.
- **Serviceability** - Excellent access and fewer maintenance requirements add up to unparalleled ease of service.

Cat® 428E Backhoe Loader

More than a machine. A Partner. With more of everything that counts. Balance, hydraulic performance, ease of operation and maintenance and reduced operating costs. The evolution continues.

Speech by the Governor of East New Britain Province Hon. Leo J. Dion CMG QPM MP at the welcome gathering of the Governor and Board Members of the Central Bank of PNG at Ralum Club Wednesday 26th September 2007

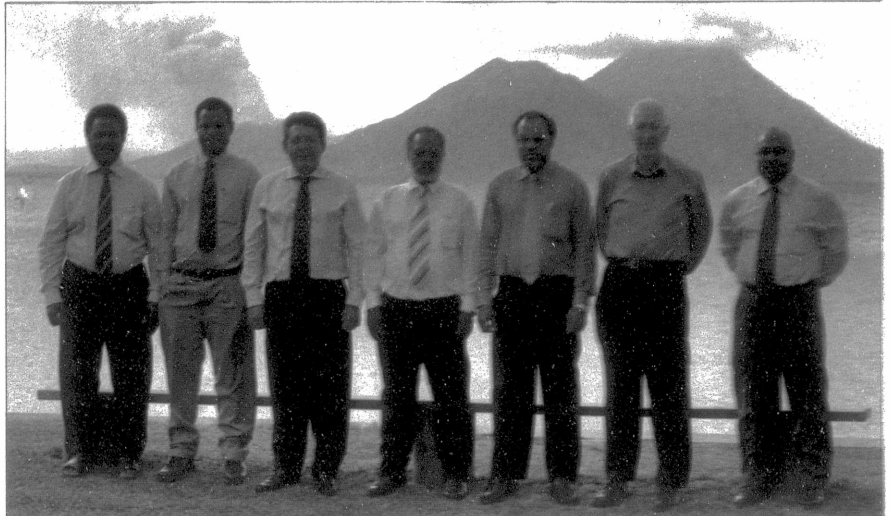

I am indeed privileged to be invited to welcome you all to East New Britain. And I do this on behalf of the Provincial Government and the people of this province.

Your presence here in this province marks another important chapter in the development and progress of this province. I have witnessed a lot of major developments in this province in the last thirteen years, since the 1994 volcano eruptions. A lot of these developments have been brought about by the government through the restoration program. But what makes your coming here for this important Board Meeting more significant is that, we will not only witness the launching of the Currency Distribution Center at the new Bank of South Pacific building along the Williams Road, Kokopo Town. But You will no doubt scout around to see if there are other business ventures you may want to venture into whilst here. And of course you will deliberate on some very important decisions that will benefit this country.

The pace of development in this province is being brought about due to the confidence the private sector and the business community has on the East New Britain Province and the New Guinea Islands Region and its ability to prosper economically. And I want to sincerely acknowledge the Chamber of Commerce of East New Britain and the other important stakeholders for supporting and working strongly side by side with the government of the day.

For some of you this may be your first visit after the volcano eruption however East New Britain suffered a great deal as a result of the disaster in which we witnessed closure of many businesses. Many of these businesses had to pack up and leave, while some established in nearby provinces. Others came back and re-established here. There are also those that stayed on in the province despite the risks involved. And it is only worthy that I thank the Board and Management of the Central Bank of PNG for the decision to upgrade the status of the BSP Bank branch here to become the Currency Distribution Center for the New Guinea Islands Region. This confidence is a show of support for the unity and stability in leadership in our province.

My provincial government has done its best to create the environment that is conducive for businesses to either re-establish or establish here. The surroundings and undercurrents in our environment today especially when Papua New Guinea continues to enact laws and legislations that in reality has discourage many potential investors in investing in our

province and country still remains a huge challenge for us.

Recently the Chief Secretary, Mr. Isaac Lupari revealed some worrying statistics especially about public servants living on borrowed money. I was saddened to read about this but this is a simple reality. This week the Public Employee Association has taken out a full page advertisement to defend the public servants especially those that are borrowing money from approved lending organizations, like the Savings & Loan Societies and others who are approved entities.

As our nation develops we are bound to be faced by many illegal entities and this is a sad fact. Because they make it sound so simple with their deceitful tactics and policies many ordinary people including public servants are conned and lose a lot of money.

During the recent national elections in East New Britain certain candidates campaigned strongly about promoting a particular failed money scheme if they were elected into parliament. Some of these candidates I am sad to say are learned people and professional in their own fields. Governor and the Chairman of this important Board, as I speak we still have these money schemes popping up here and there and I call upon the Bank and other relevant government agencies as an united front to move swiftly and to put an end to their operations. These are outlaw and evil organizations that are only causing misery to the people.

As I highlight this, my province stands to gain from some important investment opportunities; these are the Oil Palm Development in the Wide Bay and Open Bay Areas, Forestry Development Projects, Tokua International Airport, Integrated Fishing Project, the underwater mining and the Mt. Sinivit Mining projects, Coffee, Cocoa and Coconut development, the Tourism Industry and many more and I invite you to join me as we together partake

to bring East New Britain and New Guinea Islands region and Papua New Guinea as a country to higher levels.

Ladies and gentlemen, East New Britain stands to become the first province outside Bougainville to gain an autonomous status if all goes well. As a local initiative, the quest for greater autonomy for East New Britain comes from the heart of the people of this province. There are now renewed encouragements and support from community leaders as well as our Member of Parliament from this province and the New Guinea Islands region for East New Britain to achieve some form of autonomy.

Our push for autonomy is very different from Bougainville as we are only interested in political, administrative and financial autonomy. An NEC Policy Submission has already been approved by the constitutional expert and accompanies the constitutional amendments necessary to implement the granting of autonomy for East New Britain. We strongly feel that this is a way forward for us and therefore would also like to commend the Prime Minister Grand Chief Sir Michael Somare for creating a ministry for autonomy in this current government.

I must also commend the Provincial Autonomy Secretariat and the Constitutional Development Committee under the leadership and chairmanship of Sir Ronald To'Vue for all the hard work. Without this Secretariat and Committee we would not be where we are today.

Ladies and gentlemen, please make yourself at home in East New Britain and enjoy the hospitality of our people. I hope your deliberations at your meeting will go well and further thank you for choosing East New Britain as the venue for your Board Meeting.

With that thank you for coming and may God Bless and guide us all

**Speech to the East New Britain
Provincial Community on the oc-
casation of the Bank of Papua New
Guinea's Board Meeting in Kokopo
on Wednesday 26 September 2007**

Mr. L. Wilson Kamit, CBE
Governor of the Bank of Papua New Guinea

1. INTRODUCTION

Honourable Leo Dion, MP, Governor of East New Britain province, the Provincial Administrator, members of the provincial assembly, officials and business leaders of the East New Britain community, distinguished guests, ladies and gentlemen.

May I, on behalf of the Board of the Central Bank, extend a warm welcome to all of you for attending this cocktail reception. It is indeed a pleasure for us to have this opportunity to meet with you, the representatives of the private, public and civic sectors of the province. I would also like to say thank you for the warm welcome and friendly hospitality extended to us, the members of the Board and senior staff members of the Central Bank since we arrived in Kokopo.

Let me first of all introduce to you members of the Board of our Central Bank. We have my two Deputy Governors; Mr Benny Popoitai, Deputy Governor for Management and Operations and Mr. Loi Bakani, Deputy Governor for Policy and Regulation. The members of the Board (ex-officio) who are appointed in accordance with Section 27 of the CBA (2000), which specifies representation by various industry and community organizations are:

Mr. Michael Mayberry, MBE, President of the PNG Chamber of Commerce

Mr. Peter Pokawin, President of the PNG Institute

of Accountants

Reverend Samson Lowa, President of the PNG Council of Churches

Mr. Teop Goledu – Chairman of the Securities Commission

Vacant – President of the PNG Trade Union Congress

Other Board members appointed by the Minister for Finance and Treasury are;

Mr. Kostas Constantinou

Ms. Betty Palaso

Two positions are still vacant.

The representation on the Board reflects the focus on good governance, transparency and accountability when the new Central Banking Act was enacted in 2000 as an important part of the Government's financial sector reforms.

You would be aware that the Bank of Papua New Guinea has only one office in Port Moresby. Since we do not have branches in the other centers, the only time we get the opportunity to visit provincial centres is through our business liaison visits, visits to provincial-based savings and loan societies, special project visits (e.g. commodity surveys), through special invitations to talk or make presentations at conferences, and through Board meetings such as this visit. In the last eight years, we have had the opportunity to address conferences/meetings with the full Board in Lae, Alotau, Kavieng, Wewak, Goroka, Kimbe and Mt. Hagen.

We have covered all the regions of Papua New Guinea – Highlands, Islands, Southern and Mo-

mase during our visitation. The Central Bank is a national institution that belongs to the people of PNG and therefore, we will continue to go out to them in this fashion. These visits are also important for us as it provide an opportunity for Board members and senior Bank officials to meet with community leaders and our business liaison contacts to discuss issues at the local level. Our staff also visits educational institutions during these trips. Unfortunately, I am told most of the schools and colleges are closed this week for holidays but we managed to organise for a presentation at Vudal University and Kabaleo Vocational School on Friday.

Let me briefly turn to the performance of the economy. Since 2002, the economy has been growing with increased activity and employment, as well as improved confidence in the market. Whilst there are stable macroeconomic conditions, the challenge for all of us now is to ensure this stability is maintained and the issues at the micro level are addressed to ensure the vast majority of our people benefit from these macroeconomic gains. These issues include improved transportation and other physical infrastructure, increased access to markets for produces, and competition in public utilities such as electricity, telecommunications, airlines, and port services to improve efficiency and reduce costs. It is therefore important that we remain vigilant and build on the gains achieved so far.

2. CURRENT ECONOMIC CONDITIONS

The Central Bank today released the Supplement to its July 2007 Monetary Policy Statement, which was reported in the media. The Supplement was to assess the inflation and fiscal outcomes for the first six months of 2007 which were not available when the July Statement was released. We maintained our neutral monetary policy stance, keeping our signaling interest rate, the Kina Facility Rate at 6.0 percent. As stated in the July MPS and the Supplement, data available to the Central Bank indicates that the economy continues to improve in 2007. In brief:

• **Domestic Economic Conditions:** Economic activity continued to improve in the first half of 2007, led by the export sector with higher production and prices of most mineral and non-mineral commodities.

• **Employment:** The Bank's Employment index show that employment in the formal private sector, excluding the mineral sector, increased by 3.6 percent in the June quarter of 2007, compared to an increase of 4.1 percent in the March quarter of 2007.

• **Inflation:** The annual inflation rate continues to trend downwards in 2007, to 1.0 percent to June 2007 from 2.3 percent in June 2006. This reflected the positive impact of the stability in the exchange rate and fiscal restraint by the Government. Underlying inflation however indicates that there are some inflationary pressures and the Central Bank will closely monitor this development.

• **Exchange Rate:** The positive developments in the foreign exchange market continue in 2007 with large inflows, mainly from the mineral sector, which has resulted in the appreciation of the kina. The exchange rate appreciated from US\$0.3300 at the end of December 2006 to US\$0.3400 on 25th September 2007. Against the Australian dollar, the kina however depreciated from A\$0.4171 to A\$0.3928 over the same period due to the weakening Australian dollar against the US dollar.

• **Balance of Payments (BOP):** The improved

inflows of export receipts from the mineral sector has increased our gross foreign exchange reserves to K4,725.6 (US\$1,579.6) million at end June 2007, sufficient for total and non-mineral import covers of 7.6 and 10.4 months, respectively. As at 21 September 2007, the foreign exchange reserves were K5,474.5 (US\$1888.7) million.

• **Fiscal Operations:** The National Government's commitment to the 2007 budgetary framework resulted in it achieving a budget surplus of K420.6 million in the six months to June 2007. This improvement was due to higher tax receipts and foreign grants, which more than offset higher expenditure.

• **Domestic Interest Rates:** Consistent with the easing stance of monetary policy since the second half of 2005, interest rates continued to trend downwards. The 28 days Central Bank Bill rate has remained around the 4.0 percent level, while the commercial banks indicator lending rates (ILRs) have also trended downwards to reach a range of between 8.95 and 9.95 percent. With the annual inflation rate at 1.0 percent in June 2007, the returns on Treasury and Central Bank bills are still positive.

• **Lending:** Lending by the commercial banks continued to increase, reflecting the high liquidity levels in the banking system, the low interest rate environment and improved confidence in the economy.

Given the high level of liquidity in the banking system and the Government switching from short to long term debt, the Central Bank has issued over K2.0 billion of Central Bank Bills to mop up some of the excess liquidity consistent with its neutral monetary policy stance.

3. THE CENTRAL BANK

The financial reforms since 2000 have involved changes to the various Acts, which the Bank of PNG has responsibility to manage. Besides the commercial banks, finance companies, and savings and loan societies, we now oversee the life insurance companies, superannuation funds, and the micro banks.

In assisting the Government's efforts in removing impediments to growth and investment in Papua New Guinea, the Central Bank continued its liberalisation of Exchange Controls.

Beginning in September 2004, non-resident companies were allowed to borrow from the domestic banking system. On 1st June 2005, all current account and capital account transactions and Government capital account contracts were liberalized. On 1st June 2007, we allowed the licensed non-bank deposit taking financial institutions to become foreign exchange dealers so as to promote competition.

Early this month, we liberalized the following exchange controls: private capital account contracts (e.g., loan agreements, equity capital raising Agreements, listed and unlisted securities); individual accounts opened outside PNG before 1 June 2005; and securities and guarantees issued in favour of non-residents for PNG operations. Our staff came out to do an awareness exercise on these changes.

The Exchange Controls we retained are: licensing of Foreign Exchange Dealers; licensing of Gold Exporters; approval for taking physical notes and coins out of PNG in excess of K20,000.00 (or foreign currency equivalent); securities or guarantees issued by residents for operations outside PNG; accounts (foreign currency and kina accounts) outside PNG (and after 1 June 2005 for individuals); and contracts between residents in foreign currency and their settlement required to be made in kina.

Currency distribution is one of our important functions. Because we do not have branches outside Port Moresby, we distribute currencies through four regional Currency Distribution Centres under an arrangement with the Bank South Pacific. We are thankful to the Bank South Pacific for their assistance. Tomorrow, we will open the Kokopo Currency Distribution Centre for the Islands region. You are all welcome to attend.

The Bank has also introduced a Clean Note Policy to assist in ensuring our currency is safe and acceptable. We have issued public notices on the security features and I advise you all to familiarise yourself with the differences between the different banknotes.

We continue to work at developing the financial system, encouraging the growth of the savings and loan movement to provide complementary financial services to those provided by the banks and finance companies. As at the end of June 2007, there were twenty-one (21) active savings and loan societies. There are now three types of saving and loan societies: employer-based societies such as Teachers and PNG Power; provincial-based societies like the East New Britain Savings and Loan society; and superannuation-based societies for their members. Provincial-based societies are flavoured to enable membership is open to those living in the province as well as those who are from the province but are living or working outside the province. Obviously, the workers outside the province who contribute to such societies find it beneficial when they go home for holidays and need to obtain financial resources.

Whilst not one of our core functions, to assist the development of the capital market, we have been involved in the establishment of the Port Moresby Stock Exchange. We have since sold off our shares to the other shareholders.

May I publicly again warn against the fast-money schemes or pyramid schemes, which have created financial problems for many of our people. Whilst we have clamped down on the operators of these schemes with the assistance of the law enforcing agencies we need the public's help in stamping out these illegal schemes.

4. ACKNOWLEDGEMENTS

May I take this opportunity to thank the business houses and community in Kokopo, Rabaul and the East New Britain province for your continuous support in participating in the business and employment surveys conducted by the Bank.

Your support in providing us with up-to-date information will enhance the accuracy and quality of our reports and forecasting for the formulation of monetary policy. The input together with that from other sources is compiled into the Quarterly Economic Bulletin and other Bank publications that are sought from within PNG and abroad.

The surveys are useful in enabling the Central Bank to keep abreast of developments in the real economy. The result of the surveys enables us at the Central Bank to design monetary policy, and importantly, provides another source of information for the Government to compile its estimate of Gross Domestic Product (GDP).

Whilst we can obtain information from headquarters, there is special input from actually going out into the regional centres and obtaining 'on the spot' information. At present, a total of 500 companies are included in the survey sample covering six regions and eight industries. Of these, 35 companies that are headquartered in Rabaul and Kokopo participate in our survey, while others are covered by their head offices in Port Moresby or Lae. I look forward to your continued cooperation in providing the required information in the

surveys.

The East New Britain province is an important revenue earner for the country. Let me at this point outline some of East New Britain province's contribution to the country's balance of payments performance. Based on various commodity reports, over the three years between 2004 and 2006, East New Britain province exported on average 79 percent of PNG's cocoa volumes or earned 80 percent of cocoa export revenue, an average of 16 percent of PNG's volumes of logs or 16 percent of export revenue from logs, and on average 79 percent of total copra oil volumes or 81 percent of copra oil export revenue. No doubt, the contribution to the country's economic growth and performance from this province will increase in the months and years to come as new mining projects get started and activities in the agriculture/forestry/fisheries sector expand.

I mentioned earlier the favourable macroeconomic indicators. The challenge now for all of us is to sustain these macroeconomic gains over the medium term and to translate these gains into real, tangible benefits for our people, the vast majority of whom live in remote, rural areas. It is therefore important that producers and exporters continue to make use of this 'window of opportunity' of better commodity prices and stable economic conditions. As we all know, these good times may not continue in the future.

On behalf of the Board, the two Deputy Governors, the management and staff of the Central Bank, I would like to once again thank Governor Leo Dion, the Provincial authorities, the East New Britain Chamber of Commerce & Industry, the management and staff of the Ralum Club, Rapopo Resort and Kokopo Beach Resort and traditional dancers and performers and the people and residents of East New Britain province for welcoming us warmly. We look forward to a good Board meeting tomorrow and an enjoyable stay in the East New Britain province.

The Official Opening of the Kokopo Cash Distribution Centre by The Governor of the Bank of Papua New Guinea, Mr. L. Wilson Kamit, CBE on Thursday 27th of September, 2007.

Let me first express our appreciation and thank you to the people of East New Britain Province for the welcome and hospitality extended to the Board and officers of the Bank. On behalf of the Board and staff, we are very pleased to be here to launch the KOKOPO CASH DISTRIBUTION CENTRE to serve the Islands region.

It has been 13 years since the Bank of Papua New Guinea last operated a Cash Distribution Centre for the Islands Region in the East New Britain Province. That was when we operated the Rabaul Currency Distribution Centre, with PNG Banking Corporation (now BSP) along Mango Avenue, which closed down following the volcanic eruption in 1994.

One of the three objectives of the Bank of Papua New Guinea is to improve the payment systems in Papua New Guinea and to promote efficiencies and reduce risks. Issuing high quality notes and coins as appropriate to meet public demand is critical in this objective. Currency Distribution Centres play a strategic role in ensuring the clean and fit notes are available to all users in the country. This will instill confidence in the use of our domestic currency the Kina and Toea.

As the Central Bank, we are mandated under the Central Banking Act 2000 to, amongst the other objectives of managing monetary policy and supervising the financial system, to ensure that there is an efficient payment system. This not only implies the systems and processes of payment are efficient for the general public as well as the business community to transact and do business, but there is confidence in the use of our domestic currency. Designing, producing, issuing, withdrawing and destroying currency, is therefore an important function of the Bank of Papua New Guinea.

Opening of the Currency Distribution Centre (CDC) in Kokopo by BPNG Governor Wilson Kamit and East New Britain Provincial Governor Hon. Leo Dion.

**Opening address of the CDC by
BPNG Governor.....**

Currency is distributed around the country from regional Currency Distribution Centres. There are four distribution centres serving the four regions: Port Moresby for the Southern region, Lae for the Momase region, Madang for the Highlands region, and now Kokopo for the Islands region. We operate the Currency Distribution Centre from our head office in Port Moresby. As you all know, we do not have branches in other parts of the country. We are therefore grateful for the arrangement we currently have with the Bank South Pacific to operate our currency distribution centres in the four regions.

During our travels around the country on business, we note the poor quality of the banknotes in circulation. Some are damaged banknotes, some are old and worn, especially for the lower denominations in the rural areas. This poses a threat to the payment system, and for the confidence in our currency, going as far as, for example, counterfeiting. The government, as a member of the industrialized world, is a cash-based economy. The vast majority of our people will continue to use banknotes and coins for transactions.

Today's opening marks an important occasion when we open the Currency Distribution Centre for the Islands Region in Kokopo. It is a worthy investment. This centre will now ensure that new and fresh banknotes, as well as new coins, can now be distributed directly to all the commercial banks operating in the Islands region. Although we planned to hold a Board meeting in Kokopo earlier to decide what the opening circumstances could not allow us. The Kokopo Cash Distribution Centre has commenced operation on 1st July 2007, and I wish to once again thank the Bank South Pacific Limited for their continued assistance to the Central Bank in the operation of the Cash Distribution Centres.

I mentioned earlier the poor quality of banknotes in circulation. To address this area of concern, the Central Bank has introduced a Clean Note Policy, and it is proud to establish the best practice standard of the quality of notes in circulation. This will ensure the notes meet the needs and expectations of all users, maintaining a high level of security, acceptance and usage, especially in the demands of modern technologies such as Automated Teller Machines (ATM).

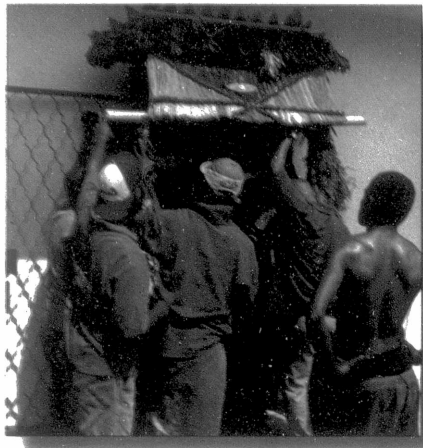

From the 1st July, we have switched all our banknotes to the new 100% cotton paper to pass through the ATMs. The new banknotes have a high security standard and a longer life of usage, given our hot, humid climate and frequent note handling.

As the new technology introduces automated vending machines to improve our stocking, printing of banknotes, and in the destruction of old banknotes, we will start to use the Currency Distribution Centres in the remote areas, and we will start to install the vending machines at the regional centres.

Another development that we have introduced is a new design for the 100% cotton banknotes by the introduction of the new banknotes, and also the introduction of the new design for the 100% cotton banknotes, and also the introduction of the new design for the 100% cotton banknotes, and also the introduction of the new design for the 100% cotton banknotes.

As the new technology introduces automated vending machines to improve our stocking, printing of banknotes, and in the destruction of old banknotes, we will start to use the Currency Distribution Centres in the remote areas, and we will start to install the vending machines at the regional centres.
