The Food Committee has published the following to clarify the rules pertaining to cafeteria service.

Meal ticket holders should not give food to others. All food served to others must be paid for by the meal ticket holder. When food is distributed to non-paying students, the food company is placed in the position of serving less expensive food and smaller portions. The penalty for any misuse of the meal ticket is a heavy fine and other disciplinary action. Misuse of the meal ticket includes loaning it to anyone or giving away food to a non-meal ticket holder.

All persons eating in the cafeteria are required to wear some type of food covering. This is a rule of the Health and Environmental Safety Dept.

All trays taken out of the cafeteria should be returned.

Sack lunches may be obtained by filling out the request form and returning it to the cashier the evening before the day the lunch is desired. Once a request has been made, the person who has requested the sack lunch may not obtain a regular lunch.

Sick trays are available for those who are sick. Sick tray request forms are available from the cashier.

The snack bar is open from 8:00—11:00 p.m. Sunday through Thursday nights. The cafeteria is available for use as a study area during these hours.

The South Dining Hall is usually open, if the main cafeteria is too crowded.

II. Roll Called: Members present: Jeff Frelinger, Steve Harter, Barbara Hoffer, George Kurata, Carrie Randall, Sue Smith, Rick Moncreiff presided.
Members absent: Bob Connolly, Roy Verdant
Others present: Mr. & Mrs. Topolovec, Alex Arcuart, Jim Heflin, John Zielske.

III. Old Business:

1. Steve Harter was sworn into office by Rick Moncreiff.

IV. New Business:

1. The following people were appointed to office by Rick Moncreiff. They must submit budgets for senate approval, and any expenditure exceeding their budgeted allotment must also receive senate approval.

Lecture Series	John Zielske
Entertainment Series	George Ravenscroft
Treasurer	Chris Hollingshead
Annual	Carol Courtington

2. Senate meetings will follow Robert's Rules of Order. A Parliamentarian will settle all questions as to the procedure during the meetings.

3. Chris Hollingshead presented the tentative 1966-67 AS budget. Chris moved that next year student fees are to be paid in a lump sum at the beginning of the school year. If a student drops out in the middle of the year he may receive a pro-rated rebate of his fees by submission of a written request to the financial advisor. If a new student enters in the middle of the year his fees will be pro-rated. The motion passed. (See attached copy of the tentative AS budget.)

4. Rick proposed to speak to Carol Courtington concerning publicity for the annual.

5. The by-laws need to be rewritten. Bob Connolly will be in charge of the judicial laws; George, Barbara, and Sue are appointed to revise the other by-laws. The issues investigating committee will be co-chaired by Roy and Steve.

6. Student advisory committees formed to aid the Dean, Chancellor, etc. (Rick has the list of all students on the committees.)

7. Proposed raise in student fees discussed. Senate members were generally in favor of such a raise, but not until it could be demonstrated to the AS that the fees they were paying now were being put to good use. The senate will demonstrate this year what the fees are used for and possibly ask for an increase next year.

MC

8. John Nuber asked permission to publish the student directory again this year. It was also noted that APO had asked for the same privilege. Since Nuber and his Beagle boys had done such a good job last year, Jeff moved to allow them to publish the A.S. Phone Directory, which is to be completely financed by them with all profits to go to them.

9. At the next meeting the budget will be discussed. Before the next meeting, copies will be sent to all senators and clubs and organizations affected by the budget. Also, the question of contract and priority, which was brought up concerning the student directories, will be explored.

V. Rick called for an adjournment. The meeting was adjourned at 8:55 pm.

Respectfully submitted,

Betsy Stroll, Senate Secretary

During the A. S. Senate Meeting held on April 14, the Program of Intercollegiate Athletics at U.C.S.D. was discussed in some detail. Of particular interest were the scheduling requirements and the changing of admission to the general public.

The Senate decided that while free admission to the general public would encourage attendance in the "growing" years of U.C.S.D. athletics, the revenue possible from charging admission to the public after the sports program is well-established would benefit the A.S. We feel the public should be able to watch U.C.S.D. Athletic contests free of charge only temporarily, and that once U.C.S.D. is consistently able to field a solid, well-established athletic program the public should be charged an admission fee.

The Senate also felt U.C.S.D. should be free to schedule any college or university team in order to attain a higher level of competition. This suggestion does not imply a U.C.S.D. - U.C.L.A. contest in Varsity Basketball during 1966-1967; its intent is to enable U.C.S.D. to schedule any school with a consistently comparable level of athletic ability, regardless of how these schools finance their athletic programs. We feel this change in the UCSD Program of Intercollegiate Athletics would allow a greater flexibility in scheduling and create local rivalries with such schools as Cal Western, San Diego State, and the University of San Diego, as well as the local Junior Colleges. Here, again, we realize the impossibility of scheduling these schools immediately in many of the major sports, but we feel U.C.S.D.'s increased enrollment in the future will allow us to compete with these schools at a reasonable level of competition.

To: ALL STUDENTS LIVING IN REVELLE COLLEGE RESIDENCE HALLS
From: DR. JOHN L. STEWART, Acting Provost of Revelle College
Subject: VISITING HOUR AND CLOSING HOUR REGULATIONS

It has come to my attention that the regulations established in the Fall for visiting hours and for closing hours in the residence halls are being violated by a large number of students. Effective immediately, violations of the following rules will be grounds for immediate dismissal from the residence halls.

- 1) Men may visit in the Women's SUITE STUDY LOUNGE, and women may visit in the Men's SUITE STUDY LOUNGE during the following hours: Sun. through Thurs. 12:00 Noon-10:00 p.m., Friday 12:00 Noon-12:00 midnight, Saturday 12:00 Noon-6:00 p.m.

Please note that the regulation does not permit visiting in the individual rooms. All Revelle College students will be responsible for his or her own actions. If a student not registered at Revelle College violates this regulation, the Revelle College student he or she is visiting will be held responsible.

- 2) Women students are required to be in their residence halls from 12:00 midnight until 6 a.m. on Sunday through Thursday and from 2:30 a.m. until 6 a.m. on Friday and Saturday nights in addition to any other night preceding a holiday or during a vacation recess.

Please note that any student who is not able to return by closing hour due to an emergency should call the emergency number 453-1900, and the RA on duty will answer. In the co-educational residence halls female students are required to be inside their suites after closing hours, and male students are not permitted to go above the second floor.

If a student is dismissed from the residence hall and he wishes to reapply, his name will be placed at the end of the waiting list which includes students entering in the Fall of 1966.

The Revelle College visiting hours will be reviewed by a committee at the beginning of Spring Quarter. If the regulations are not followed for the remainder of this Quarter, it may be necessary to discontinue visiting hours during Spring Quarter. I have asked Dr. Ted Forbes, Dean of Student Affairs, to act on all matters relating to conduct in the residence halls.

John L. Stewart
Acting Provost, Revelle College

For your information, the following visiting hours have been established on the other University of California campuses. By comparison, Revelle College rules are quite liberal.

Re: Suggestions for the benefit of undergraduates

At the ASUASD Senate meeting yesterday, several comments were made which lead me to make the following suggestions:

1) There is a need for having in one, easily accessible place a readily legible list of student activities and events (e.g., basketball games, dances, concerts) covering those scheduled for about a month in advance. The listing now in the Student Affairs Office, according to my information, is not readily accessible. I suggest that consideration be given to posting some such "Activities Calendar" in or near the library patio.

2) The small dining room in the cafeteria, where the meeting was held, has an extensive array of mailboxes along one wall. This is indeed an excellent idea for furthering communications with and among undergraduates, but in practice two impediments seem to exist: a) few students are aware of the existence of such mailboxes (again, according to information received); b) the room is frequently kept locked and thereby does not serve its purpose. Perhaps wider and repeated notice should be given to the student body of the existence of this convenience, and perhaps the hours at which the room is left open or kept locked could be reviewed with an eye to increasing the former.

VIII. Adjournment at 6:10. Next meeting Tuesday, December 7 at 4:30.

December 7, 1965

Dear Janet:

Unfortunately, I will not be able to attend the senate meeting today due to wrestling practice. Would you please forward the following information to the senate in my absence and inform me of their reaction.

The Surfside Recreation Center lounges and pool room have been tentatively reassigned to the SIO Space Committee for their management. Until recently, Surfside was under the direction of the Dean of Student Affairs Office. This was possible and reasonable until this year when Revelle swelled its enrollment and additional recreation facilities were developed. Due to these two factors, it is no longer economically nor administratively possible to maintain the SIO recreation center by the Dean's office.

With this change, Surfside's lounges and pool rooms will again become solely SIO student facilities. The change, however, will not affect the surfboard storage facility, showers or livingrooms. These will remain accessible to all students of UCSF.

1. Chancellor's Reception - Janet Albin reported that it is impossible to schedule this reception until November, since there are concerts on all Friday and Saturday nights in October, and it would be in poor taste to compete with the concerts. The Senate didn't like the idea of not being able to schedule AS activities on concert nights, since there are so many concerts on Fridays and Saturdays. Greg Polster thought that there would be no problem as long as the AS didn't plan events that would involve the entire student body, faculty, and administration. Al Green moved to hold the Chancellor's Reception in January. The motion died for lack of a second. Jim Cole moved to not have a Chancellor's Reception this year. The motion died for lack of a second. Ann Burke moved to hold the Chancellor's Reception sometime in the middle of November. Mikki King seconded. The motion carried. In addition, the dedication of Revelle College, the living group orientation, a language meeting, library tours, and a religious open house will take place. Bob Topolovac then talked about the carnival that would possibly take place Sunday, September 26th. It would be open to the public. Exhibits, tours, and food booths would be arranged. It is hoped that the Honorary Alumni will sponsor the carnival. The AWS has planned a fashion show for that day, too. Bob is arranging for a student handbook to be printed and distributed to all freshmen. It will contain rules, regulations, protocol, and model club constitutions. It will be student published.

Rules are needed to control profit making events. This problem was referred to Ann Burke's committee on bylaws.

1109 The meeting was called to order. Salute to the flag. The roll was called and a quorum was present. The reading of the minutes of the meeting of March 5 was waived.

1110 A report concerning the ASUCSD Budget for next year was made by the Financial Coordinator, Bob Muggly.

With a minimum of 2100 students next year (over three quarters), at \$2.50 per student for AS cards, the AS will receive a minimum of \$5350 for the year. The AS funds must cover the annual, the newspaper, approved organizations of UCSD, student body expenses, and miscellaneous costs. With the tentative amounts allocated below, the maximum necessary income for the year will be \$4250, leaving a balance of \$1100.

Annual- Allocate a maximum of \$1500 from AS funds. Charge \$3.50 per annual. The remaining production costs will be supported by the sale of ads from the local businesses.

Newspaper- Allocate \$2000. Discussed possible sale of \$1 subscriptions. Decided in favor of sale of advertising instead. Suggested investigation of use of private printers in La Bolla.

Organizations- Allocate \$750 to cover all organizations. Each organization submit budget to receive money. A recommendation that 35% of all money made by these organizations be given to the AS was discussed and withdrawn in order to prevent the organizations from becoming too dependant on the AS for funds.

Student body- Allocate \$750. Covers expenses for office equipment, supplies, etc. for officers, judicial council, intermural activities, etc.

Miscellaneous- Allocate \$350. Covers extraordinary activities like orientation parties, bulletins, etc.

At the next meeting Bob will present the final budget for the approval of the Senate.

1130 The report of the Senate Procedures Bylaws Committee was presented by Jim Cole. (Copy attached.) He suggested that a standing committee for Senate Procedures be established because these Bylaws will need to be revised and added to as they are used.

It was moved and seconded that:

The ASUCSD Senate consider the proposed Bylaws at this meeting section-by-section (e.g., "Meetings") and require a 2/3 majority vote to accept each section.

The motion was passed.

1137 Sections I and II were passed as they appear in the attached copy.

1153 The discussion of Bylaws was interrupted for a report by the AS President, Larry Baker, on the recently established Honor Spirit Committee. Members of the committee are Chris Hollinshead (chairman), Nick Mayfack, Clyde Ostler, Barry Jorgenson, Jon Barnes, Karen Moe, Sharon Sutton, and two faculty members. The meetings will be open and the times posted.

Larry requested three volunteers for a non-official committee to discuss registration procedures with the registration office. The committee members are Jim Cole, Beth Rowan, and Chris Curle.

1158 A report by the Commissioner of Activities, Jeff Nelson, on the open dance which was being planned for Easter vacation to raise money, informed the Senate that since the AS cards next year will make enough money for the AS to run on, the dance is no longer needed.

- 1159 Sections III through XII of the Senate Procedures Bylaws were then passed in the form in which they appear in the attached copy. Except for Section V which was tabled until the next meeting so that it could be revised.

2 5 The meeting was called to order by AS President Janet Albin.
2 6 The National Salute.

2 7 The roll was called, and a quorum was present.

2 8 A report was given by Beth Rowan of the "Dead Week" Committee. The
2 9 Committee is still awaiting replies to queries sent to other campuses,
but has met with some interested faculty members. Their intention
is to convene with Department Heads for their views before final
presentation of proposals.

2 11 Financial Coordinator Bob Murphy, speaking for the Associated Students' AS
Cards Committee gave the following report:

"It is recommended by this committee that a charge of \$2.50 per quarter
be charged for AS Cards. Based on this ratio, a student who attends
one quarter pays \$2.50, 2 quarters \$5.00, 3 quarters \$7.50 and the
entire year \$10.00. It may be noted that the maximum fee for AS Cards
per year is \$12.00 as stipulated by the Regents.

The AS fees will cover the followings:

(1) For the disbursement of any funds which may be needed by
the following organizations:

- (a) The Annual
- (b) The Newspaper
- (c) The ASUCSD
- (d) Any duly authorized ASUCSD organizations. It is meant
by duly authorized any organization which has been approved by
vote of the Senate upon the submission of its constitution
before the legislative body.

(2) The AS Card also allows its holder to be admitted to the
following activities at no cost or at a reduced price:

- (a) Any social event sponsored by the ASUCSD
- (b) Any intercollegiate sporting event in which the ASUCSD
participates.
- (c) Any other major event sponsored by the UCSD and deemed
of an appropriate nature.

With the unity of the school in mind we respectfully submit this report."

2 21 After discussion of the above report, it was moved that:

"The ASUCSD have mandatory, quarterly Associated Student's Activities
Cards, beginning with enrollment, September, 1965; and that the cost
of such cards be set at \$2.50 per quarter for each quarter the student
is enrolled; and that this matter be submitted to the ASUCSD at the
earliest for approval." The motion carried.

2 28: On a point of order, it was determined that the term "student" referred
to undergraduate student and no other, in consonance with the Consti-
tution. As presently constituted, graduate students are not "students"
at UCSD, and the ASUCSD has no legal right to speak for them. Any
action relative to AS Cards by the graduate students will have to ori-
ginate with them.

In further discussion, it was pointed out that practically, the cost
of AS Cards will amount to \$7.50 per school year, since there will be
no undergraduate summer school at UCSD for several years. Neverthe-
less, the financial coordinator maintained that the receipts from sale
of AS Cards would be sufficient, and would probably yield a surplus, to
cover planned and expected AS Activities.

2 9 At the request of AS President Larry Baker, it was moved that:

"Fred Longworth be appointed Commissioner of School Spirit, a post
in the ASUCSD President's Cabinet."

... on the ... his drive, on his ... and his ... nature, together with his undeniable talents. The motion ...

1236 President Larry Baker withdrew his nomination of Bob Hitchfield for the post of Commissioner of Athletics, in view of the "double vote" raised by Bob's being a Representative. The Senate, however, noted

"That Bob Hitchfield be appointed a Standing Committee Chairman, and be named the Senate's representative, in matters relating to Athletics. The motion carried.

1239 Representative Jeff Greenhill, concerned about the timing problems related to AS Cards, re-opened discussion of the subject. As a result, it was moved that:

"A Special Election within the ASUCSD be held Friday, 5 March, 1969 to approve or disapprove the Senate's recommendations to the ASUCSD in re Associated Student's Activities Cards." The motion carried.

1241 Questions concerning the mechanics of holding the election were raised since the post of Commissioner of Elections is not presently held. A number of proposals were made, and it was finally moved that:

1243 "The Senate establish a three (3) man committee of volunteers, to be chosen by the Chair, to hold the aforesaid election." The motion carried, and the Committee was selected from volunteers to be:

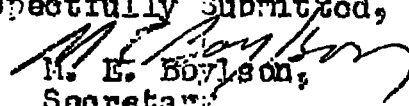

Jeff Greenhill
Joan Persky
Ann Burke

1246 In view of our impending bankruptcy and indebtedness, Commissioner of Activities Jeff Nelson proposed to the Senate that the AS hold an "Open Dance" to raise money. The dance would be held in one of the large mess-halls at Camp Mathews during Easter vacation week, Thursday evening, 15 April. Charge would be \$1.00 per person. Because of all schools (except parochial) being out for Easter vacation, it is believed attendance would be very high, and plans are for one thousand. After deducting 35% of the profits for the band and 15% for incidental fees (police, decorations, etc.), it is hoped to reap a profit for an ASUCSD fund of approximately \$500. Publicity would have to be handled adroitly and differently, since schools would be out and posters would be useless, and a good number of UCSD freshmen would have to contribute their time and efforts to make the dance a success, but the Committee of Activities felt it could be done and be a success. It was moved that

1252 "The Senate approve in principle the Commissioner of Activities recommendations in re an Easter dance, and that he be authorized to continue his investigation and to make tentative plans and commitments." Carried

1255 The Senate adjourned, to reconvene at the call of the Chair.

Respectfully Submitted,

M. E. Boylson,
Secretary

Chancellor Galbraith
Dean Brueckner

 ... minutes of the previous meeting having been distributed and...

 ... Coordinator Don Murphy made a thorough financial report...
 ... as follows:

Balance at beginning of the year 1965:	\$1796.72
Expenditures for period 1/1/65 -- 1/31	234.45
Expense incurred in February	604.06 (Includes \$190 for...)
	\$ 957.22 Bal. 2/19/65

of the balance, \$525, has been allocated for Sandscripts, and \$400 for typing services, leaving \$232.22. Additionally there exists \$379 in a separate account which may be transferred, but was strongly recommended against. There is also in the AUCUSD account, but that account has been encumbered for the purchase of the printing of the yearbook. (The report further detailed the assets and liabilities of the various accounts, plus the listing of liens totaling \$313.05, and concluded with the following: "Since a balance of only \$232.22 remains in the student cultural account, barring the transfer of the \$379 from the sub.4 account, I propose that all encumbrances approved by the Senate be charged to the AUCUSD account. That no further unnecessary budgets be approved by the Senate until such time as we are financially able to meet our responsibility. Further, it is proposed that unnecessary budgets be limited until the time 100 or more additional annuals are sold. With the unity of our school in mind, I respectfully submit this report."

A brief report was made on the subject of Associated Student... The committee strongly recommends them, and proposes a course of... between \$3 and \$5 per quarter. Mr. Clark and Dr. Forbes both... and the need to take action soon, as the information must be in the... by April seems to be a minimum deadline. Representative Barbara Teasley gave a summary report of the progress of the Student Evaluation of Teachers committee. UCLA student forms have been received, and are being studied. Those requests from... have not arrived, nor has the "Student's guide to Professors" from Berkeley. (One has been obtained from SDSU.) The committee plans to confer with several faculty members to get their views on the immediate future.

Senate President Janet Albin made a special report to the Senate concerning Bylaws for the Constitution. She briefly pointed out the "outline" character of our minimal constitution, which requires fleshing out with details: elections, cabinet member's duties, procedures for appointments, etc. At the last meeting, committees consisting of every Representative, were appointed to various tasks relative to Bylaws, including a two-man committee to work on Bylaws concerning the Judicial branch. On 18 February, the Judicial Council announced the following (excerpt):

The Judicial Council... deem that the actions of the AUCUSD Senate on 20 February 1965 which would submit the Bylaws of the AUCUSD Judicial Council to the Senate to be incorporated into the AUCUSD Bylaws of the Constitution... to be a violation of the Constitution. The Judicial Council deems said actions legally void.

ASUCSD JUDICIAL COUNCIL TRIAL, FEBRUARY 18, 1965, 2:10 p.m., TUE

Terry: There has been a complaint which has been registered with the Judicial Council and on which we will decide its validity. This complaint was submitted by me.

Complaint: Alleged Violation of the Constitution of the ASUCSD

I propose that there has been a violation of Article VI, Section 1, of the Constitution of the ASUCSD in the action initiated by the ASUCSD Senate which would incorporate the Bylaws of the ASUCSD Judicial Council into the Administrative Bylaws of the Constitution of the ASUCSD. Said action was initiated February 10, 1965, at a meeting of the ASUCSD Senate, approved by a majority vote of the ASUCSD Senate.

This meeting was called for the purpose of finding out whether this is true or not. The evidence towards this would be: The actions proposed by the Senate would be a violation of the Constitution on the following basis.

The functions of the Administrative Bylaws as defined in Article VI, Section 1 of the Constitution of the ASUCSD are to supplement the Constitution, establishing such boards, councils, committees, and subordinate organizations that the Senate may deem necessary and to enumerate the powers, duties, and rules of these official organizations. Whereas the Judicial Council was not established by the Administrative Bylaws, its rules shall not be enumerated by the Administrative Bylaws.

That's the evidence against its constitutionality. Does anybody have any evidence for it?

Wayne: I'd like to ask a question. Has this been initiated? Has it been voted on and passed by the Senate?

Terry: As of last Wednesday they appointed a committee to get the bylaws from the Judicial Council and submit them to the Senate to be incorporated into their bylaws upon their approval.

Oris: They've already set up the committee?

The committee has been set up. Members representing the Senate were supposed to be present at the Judicial Council Meeting on February 17, but they forgot.

Ed: The thing is, it is true that we can't declare a law unconstitutional if it is not a law.

Terry: We can declare an action unconstitutional.

- Cris: This is not a law. It's a committee. . . .
- Ed: Has this been established as a bylaw that the Senate shall adopt our bylaws as theirs?
- Terry: It doesn't have to be a bylaw; they decided to do it. Now, it says in the Constitution that the Judicial Council has the power. . . .
- Cris: to take any actions. . . .
- Terry: Right, to take any actions. . . .
- Ed: Could you repeat the section and article?
- Terry: Page 5, Section 4, Part C. "The Judicial Council shall have the following powers: to determine unconstitutional and void any actions of the Senate."
- Willie: Better underline that any.
- Ed: That answers the questions.
- Willie: . . . They are making their Administrative Bylaws right now. And one of their bylaws says to incorporate our bylaws. . . .
- Ed: That's what I just stated.
- Terry: The other thing we have to look at is the other implications that are involved. Now the way the Constitution was written, the way this government was set up, it was set up to begin like this although it was not explicitly stated in the Constitution. All right, so it's up to us to decide either way. It would be right either way.
- Gary: I feel that if we do sign a document to this effect, that we should put in something about the division of powers between the different branches to be maintained by keeping things separate instead of incorporating this. . . .
- Cris: All we have to do is declare the act unconstitutional. Period.
- Terry: We don't have to justify ourselves. If we say that, then...
- Cris: we're on the defensive.
- Terry: Right.
- Gary: Well, if it tells them exactly. . . .
- Cris: We're still on the defensive.
- Terry: If it violates the Constitution, there is no reason to tell them why.

Gary: For posterity we should tell them what. . .

Cris: That's in our records.

Willie: Just say, by Article VI, Section 1, it is unconstitutional.

Cris: May I say something, Terry? The problem with this thing is, it is an ambiguous section, there's no doubt about this. It can be interpreted either way. And the question then is not whether or not it is unconstitutional, but which way we should interpret it to benefit the government of this school the most.

Now, Wednesday I asked whether the Supreme Court of the land had its bylaws subject to the approval of the United States Senate, and Terry said he thought they were. Last night I called the public library, and they spent an hour and a half searching their books and called me back and said that they could find no evidence to that effect. I called the County Law Library, and they said definitely that they are not subject to the approval of the United States Senate. Therefore, this shows that by separating the powers in this manner in the United States government, the government can still function very adequately. This was one of the biggest fears, as far as I could see, that by making our bylaws separate unto ourselves, we would split the government into three separate sections--the Executive, the Legislative, and the Judicial Branches. This does not seem to be a valid fear. Therefore, in order to preserve the semi-level status in power of all the three branches, it is beneficial to us to keep our bylaws to ourselves and the Senate keeps theirs to themselves.

John Marshall, when he first made his great decisions on determining the constitutionality of laws, in determining that the Supreme Court did have the power to declare this constitutionality, had taken away the power, I mean up till that time, the Senate had been the supreme power in the land. And now it stands pretty much that if you have a powerful body either in the courts, in the Senate, or in the Executive Branch, that's the ruling power. I mean, that's the leading power--the guiding power. And this is the way it should be. No one group should have written, in bylaws or in the constitution, any laws that give this group more authority than any other group. And this would be so if the Senate had control of our bylaws. Therefore, if we declare this act unconstitutional, it is not only to our benefit, but it is to the benefit of the government. Therefore it should be declared unconstitutional.

Ed: I feel that our government has been set up with three separate divisions. These divisions are to function within themselves and also work as a governing body. Nevertheless, let us keep in mind that this government was established with three separate sections, and these sections are to keep check on each other. The only way to keep check on

each other is to make sure that they have unity—they are separate and independent. This is not to say that they do not work together, but they still must remain a separate entity. Now, we have this consideration of the bylaws that Terry has brought up. I understand that Janet Albin will propose to the Senate that they pass laws, not called bylaws, but with the same effect. . .

Willie: They will be actions.

Ed: Yes, they will be actions, and they'll be just regular laws like the Senate passes.

Cris & Wayne: To do what?

Ed: Well, to establish bylaws, in effect, that will. . .

Cris: . . .incorporate our bylaws.

Ed: No, they will affect all of the branches of government.

Willie: Are they trying to separate away completely. . ?

Terry: If they do that, then they're violating the Constitution.

Ed: Well, see, what Janet is particularly concerned about, I think, is she wants the government to be a unified body that functions well together. . . . Anyway, she does want the government to function well.

Cris: The problem is how to get there.

Ed: Yeah, now that's the problem—how is this to be done? Now if she does pass these laws, I think some of them may be good. . . . We have to judge upon these laws individually. But, we can judge upon the bylaws as a group. In other words, we can say that in the Constitution it provides the Administrative Bylaws which supplement this Constitution, establishing such boards, councils, committees, and subordinate organizations the ASUCSD Senate may deem necessary. Well the important thing is the Judicial Council is not a subordinate organization. And therefore, we should not be subject to their bylaws. So, their bylaws, if they are called bylaws, that would supposedly affect us, we can declare unconstitutional. We can declare them unconstitutional as a group. But, if they initiate individual laws governing the whole government in all the separate branches, then we must take them individually.

Willie: You mentioned something yesterday about, they might try to have a closed Senate meeting?

Terry: They can if they want to.

The Constitution says nothing about closed meetings.

Wayne: I don't see what the point is of having a big argument. Why don't you just wait and take them up as they come?

It was agreed that deciding upon such actions before they begin would cause a lot of trouble.

Terry: Why even discuss all this right now? I think we'd better talk about the constitutionality of this law.

Oris: All this was discussed Wednesday; I think that it's sort of a farce to carry it any further, and I think we should take a vote.

Wayne: I would like to ask, would it be wise to also state for the benefit of the minutes our reasons for rejecting this?

Oris: Just say refer to minutes of the February 17 meeting, because all of the reasons were brought up then. I think that perhaps for the record of statement we should officially interpret Section 1 of Article VI, but I think all of the reasons have been stated before; they're down in the minutes. I don't know, it's up to you.

Ed: I think you ought to take a look at those February 17 minutes. I think you'll find that all the reasons are not stated there and that we should have an explicit list of our reasons. The reason I think that we should bring this up for discussion in the Senate meeting is because if we constantly declare the rules and actions of the Senate unconstitutional, I don't believe this will give a good name for the ASUCSD, and I don't think it makes a good reflection on UCSD as a whole. I think these actions should be stopped, or at least they should be advised of their responsibility and of the magnitude of what they're doing.

Terry: Well if you want to know something, they're not going to let us talk.

Ed: Yes they are. Because I have talked to every Senator. I have made it my personal duty to talk to every one and inform them of the seriousness of this. And if Janet proposes a closed Senate meeting, there will be a vote taken, and that vote, I'm fairly confident, will show that it will become an open meeting.

Terry: Then I feel it's wise for all of us to go to that meeting.

Ed: I don't think that's necessary.

Oris: I think we could all show up; maybe only one person speak for the Council.

Wayne: I don't feel it is our duty to go to the Senate, and I feel that if we declare something unconstitutional that is passed by the Senate, that is the way it is. Is it our power to try to influence the legislation of the Senate? I

think that's up to the Senate; that's the Senate's job, and it's up to them to debate this and pass the law. If we declare it unconstitutional afterwards, then that's just the way it goes--they'll have to think of something else.

Terry: His point was that we should let them know which direction not to go towards. . .

Gary: Well, trial and error is the best method.

Ed: In the best interest of the University, I don't think we can afford to pursue a trial and error method. I think that we should stop this fighting now and get it over with and not drag on, drag UCSD's name in the dirt.

Terry: O.K., well, let's discuss this after the trial.

Wayne's pending motion to have the reasons for rejecting the action listed was passed 6 - 0.

Terry: The reasons are. . .

Cris: The Senate has five checks on the Council, right? . . . In the form of the three judges they appoint, control of the budget, and control of special elections. So, it is our opinion that for the most efficient operation of this government, the Bylaws of the Judicial Council should not be in the control of the Senate, in order to ensure an adequate check and balance system. And this type of method can work because the United States government works on this system.

There was a question as to whether the United States government functions well using that system.

Cris: The system of having the Supreme Court control their own bylaws, that's what we use.

Wayne: It is to the benefit of the government that the Judicial Council shall have control over its bylaws, as does the Supreme Court. . .

Ed: Sole control over its own bylaws.

It was agreed that the bylaws should be subject to review of the Senate, but that the Judicial Council can function better if it controls its own rules.

Terry: All those in favor of stopping discussion and deciding the issue: Yes 6 No 0

O.K. There has been a motion that the Judicial Council do this:

The Judicial Council of the Associated Students of the University of California at San Diego does on this date

deem that the actions of the ASUCSD Senate on February 10, 1965, which would incorporate the bylaws of the Judicial Council into the Administrative Bylaws to the Constitution of the ASUCSD, thereby subjecting the bylaws of the Judicial Council to the approval of the Senate, to be a violation of the Constitution of the ASUCSD. The Judicial Council therefore requires that the proceedings to accomplish said actions be terminated as of this date.

Ed: Point of order. I don't believe the chairman is allowed to make a motion.

Cris: I so move.

Wayne: I second it.

Cris: You entertain a motion, Terry, that's all.

Terry: All those in favor of adopting this resolution:
yes 5 no 0 abstaining 1

Terry: This trial is closed.

ASUCSD Judicial Council

The Judicial Council of the Associated Students of the University of California at San Diego does on this date, 18 February, 1965, deem that the actions of the ASUCSD Senate on 10 February, 1965, which would submit the Bylaws of the ASUCSD Judicial Council to the Senate to be incorporated into the Administrative Bylaws of the Constitution of the ASUCSD, thereby subjecting the Bylaws of the Judicial Council to the approval of the Senate, to be a violation of the Constitution of the ASUCSD on the following grounds.

The functions of the Administrative Bylaws, as defined in Article VI, Section 1, of the Constitution of the ASUCSD, are to supplement the Constitution, establishing such boards, councils, committees, and subordinate organizations that the Senate may deem necessary, and to enumerate the powers, duties, and rules of these official organizations. Whereas the Judicial Council was not established by the Administrative Bylaws, its rules shall not be enumerated by the Administrative Bylaws.

The Judicial Council deems said actions legally void.

Chief Justice,
Judicial Council
ASUCSD

- 1905: The meeting was called to order by ASUCSD Vice President Janet Albin. She was followed by the salute to the flag. The roll was taken, and a quorum was present. The minutes of the previous meeting, which was an extra-ordinary session in connection with the U.C. Berkeley problems, was not read since copies of the minutes had been delivered to members and posted on bulletin boards.
- 1908: Mr. Voigt, UCSD Librarian, was introduced and gave a presentation relating to students and the library. Mr. Voigt had recently answered a questionnaire concerning "accreditation" which asked, "Is there a student library committee?" There is not, although it would be desirable to have one. Mr. Voigt further discussed the question of noise in the library, giving the background and future plans. In general, Mr. Voigt emphasized the noise was not just due to freshmen or any other single group, but simply arose from the conditions extant. He emphasized that his purpose in being at the meeting was to ask our advice and help, to see if we could arrive at some specific solutions and to see if we could, at this early time, establish a "tradition" that the library is a place to work, read, and study, but not to hold animated conversations.

A discussion followed Mr. Voigt's presentation, and several suggestions were made. It was moved and seconded that:

To alleviate the noise in the library, the ASUCSD will endeavor to provide additional tables, chairs, and current newspapers in the Temporary Union Building (TUB), and to designate certain otherwise unscheduled classrooms for use of students or groups of students as studyhalls. Carried (See footnote, reverse.)

- ✓ 1924: Mr. Jack Clark, the one remaining representative to be sworn, was sworn in as a Representative of ASUCSD. Mr. Clark will be particularly concerned with business and financial matters.
- 1926: The Financial Coordinator being absent, and the report not yet ready, the Financial Report was deferred until a later meeting.
- 1927: Rep. Jeff Greenhill gave a brief report on the result of his investigation into dissatisfaction with the elected school mascot name, "Tribes." Of eighty people, twenty liked it, twenty disliked it, and forty couldn't care less. It was moved and seconded that:
- No further action be taken on this matter at the present. Carried.
- 1933: A report of the committee on Associated Student Cards was deferred, pending further investigation. A report will be made at the next meeting.
- 1936: ASUCSD president Larry Baker cut short his projected report on the CAL-Club in view of the article in SANDSCRIPT, which covered most of the points. Dr. Forbes added parenthetically that the present membership, eleven, will eventually go up to twenty-five. Next year four or five will be added, and more the following year, until the maximum of twenty-five (plus one more advisor) is reached.
- 1941: Vice-President Janet Albin gave a presentation concerning "Student Evaluation of Faculty." She outlined the faculty's problem of "tenure," and how tenure has come to be based more and more on what a teacher publishes, not who well he teaches. A thoughtful discussion followed the presentation, and it was moved and seconded that:

A committee be formed to look into the desirability and feasibility of having students formally evaluate UCSD teachers. The motion carried.

The committee formed consists of: Janet Albin, Barbara Griggs, the Secretary, Herb Korman, and Mike Soy'nce.

... of the ...
... proposed ... the work among ... committees, and that ... members of the Senate be on one committee. The proposal was moved, seconded, and carried. The committees and membership are as follows:

Legislative:	Mr. Jack Clark George Abbott Joan Persky Bob Murphy Nancy Lyons	Elections:	Dr. Forbes Mark Hinderaker Jeff Greenhill Bob Litchfield
Executive:	Mike Koziniak Ann Burke Chris Curlee John Freeman	Odds & Ends:	Barbara Beasley Dinah Kohler
Judicial:	Tom Reyburn Bob Engle	Screening:	Jim Cole Beth Rowan Janet Albin

(Chairmen to be chosen by each committee.)

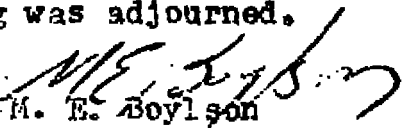

There was a discussion, raised by Chief Justice Terry Baker as to the need for a bylaws committee for Judicial, since the Judicial branch was already in the process of producing such bylaws. It was pointed out that the Judicial's bylaws would have to be approved by the Senate to become part of the Constitution, and the above named committee would be acting as the Senate's liaison in the matter. The issue was not fully resolved.

It was moved and seconded that a permanent meeting time be set for the Senate. After a discussion of possible times, it was agreed that noon, Fridays was the best time. This is also the time agreed upon for Assemblies; but since assemblies will be held only every other week, the Senate meetings could occur on the off-weeks. The motion was carried, and the next meeting of the ASUCSD Senate scheduled for noon, Friday, 19 February, 1965.

Students (and Teaching Assistants) have advocated a "dead week" period before finals, wherein classes would be held as usual for students wishing to attend them, but the material covered would be of a review nature, no homework would be assigned, and attendance neither mandatory nor vital to the course. It was moved and seconded that a "dead week" period be requested, and that a committee be formed to investigate the matter, prepare the request, and report at the next meeting. The motion carried, and the committee formed is as follows:

Beth Rowan	Chris Curlee
Ann Burke	Kathy Bower

There being no more business, the meeting was adjourned.

M. E. Boylson

...ing the Library Committee, it was agreed that the entire ASUCSD ... would act as such, and are hereby constituted as ... Library Committee.

MINUTES of the Extraordinary Meeting of the Senate

- 1010: The meeting was called to order, Janet Altman presiding. A quorum was present. Following the National salute, by the Senate to waive the reading of the previous minutes having been made available to each Representative.
- 1015: The purpose of the meeting, to consider the recommendations of the Senate Ad Hoc Committee (Mark Hinderaker, Chairman; Rep. Barbara Beasley, Rep; John Freeman, Rep; Mike Boylson, Cabinet) regarding a proposed letter from the Senate to the Board of Regents re the Berkeley crisis, was stated, and the Committee report

In substance, the Committee's report was as follows: In the time allowed, the committee had gathered and studied as much material as possible, mainly from the Christian Science Monitor, and monitored the tape recording of the Berkeley Academic Senate meeting of 8 December. In addition, Committee members spoke with various faculty, graduate, and undergraduate students concerning the issue. As a result of their findings, the Committee unanimously recommended to the Senate that:

- (1) No letter of any kind be sent at the present time.
- (2) If the Senate insisted on sending a letter, it scrupulously avoid castigating any party and limit the statement to one of confidence in the various members of the University community--students, faculty, administration, and Board of Regents--to arrive at a wise and just solution of the crisis.

A detailed report of the reasons for the recommendation was given. These included: The lack of real knowledge here and the inability to sift the "truth" from the mass of conflicting reporting; the inadvisability of adding fuel to the fire by further condemnation; the bad timing (the Regents were then in session) and the timeliness of the statement, giving it an "after the fact" and "me too" appearance; the danger of splitting our own studentbody and bringing strife to our fledgling campus; etc.

A number of questions were asked from the floor. An interested graduate student requested permission to ask questions, and the Senate agreed to grant permission, not as a rule, but in this case. (The questions, and their answers, are included in the above summary.)

- 1029: The Committee further recommended, and it was so moved, seconded, and approved, that the question of whether to send or not to send any statement at all be decided before presentation of the three letters prepared by Committee members. The letters, therefore, were not read.
- 1030: Considerable discussion continued in re the above matter. In answer to a question of an interested student, it was clarified that the matter of a letter was not dead, but could be re-opened at any time a need for one was felt.
- 1036: There being no further business, the Senate adjourned to await the call of the President.

- 1907 The meeting was called to order by Vice President-elect Janet Albin, followed by the salute to the flag.
- 1909 Financial Manager Bob Murphy gave a detailed financial report: Lacking funds from "normal" sources, the Student Account was given an initial \$2,000.00 to cover graduate and undergraduate expenses for the school year. \$1485.00 remains, but is committed for various functions. An additional \$15.00, the proceeds of the AWS dance, also go into the fund, as will proceeds from the Xmas dance. Expenses are for: Annual, newspaper, charges of commissioners for running their offices, etc. All charges against the Student Fund must be made with the approval of Bob Murphy, Dr. Forbes, or Mrs. French (Dr. Forbes' secretary) against university blanket number 33053. Budgets for operation of all Type II organizations come under the Financial Manager's purview, and should be submitted as soon as possible. Bob Murphy will henceforth have a basket in Dr. Forbes office; to contact or communicate with him, or to leave him paper-work, simply give the information or material to the receptionist in Dr. Forbes office.
- 1914: There was no old business.
- 1915: Corte Kløke, outgoing President of the Advisory Committee, swore in the new ASUC3D President, Larry Baker; Vice President, Janet Albin, Representatives, Christine Curlee, Nancy Lyons, Ann Burke, George Abbott, Elizabeth Rowen, Mike Koziniak, Dr. Edward Goldberg, Dr. Ted Forbes, Tom Reyburn, Bob Hitchfield, Joan Persky, Jeff Greenhill, Jim Cole, Dinah Kohler, John Freeman, Bob Engel, Barbara Beasley, and Mark Hinderaker; AMS President, Steve Lewis. (Judges were not sworn in as two were absent.)
- 1919: President Larry Baker gave a short "platform" speech with a number of recommendations and proposals to the Senate. Essentially, he recommended that energy not be dissipated by spreading it too thin, to develop a few major clubs thoroughly before branching out to cover all small, special interest groups; to plan activities very thoroughly, have fewer, if necessary, but do them as well as possible; reorganize and re-emphasize the Newspaper, including printing (vice mimeographing), possibly include student photographers, etc.
- 1922: Cabinet Appointments:
It was moved, seconded, and approved that the Senate consider and vote on each of the President's nominations for his Cabinet separately. All nominations were approved: Mike Boylson, Secretary; Kathy Bower, Commissioner of Publicity; Al Green, Commissioner of Organizations.
The President then requested and received approval from the Senate for a fourth Cabinet member, Commissioner of Activities. His nomination, Jeff Nelson, was approved.
- 1943: Appointed Judges:
Eleven students had applied for the position of appointed Judge (three seats). The Senate established the method of choosing the three judges: each Senator voted for three of the eleven, the three receiving the most votes winning (ties to be broken by the President of the Senate). Wayne Chimarusti, Bill LaMonte, and Ed. Stephan won. There was no tie. Other candidates: Jon Barnes, William Borsum, Peggy Giblin, Guy Jenkins, Ann Meister, Nick Hayfack, John Pratola, and James Robins.

President pro tempore was to vote by secret ballot, each member having one vote, for nominations from the floor of not more than four Senators. Four candidates were nominated. It was further determined that the ballots be counted in secret by two non-Senators (one Judge, one cabinet member), with only the winner announced. Bob Engel was elected as President pro tempore. Other nominees were: Chris Curlee, Mike Koziniak, George Abbott.

President Larry Baker presented a declaration to the Senate concerning the Free Speech Movement crisis at Berkeley and asked the Senate to approve the resolution for forwarding to the Regents, via the official route. The gist of the declaration was that, all issues aside, we could not condone the actions taken by the FSM in their drive to gain certain prerogatives. A lively discussion ensued. Both Dr. Forbes and Dr. Goldberg spoke to the issue, as did most of the members present. A motion was made to hold the proposed statement in abeyance. The motion was amended to hold it only until Friday, in the meantime to form a special ad hoc committee to further investigate the matter and to report back and make recommendations at an extraordinary meeting Friday. The amendment and the motion, as amended, carried. Procedures for appointing the committee were determined by the Senate: the President would appoint a Chairman, and the Chairman would select his own members. Mark Hinderaker was appointed Chairman, and selected John Freeman, Barbara Beasley, and Mike Boylson as his committee.

The time of the extraordinary meeting of the Senate was determined by vote to be 10:00 a.m. Friday, in a room to be announced. At that time a report will be given by the ad hoc committee concerning a recommended course of action, if any, to be taken with regard to the FSI activities at Berkeley.

Associated Student Cards: The subject was broached by the President that we would need to proceed soon if we are to have A.S. Cards next semester. Dr. Forbes said the deadline will be April if we are to have A.S. Cards next September (we cannot get them into the budget for this year.) The maximum charge allowable is \$12.00, no minimum. They would help pay for various student activities such as annual, paper, clubs, etc. A committee was appointed (in the manner described above) to look into the matter thoroughly and report back at an unspecified time. Chairman, George Abbott; members, Jim Cole, Mike Koziniak, and (ex officio) Bob Murphy.

AWS Election: The question was raised as to the election of an AWS president. The President of the Senate explained that the AWS had had a temporary president; she, and no others, applied to run in the general election for AWS president; it was decided administratively that it would be unnecessary, if not ludicrous, for her to run under the circumstances, and her name was left off the ballot.

School Mascot: The question of the school's mascot was raised. A number of Senators opined that the mascot recently chosen, the Briton, was neither a good one nor representative of the majority of student's desires. It was moved, seconded, and approved that a committee of one be assigned to look into the matter and report back at a specified time. Jeff Greenhill was so appointed.

Dear Sir:

The Constitution of the ASUCSD provides for a Senate consisting of student and administrative Representatives. Recently the student body elected sixteen student Representatives to the Senate who shall take office immediately. The Constitution states that one Representative each from the UCSD Office of Business and Finance, the UCSD Office of Student Affairs, and the San Diego Division of the Academic Senate shall be selected respectively by those offices or organizations.

The Administrative Representatives have the same powers as student Representatives, including the right to vote in the Senate. With this in mind, I would like you to select a Representative from the UCSD Office of Student Affairs to serve on the ASUCSD Senate.

The first meeting of the ASUCSD Senate will be Wednesday, December 16, in Room 2124 of Building B. The Meeting starts at 7:00 P.M.. We would appreciate having your Representative at this Meeting. Could you please inform me of your decision via the Office of Student Affairs, as soon as possible. Also, feel free to ask any questions that you might have. Thank you for your cooperation.

Sincerely,

Janet Albin

Minutes of the AS Senate Meeting

February 13, 1968

I. The meeting was called to order at 7:15 by Gary Curtis.

II. Roll. Members present: Rich Altenhoff, ^{Mr.}Harv Sweetwood, Bill Stiles, Gary Curtis, Sue Dascomb, Carrie Randall, Bill Shark, Pete Waasdorp, Bob Topolovac, George Murphy.

III. Business.

1. Ed Spriggs was recognized and he reported that Dick Gregory will not be able to speak as previously planned. However he said the Black Students' Council could probably get Stokely Carmichael instead and suggested that the Senate vote to transfer funds from getting Dick Gregory to get Stokely Carmichael.

MSC that the Senate transfer up to the \$700 voted for Dick Gregory to obtaining Stokely Carmichael. The money will be transferred to the Guest-in-Residence Committee, using this agency to act as a coordinating agency. (Vote: 3 in favor, 2 opposed).

There was discussion as to whether or not admission should be charged. Some argued that students and others would be willing to pay admission and thus help defray the costs while others said this event should be free because it is a form of education for the campus.

It was moved but not passed that a set sum up to and including \$1 be charged as a condition for the Black Students' Council to be given the \$700.

MSC that the Black Students' Council in conjunction with the Guest-in-Residence Committee charge admission if necessary as a last resort to make up the difference between what the Senate and Guest-in-Residence allocate and what is needed.

2. The next order of business was filling Jim Miner's vacancy on the Senate. Rich Altenhoff suggested Pete Waasdorp a student from Muir to fill the seat.

The Senate voted to approve Pete Waasdorp to fill Jim Miner's vacancy on the AS Senate.

3. Bill Shark brought up the situation involving Charlie Moore. He summarized the situation saying that Charlie Moore had been put on conduct probation and told to leave the dorm primarily on the grounds that he had hung signs in unauthorized places, had girls in his room, and had a problem with identifying himself in the Cafeteria. It was pointed out that the historical role of the student is one in which the University determines the dorm contracts but how can the students make sure that the University fulfills its obligations. It was suggested that the students should initiate a Student Bill of Rights which provides for 1) dorm rules, 2) defines all student infractions, and 3) creates a supreme court to be elected by students at large. It was reported that Charlie Moore can appeal his ejection from the dorm and is doing so to the Committee on Student Conduct

MSC to create a committee to investigate the disciplinary action taken against Charlie Moore to investigate: 1) if due process was violated; 2) to point up areas of further study; and, 3) to recommend changes and programs for the future. The committee will report at the next meeting.

Pete Wassdorp volunteered to head the committee and asked those who would be willing to serve on it to see him after the meeting.

4. Dean Murphy reminded the Senate that the Communications Board was to report to the Senate on the finances of the newspapers and he circulated the First Quarter 1967-68 Financial Statement of the Triton Times and the Indicator. It shows that the Triton Times spent \$83.29 more than was budgeted while the Indicator spent \$730.49 more than the planned budget. Murphy reported that the Indicator has been put under the supervision of a receivership committee which has specified certain conditions under which it can continue to publish the Indicator.

MSC to accept the Financial Statement and release the balance of the funds earlier allocated to the Communications Board.

5. Gary Curtis reported that due to increased costs he was requesting additional funds of \$2000 for student activities for the 3rd quarter. It was decided to table his request for one week until it is decided and discussed whether or not the AS should begin to set aside money for the Student Union.

IV. Adjournment.

It was moved and passed to adjourn the meeting at 9:10 PM.

Respectfully submitted,

- Bob Topolovac reported that he was trying to obtain the use of Anno Bungker 237 for a student automotive repair center and a craft and hobby center. He said the minimal cost for the craft and hobby center is \$175 and for the auto repair center \$375 of which he could get \$200 and he asked the Senate to allocate the rest of the amount needed, \$350.

MSC to appropriate \$350 for the two centers.

- Bill Shark reminded the Senate that we need a Judicial Board and recommended Charles Morgan for Chief Justice. Rich said he would interview him.
- William Brosari from the Business Office reported on the cafeteria situation. He summarized the complaints as to the cooking of food, running out of food, long lines, and attitude of the cafeteria help. He also said that November 11th the silverware was restocked and in an inventory on January 11th 783 knives were missing. The losses of the Prophot Company he said is due to loss of inventorable items, illegal use of meal tickets, and extra maintenance cost such as cleaning up in the patios, residence halls. Herv, Rich, and Shelley offered to serve on a committee to discuss the specifics of the cafeteria problem with Mr. Brosari.
- Jim Miner presented his report on drugs and it will be distributed at the next meeting.
- A Representative from the Black Students' Council reported that February 11th to 17th is Negro History Week and they want to sponsor having Dick Gregory on campus. They can get him for half his regular price of \$1000. In addition to the \$500 fee his plane fair of \$244 would have to be paid for. The Guest-in-Residence committee will pay \$250.

MSC to allocate \$700 to attain Dick Gregory to appear on campus.

- The next topic of discussion was financing college governments. It was suggested that there are three alternatives: 1) all money be given to the AS and the AS fund individual college governments; 2) all money be given to the individual college governments who would fund the central AS in accord with the number of students they have; and, 3) have funds originally allocated to both the AS and the college governments. It

was suggested that there will be AS elections at the end of the Winter quarter or the beginning of the Spring quarter and a constitutional amendment as to how the college governments should be financed should be voted on. Dean Batchelder suggested that a vacancy be left on the Senate to be filled by the new college in its first year so it could have representation also. Other suggestions included the AS helping college governments get started, having through the AS an advisory committee that could help the provost of a new college the year before his college actually opens, and having a big brother committee to work with students of a new college in organizing the government. Rich said that right now the AS needs all of its \$6 but perhaps later on when there are more students it would perhaps need \$9 and the colleges could have their own source of income. It was also suggested that the AS become more of a campus-wide organization.

8. It was discussed as to whether or not the AS elections should be held in conjunction with Choice '68. It was suggested that having them together would detract from the AS elections. On the other hand if it was with Choice '68 perhaps there would be a larger turnout.

IV. Adjournment.

It was moved and passed to adjourn the meeting at 9:15 PM.

Minutes of the AS Senate Meeting
January 10, 1968

- I. The meeting was called to order at 7:15 by Rich Altenhoff.
- II. Roll. Members present: Tom Shepherd, Jim Miner, Sue Dascomb, Gary Curtis, Rich Altenhoff, Bill Shark, Shelley Camp, George Murphy, Bob Topolevac, Dr. John Goodkind.
- III. Business.
 1. Rich Altenhoff reported that there will be a western regional conference of colleges Thursday and Friday at UCLA and asked if any senators could attend.
 2. Rich reported that we have been approached by Plains Publication to put out our directory. They would get the advertisements and actually publish the directory for free and we would be required to provide the list of student names and would be responsible for distributing the directory. It was suggested that we investigate the offers of other similar organizations. As part of the contract there is an option for the Plains Publications to renew the contract for four years. As the directory is published for free the AS or another organization could sell it and make a profit.

MSC that the AS Senate assume responsibility for publishing the student directory for '68-'69 and postpone action on the question of distributing the directory.
 3. George Murphy explained Choice '68 which is a program sponsored by Time magazine that is going to conduct a mock presidential election on college campuses on April 28. The Senate agreed to participate in this.
 4. It was reported that the offices (the AS office and the two newspaper offices) need typewriters. Misti said IBM has an educational plan whereby you can purchase three typewriters and pay 40% the first year and 30% the next two years, but no interest will be charged. Misti suggested that the AS pay the original 40% per cent and build the rest of the cost into the communications budget for the next two years. The 40% amounts to \$408 and then \$306 has to be paid in 13 months and then 12 months after that again.

MSC to allocate money for the first payment on three IBM typewriters.
 5. Murphy suggested that the budget should be consolidated and Gary Curtis asked that a financial report be presented at the next meeting.
 6. Murphy reported on Chancellor Hayms' actions toward the AS government at Berkeley. He has created the Union Projects and Facilities Board which consists of eight students and nine non-students to protect the assets of the AS and distribute funds according to the AS budget approved in the fall. Hayms believes the AS is a clear antagonist of the University and not representative of the students. His main objection was that Graduate students who had not paid AS fees were allowed to vote in the last AS election and two graduate students were elected to the Senate. The Senate at Berkeley has censured Hayms for his action.

7. Dr. Goodkind reported that students can sit in on the Academic Senate meetings and he said President McGill will send a formal letter inviting members of the AS Senate to attend the meetings if they wish.
 8. Murphy reported that the Academic Senate Tuesday took action in regard to the grade of incomplete. They said the grade must be removed by the end of the following quarter or it will revert to an F unless there is a specific reason that it is impossible. Murphy also said the Academic Senate was considering and perhaps has passed a measure that would allow for a student's transcript showing only the second grade if a course was repeated for which he received an F. Also the pass-fail grade was discussed.
 9. Gary Curtis reported that on January 20th there will be a dance with two bands from our campus playing. Also, the old films will be shown on February 3rd with the show from the Ice House on the 17th, actors from San Diego State on March 3rd, and Mickie Finn's on March 31.
 10. It was decided to discuss how the individual college government should be financed next meeting.
 11. Murphy reported that a report and suggestions on university standard of conduct and disciplinary action has been written and he said he will pass it out to the Senators for them to consider.
- IV. Adjournment.
It was moved and seconded and passed to adjourn the meeting at 8:10 PM.

Respectfully submitted,

- I. The meeting was called to order at 7:10 by Herv Sweetwood.
- II. Roll. Members present: Gary Curtis, Chris Hollingshead, Bill Stiles, Sue Dascomb, Jim Miner, Bill Shark, Tom Shephard, Rich Altenhoff, Shelley Camp, Herv Sweetwood, Rob Constants, Warren Benjamin, Bob Topolovac, Dr. John Goodkind, Carrie Randall.
- III. Business.
 1. Bob Topolovac reported on the cafeteria situation and read the December 14th letter from Dr. Saltman and the cafeteria committee. He said there will probably be a vote of residence hall students early next week on the alternatives presented in the letter. Discussion of the cafeteria was tabled until the next meeting when a member of the committee could be present.
 2. Mr. Rounds explained the new policy of charging a fee to use the cafeterias. To use the main dining hall there will be a \$12 minimum charge and a \$47 maximum charge. There will be a charge of \$6 to use the Matthews cafeteria and \$5 for the North or South Dining Halls. He said the amount charged will depend on the event and on how much time will be required to put the cafeteria in order. It was suggested that the AS or maybe someone else could foot the bill for events where admission isn't charged.
 3. Gary Curtis and Jim Miner reported that they had met with the Academic Senate and suggested a member of the Academic Senate be invited to attend the AS Senate meetings. Mirdi has already written such a letter and Dr. Goodkind from the Academic Senate was present at the meeting.
 4. Tom Shephard and Sue Dascomb volunteered to serve on a committee to start planning for the Student Union. Tom reported that during vacation he visited some other campuses and saw their student unions. He said that we will need more students on a committee and suggested considering setting aside money from the AS fees or incidental fee into a fund for a downpayment on a loan.
 5. Bill Shark suggested that the AS should demand some say, and, in particular, there should be some provision that companies doing construction on campus should hire students.
 6. It was suggested that the Senate should allocate \$2000 in addition to the \$500 already allocated to the Coffee Hut for entertainment and this money should be turned over to the Coffee Hut committee.
MSC to appropriate \$2000 to the Coffee Hut for entertainment for the next two quarters.
 7. It was reported that the AS at Berkeley has dissolved and is now independent of AS affiliation.

8. Gary Curtis listed the activities which are planned for this quarter and which will occur at two week intervals as: Friday, a dance, then another dance, then movies of W. C. Fields and Charlie Chaplin, then the show from the Ice House, and then actors from San Diego State are coming. Also, they are trying to reserve Mickie Finn's for one night.
9. Bill Shark reported that the Theatre Camposino has moved their location and has to build their headquarters before they will be performing.
10. Roger Showley reported that the Triton Times is sponsoring a contest to make a flag for U.C.S.D. He said the prize will be a \$10 gift certificate at the book store and he asked the Senate to be the judges. He presented two entries and it was decided to continue the contest to get more entries.

IV. Adjournment.

It was moved and passed to adjourn the meeting at 8:00.

- I. The meeting was called to order at 7:20 PM by President R. Altenhoff.
- II. Roll. Members Present: Gary Curtis, Sue Pascomb, Shelley Camp, Jim Miner, Bill Shark, Herv Sweetwood, Rich Altenhoff, Rob Constants, Bob Topolovac.
- III. Minutes/
The Minutes of the November 28th meeting were corrected to read in addition under New Business, Section 10, "It was finally decided all Senators would serve as a committee of the whole to discuss setting a precedent."
- IV. New Business.
 1. It was reported that Muir was going to petition the Senate for \$297.00 for their Christmas Party. It was decided not to give Muir this money because it was not for a university-wide event and also because the AS doesn't want to become only a funding organization.
 2. The policy of charging groups to use the Cafeteria which will probably go into effect second quarter was discussed. It was reported that the amount charged will depend on if the event was one to which admission would be charged and also will depend on the nature of the event. It was agreed that the Senate would invite Bill Brownari to come to a Senate meeting and present a breakdown on the costs.
 3. Jim Miner reported that Dr. Schultz and Dr. Moore, who are on COSA didn't agree with the policy of limiting organizations to one college. This policy was clarified. Fraternities and other social organizations only are limited to a single college, and other organizations can be University-wide.
 4. The role of students in planning of dorms and other areas was discussed. It was reported that students helped plan the Muir dorms and it was suggested that students should help chose the architect for the student center and be active in planning it.
 5. Gary Curtis reported on the Student Activities Committee. He said they planned varied entertainment with a free event once every two weeks. He said they are trying to get a show from the Ice House for February 19.

We ask that the University Student Placement Office rescind their invitations to the military groups and Dow Chemical Company.

We ask that the Academic Senate of UCSD adopt this resolution.

Dean Murphy read a letter he received from the SIL Coordinating Committee that protested recruitment by war-related industries and the military and asked they not be allowed to recruit on campus. Dean Murphy then read his reply which said there were three solutions to the problem: 1) allow no outside groups on campus; 2) select certain groups who will be allowed on campus; or, 3) broad policy of free speech. He said the University now follows the third alternative and that the SIL proposal restricts this policy. Murphy reported that military recruiters are not allowed to use advocacy areas. He said outside groups are allowed to use either the advocacy area or interview rooms according to their purpose, for instance, recruiting or purely information-giving. Murphy also reported that various administrators including Galbraith and himself had passed a resolution which said they realized there was dissent as to the government policy, primarily in Vietnam, but they would permit on-campus recruiting and opposition to this recruiting. However, they will not tolerate illegal efforts. Murphy also read a telegram from Congressman Stull and stated Galbraith's reply as there were no laws, or university policies violated.

It was moved, seconded to accept Jim Miner's resolution. The vote was one for and seven against (including Jim Miner).

Jim Miner resubmitted his resolution deleting paragraph 3.

It was moved, seconded to accept Jim Miner's amended resolution. The vote was two for (Jim Miner, Bill Shark) and six against.

3. Jim Miner reported that Dean Hull had had the door at the Coffee House painted over. Murphy reported that this was done under instructions from the steering committee of the Coffee House in order to keep the Coffee House free from political sign writing.
4. Bill Shark reported that UCSD has a newly-formed Black Students' Council which has already held a meeting where recordings of Malcolm X were heard. Bill Shark introduced Ed Spriggs who represented the Council. He said the Council was formed to: 1) educate the campus community to the needs and feelings of the Black people on campus and in the surrounding community; 2) improve the Black Community in San Diego by helping to improve the educational system of these people and encourage the goals of a college education; 3) develop and maintain the identity of Afro-Americans on campus. Spriggs reported that the Black Students' Council wants to invite Karenga to speak on campus. However, his fees are \$100 and the Council asked the AS to provide about \$100 for this student activity. It was suggested they try to get money also from the Guest-in-Residence committee.

MSC to appropriate up to \$100 to bring Karenga to campus and seek co-sponsorship in terms of name and funds with the Guest-in-Residence committee.

Minutes of the AS Senate Meeting
October 24, 1967

- I. The meeting was called to order at 7:15 PM by President Rich Altenhoff.
- II. Roll. Members present: Rich Altenhoff, Harv Sweetwood, Gary Curtis, Tom Shepherd, Carrie Randall, Bill Shark, Bill Stiles, Shelley Camp, Jim Miner, Sue Dascomb, Chris Hollingshead, Ron Constants, Bob Topolovac, George Murphy.
- III. New Business.
 1. Chris Hollingshead reported that the AS received about \$12,000 in fees for this quarter and can expect to receive about \$34,000 for the year. He gave expenses for the quarter so far which included: \$5,100 (1,700 for quarter) for communications board; \$1900 for expenses such as beach party; \$700 in bills outstanding; and, salaries.
 2. Regent Higgs was introduced. He stated that he heads the Committee on Student Charges and Student Aid. He reported that his committee is still taking evidence on the question of raising the incidental fee but he said as he sees it there will be a charge but the amount and how it will be spent has not been decided. He defined the purpose and responsibilities of his board to be a) to recommend to the Regents 1) amount of charge to be paid by students, 2) use of funds received, and b) to recommend additional funds to keep student charges as low as possible. He said various members have suggested finding alternate sources of revenue such as from agriculture, industry, or others who have benefited from the work of the University. He said that by 1975 there will probably be 140,000 students in the UC system and that this will perhaps mean the necessity of passing a bond issue. Higgs stated that so far the committee has received reports from faculty, students and reports on administration of present scholarship funds, present uses of incidental fee, data, income, and eligibility of students, University patent program, and impact of student employment on scholastic endeavors.

Higgs reported that at the recent Davis meeting the Regents made a resolution saying that it is the policy of the University that University facilities not be used in unlawful activities. He also said that the Regents generally felt that the injunction at Berkeley was improperly issued and the Regents hoped it would be lifted.
 3. It was next discussed and suggested that Beagle Hall be allowed to do the student directory because the Divers Club didn't submit a proposal and Alpha Phi Omega decided not to submit a proposal also. It was unanimously voted that the Senate accept Beagle Hall's proposal to do the directory with the understanding this is for this year only. Also a 10 day limit was set to get the directory to the publisher. It was reported that Alpha Phi Omega and Solchelas would like to do the Directory for next year and can get a contract ready so could get the directory out sooner.
 4. Rich suggested that perhaps we could have Chancellor Galbraith speak with the Senate on a similar basis as the Higgs discussion. He said regular business could be dispensed with in a half hour and then meet with Galbraith or have a separate meeting entirely.

5. Herv reported that at the majority of the UC campuses the AS presidents have taken a stand as to the proposed increase in student fees but generally the student governments have not taken a stand.
6. It was reported that the Senate has been invited to dinner at Galbraith's University House.
7. It was discussed that the AS sponsor an activity off campus, perhaps at the Concourse, as a money-making activity. A suggested group was the 5th Dimension, whom we could get for \$3500 and the Concourse charges 2000 to rent the auditorium which included the publicity. It was suggested the AS sponsor such an event in order to raise money to perhaps later on sponsor a good on-campus activity for the students only.
8. The topic of a Senate resolution on proposed student fee increases was again discussed. It was suggested that on the basis of what Higgs said the resolution should include some stipulation to the effect that if an increase in fees is inevitable it should be used for student aid.
Bill Shark read a resolution:
Resolved, that the Senate of U.C.S.D. cannot condone an increase in Regent imposed student expenses. Any action on the part of the U.C. Regents to raise these expenses is not in the best interests of our student body. The A.S. Senate feels that an increase in fees would have the same effect as the former proposal to institute tuition. The ASUCSD would view this type of action by the U.C. Regents as an act of acquiescence, due to external pressure.
The resolution was amended to read in addition:
If however, the Regents fail to rescind their objective of an additional student charge, this AS Senate demands that all funds from this charge go to student aid as a new dimension to historical incidental fee uses.
nec to accept Bill Shark's resolution.
9. Rich announced the deadline for putting names on committees is next Tuesday and also said we must get two new members for the Committee on Student Affairs. It was suggested the Senate can suggest two new people or the two top candidates who didn't get it to the Provost to be added to the committee.
10. Topolovac said that the sooner that the AS support a Revelle College government the better it would be.

IV. Adjournment.

The meeting was adjourned at 10:00 PM.

Cindy Nielsen

Minutes of the AS Senate Meeting
October 17, 1967

- I. The meeting was called to order at 7:15 PM by President Rich Altenhoff.
- II. Roll. Members present: Rich Altenhoff, Herv Sweetwood, Tom Shepherd, Bill Shark, Jim Miner, Carrie Randall, Sue Dascomb, Bill Stiles, Chris Hollingshead, George Murphy, and Bob Topolovac.
Members absent: Shelly Camp.
- III. Minutes.
There were no additions or corrections to the minutes of the October 5 meeting.
- IV. New Business.
 1. Bill Stiles reported that Muir is setting up its own government and also that he will continue to represent Muir as a Senator along with two ex-officio members from Muir, Warren Benjamin and Rob Constantz. It was discussed that Revelle now needs a college government and it was suggested that the Inter-Hall Council or the Committee on Student Affairs could serve as the Revelle Student government temporarily. However, two members of the Committee, Carl Kottman and Howard Schwartz are no longer on it.
 2. Nominations were made and approved by the Senate for the Communication Board members: Jim Navy, Steve Montgomery, and Roy Verderoy.
 3. Rich Altenhoff reported on the Regent action on the proposed incidental fee increase and also said that the Higgs Committee is meeting October 20 to discuss the question. He said some of the universities have issued policy statements on the matter. Bill Shark read a proposal:
Resolved, that the Senate of U.C.S.D. cannot condone an increase in Regent imposed student expenses. Any action on the part of the U.C. Regents to raise these expenses is not in the best interests of our student body. Furthermore, raising fees could serve no other purpose than to discriminate against various lower economic groups. The A.S. Senate feels that an increase in fees would have the same effect as the former proposal to institute tuition. The ASUCSD would view this type of action by the U.C. Regents as an act of acquiescence, due to external pressure.
It was reported that the increase in incidental fees, unlike tuition, would go towards such things as lab breakage, the health center, and perhaps alleviate the strain because of the reduced budget or perhaps provide more scholarships. Rich said he thought action in the form of a statement is imperative. However, there is a week in which we can act if necessary. Herv Sweetwood and possibly Bill Shark are going to Davis to attend the Higgs Committee meeting. It was suggested that Higgs be invited to speak at a special meeting of the Senate October 24 at Murphy's house to acquaint the Senate with the proposed rates in the incidental fee.
It was moved that the Senate accept Bill Shark's resolution and the motion was defeated by a 2 for - 5 against vote.
MSC to send Herv Sweetwood and Bill Shark to Sacramento to attend the Higgs Committee meeting.
 4. Dean Murphy reported on the efforts being made in regard to the Cafeteria situation. He read a letter to be published which included the suggestions that: 1) the main dining hall be reopened to all; 2) the honor code be extended; 3) the residence hall students must be consulted; 4) the

Prophet Company be asked to audit the records over the present quarter to establish a base for comparison; 5) the South Dining Hall be opened for all from 7am to 7pm; 6) the Prophet Company make meal tickets available for a specified time for computers, etc.; 7) the Committee will continue to meet and will keep the students informed. Murphy added that he caught two students illegally entering the cafeteria and that the honor code must be stressed.

5. Bill Shark introduced two members of a Southeast San Diego theatre group who are producing the play "Hang By the Shoestrings" and Bill suggested we invite them to stage this play on campus. He said we could charge admission of which 60% would go to the theatre group (with a \$50.00 guarantee) and the AS fund would get the remaining 40%. It was suggested we have this within the next three or four weeks.

MSC that we invite the Southeast San Diego theatre group to present "Hang By the Shoestrings."

Bill Shark was put in charge of arrangements and publicity.

6. MSC that the Senate establish until the next general election the positions of two ex-officio commissioners to be nominated by the temporary Muir college government.
7. It was suggested that we put the topic of the football team on the agenda for the next meeting where Dr. Forbes will speak and also the question of the AS providing bus transportation to the basketball games at Miramar.
8. The Coffee Hut committee has reported a proposed budget allocation of \$2300.00 for entertainment. The Coffee Hut is now called the "Induction Center."
9. The question of who will be allowed to publish the Student Telephone Directory was discussed. It was variously suggested Beagle Hall be allowed to publish it or allow other student organizations to publish it. It was decided to wait to choose who will be allowed to publish it until each group can submit proposals and ideas for the directory.

V. Announcements.

Dean Murphy reported on his recommendations on the fraternity situation at UCSD. These recommendations were made in response to faculty requests and with the fraternities now active on campus. Murphy recommended that the fraternities be recognized on the condition that they conform to the following conditions: 1) they remain local; 2) they are affiliated with an individual college only and not university-wide; 3) that activities be consistent with the philosophies of the college; 4) that membership be open to all who have completed one quarter and have a GPA of 2.5; 5) membership selection procedures can vary but no "black-balling" will be allowed. And also he suggested that group size be limited to 45 members. Presently there are two fraternities on campus and one petitioning for return to campus.

VI. Adjournment.

The meeting was adjourned at 8:45 PM.

Respectfully submitted,

Cindy Nielsen

Resolved that the A.S. Senate, as representative of the U.C.S.D. student body, demands the return of the Revelle and Muir College cafeterias' admittance policies to those of the year ending June, 1967. The A.S. Senate realizes that the present cafeteria policy jeopardizes the basic format of this college system, that being a vital system of interaction between students, both resident and commuter, and the faculty. The Senate, in passing this resolution, insists that the student body comply with necessary stipulations of not giving away or accepting food, and thus make our demands plausible.

The A.S. Senate expresses its concern that major policy decisions concerning student affairs can be reached without appreciable consultation with the student body.

San Diego: Radio Station KSDT

October 4, 1967

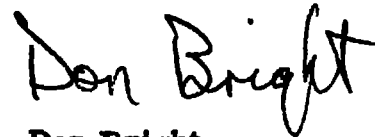

TO: ASSOCIATED STUDENT SENATE
c/o Rich Altenhoff, President, ASUCSD

SUBJECT: Annual operating budget of the campus radio station KSDT.

Radio station KSDT would like to request a six month operating budget to be financed by the AS in the amount of \$1670.00 (operating expenses attached). This amount reflects the fact that the "on-the-air" date has been delayed until 2nd quarter. Future operating budgets could run up to one thousand dollars more and could also increase beyond that with the addition of FM.

All other costs (i. e. initial operating costs, equipment, etc.) are being financed through school incidental fees and the AS is only being asked to finance the annual operating costs of the station.

Your attention to this request is sincerely appreciated.

Minutes of the AS Senate Meeting
October 5, 1967

I. The meeting was called to order at 7:15 by President Rich Altenhoff.

II. Roll.

Members present: Rich Altenhoff, Herv Sweetwood, Tom Shepherd, Gary Curtis, Carrie Randall, Bill Stiles, Jim Miner, Bill Shark, Shelly Camp, Chris Hollingshead, Bob Topolevac, George Murphy.

Members absent: Sue Dascomb.

Others present: Misti Wolfington, Don Bright (representing KSDT), Roger Showley (Trident Times), John Machelhosen (Indicator).

III. Minutes.

The minutes of the September 28, 1967 meeting were approved as read.

IV. New Business

1. Carrie Randall, speaking for the annual staff, reported that about \$1,000.00 was needed, \$456.21 for annual supplies alone, and \$635.00 for a darkroom to be used by all school publications. The original estimate for needed funds was about \$2,000.00 and has been cut. Carrie said the annual will be basically financially independent with funds coming from advertisements and subscriptions. It was reported that Young of the newspaper and Leonard of the yearbook agreed on these figures.

MSC to appropriate money for dark room \$635.00.

MSC to appropriate money for annual \$456.21.

Misti is to monitor the expenditure of funds.

2. Don Bright, representing radio station KSDT, reported that the previous estimate of \$2500.00 has been reduced to \$1670.00 which is for operating expenses. The initial budget of \$10,000.00 should be coming soon. The \$1670.00 Will be used to purchase tapes, records, install telephones, and not to pay workers as it will be run on a volunteer basis. Bright said the station will be on the air in January and therefore will need most of the funds then and just \$375.00 immediately. Murphy said that it doesn't really matter when the money is appropriated because the AS operates on a yearly basis, not a quarterly one. Opinion differed on when to allot money.

MSC to accept the KSDT budget of \$1670.00 and allocate 50% of it immediately.

3. John Machelhosen, of the Indicator, and Roger Showley, of the Triton Times, reported to the Senate on their budget needs. They said it costs \$134.50 to put out one issue. The amount of money the vending machine committee should allocate toward the newspaper was discussed but Murphy pointed out it was student money in either case. They reported they needed about \$1500.00 per quarter or \$4500.00 per year for operating expenses.

4. The discussion then turned to the topic of the Communications Board. Bill Shark suggested that the vending machine money should be turned over to the Communications Board which will then allocate the funds appropriately. It was also suggested that all the money for communications be put in one sum under the Communications Board whose duty it would be to receive and consider fund requests and then appropriate the necessary sums to all communication media on campus such as the newspaper, KSDT, and the annual. Herv Sweetwood

said the Board should be responsible for a quality control over the newspapers and this is only possible if the Board has the power to appropriate or withhold funds. Murphy said he would like a Communications Board to oversee publications, radio, etc. with general responsibilities. The money could be given to the Board and therefore the Senate wouldn't be responsible in evaluating the media but rather the Board would be subject to review at the beginning of each quarter by the Senate. Topolovac said all communication media, newspapers, yearbook, and radiot, would direct their requests to the Communications Board. Gary Curtis suggested that a single budget be submitted by the business manager of favious media and it would be evaluated and accepted or rejected by the Board which would then submit a total request for funds to the Senate. Murphy said that the Communications Board would have to be able to justify all spending to the Senate. The Senate would reserve the right to withdraw money. It was hoped to have three members of the Committee (with no restrictions as to graduate or undergraduate) chosen by the end of this week. Steve Montgomery is the only returning student member of the Board from last year. As to the amount to be allocated to the Communications Board for the newspaper Topolovac suggested that the Senate offer to pay half of the newspapers' requested sum, \$2250.00, and request the vending machine committee to match this amount. Chris Hollingshed suggested the Senate vote \$5,010.00 to the Communications Board to disperse as see fit but basically \$1670.00 for the radio station, \$2250.00 for the newspapers, and \$1090.00 for the annual and dark room.

MSC unanimously that all money for communications media be allocated to the Communications Board, which will be reviewed at the beginning of each quarter to disperse.

MSC to allocate \$5,010.00, \$1670.00 for radio KSIT, \$2250.00 for newspapers, and \$1090.00 for annual and dark room, to the Communications Board to disperse. And the Senate will request \$2250.00 from the Vending Machine Committee to match the AS allocation for the newspapers.

5. Machelhosen of the Indicator brought up the question of the need for travel expense funds for the newspaper reporters. He gave as an example that Davis allocates \$26.00/day travel and \$14.00/day living expenses to traveling reporters. He said they presently need money to send reporters to the tuition meeting October 6th at UCLA. It was suggested that the Communications Board work this problem out or perhaps money can be appropriated from the McCleese fund.

6. Bob Topolovac brought up a letter from the Computer Association of Muir which represents 149 students who live off campus and they are requesting a \$50.00 allocation to develop an immediate communication link. The \$50.00 will be used for postage and secretarial expenses.

MSC that the Senate appropriate \$50.00 to the Computer Association of Muir.

7. Bill Shark gave a report on Teatro Campesino. He said that they were unable to come during orientation week because one of the lead actors caught hepatitis. The question was raised if we should ask them to come again. Money spent on publicity, etc. for the canceled performance amounted to \$80.00 and their fee for coming would be \$300.00 plus \$60.00 for travel. Bill Shark reported that the money will go to Del Ray to the cultural center there for Mexican-Americans. He also mentioned reviews of the Teatro Campesino in Newsweek and the New Yorker and said the presentation is a series of skits and political satires.

MSC that the Senate invite the Teatro Campesino back to give their performance.

8. Herv Sweetwood reported on the effort to start an intercollegiate football team. He said he has a minimum of 300 to 400 signatures on petitions supporting a football team. Bill Shark said that he had heard that the P.E. department doesn't desire a football team but would rather the school stress rugby as its major sport. Herv added that the \$1500.00 to equip the team could possibly come out of incidental funds and also that admission could be charged but the money would go into incidental funds. However, the AS could run the concessions if we could outbid the Prophet Company.

MSC to table the Senate motion to support an intercollegiate football team until more information is gathered

9. Herv Sweetwood reported that the Coffee House is running in the black but as the AS budget has not been approved he suggested that the AS approve an amount to allot to the Coffee House for entertainment for the coming weekend. This brought up the question of the budget and a proposed commission to discuss and plan a budget. The Senators were asked to be thinking of people for this commission. It was mentioned that there has been an increase in fees and a percentage of this is being held in reserve for a student union. Murphy suggested that the budgetary expenditures and the expected fees be printed up for circulation to the Senate and the students. The discussion returned to the subject of the Coffee House and Misti said people are lined up or can be lined up for entertainment for the weekend at a salary of \$5.00 per one half hour. Gary Curtis moved that the Senate allocate up to \$50 for entertainment at the Coffee House. The motion was seconded and then amended to read up to \$200 for four weeks.

MSC that the Senate allocate up to \$200 for entertainment at the Coffee House for four weeks.

10. Jim Miner offered a proposed resolution in regard to the cafeteria set-up:
Resolved, that the AS Senate, as representative of the UCSD student body, demands the return of the Revelle College cafeteria's admittance policies to those of the year ending June, 1967. The AS Senate realizes that the present cafeteria policy jeopardizes the basic format of this college system, that being a vital system of interaction between students, both resident and commuter, and the faculty.

Dean Murphy was then asked to fill in the Senate on the problem as it was known to him. He stated that this is a major problem and no one is happy with the solution but that no one has been able to come up with a better idea. He explained the cafeteria layout as follows: the main dining hall is open to meal ticket holders and those who purchase the complete meal and serves limited seconds; the North Dining hall offers cash service and also the snack bar (whose menu has to be approved by the Coffee House committee) and students with meal tickets are able to move to these two locations to eat but by doing so forfeit their right to seconds. The cafeteria will be offering a program where commuters and others can purchase meal tickets for lunch and dinner for a week or so at a time. An ad-hoc committee recently met to discuss the problem but could offer no definite solution. Dean Murphy told the Senate that the Prophet Company lost \$25,000.00 last year and University auditors determined that a major portion of this was due to meal ticket holders giving food to others. Bill Shark said this loss is "absurd" because only a minority handed out food to others and also the cafeteria has no outside competition. The possibility of subsidizing faculty meals in the cafeteria was discussed. It was generally agreed that the cafeteria was an important place for discussions and also meeting others. Murphy said he was distressed at this situation where the community, including grad students, commuters, and faculty, were trying to dictate their desires to residence hall students.

interest.

MSC to vote on the resolution.

Moved that the Senate adopt Jim Miner's resolution as the Senate resolution on the problem. Roll call votes: ayes - Gary Curtis, Bill Shark, Tom Shepherd, Jim Miner, Shelly Camp, Carrie Randall. Members absent - Sue Dascomb, Bill Stiles. Motion carried by vote of 6 ayes and no nays.

It was then discussed whether or not to formally submit this resolution to the administration. It was suggested that if it were submitted to the administration the Senate can spread the news of the resolution and start an education program of the students to inform them that the policy of handing out seconds to non-meal ticket holders is hurting the meal ticket holders and could conceivably mean another raise in residence hall fees next year. But the administration would not have to act immediately. Topolovsc suggested that the Senate find ways to educate the students and limit the loss of the cafeteria. Murphy suggested holding action on the motion until the Senate can show the results of educating the students. Chris Hollingshead suggested that the Senate table the presentation of the resolution until the Senate and interhall council launch a student-wide education program so a trial period will prove an open cafeteria will work. It was suggested that to start such an education program with the Commuter Association of Fair. It was decided the Senate should have someone go in front of the rally scheduled for Friday and explain the education campaign. Murphy pointed out that the resolution does not clearly represent the Senate on the basis of what had been said.

MSC to amend to resolution to read:

Resolved, that the AS Senate, as representative of the UCSD student body, demands the return of the Sevelle and Fair College cafeterias' admittance policies to those of the year ending June, 1967. The AS Senate realizes that the present cafeteria policy jeopardizes the basic format of this college system, that being a vital system of interaction between students, both resident and commuter, and the faculty. The Senate, in passing this resolution, insists that the student body comply with necessary stipulations of not giving away or accepting food, and thus make our demands plausible.

The Senate also decided to make it known to the students that they hoped in the future more students would be consulted on such a policy change before it was made.

MSC to approve the resolution:

The AS Senate expresses its concern that major policy decisions concerning student affairs can be reached without appreciable consultation with the student body.

This was passed 6-0 in a roll call vote. Ayes - Gary Curtis, Bill Shark, Tom Shepherd, Jim Miner, Shelly Camp, and Carrie Randall. Absent - Sue Dascomb, Bill Stiles.

It was asked that Senators volunteer to work on the plan to educate the students with regard to the cafeteria regulations. Those volunteering were Tom Shepherd, Gary Curtis, Jim Miner, Bill Shark, Herv Sweetwood and Rich Altenhoff. This group should meet with the interhall council which is holding its first meeting October 12 at 7:30 and also meet with Dean Murphy.

V. Adjournment.

The meeting was adjourned at 10:15 PM.

Respectfully submitted,

AS Senate Meeting September 28, 1967

- I. The meeting was called to order at 7:35 P.M. by President Rich Altenhoff.
- II. Roll. Members present: Rich Altenhoff, Herv Sweetwood, Gary Curtis, Tom Shepherd, Carlie Randall, Suse Dascomb, Shelley Camp, Bill Stiles, Jim Miner, Bill Shark, and Chris Hollingshead.
- III. Minutes.
There were no minutes read.
- IV. Old Business.
Rich Altenhoff stated the purpose of the meeting to be a short meeting to help orient Muir students to the senate's activities and also to discuss what the AS role is in regards to Muir as no one seems to know the extent of its jurisdiction. He suggested that what is needed is for each campus to retain its autonomy but with a centralized college government. He said there will be a meeting with Dean Murphy to discuss this topic.

Bill Stiles said he hoped the matter of his election as senator from Muir would be more clearly defined. He questioned how much he really represents Muir and wondered if Muir elects their own representative would he become an interim senator.

Rich Altenhoff further stated that the Senate should have a meeting with Murphy and Topolovac and then a meeting with Muir Provost Stewart but the Senate must make the first move towards such a meeting. He defined the AS role as something of a coordinating board with certain campus-wide functions, cross-campus communication, and a college, not campus, newspaper.

Chris Hollingshead said we have somewhat of a frame for future organization, and he and Jim Miner expressed the feeling that we don't want a university similar to Claremont where the library is perhaps the only thing that is shared.

Altenhoff concluded saying that a medium is needed between a split of the different colleges and still continuity of the campus as a whole.
- V. Announcements.
Rich Altenhoff asked each member to drop by Misty's office with a schedule of their classes and said the budget will be discussed at the next meeting.
- VI. Adjournment.
Rich Altenhoff adjourned the meeting at 7:45 P.M.

Respectfully submitted,

Minutes of the Special AS Senate Meeting

December 1, 1967

- I. The meeting was called to order at 12:20 PM by Vice-President Harv Sweetwood.
- II. Roll. Members present: Harv Sweetwood, Bill Stiles, Shelley Camp, Sue Dascomb, Gary Curtis, and Tom Shepard, Bob Topolovac.
- III. ~~New~~ Business.
 1. Gary Curtis reported that the Senate could get Ravi Shanker to do a program with two 45 minute shows for \$5500. It was suggested if we do sponsor such an event we get an option for a second show. Gary said the costs would be \$5500, \$495 for the Civic Theater (seats 3300), \$100 for ushers, \$200 for tickets at Box Office, \$80 to print tickets, \$15 for men at stage door, and \$68 for a technician - a total of \$6500. Also we should expect one or two thousand dollars for publicity. If there is a full house there is an estimated profit of \$3500 to \$6500 depending on the price range of the seats. The Senators decided on the \$2.50, 3.50, 4.50, and some seats at 5.50 range of seats if possible and determined there should be an advance sale on campus at a reduced rate of one dollar for any seats.
MSC to sponsor Ravi Shanker.
 2. Gary presented a budget of \$3700 for the Social Activities Committee. They plan to have two \$1000 performances and three \$200 ones, one every two weeks. For the larger performances they had ideas of a group from the ice house, Tim Morgan, or Richard Pryor.
MSC to allocate to the Committee on Student Activities \$3700 for the next 2 quarters.
 3. Bob Topolovac reported that there will probably be a charge assessed students to use the Cafeteria facilities. The fees would be \$47 for the Main Cafeteria, \$20 for the North Dining Hall, and \$25 for the Matthews Cafeteria. However, generally, no fee will be charged if there is no admission fee.
- IV. Adjournment.
It was moved and passed to adjourn at 12:40 PM.

Minutes of 1967 Senate Meeting

November 28, 1967

- I. The meeting was called to order at 7:15 PM by Vice-President Herv Sweetwood.
- II. Roll. Members Present: Herv Sweetwood, Gary Curtis, Sue Dascomb, Tom Shephard, Bill Shark, Shelley Camp, Jim Miner, Bill Stiles, Bob Topolovac, and George Murphy.
- III. Minutes.
The minutes were approved as written.
- IV. New Business.
 1. It was suggested that the AS sponsor sending buses to the basketball games at Miramar NAS because of the difficulty of getting on the base. To rent transit system buses it will cost \$20-35 and the buses have a seating capacity of about fifty.
MSC that the AS rent a bus to go to the basketball games at Miramar for two weeks and charge 25¢ per passenger.
 2. COSA was discussed. Murphy explained its purpose as concerning itself with all aspects of student life (curriculum, rules & regulations, etc.) and serving as an advisor to the Provost or Chancellor. There will be a COSA for each college. It was suggested that Senators fill the 3 vacancies on COSA and Jim Miner had the names of three students who would like to serve on COSA.
MSC that the President/Vice-President be instructed to appoint three members, including senators or names Jim Miner offered.
 3. Murphy reported that Galbraith and the other Chancellors met with the Higgs Committee last Friday. There are two options to the Committee: 1) a fee increase and ways to spend the money; or, 2) wait for a specific need and then increase the fee. The Committee now seems to favor the second option. Also the Committee will not make any recommendations at the La Jolla meeting. Murphy suggested that Senate support of the Chancellors' conclusion that there is no pressing need so they can't support an increase might be beneficial. Jim Miner read the following resolution:
Resolved, It is the opinion of this Senate as representatives of the entire ASUCSD that the Regents would be mistaken to order an increase in student charges without knowing where the revenues will go.
Traditionally, logically, a party does not raise a revenue without some kind of precipitating event. Then the raise is directed toward the financing need.
As yet there is no demonstrated need for increasing fees. We urge the Regents to reconsider their establishment of a new student charge.
MSC to accept Jim Miner's resolution.
 4. Murphy reported on the bomb found in Building 250 and said as yet they don't know why it was placed there. He also reported that 20-25 Marines came on campus today protesting the North Vietnamese flag.
 5. Murphy reported that the Academic Senate had accepted the report of the committee on Academic Freedom and Executive and University Welfare and urged the opening of the cafeteria. However, this means they favor educational interchange over unlimited seconds. Jim Miner reported that he is working on a educational campaign related to opening the cafeteria.
 6. Gary Curtis suggested the money budgeted for Student Activities be

plans to the Committee on Student Activities in one sum. The Committee will be in charge of student activities and will report at frequent intervals to the Senate. Gary suggested that there be one large and one small activity each quarter.

7. Sue Dascomb reported that the cheerleaders are requesting money for uniforms, etc. They need \$40 for women's outfit, \$50 for two men's outfits, \$10 for megaphones, \$97.50 for dinners at \$1.50/linner for 13 away games, and transportation to 14 away games.
NSC to appropriate money for uniforms and meals, a total of \$197.50, and wait to act on appropriation money for transportation.
 8. On December 7, Challenger is putting on a party for the faculty and their children and students who will be asked to donate 25¢ or 2 cans of food for a Jamaican orphanage. The purpose is to support the orphanage and also relations between students and faculty. Challenger is requesting up to \$100 to help hire a band.
NSC to appropriate to Challenger up to \$30 for the party with the stipulation they look for money from other sources.
 9. It was reported that there is a Student Union Steering Committee that is planning a student union for 1972 and it was suggested that the Senate submit the names of students who could serve on the committee for two or three years. Tom Shepherd offered to serve on the committee.
 10. It was reported that Muir will be petitioning the AS for \$5,000 which will be used at the discretion of the college. It was suggested that the Senate should set a precedent in regard to helping set up governments on the different college campuses. It was decided to wait for Muir's recommendations before taking any action. Miner, Dascomb, and Curtis volunteered to serve on a committee discussing this and it was suggested that the ex-officio members of the Senate from Muir also serve on the committee.
 11. Gary Curtis reported on having a money-making project. He said it was no longer profitable because big names have their own promotion or charge about \$7,000 in addition to 70% of the gross net receipts. He said he would know for sure about such an event by tomorrow.
 12. The faculty evaluation guide was discussed and Harv said Roy Vertery was in charge of it but he doesn't have time to work on the guide. Two hundred dollars has already been spent. Harv reported that Dr. Saltman is interested in it.
 13. Roger Showley brought up the subject of having a flag pole to fly the American flag in the Revelle plaza. He suggested the AS co-sponsor the project with the Young Republicans. He reported that they had 50 names on petitions supporting the flag pole in the plaza. Murphy suggested a plaque be placed on the flag pole saying something to the effect "Erected by students and citizens of San Diego in recognition of what free speech is about."
NSC that the AS Senate supports the concept of the erection of a flag pole in the Revelle Plaza as a reminder of free speech in this country.

Through various articles published in the Triton Times I have followed with a great deal of interest the efforts by some of our students to generate campus-wide support for intercollegiate football. In fact, at the urging of Associated Student Body Vice President Herv Sweetwood I would like to unequivocally state the position of the Department of Physical Education on this matter.

Football would not be treated any differently than the seventeen intercollegiate teams presently representing our campus in athletic competition. Let us not be caught in the same unfortunate and trying position as other institutions of higher learning in the administration of intercollegiate athletics, particularly football. Without proper planning in the very beginning, our entire program at UCSD would have an unfortunate and stormy introduction into our educational curriculum. Throughout the history of intercollegiate athletics in this country, it is perhaps the only phase of education which the students themselves forced into the curriculum. From the beginning, almost everything that was done by the students in connection with athletics broke some cherished concept of education or some rule or regulation of the institution. From the start, therefore, the efforts of educational administrators and faculties have been directed toward curbing rather than understanding, accepting, and guiding these competitive activities into educational channels.

Our only chance for complete success is to continue with our present program which serves effectively as a phase of the general education for our students. We must continue to assume the entire responsibility and control over sports programs as they emerge. With this complete control by UCSD from the very beginning, problems that are plaguing other universities will not come about.

There shall not be any special inducements for athletic prowess. The allocation, administration, and supervision of any aid, financial or otherwise, shall be through the regular channels of the University and shall be the same for athletes as for other students.

Competition would be sought with institutions having similar academic requirements, approximately the same undergraduate male enrollment, with teams as evenly matched as possible, with an equal opportunity for victory.

Under no circumstances will football ever dominate the intercollegiate athletic program and receive support at the expense of any of the other intercollegiate sports.

- I. The meeting was called to order at 8:30 PM by President Rich Altenhoff
- II. Roll. Members present: Carrie Randall, Herv Sweetwood, Rich Altenhoff, Tom Shepherd, Bill Shark, Shelley Camp, Bill Stiles, and Jim Miner.
- III. New Business.
1. Rich Altenhoff announced that the Revelle College Joint Committee on Student Affairs has requested that the Senate appoint three persons to vacancies on their committee. They requested that the appointees are not grad students, staff members, or faculty members. They also asked that we appoint these persons such that there will be a balance on JCOA.

2. Senator Bill Shark presented the following resolution:

Resolved, that the Associated Students Senate of the University of California, San Diego, as representatives of the entire student body, can in no way condone United States military action in Vietnam. We condemn this war as being an illegal, immoral, and genocidal war against the people of Vietnam. The injustice of our intervention in the revolution and civil war in Vietnam is reflected in the United States. Our action in Vietnam forces the United States government to ignore the condition of its lower economic classes. The increasing oppression of those classes by diverting economic resources from programs designed to alleviate those conditions. The increased calls for the draft have forced the poor to engage in a fight in Vietnam, while their legitimate fight is freeing themselves from their oppressive economic conditions. As an example, the Black people in America who constitute 11% of the total population and who compose the most consistently oppressed and persecuted segment of our population make up 22% of the fighting forces, and 34% of the casualties.

As representatives of the student body, we request that the Academic Senate of the University of California, San Diego, accept this resolution.

Objections to this resolution were that the resolution was non-representative of the student body, that it is illegal for the AS to concern itself with off campus politics.

MSC to adopt the above resolution by a vote of 4 to 2, the dissenting votes coming from Tom Shepherd and Carrie Randall.

Rich Altenhoff expressed his displeasure with the resolution.

3. Senator Jim Miner presented the following resolution:

Resolved that we the Senate of ASUCSD, as representatives of the student body, protest the fact that war-related industries (notably Dow Chemical Company) and the military are permitted to use University facilities for recruitment.

It is the opinion of this Senate that the university throughout history has been a bastion of civilization and humanity, and that to let the perpetrators of inhuman crimes recruit on campus destroys that traditional value.

~~We ask that the University Student Placement Office rescind their invitations to the military groups and war-related industries.~~

We ask that the Academic Senate of UCSD adopt this resolution.

Objections to the resolution were that it was non-representative of the student body, and that it was out of the realm of the AS Senate.

Moved, seconded to adopt the above resolution. The vote was 3 to 3. Rich Altenhoff deferred his tie-breaking vote to the next meeting.

4. Bill Shark proposed the following amendment to the resolution adopted in part 1 of New Business:

We believe that the University's implication in the war should be examined. Secret defense research is particularly destructive to the basic character of this University by establishing its complicity in the war effort. Furthermore, by remaining silent on an issue which has such grave moral bearing upon our society, the University is negating its function. A basic factor of this function is to make public its conclusions on issues which affect the society of which it is a part.

Bill Shark noted that the resolution was to be added to the end of the previous resolution.

MSC to adopt the above amendment by a vote of 4 to 2.

5. Jim Miner told the Senate of Dean Hull's intervention in the affairs of the Coffee Hut. It was decided that Miner should talk with Dean Murphy about the matter.
6. Bill Shark announced that there is a referendum movement concerning the resolution adopted in parts 1 and 4 of this meetings New Business.
7. Rich Altenhoff announced that Paul Woodson was petitioning for money from the Senate to defray unexpected costs of the CCC bus trip to Sacramento.
8. Bill Shark asked that the Senate allocate \$100 for the SIL poetry readings. Rich Altenhoff spoke in favor of the allocation since it provides entertainment for the student body. Herv Sweetwood asked for SIL to be prepared to make the poetry reading a separate group. The \$100 is to be allocated to SIL for advertisement and refreshments and other expenses specifically for poetry reading.

MSC to allocate the \$100 to SIL for the poetry reading. Vote 6 to 0.

IV. Adjournment.

The meeting was adjourned.

III. New Business.

1. The Vietnam resolution passed on November 7 was discussed as to its legality. Bill Shark moved that the Senate reconsider the resolution and it was unanimously agreed. Bill Shark amended the resolution to read:

Resolved, that the undersigned members of the Associated Students Senate of the University of California, San Diego, can in no way condone United States military action in Vietnam. We condemn this war as being an illegal, immoral, and genocidal war against the people of Vietnam. The injustice of our intervention in the revolution and civil war in Vietnam is reflected in the United States. A basic factor of this function is to make public its conclusions on issues which affect the society of which it is a part.

We request that the Academic Senate of the University of California, San Diego, accept this resolution.

MSC to approve Bill Shark's resolution as amended (vote 8 to 0).

It was agreed that those who sign the resolution should decide to whom it should be distributed.

2. Jim Miner's resolution of November⁷ was amended to read:
Resolved that we the Senate of ASUCSD protest the fact that Dow Chemical Company and the military are permitted to use University facilities for recruitment.

It is the opinion of this Senate that the University throughout history has been a bastion of civilization and humanity, and that to let the perpetrators of inhuman crimes recruit on campus destroys that traditional value.

Associated Students
UCSD

Dear Sirs:

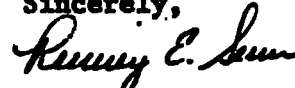

In the last edition of the Triton Times, the editorial which appeared there attempted to point out some of the shortcomings of the present student administration. Unfortunately, as I now know, the facts which were correct lacked their proper context and, as a result, delivered a message which is not consistent with the thinking of the Triton Times staff. In addition, the editorial writer did not balance the remarks with the numerous successful and beneficial actions taken by the student Senate so far this year.

While the point of the editorial should have been that a lack of communication between students and their contemporary leaders exists on this campus, this idea was terribly obscured and distorted until it was lost to the bulk of biting comments.

A retrenching of the editorial would be impossible and highly undesirable from our standpoint, but as time continues we hope to balance this mistake with an accurate and optimistic view of the AS Senate, its actions and its stands.

In short, had I been fully aware of the AS Senate's record and the damage that such a statement would do to that record, the editorial would never have assumed its present form. Today, measures are being taken which will make another editorial of this kind impossible.

Sincerely,

Renney E. Senn

CHANCELLORS:

Re: The Development of Compulsory Student Body Associations
at the University of California

The Organic Act of the University of California of 1868 (Sec. 18) intrusted the "government of its students" to the President and the Faculties of each college, with the Academic Senate serving, in disciplinary matters, as an appellate body. In actual practice, however, student government and discipline were supervised and administered by the President and by the Committee on Student Affairs of the Academic Senate.

At first, the students, on a voluntary basis and with the tacit consent of the faculty and the administration, organized various clubs and enterprises. In 1887 the students at Berkeley adopted the Constitution of the Associated Students of the Colleges of Letters and Sciences of the University of California (a name which was shortened to the A.S.U.C. in 1889) to authorize and control student groups using the University's name. In 1900 the new A.S.U.C. constitution was adopted and restricted active membership to those undergraduates who paid the voluntary dues of the Association and provided for a salaried graduate manager. A number of formerly independent student body enterprises (e.g. the various athletic clubs, the student store, the Daily Californian, the Blue and Gold, and the Occident) came under the management of the A.S.U.C.

In 1905 President Wheeler encouraged the organization of an A.S.U.C. committee to take over disciplinary functions from the faculty, whose committee, although remaining in formal existence, ceased to operate. The Academic Senate formally withdrew from the government and the discipline of the students in 1921 and delegated its authority to the President.

Meanwhile, in 1918, the State Constitution had been revised and assigned "full powers of organization and government" to The Regents. The Regents, in 1938, formally delegated to the President responsibility for the "organization and operation of the University, its internal administration, its discipline, and the care of its grounds and property."

Payment of dues to the Associated Students' organizations had always been on a voluntary basis until 1933. In that year, the A.S.U.C.L.A., (which had been formed in 1919) with current accounts payable of approximately \$126,000, applied to The Regents for a loan. The Regents agreed to lend it \$50,000 upon being advised that the A.S.U.C.L.A. Constitution had been amended to provide that "full control of all activities of the Associated Students, directly or indirectly involving business management of the expenditures of funds shall be vested in the Assistant Comptroller of the University of California at Los Angeles." Therefore, when the A.S.U.C.L.A. requested The Regents to make

its dues compulsory and collectible at registration, the Board approved on September 12, 1933:

"That The Regents levy and collect a student body fee whenever requested to do so by two-thirds vote of the student body concerned, provided satisfactory arrangements are made for the participation by The Regents in the financial direction of the affairs of said student body so as to safeguard the use of the funds collected."

Subsequently, the undergraduate student bodies at Los Angeles and at Davis (which had been formed in 1912) voted to request The Regents to establish a compulsory fee. The President of the University proposed to The Regents "a plan whereby the financial affairs of the Associated Students at Los Angeles and Davis be administered by the Comptroller or his representative and the funds cared for in such a way as prescribed by the Comptroller." The Regents Finance Committee, on December 12, 1933, so recommended and The Regents accepted the plan "with the understanding that such a plan would be put into effect as an experiment from which The Regents may withdraw if they so desire and realizing the necessity for the presence of a definite control of student body affairs in Los Angeles because of the obligations of that student body."

In 1948, the A.S.U.C.L.A., having eliminated its indebtedness, requested transfer to its Board of Control of the financial powers exercised by the University Business Manager on behalf of The Regents. President Sproul agreed to recommend such an action to The Regents provided that the preamble to the A.S.U.C.L.A. constitution be amended to state that:

"We the students on the Los Angeles campus of the University of California, by authority of the President of the University and in order to provide for the promotion, maintenance, and regulation of such matters as are ordained by him to the student governments, do ordain and establish this constitution."

On March 4, 1949, the A.S.U.C.L.A. Executive Committee voted unanimously to incorporate this preamble into their constitution. The Regents approved the transfer, providing that the A.S.U.C.L.A. Board of Control remain as then constituted (i.e. composed of a majority of faculty members, University administrative officers, and alumni, with the University Business Manager serving as an ex officio member.)

The students at Santa Barbara voted for a compulsory fee in 1945 as did the students at Riverside in 1954, the Graduate Students at Los Angeles in 1957, and the students at San Diego in 1965.

Meanwhile, at Berkeley, as early as 1931, individual officers of the Associated Students had requested compulsory fees but had been discouraged in that and subsequent requests by the University administration, for the voluntary system had many inherent values:

1. Students were solicited for membership by their fellows; there was no cause for antipathy against the University administration for levying compulsory "taxes"; and, having joined by personal decision,

the student's relationship to the Associated Students was that of a member, rather than that of a tax-payer;

2. Student executive committees could be held directly accountable by their constituents, who could express their displeasure by their refusal to pay dues when presented with an unacceptable program;
3. The periodic solicitation for dues provided the opportunity to advertise the advantages of membership and the obligations of a student, as a good citizen, to support his community.

Although the A.S.U.C. at Berkeley continued to operate as a voluntary organization, it was considered by the University as deriving its limited powers by delegation from the President of the University, a fact clearly pointed out by every University President beginning with Benjamin Ide Wheeler, (see Appendix).

When funds for the construction of Stephens Union on the Berkeley campus in 1921 were given by alumni and other donors to The Regents, The Regents accepted these donations with the understanding that the building would become "the property of The Regents in the same sense as any other building on the campus, but that its administration is to be a matter handled jointly by The Regents, the student body, and the alumni."

The preamble to the A.S.U.C. Constitution, written by the students themselves, had read from the early twenties that: "We, the students of the University of California, in order to provide for definite control over student affairs and to provide an organization to regulate all matters delegated by the President of the University to student government, do ordain and establish this constitution."

When Federal authorities threatened to tax the income-producing enterprises of the A.S.U.C. as "unrelated" to the educational functions of the University, the A.S.U.C. Executive Committee, on April 15, 1940, passed the following resolution:

"This committee recognizes that the government of the students of the University is vested in the President, had been granted in President Wheeler's day to the students as agents of his, and subject always to his approval as head of the University; and that it rests essentially on a basis of mutual good will and cooperation as between the governing body of the students and the President for the best interests of the University as a whole... ."

On August 9, 1940, the A.S.U.C. attorney and its General Manager filed affidavits with the federal government to the effect that the A.S.U.C. "is not a self-controlled organization. The University has the right and power, among other things: (a) to control and supervise the A.S.U.C. in the exercise of all its functions; (b) to prohibit the A.S.U.C. from conducting any and all functions; (c) to regulate the engaging by the students in the functions conducted by the A.S.U.C. ... Notwithstanding anything to the contrary stated in the Constitution, the University has the right and power to absolutely control each and all of the functions conducted by the A.S.U.C."

A similar affidavit was filed by the General Manager of the A.S.U.C.L.A.

Despite these statements, President Sproul had to report to The Regents Committee on Finance on October 10, 1941, that the A.S.U.C. and its officers still feared they might have to pay heavy income taxes. "It was the President's feeling that the student bodies are carrying out a University function and are not independent of the University and this he has always maintained publicly and in his correspondence. It is his feeling that the activities carried on by the student organizations are at the sufferance of the University and must be under the University control. The plan takes into consideration that all the property, such as playing fields and buildings, of the student bodies actually on the University campus belong to the University and have been so regarded by the student organizations." Tax exemption of the Associated Students organizations from federal income and capital stock taxes was granted shortly thereafter and has continued to the present.

In 1947, the State Legislature declared that "The name 'University of California' is the property of the State," and that without permission of The Regents it may not be used "to designate any business, social, political, religious, or other organization including but not limited to, any corporation, firm, partnership, association, group, activity, or enterprise." (California Education Code: Section 23001).

The Regents are responsible for the use of the name "University of California" by any organization since, without the permission of The Regents, the name may not be used "to display, advertise, or announce this name publicly at or in connection with any meeting, assembly, or demonstration, or any propaganda, advertising or promotional activity of any kind which has for its purpose or any part of its purpose the support, endorsement, advancement, opposition or defeat of any strike, lockout or boycott or of any political, religious, sociological, or economic movement or program."

During registration for the Spring Semester, 1955, students at Berkeley, having been informed that a compulsory student fee was essential to the financing of a new student union structure, voted by more than a two-thirds majority for such a fee. Furthermore, twenty-seven percent of the votes cast favored the establishment of a compulsory A.S.U.C. membership fee which would have included admission to and participation in athletic events, while an additional thirty-one percent favored a compulsory membership fee exclusive of athletic privileges. Although a two-thirds vote had not been obtained as required by the 1933 resolution of The Regents, the students requested the establishment of compulsory membership in the A.S.U.C. (exclusive of athletic privileges) and a compulsory union fee. Following the report of a special committee of The Regents which investigated the question, The Regents approved the request.

President Sproul was then faced with the question of whether the financial affairs of the A.S.U.C. should be placed under the control of the University Business Manager or a body similar to the Board of Control at Los Angeles. It was determined upon investigation that, under the then existing A.S.U.C. Constitution, no budget could be approved by the A.S.U.C. Executive Committee or expenditures authorized outside the budget without first having been approved

by the A.S.U.C. Finance Committee, of which half the membership consisted of representatives from the faculty, alumni, and the University administration, including the University Business Manager. The President decided not to press the matter so long as this arrangement continued, since in his judgment, it provided sufficient means of control to give the assurance sought in the requirements of The Regents.

In May, 1960, The Regents granted discretionary authority to the President and to the Berkeley Chancellor "to change the membership of the A.S.U.C. from a compulsory to a voluntary basis" and suggested "that the Chief Campus Officers of the other campuses explore the comparative merits of compulsory versus voluntary membership in their respective student associations, and if they in consultation with the President deem it advisable so to do, they be granted similar discretionary authority to change the membership of the associations on their campuses from a compulsory to a voluntary basis."

In June, 1965, The Regents authorized the Chancellor of each campus: "to establish the basis for and the rules governing the voluntary membership of students, graduate and/or undergraduate, in associated students' or student government; and to approve establishment of compulsory membership in an associated students' or student government organization on the part of the undergraduates, or graduates, or the entire student body or any part thereof, following an election in which a substantial number of the affected students participate and in which at least two-thirds of the students voting on the issue vote in favor of compulsory membership. All exceptions to this policy shall require approval by The Regents."

The Regents are constitutionally responsible to the people of California for the operation of the University; they may not divest themselves of this responsibility. They are responsible for the use of the name of the University, for the fiscal soundness of organizations which use that name or for which they establish and collect compulsory membership fees, and for the use of University facilities. In the fulfillment of their responsibilities The Regents have delegated certain powers to the President and to the Chancellors and they, in turn, have delegated certain powers to the student associations. Historically, the University has always held that the powers of these associations had been delegated to them by the President of the University, and records show that the student body associations themselves have recognized this delegation of authority. It had been on this basis that The Regents agreed to establish and collect compulsory membership fees for use by these associations.

The Regents have subsequently authorized the Chancellors "to establish or continue student governments as official units of the University of California, to approve membership fees and to delegate to such governments specified powers and responsibilities concerning student affairs. Such student governments may be either compulsory or voluntary and may include the student body as a whole or particular segments of it....Compulsory membership may be established only following an election in which a substantial number, as specified by the Chancellor in advance of the election, of the affected students participating, and in which at least two-thirds of those voting vote in favor of compulsory membership." If student body associations now wish to operate

in an area outside of those delegated to them they may do so; however, they may not use the name of the "University of California" and must operate as voluntary organizations, collecting their own voluntary membership fees, and using University facilities under the same conditions as do all other student organizations.

In May, 1960, The Regents authorized the Chancellors to change the membership of student body associations from a compulsory to a voluntary basis. The members of compulsory student associations should themselves have an opportunity to initiate such a change whenever a majority of the membership feels that compulsory associations are no longer desirable. The question at issue, of course, is not really one of compulsory versus voluntary student associations, but rather under what circumstances and conditions the University will establish and collect compulsory membership fees for use by student associations. The University can do so only when the student associations operate within the range of powers and responsibilities delegated to them.

If the University on its own volition or at the request of the students discontinues the collecting of compulsory membership fees, a number of activities may find themselves without sufficient funds. They must either find a new source of revenue in order to continue their operation or the University should agree to underwrite the cost. The latter course of action should derive its funds from increases in the incidental fee rather than from the establishment of still another category of student fees.

APPENDIX

President Benjamin Ide Wheeler
Annual Report of the President - 1912-13 (p. 6)

"Participation of the student body in the moral and disciplinary control of the University was greatly extended by President Wheeler about 1901. In that year, the organization known as the Associated Students of the University of California emerged and this body, growing in public confidence and in financial and administrative stability, continues to be the central organization in the life of undergraduate students."

President William W. Campbell
Annual Report of the President - 1923-24 (p. 5)

"For nearly a quarter of a century, the students in the Berkeley departments of the University have been entrusted with self-government, and the students in the Southern Branch of the University are living under a like system. I marvel at the high degree of success with which the students govern themselves. They elect their own officers and appoint their own governmental committees."

President Robert Gordon Sproul
President Sproul to Frank Buck, Editor, Daily Californian (September 16, 1932)

"In the first place it should be remembered that student self-government exists by grant of the President of the University. In other words, it is not an inherent right of the student body. I remind you of this to establish a foundation for my next point which is that the President may not continue to give his hearty support to student self-government if the fundamental tenets on which it was established are changed too much."

President Robert Gordon Sproul
Statement of President Sproul in Daily Californian (January 31, 1939)

"The students of the University of California have a system of self-government delegated to them by President Benjamin Ide Wheeler, and enormously expanded in longitude and latitude since his time, which allows them more freedom of action and more opportunity to run their own affairs than any system on any other major university campus in the United States. On their side of the dividing line between student and university problems they are free to use their independence in developing a government which will not only serve student needs after a fashion, but which will serve them in the best way possible.

President Robert Gordon Sproul
First University Meeting Remarks by President Sproul, Daily Californian
(September 1, 1939)

"It may not be amiss for me to remind you that student self-government in this University is the gift of a President--Benjamin Ide Wheeler--and the unwritten constitution of that government which he laid down has been followed loyally to this day by his successors in office. The writings of President Wheeler

clearly indicate that he initiated student self-government as a supplement to the educational activities of the University and to prepare students for the citizenship in a democracy which is their eventual responsibility. His objective was to extend to students not complete freedom of action, but such freedom of action within prescribed limits as they might prove capable of using with intelligence and discretion."

President Clark Kerr
Statement on Student Government (November 30, 1959)

"Student government has developed under the authority of the Academic Senate and the President of the University; just as the Academic Senate and the Office of the President have developed under the authority of the Regents. A form of student self-government was sanctioned in 1887 to promote the orderly conduct of student activities on the Berkeley campus. To extend that concept of good conduct into classroom and off-campus activities, President Benjamin Ide Wheeler established the practice of referring disciplinary cases to a Student Affairs Committee for determination of the facts. His purpose was not to set up an independent authority but to make students more keenly aware of their responsibility for observing the laws of the surrounding community and the regulations of the University... .

"The President will normally observe the autonomy of the student government in the conduct of student affairs, but reserves the right to intervene in matters affecting the welfare of the University or the responsibilities of its teaching or administrative officers. A student does not add to any rights he may hold as a citizen by registering at the University. Rather he accepts a new responsibility to live up to the spirit and letter of the regulations under which the campus community operates.

"The Constitution of the State of California confers upon The Regents of the University of California 'full powers of organization and government' of the University. The Regents have provided: 'The President of the University shall be the executive head of the University, and shall have full authority and responsibility over administration of the academic, business and fiscal operations of the University... .'

"Under the powers delegated to him by The Regents, the President (through the Chief Campus Officers) has entrusted to student governments on the various campuses primary responsibility for the conduct of a wide range of University activities and for the management of extensive properties. On most campuses The Regents have authorized compulsory membership in student governments and the collection of fees from all students to support their activities.

"The nature of student governments in the University structure, however, imposes certain essential limitations upon their powers even with the area of delegated authority. In the first place, because they are exercising delegated powers they cannot have full independence of action. The Regents and the President cannot escape ultimate responsibility for good management of the University's affairs--including those affairs delegated to student governments... ."

Minutes of the ASUCSD Senate Meeting

September 27, 1968

- I. The meeting was called to order at 2 PM by Vice-President Trish Cunningham.
- II. Roll. Members present: Tom Shepard, Trish Cunningham, Bill Eastman, Jeff Benjamin, Jon Collins, Tom Baer, Paul Ricks, Steve Ishamel, Steve Greenberg, Tom Peifer, Bob Topolovac.
- III. Minutes. There were no minutes read.
- IV. President's Report. Tom Shepard reported that the Program Board has organized a series of lectures which will be centered on American Foreign Policy fall quarter and the Urban Crisis winter quarter. Also, the Grass Roots and the Flamin' Groovy will be performing on campus.
- V. Old Business.
 - 1. Miss Wood, the AS financial advisor, summarized the income and expenses of the Associated Students for the Academic year 1967-1968. The total income was \$39,286.46 and total expenses including a Communications Board deficit of \$4,142.87 amounted to \$40,399.23 which resulted in a net loss of \$1,112.77. The Communications Board deficit resulted from the newspapers, primarily the Indicator, and the yearbook. Then Miss Wood reported on the estimations for 1968-1969. Total income is estimated at \$46,000 and total expenses at \$40,102.77, leaving a balance of \$5,897.23. Last year's deficit is included under expenses. It was mentioned that the AS has purchased a stage for \$1,519.25 which will pay for itself in three years by charging all but the AS for its use. The charge will be determined by who is using the stage, on or off campus groups, and other factors. Dean Topolovac added that the yearbook needs pre-sales and advertising or there will be no yearbook.
 - 2. Tom Shepard reported on the AS Fee Referendum. He said the Senate has 14 academic days to act on it, ten of which occurred spring quarter. He reported that the referendum is unconstitutional because in 1964 or 1965 students voted for fees. He suggested the AS approach

the Judicial Council on the constitutionality of the referendum and if it is declared unconstitutional he suggested the Senate hold a preferential election and if the fees were opposed to consider abolishing fees at the end of the Senate term of office.

3. Tom Shepard announced his committee recommendations which are:

Bill Eastman offered to serve as a liason with the Chancellor.

MSC to accept Tom Shepard's recommendations for the coming academic year 1968-1969. (vote: 8-0-0)

MSC that upon the approval of the Chief Justice the associate members shall be approved. (vote: 8-0-0)

VI. New Business.

1. Bill Eastman presented a resolution, which reads:

Be it resolved, that any and all equipment and facilities under the jurisdiction of the University of California, San Diego, in which the ASUCSD, past or present, has directly or indirectly participated in the procurement thereof, whether financial or otherwise, shall be made available for use to all University of California, San Diego student organizations. Use shall be subject only to time scheduling, which shall be handled by the AS Executive Secretary.

Furthermore, this resolution shall apply to all committees, boards, or other bodies to which the ASUCSD has appointed members.

Bill Eastman explained that this would guarantee machines for use of the students regardless of their opinions. This would open avenues for the Indicator to exist. There was raised the question of how priorities would be decided. Dean Topolovac expressed the opinion that this would be dictating to the Communications Board.

MSC to table Bill Eastman's resolution until the next meeting.
(vote: 8-0-0)

2. Bill Eastman reported that Eldridge Cleaver will speak on Campus Friday, October 4th at 8:30. This event is part of a whole day teach-in which will include Keith Lowe, Theatre Five, Marcuse, and perhaps Country Joe and the Fish. The topic is the Black, Brown, and White University. It will be held on the lawn, probably behind the Humanities Library Building. It was decided that a resolution expressing support of this event will be posted in the AS office to be signed by the Senators if they wish.
3. Jeff Benjamin presented a resolution which read:
As a result of the decisions reached by the Legislature of the State of California and the Regents of the University of California during the week of September 15-20, the Senate of ASUCSD hereby censures the aforementioned parties as ignorant of the principles of academic freedom and incompetent in the handling of academic affairs and expresses its solidarity with the demands of the Senate of the Associated Students, University of California, Berkeley.

Jon Collins read a copy of Berkeley's demands which were passed by the ASUC Senate on September 23, 1968. They are:

1. We demand the Regents rescind their decisions immediately.
2. We call upon the Berkeley Academic Senate to reject the Regents' decision as neither valid nor binding.
3. We demand that the Academic Senate support the right of the faculty sponsors to teach, and students to take Social Analysis 139K and the other CPE and BIED courses

- on campus for full credit.
4. It is imperative that the Berkeley administration not interfere with the holding of any of these courses, including the appearance of Eldridge Cleaver on campus to deliver ten lectures in Social Analysis 139X.
 5. We demand an end to the pervasive racism of the University and a constructive start would be an end to racist hiring practices.
 6. Be it resolved that we request the Berkeley Division of the Academic Senate to reaffirm the principles of student participation in educational reform and involvement in academic affairs; and that the entire criteria for academic and faculty standing be fully examined by the Academic Senate and the Center for Participant Education.

MSC to accept Jeff Benjamin's resolution. (vote:8-0-0)

VII. Adjournment.

It was moved, seconded, and passed to adjourn at 3:30 PM.

 4. Status of the Proposed Constitutional Amendment

Further, it is the Senate's opinion that Article II, Section 5, Part B, of the Constitution, referring to initiatives stopping any action on expenditures applies

Further, it is the opinion of the Senate that Article II, Section 5, Part 8, of the Constitution, referring to initiatives stopping any action on expenditures applies to specific expenditures and not a budget in toto.

- V. New Business.
 1. Steve Montgomery presented the Communications Board Constitution. He pointed out that the major changes had to do with making the Board completely autonomous rather than just an advisor to the administration. As far as membership, the AS would have four representatives who would be able to vote whereas representatives from the newspaper and from La Jolla newspapers would not have voting rights. Also the by-laws are to be reviewed yearly.

The undersigned ASUCSD members, in accordance with the provisions of Article VII, Sec 18-2 of the AS Constitution, petition the president to call an election at the earliest possible date for the purpose of submitting the following proposed constitutional amendment to the AS membership

"The Senate of the ASUCSD is hereby authorized to collect a compulsory fee from all members in an amount to be determined by the Senate and at such times as the Senate may direct."

In accordance with Article II, Sec 5, Part B of the A.S. Constitution the petitioners further direct the A.S. Senate to suspend the expenditure of all funds collected on an involuntary basis until such time as the legitimacy of such collection is confirmed by the A.S. membership

Minutes of the AS Senate Meeting

May 23, 1968

I. The meeting was called to order at 3:10 by Vice-President Trish Cunningham.

II. Roll.

Members present: Trish Cunningham, Jon Collins, Tom Baer, Jeff Benjamin, Tom Peifer, Bill Kastman, Paul Ricks, Steve Greenberg, Dr. John Goodkind, Bob Topolovac.

Members absent: Steve Ishamel, Tom Shepard.

Others present: Tom Hull.

III. Minutes.

The minutes of the May 15, 1968 meeting were corrected to read under Old Business, item 1: Bill Kastman reported on off-campus advertising. He said there were no specific rules and as long as no conflicts arose there should be no need for such rules.

IV. Announcements.

Trish read a report from Tom Shepard which included:

1. Jeff Benjamin, Steve Ishamel, and Tom Shepard are working with Dr. Goodkind and another faculty member concerning integration of student ideas with the Academic Senate.
2. Bill Kastman and Tom Shepard have made recommendations to Dr. McGill (President Academic Senate) concerning the appointment of a Chancellor. We would like to get a voting student member on the faculty committee.
3. Paul Ricks, Rick Williamson, and Ed Spriggs will serve on the Committee of Educational Policy for Planning and Coordinating; Commission on Afro-American Studies with three faculty members.

V. Old Business.

1. A recommendation for the allocation of \$1500 set aside for college governments was presented:

Muir College has a debt of nearly \$400. This money is owed to Dean Batchelder's Office, Dean Batchelder personally, and other Muir Associations. The government also requested \$75 to complete their plans for this year.

I recommend that this \$475 be given to the Muir Government with the condition that the vending machine committee still be asked for funds and if any funds are received from them, this amount will be returned to the Associated Student Senate.

The balance of the \$1500 should be retained by the Senate for future use.

MSC to accept this recommendation as stated.

7-0

2. Steve Russell reported on the group Operation Bootstrap which is a private black self-help group that is presenting the play The Glass House Shattered which is about a black family in Watts. He said he had personally offered a guarantee of \$50 for this group to appear on campus and he requested the Senate to provide a guarantee

of \$100 to get this play. The play would be given on May 31st at 8:30 in the H-L Auditorium.

MSC that the Senate allocate a \$100 guarantee to Operation Bootstrap with 5-1 tickets to be sold for \$1 and the H-L Auditorium to be reserved for that night.

3. The next order of business was Senate racial minority representation. Bill Eastman reported that information on a racial breakdown of the students will not be available until Friday or Monday. He also said a petition signed by 10% of the Associated Students would be necessary to put the question of minority representation on the ballot. However, the Senate under Art. II, Sec 2 of the constitution can set up an ex officio position on the Senate to be filled by a member of a racial minority. The question arose as to how such a position would be filled as the various minority groups on campus are not as yet united.

MSC to create an ex officio position on the AS Senate to be filled by a 6-0 member of a racial minority.

MSC that at the next meeting the Senate shall appoint an ex officio member 6-0 from names that will be submitted by racial minority groups on campus.

VI. New Business.

1. Tom Baer reported that he and Dr. Cohen from the Literature department were interested on getting Agnes Varda on campus to speak and present one of her feature length films. The cost for this would be \$300. It was suggested that perhaps Dr. Chirgi could get this film with funds for his cinematography class.

MSC to investigate this proposal further and reserve \$300 for this purpose 6-0 until the next meeting.

2. It was suggested that the A^D allocate money to cover the cost for rental of equipment that the Tuesday the Ninth Committee used in presenting information on Malcolm X.

MSC to allocate money to the Tuesday the Ninth Committee to cover the 6-0 cost for rental of equipment.

3. Bill Eastman pointed out that under Art. II, Sec 3 of the AS Constitution the Senate should elect a president pro tempore. It was decided to wait on this until all senators were present.

4. Jeff Benjamin brought up the question of whether or not one's criminal record is reviewed when you apply as a graduate student or as an employee of the University. He suggested the Senate seek information on this.

5. The possibility of the Senate or students making suggestions on curriculum revisions was brought up.

VII. Adjournment.

The meeting was adjourned at 4:25.

May 15, 1968

Dear Mr. Hincheliff,

In the wake of the apparent misunderstanding incident upon statements by two of the dinner company at the Installation Dinner the night of May 1, the Senate of the Associated Students of the University of California, San Diego wishes to clarify two points.

First, the statements issued were statements of individuals and should not be taken to reflect the opinion of the body as a whole.

Second, we wish to make clear that in no way are we advocating

the destruction of higher education in this country, but rather the extension of the realm of education to the grave problems facing this country today. We fear that unless the educational establishment addresses itself to the impending crisis, student unrest will surely increase. Certainly neither you nor we desire violence, and we will strive to maintain peace on this campus.

We regret any embarrassment this may have caused you. With the sincere hope that no ill will remains between you and us, we remain

Sincerely yours,

Dean Murphy suggested that something be added to the letter, in the same style, to the effect that the AS Senate approved the letter and Tom is signing it on behalf of the AS Senate.

V. New Business

1. Natural Science Sequence Evaluation

Dr. Goodkind reported that the science department has been meeting with groups of students regarding the Natural Science Sequence. They have thus far met with groups of science majors and are interested in talking to non-science majors Wednesday noon in the Physics Department conference room. Jon Collins and a maximum of five other non-science majors will be there to offer their opinions on the required sequence.

2. Draft Symposium

Dean Murphy reported that a joint student and faculty committee had met three times, addressing themselves to the problem of the new draft laws. A Draft Symposium will be held under these two conditions:

- 1. That the issues of the draft be explored thoroughly, and
- 2. That the University take no stand relating to the draft.

The program will run ten days and will cover the following topics:

1. The Present Selective Service Law

Ira Hansen of the Berkeley School of Law will speak on the future of the law. Two members of the House Armed Services Committee, Congressman Bob Wilson of San Diego and Congresswoman Edith Green of Oregon.

2. Social and Economic Impact of the Law

Don Marvino will speak.

3. The Law and Dissent

Louis Slayburn, the /Assistant to the Solicitor General will speak. Also, a discussion of the law and dissent will be held with attorneys from the local Selective Service Board and the ACLU in attendance.

A booklet will be published after the symposium is over.

3. Senior Class Gift

Dean Murphy reported that the Senior Class needed not more than \$150. to rent a crane to present their gift to the school. The Novella College Vending Machine Committee will lend the AS the funds interest free against next years funds.

MEV to appropriate up to \$150. against next years funds for the O-S placing of the Senior Class Gift.

MBC to suggest to the Senior Class to make a formal presentation 8-0 to the Novella Vending Machine Committee for the necessary funds.

It was then stated that upon failure to secure fund from the Vending Machine, the AS would then address itself to the problem.

4. Presidents Council

Tom stated that he would be attending a President's Council meeting

3

before the Regent's meeting in Santa Barbara and was open to suggestions from the Senate.

5.5. Town Hall Meetings

Since such an interest was shown, a committee, headed by Paul Ricks, was formed to draft some type of rules and procedure of business for a Town Hall Meeting.

6. College Government Appropriations

MS to divide the \$1500. already appropriated for the establishment of College government equally between Revelle and Muir, to go to the Revelle College COBA and the Muir College Provisional Government.

MBC to table this motion until next meetings when representatives 8-0 from each college government can be present.

VI. Announcements

1. President Tom Shepard announced that the Chairmen of the various committees will be required to submit the minutes of their meetings within three days after the meetings. He also requested that items for the agenda be submitted two days before the meetings and that a short argument also be printed.

VII. Adjournment

The meeting was adjourned at 6:10.

Respectfully submitted,

Luigi Pascale

Minutes of the AS Senate Regular Meeting
May 8, 1968

- I. The meeting was called to order at 3:10 pm by President Tom Shepard.
- II. Roll. Members present: Tom Shepard, Trish Cunningham, Steve Ishamel, Steve Greenberg, Jon Collins, Tom Baer, Bill Eastman, Paul Ricks, Jeff Benjamin, Tom Peifer, George Murphy, Bob Topolovas, and Dr. John Goodkind.

Others present: Tom Hull, Alan Batchelder.
- III. Minutes.
There were no minutes.
- IV. Old Business.
 1. Tom Shepard announced that the Senate would operate under Robert's Rules of Order.
 2. Tom reported that he had received a letter from Kenneth Stahl, First Vice-President Berkeley Associated Students requesting that the ASUCED Senate pass a motion agreeing to sign a brief being prepared by Professor Albert Bandich in support of the Campus Draft Opposition's coming suit against the Regents. It was commented that this was an issue of illegal use versus protection of free speech. It was suggested that rather than making a motion agreeing to sign the brief the Senate could pass a motion supporting a brief condemning the Regents for overstepping campus autonomy or expressing inclination to support the brief but delaying actual support until the brief is seen.

MSC that we the ASUCED agree to sign the brief to be drafted by Professor Albert Bandich. (vote 6 for, 2 against).
- V. New Business.
 1. Paul Ricks reminded the Senate that during the campaign there was a lot of talk about an open town hall meeting and he suggested that the Senators give some thought to such a meeting.
 2. Bill Eastman pointed out that according to the AS Constitution there should be a Judicial Board and he suggested that the Senate consider appointees.
 3. Bill Eastman reported that there was the possibility of getting the play Operation Bootstrap which is about black militancy on campus this quarter. He said it would cost between \$50 and \$150. It was suggested admission could be charged to such an event.
 4. Tom Shepard reported that there will be a Student Services Conference at UCSB May 17-19 and expenses will be paid for representatives to attend this conference. He suggested representatives from the Faculty the Ninth Committee and S.O.S. be sent.
 5. Paul Ricks reported that Schultz had issued a challenge to the students to participate in food service negotiations. Paul and four others so far are on a committee to get in on the negotiation of the contract.

6. Gary Curtis's letter on the Student Activities Committee was presented and Gary pointed out that presently there is no clear cut way students can advertise on-campus events off campus. It was moved but not voted upon that any registered student organization may advertise off campus for its events if it wishes to interest the off-campus public in the event. Bill Eastman will investigate this problem and see what the Senate can do about it.

7. Bill Eastman reported that COSA is considering having a microphone test in the Revolve plaza and suggested that the Senate could encourage such a test. Doan Hall reported that COSA has set up a committee to determine the kind of test to be conducted and suggested COSA be allowed to continue with its plans.

REC that COSA be recommended to conduct a microphone test in the Revolve Plaza on May 13 or 14. (vote - all in favor)

VI. Adjournment.

It was moved and seconded to adjourn the meeting at 4:30 pm.

Respectfully submitted,

Cindy Nielsen

 1. It was suggested and discussion followed that a letter be drawn up recommending that on Friday, May 17 all classes be cancelled and the day be devoted to dialogue on civil rights because May 19 is the birthday of Malcolm X. Such a letter would be sent to the President and the Provosts.

RES that a letter be drawn up recommending and requesting that all professors, teaching assistants, students, and members of the administrative staff do not carry on business as usual on May 17, but rather in honor of Malcolm X's birthday devote the day to dialogue on racism and the present racial situation in our country because these things are contingent to the survival of our country. ASUCSD GOVERNMENT 1968-1969

In an attempt to help you, the new student government, from making a few of the mistakes made in the past, I have some suggestions which I hope you will take into consideration concerning student activities.

First on my list involves how the Senate should address the student activities committee. What we found to be most effective is the appointment of a chairman of this committee. This chairman must be a person vitally interested in the cultural, educational, and recreational development of the student. He must also be prepared to spend a great many hours at this position (it is, however, the most rewarding student government position if a job is well done). Once the chairman has been selected, it should be his decision to select his committee (hopefully, students of varied interests to achieve a well-rounded format, not like the narrow-minded program as carried out by myself). I feel it best for the student Senate to allocate a quarterly sum for the committee to use with the requirement of regular financial reports to the Senate.

Equally important as an activities chairman is a competent publicity chairman. No event can be successful without the knowledge of the participators. In order to obtain qualified people, and to insure a satisfactory performance, I would suggest some sort of salary for the two chairmen.

One question which should be decided by you, as representatives of the students, is the manner in which the activities will be funded. One course (which seemed to have favorable results) is the obtainment of having fairly inexpensive entertainment with infrequent "name groups" at no cost to students (e. g. Old Films Night, \$250.00 bands for dances, Sunshine Company). There is also intermediate entertainment (Peanut Butter Conspiracy, Cal Tjader) which can be provided for a small charge (i. e. \$1.00) or groups like the "Airplane" or the "Doors" which require an outlay of \$7,000.00-\$10,000.00.

Another nebulous question to be haggled over between you and the administration is the possibility of off-campus advertising with the newly opened gym facilities (previously not allowed).

If you have any other questions, I would be very happy to assist in any way possible. Thank you.

As I mentioned when I phoned you last week, the ASUC (Berkeley) will file a brief of amicus curiae in support of the Campus Draft Opposition's coming suit against the Regents. The CDO has been denied use of the Greek Theatre on campus by Thomas Cunningham on the grounds that their proposed "Vietnam Commencement," honoring those who have pledged to refuse induction, would encourage young men to refuse. Hence the CDO would be violating the Selective Service Act, and would not be able to use University facilities for such purpose. The Academic Freedom Committee on this campus (and probably those on all other campuses) are filing briefs of amicus, and we hope that all the student governments of the nine campuses would join in a brief, too.

Therefore we would appreciate it if you could pass a motion at your student senate meeting as soon as possible, agreeing to sign the brief, which will be written by Professor Albert Bendich, of the Speech Department here, who was counsel for the Northern California ACLU some years back. I realize that I am asking you to sign a blank check but time is of the essence and the brief will not be ready for a while. I think you can trust that we will not commit you to anything but a straight, ACLU, ~~free~~-speech brief. Could you mail us a statement of the motion as soon as possible - by Friday, May 10 if possible. The suit will be filed soon, and that deadline is very important.

If you have any questions, please call me at Ext. 1431.

Sincerely,

Kenneth Stahl

Dear Sirs:

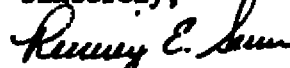

In the last edition of the Triton Times, the editorial which appeared there attempted to point out some of the shortcomings of the present student administration. Unfortunately, as I now know, the facts which were correct lacked their proper context and, as a result, delivered a message which is not consistent with the thinking of the Triton Times staff. In addition, the editorial writer did not balance the remarks with the numerous successful and beneficial actions taken by the student Senate so far this year.

While the point of the editorial should have been that a lack of communication between students and their contemporary leaders exists on this campus, this idea was terribly obscured and distorted until it was lost to the bulk of biting comments.

A retrenching of the editorial would be impossible and highly undesirable from our standpoint, but as time continues we hope to balance this mistake with an accurate and optimistic view of the AS Senate, its actions and its stands.

In short, had I been fully aware of the AS Senate's record and the damage that such a statement would do to that record, the editorial would never have assumed its present form. Today, measures are being taken which will make another editorial of this kind impossible.

Sincerely,

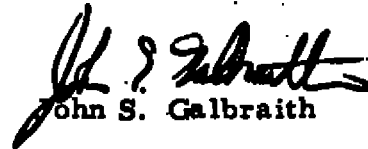

Renney E. Semm

MEMBERS OF THE FACULTY

In view of misstatements which appeared in a local newspaper on Saturday, it is particularly important that you have the full text of The Regents' resolution on discipline, passed on January 19. The resolution provides that any offenses, whether by faculty and students, shall be dealt with in accordance with established procedures, and that appropriate sanctions may be imposed after such procedures. This is and has been for some time the policy of the University.

John S. Galbraith

RESOLUTION

WHEREAS, it is the policy of The Regents that any student who is found to have disrupted the functions of the University, or other authorized activities on University campuses, by any means including the use of force or violence or by the threat of force or violence, shall, in accordance with established University procedures, be subject to disciplinary action, including dismissal from the University.

WHEREAS, it is also the policy of The Regents that University personnel, including all levels of faculty and teaching assistants, who are found to have disrupted the functions of the University, or authorized activities on University campuses, by any means including the use of force or violence or by the threat of force or violence, shall, in accordance with established University procedures, be subject to imposition of appropriate sanctions, including termination of their employment relationship with the University or denial of reemployment.

WHEREAS, in conjunction with the meeting of the Board of Regents on December 1, 1967, the Chancellors of the nine campuses of the University of California issued a statement declaring in relevant part that:

"The rules of the University of California are designed to maintain order without which freedom is not possible.

"We as administrators of the nine campuses reaffirm our determination to protect the rights of all members of the University community.

"In keeping with these same principles we will not condone extra-legal actions on the campuses or yield to threats of violence.

"We are obligated to maintain the order of the University and we will do so."

WHEREAS, it is the policy of The Regents to provide for competent campus police departments, directly responsible to the Chancellors and designed to provide them with an indispensable tool to assure law and order.

WHEREAS, local law enforcement agencies have concurrent jurisdiction with campus police departments, and it is the policy of The Regents that the University and these departments cooperate with local law enforcement agencies as necessary in preserving law and order on the campuses of the University.

NOW THEREFORE BE IT RESOLVED that The Regents declare their resolute support of the President and the several Chancellors in their continued implementation of the above policies, and

BE IT FURTHER RESOLVED that The Regents ask the President, in collaboration with the General Counsel and the Chancellors, to explore the desirability of issuing uniform rules of procedure for handling student discipline cases on the campuses, and

BE IT FURTHER RESOLVED that The Regents request the President to report periodically on steps that have been taken to enforce law and order on the campuses.

Chairman's Log
1/11/68
<i>M. S. G.</i>

To THE REGENTS OF THE UNIVERSITY OF CALIFORNIA:

Your Special Committee on Student Charges and Student Aid presents the following recommendations:

A. In response to the Board's charge to the Committee to recommend at the earliest possible date (1) a charge to be paid by all students, other than nonresidents, to finance a program of student aid, faculty enrichment and/or other uses, and (2) the uses and apportionment of the funds derived from such charge,

It is recommended:

1. That the Student Incidental Fee now required of each student be redesignated the "University Registration Fee."

2. That, beginning with the Summer quarter of 1968, the University Registration Fee be increased by \$52.00 per quarter for the Fall, Winter and Spring quarters, to an amount of \$125.00 per quarter; and be increased by \$2.00 for the Summer quarter to an amount of \$75.00.

3. That the proceeds of the University Registration Fee be applied as follows:

To student services paid for by the previously existing Incidental Fee, in the amount of \$75.00 per quarter;

The remainder, first, to off-set the increase in fees for students in financial need (in effect, to provide waivers or partial waivers for students not able to pay the increased fee); and

With respect to the balance, to the allocation of approximately 65% for additional student financial aid and its more effective administration, and 35% for a new program of counseling and related services, and for transfer from State financing to student fees those parts of the Deans of Students offices not concerned with general policy or the administration of rules and regulations, and such student aid and Arts and Lectures as heretofore have been funded by the State.

4. That the President be instructed to recommend to The Regents each year a plan for the allocation of the proceeds of the University Registration Fee, in accordance with the above.

B. In response to the Board's charge to the Committee to study and recommend at the earliest possible date additional or alternative sources of revenue that might be used or developed to help keep any student charges to the lowest possible level,

It is recommended:

That continuing responsibility to develop plans for alternative sources of income, other than student fees, be assigned to the appropriate Standing Committee or Committees of The Regents, with instructions to recommend to the Board, no later than June 30, 1968, such changes of present Regents' policy as may be appropriate in conjunction with such plans.

BACKGROUND

GENERALLY:

Throughout its deliberations, the Committee felt that the product of higher education is one of the great economic assets of the State of California. The people of the State, the parents of University students, the students themselves, the faculty, the University administration, the executive and legislative branches of the State government and the Regents, all share the benefits of and responsibilities for that asset.

The Committee met on six different occasions. All Regents were given notices of the meetings and invited to attend. A number of Regents, in addition to the Committee members, did, in fact, attend and participate in the discussions. The minutes of the meetings have been furnished to all Regents.

The views of the students, the faculty, the Chancellors and the University administration were solicited and obtained. The Presidents of the student bodies on the several campuses, the Chairman of the Academic Council, the Chairman of the Senate University-wide Committee on Educational Policy, the Chancellors and the principal University-wide officers, contributed significantly to the deliberations of the Committee.

At the outset of its deliberations, the Committee recognized that no conclusion reached by it would be wholly approved by any person or group. On the subject matters of our assignment, there are many different views, sincerely held, and supportable in whole or in part by facts and logic. We felt that our basic responsibility was to ascertain the facts, to reconcile, if possible, the differing views and to suggest an acceptable solution.

The subject matter of the Committee's assignment has been widely discussed in the press, on television, and on the radio. Note has been taken both of the reportorial and editorial comments of the news media. Considerable correspondence, expressing a variety of views, has been received by the Committee and its individual members.

Each member of the Committee, on a personal basis, sought the advice of responsible members of the business and professional communities of the State, of students, of faculty members and of Chancellors.

The discussion of the Regents, as reflected in the minutes of August 30-31, 1967, was reviewed, as were the reports furnished to the Regents prior to the appointment of this Committee, including, but not limited to, the University administration report entitled "Tuition and Financial Aid Study," and the survey of the College Entrance Examination Board on the subject of student financial aid.

The following is a partial list of reports received and considered by the Committee:

1. Administration of Financial Aid at the University
2. Programs for Educational Enrichment and Faculty Study Supported from Regents' Special Funds
3. Possible Services and Programs to Benefit Students, and Unmet Needs in these Areas
4. Areas of Potential Transfers from Student Charges to State Support

17. Comparative Information on Policies and Practices of other Institutions: Student Fees, Student Aid, Student Counseling
18. Estimates of Unmet Financial Aid Needs, 1968-69

In arriving at its recommendations, the Committee, in finality, sought answer to the single question "What, at this time and place, is in the best interest of the University?" By use of the word "University," we mean to include all of those who share in its costs and in its benefits. In the last analysis, the answer to the question is one of judgment. In arriving at that judgment, each Committee member walked his own road, excluding, as best he could, the externalities.

The Committee's final conclusion, based upon its studies and deliberations, is that student fees or charges should be increased by approximately \$150.00 per year, the proceeds to be devoted principally to an improved program of student financial aid.

In reaching this conclusion, the Committee took into consideration the following facts, among others:

(a) As shown by the College Entrance Examination Board and University administration studies, the University of California is seriously deficient in its program of financial aid to students and it does not appear likely that this deficiency can be met from State funds.

(b) Student fees at the University of California are quite low in comparison with those payable at all other major public and private universities in the country.

(c) It has long been recognized by the charging of the Incidental Fee and other fees, that while the major cost of University education should be provided by the State, the students who are the primary beneficiaries of such education should make some contribution to its cost.

(d) Various proposals for increases in student fees have ranged generally from \$100.00 to \$400.00 per year.

(e) An increase of approximately \$150.00 per year is a modest one in relation to the total cost of attendance at the University, and in relation to the increasing cost of higher education to the taxpayers of the State.

SPECIFICALLY:

The Committee concluded that:

The term "Incidental Fee" does not seem properly descriptive. By dictionary definition, "incidental" means "casual"; "subordinate"; "minor." The name "University Registration Fee" is recommended as a substitute.

If adopted, the increase in fees which we are recommending will be applicable to nonresident as well as resident students. We are not unmindful of the fact that this Committee was instructed to recommend a "charge to be paid by all students, other than nonresidents."

In reviewing the history of the assignment to this Committee, it is apparent that the question of possible changes in fees for nonresidents was reserved because the Board, at that time, felt that further study was needed. The Committee feels that such further study has been accomplished.

The Committee, in recommending that the University Registration Fee be applied to all students, has taken cognizance of the Master Plan provision that nonresidents should pay (a) "tuition sufficient to cover not less than the State's contribution to the average teaching expense per student" and (b) "other fees for services not directly related to instruction."

Students who are not residents of California presently pay the Incidental Fee and, in addition, a nonresident tuition to reflect approximate teaching costs per student, thereby relieving the State General Fund. If the increase in the University Registration Fee were not made applicable to nonresidents as well as residents, there would be a reduction in the differences

between total charges paid by California students and out-of-state students-- in effect, a reduction in the nonresident tuition. Additionally, the services paid for by the University Registration Fee would be fully available to non-residents as well as California resident students, and it seems appropriate for nonresidents to pay their proportionate share of the costs.

The Committee is recommending that, beginning with the Summer quarter of 1968, the University Registration Fee be increased by \$52.00 per quarter for the Fall, Winter and Spring quarters, to an amount of \$125.00 per quarter; and be increased by \$2.00 for the Summer quarter to an amount of \$75.00.

The difference in fees as between the Summer quarter and the Fall, Winter and Spring quarters seems fully justified in order to provide encouragement for larger attendance in the Summer quarter, thus effecting long-term savings of capital outlay by making full utilization of University plant and facilities.

The estimated proceeds of the University Registration Fee are approximately \$35,900,000.00 for the Summer, Fall, Winter and Spring quarters of 1968-69. Of this, approximately \$15,000,000.00 will come from the additional fee recommended by this Committee.

Throughout its deliberations, the Committee has been impressed with the need to strengthen the University's program of financial aid and of the desirability of improving access to the University by students from disadvantaged and minority backgrounds. Attention is specifically directed to the survey of the College Entrance Examination Board and the analysis provided by the University administration.

Of the additional \$15,000,000.00 fees recommended by this Committee, approximately \$4,600,000.00 will be required to meet the estimated added financial need of students made necessary by the fee increase itself. This Committee is recommending that approximately sixty-five percent (65%) of the balance of the additional fee, or approximately \$6,354,000.00 be used for additional Financial Aid and Financial Aid Administration.

A new program of counseling and related assistance to students is recommended for support in 1968-69. In its deliberations, the Committee received substantial evidence that present programs of academic advising through the colleges and departments need to be supplemented and strengthened, in order to improve significantly the assistance to students in choosing their academic programs and in sustaining their progress toward completion of their work for academic degrees. The new counseling program which is envisaged should reduce the rate of student drop-out from the University. It is intended that the President, after further consultation with the Chancellors, should develop and present at a subsequent meeting of the Regents a plan for this new program.

For 1968-69 it is recommended that approximately \$1,528,000.00 be used for this new program of counseling and related assistance to students.

The Committee has reviewed the present scope of student services to ascertain whether the University is in conformity with the requirements of the California Master Plan for Higher Education that ". . . each system devise a fee structure and collect sufficient revenues to cover such operating costs

as those for laboratory fees, health, intercollegiate athletics, student activities, and other services incidental to, but not directly related to, instruction."

The Committee is advised that the Coordinating Council for Higher Education, at its September meeting, formally resolved to reaffirm its support of the Master Plan provisions regarding fees and stated that:

- "1. Fees should be adequate to cover the cost of services to students without cost to the taxpayer.
- "2. Periodic re-examination of such services and costs thereof should occur."

The Committee finds, after review of those activities labeled "Student Services" in the University budget and supported by the State General Fund, that certain of these should be transferred from support by the State to be financed from the proceeds of the University Registration Fee. These items include:

	<u>1968-69</u>
1. Student services provided in the Dean of Students offices and financial aid offices.....	\$1,500,000.00
2. Student aid.....	217,000.00
3. Campus public services--arts and lectures.....	<u>177,000.00</u>
TOTAL.....	\$1,894,000.00

Dean of Students offices and financial aid offices provide a variety of student services, in addition to which they are involved in the determination and administration of University policies, rules and regulations. The latter function is essential to the proper administration of any university and its costs should continue to be borne by the State, but the Committee recommends that the student services included in the Dean of Students offices be financed in future from student fees, as are many other student services overseen by these offices.

Item No. 2 above is a small component of student financial aid financed from General Funds. This item should be transferred from State funding, in the interest of greater consistency.

Item No. 3 above, similarly, represents a small fraction of the budgeted expenditure for arts and lectures, most of which is already financed from student fees and box-office revenues.

For convenience of the Regents, there follows a tabulation of the estimated University Registration Fee income for 1968-69 and of the proposed uses of additional funds:

UNIVERSITY REGISTRATION FEE

Estimate of Total University Registration
Fee Income including proposed increase..... \$35,900,000.00

Estimate of Additional University
Registration Fee Income..... \$15,000,000.00

Proposed Uses of Additional Funds:

A. Student Services (Increase from \$73 to \$75 per Student per quarter).....	\$ 624,000.00
B. Fee Offset Grants for Students in Financial Need.....	4,600,000.00
C. Financial Aid and Financial Aid Administration (65% of balance).....	6,354,000.00
D. New Programs and Transfers from State Funds (35% of balance):	
1. New Programs--Counseling and Related.....	<u>\$1,528,000.00</u>
2. Transfers from State Funds	
a) Student Aid.....	\$ 217,000.00
b) Arts and Lectures.....	177,000.00
c) Dean of Students not related to policy formulation (esti- mated).....	<u>1,500,000.00</u>
TOTAL transfers from State Funds.....	<u>\$1,894,000.00</u>
TOTAL new Programs and Transfers from State Funds.....	<u>\$ 3,422,000.00</u>
TOTAL.....	<u>\$15,000,000.00</u>

The Committee does not, of course, intend that the uses of the increased fees be frozen permanently at the amounts or percentages here recommended. Such uses should be subject to periodic review by the Regents in the light of the priorities of needs as determined from time to time.

The Special Committee has explored the possibilities for obtaining additional income. There are several areas having real promise, but in all cases they will require time and organization, and in most cases significant new efforts would require modification of Regents' policies.

It is not possible, however, to complete these efforts at the same time that a determination of student fees and financial aid for 1968-69 must be made, for the latter requires early announcement so that students' applications for admission and for financial aid can be based on the changes that are made.

As to the timing of this determination, it should be noted that students need the maximum possible advance notice of significant changes in fees. Also, present and prospective students need to be informed of the increases in financial aid that would be available under the Committee's recommended plan. For these reasons, the Committee has considered it urgent to bring Recommendation A to the Regents now, even though its charge in respect to Recommendation B is not complete.

In recommending that the continuing responsibility to develop plans for alternate sources of income be assigned to the appropriate Standing Committee or Committees of the Regents, this Committee is in no way attempting to avoid its responsibility. It is willing to continue such studies if so directed by the Regents.

However, it is felt that because in almost every instance modification of Regents' policies will be required, this particular assignment can best be carried out by the Finance or Educational Policy Committees, or both. The work of this Committee will not have been lost. The various reports are part of our records. Each member of this Committee is a member of one or both of the Standing Committees referred to above and would participate in the deliberations of such Committee or Committees.

SPECIAL COMMITTEE ON
STUDENT CHARGES AND STUDENT AID

Regent Canaday has requested that there be appended to the Committee's report the following quote from his letter to the Chairman of January 8, 1968:

"Until a satisfactory 1968-69 budget has been approved, I question the wisdom of adopting the suggested allocation of funds to be derived from increased University Registration Fees. It would be more acceptable to me to establish the proposed fee increases, indicating the intended use to which they will be applied, but defer final approval of their application until the University's 1968-69 budgetary outlook is more clearly defined."

**ASSOCIATED STUDENTS BULLETIN
ELECTION INFORMATION**

April 12, 1967

A. S. elections are near and I know of no one who has offered his candidacy for A. S. President, mainly because he is also offering his sanity, his academic record, and his financial solvency. That is to say, people realize that the demands of this office are so great that to consider the sacrifice without any financial remuneration is absurd. On the other hand, I know of three good people who would take the job if they were paid. Money provides incentive, incentive stimulates interest, interest draws new people; and new people and interest are the requirements for action which in turn lead to results. Results, i. e., a successful dance, mean more money in the treasury. The logic is undeniable, and to ignore it is to insure the worthlessness of A. S. However, to agree to this action does not necessarily insure the successful growth of A. S.; the program for growth must be multi-dimensional. The basic program is as follows:

1. The Constitutional changes necessary to make ASUCSD an AS Revelle College, i. e., name, representation, and judicial jurisdiction.
2. A reorganization of the executive branch, including the hiring of a full time administrative secretary.
3. The appropriation of money to give salaries at the rate of \$200.00 per quarter to the President, and \$100.00 per quarter to the Vice President, and to pay the administrative secretary approximately \$5,000 per year.
4. A raise in A. S. fees to \$6.00 per quarter.

Of prime concern to most of you is the raise in fees. Every other UC campus asks upward of \$7.00 per quarter; UCLA, Riverside and Irvine ask \$7.50 per quarter. Also, at other UC campuses with an elected student government the officers are paid about \$1,000 per term, and hire a staff of secretaries to do those functions that students just do not have the time nor skill to do.

The administrative secretary we have hired performs the following duties: establish liaison between the A. S. and the University Administration; counsel organizations, help with financing and activities; prepare reports and requests in proper form; maintain administrative records and accounts of A. S.; provide continuing coordination and liaison with outside organizations or in arranging for activities; be in charge of voluntary student secretarial help.

The current A. S. budget is \$12,000 per year. The proposed raise in fees will give \$15,700 additional dollars and another \$7,300 with 400 more students which will approach the total enrollment of Revelle College. Where will the money go? The following is a rough estimate of projected outlay of these extra funds:

1.	Executive Secretary Salary	\$5,000
2.	Officers Salaries	900
3.	Office Supplies	
	4 Desks	\$900
	2 Typewriters	700
	Other Furniture	500
	Expendables	500
		2,600
4.	Improve newspaper and other publications	3,000
5.	Activities: Working Capital and Outlay	5,000
6.	Coffee Hut Expansion	4,500
7.	To Organizations	<u>2,000</u>
	Total	\$23,000

The newspaper needs \$2,000 more to come out every week; the other \$1,000 under item 4 is for A. S. publications, Senate reports, etc. In order to bring name entertainers to the campus area it requires a working capital of about \$5,000. Expansion of the Coffee Hut includes the purchase of \$2,500 more equipment, an addition to the snack bar, a fire place, and a partial roof over the outside area.

Aside from the fact that other UC officers receive a salary, the arguments for giving a salary are these: A student gives 12 to 15 hours per week of his valuable time to this job, thus he is unable to work in any other way to help support himself; as a basic consideration, 12 hours a week is a lot of time to sacrifice for one's academic record without any sort of remuneration; \$1.10 per hour is, at most, a token reward, furthermore, money can serve as an incentive as well as a reward. If, that is, A. S. does not offer a monetary compensation, there will be no one to run for the office except, perhaps, those who regard the position as a soap-box rather than a serious job.

Although, in the future, there may be both a college government and a less powerful coordinating body called the ASUCSD, students will pay only one fee to their college government, then a portion of these monies will be allocated to the ASUCSD.

The basic question to answer when considering whether you want to pay this extra money is whether you want a mickey-mouse student government or one that has the machinery and resources to operate a student-owned Coffee House, to bring the "Mothers" to San Diego, to partake in coordinated programs with other student governments, to publish a good newspaper, to develop campus organizations, and to sponsor a summer camp for needy children. To undertake significant projects first necessitates the establishment of machinery and resources to do them. That means working capital and money to hire help. Now is the time for growth.

\$2,700
EXCESS

Debt of the 2nd and 3rd quarter to be made up with the balance of the previous quarters, \$1164.04.

The nature of the special and subsidies funds has been questioned. These funds are to be used solely for social and cultural events. In the past they have financed such functions as the Chancellor's Reception and the Guests in Residence program. Last quarter alone a total of \$781.17 was spent in this manner. By allotting \$980 to the present University crisis campaign, the projected allotment of these funds has already been reduced. The bulk of the \$980 came from the balance of \$738.88 carried forward from previous quarters, the total reserve fund. The additional \$241.12 came from trimming the allotments to each projected expenditure.

The \$980 does in fact represent the total amount of uncommitted dollars available from the A.S. to the present crisis campaign.

**ASSOCIATED STUDENTS BULLETIN
ELECTION INFORMATION**

April 12, 1967

A. S. elections are near and I know of no one who has offered his candidacy for A. S. President, mainly because he is also offering his sanity, his academic record, and his financial solvency. That is to say, people realize that the demands of this office are so great that to consider the sacrifice without any financial remuneration is absurd. On the other hand, I know of three good people who would take the job if they were paid. Money provides incentive, incentive stimulates interest, interest draws new people; and new people and interest are the requirements for action which in turn lead to results. Results, i. e., a successful dance, mean more money in the treasury. The logic is undeniable, and to ignore it is to insure the worthlessness of A. S. However, to agree to this action does not necessarily insure the successful growth of A. S.; the program for growth must be multi-dimensional. The basic program is as follows:

1. The Constitutional changes necessary to make ASUCSD an AS Revelle College, i. e., name, representation, and judicial jurisdiction.
2. A reorganization of the executive branch, including the hiring of a full time administrative secretary.
3. The appropriation of money to give salaries at the rate of \$200.00 per quarter to the President, and \$100.00 per quarter to the Vice President, and to pay the administrative secretary approximately \$5,000 per year.
4. A raise in A. S. fees to \$6.00 per quarter.

Of prime concern to most of you is the raise in fees. Every other UC campus asks upward of \$7.00 per quarter; UCLA, Riverside and Irvine ask \$7.50 per quarter. Also, at other UC campuses with an elected student government the officers are paid about \$1,000 per term, and hire a staff of secretaries to do those functions that students just do not have the time nor skill to do.

The administrative secretary we have hired performs the following duties: establish liaison between the A. S. and the University Administration; counsel organizations, help with financing and activities; prepare reports and requests in proper form; maintain administrative records and accounts of A. S.; provide continuing coordination and liaison with outside organizations or in arranging for activities; be in charge of voluntary student secretarial help.

The current A. S. budget is \$12,000 per year. The proposed raise in fees will give \$15,700 additional dollars and another \$7,300 with 400 more students which will approach the total enrollment of Revelle College. Where will the money go? The following is a rough estimate of projected outlay of these extra funds:

1.	Executive Secretary Salary	0	\$5,000
2.	Officers Salaries	0	900
3.	Office Supplies		
	4 Desks	\$900	
	2 Typewriters	700	
	Other Furniture	500	
	Expendables	500	
4.	Improve newspaper and other publications	0	<u>2,600</u>
5.	Activities: Working Capital and Outlay	\$300	3,000 <i>1000/quarter</i>
6.	Coffee Hut Expansion	0	<u>5,000</u>
7.	To Organizations	1400	4,500 <i>1500/quarter</i>
		1600	<u>2,000</u>
	Total		\$23,000

15
 1900
 750
 11250
 950
 13300
 - 950
 14250

The newspaper needs \$2,000 more to come out every week; the other \$1,000 under item 4 is for A. S. publications, Senate reports, etc. In order to bring name entertainers to the campus area it requires a working capital of about \$5,000. Expansion of the Coffee Hut includes the purchase of \$2,500 more equipment, an addition to the snack bar, a fire place, and a partial roof over the outside area.

Aside from the fact that other UC officers receive a salary, the arguments for giving a salary are these: A student gives 12 to 15 hours per week of his valuable time to this job, thus he is unable to work in any other way to help support himself; as a basic consideration, 12 hours a week is a lot of time to sacrifice for one's academic record without any sort of remuneration; \$1.10 per hour is, at most, a token reward, furthermore, money can serve as an incentive as well as a reward. If, that is, A. S. does not offer a monetary compensation, there will be no one to run for the office except, perhaps, those who regard the position as a soap-box rather than a serious job.

Although, in the future, there may be both a college government and a less powerful coordinating body called the ASUCSD, students will pay only one fee to their college government, then a portion of these monies will be allocated to the ASUCSD.

The basic question to answer when considering whether you want to pay this extra money is whether you want a mickey-mouse student government or one that has the machinery and resources to operate a student-owned Coffee House, to bring the "Mothers" to San Diego, to partake in coordinated programs with other student governments, to publish a good newspaper, to develop campus organizations, and to sponsor a summer camp for needy children. To undertake significant projects first necessitates the establishment of machinery and resources to do them. That means working capital and money to hire help. Now is the time for growth.

THE DOPE REPORT

by

J. E. Miner

Senator

Submitted to Senate

January 17, 1968

Foreward

Some months ago, I was asked by the A. S. Senate to make a study on drug use? Research came easily, since I have been exposed to drug use at UCSD and in my home town of San Francisco. This report is going to be separated into three sections: Drug problems in general, the drug problem at UCSD, and my conclusion.

I will not attempt to describe in detail the effects of the drugs used, here I would refer the reader to a number of books listed in my suggested reading list, or in the bibliography of a statement on illegal drug use being compiled by Vice Chancellor Tshirgi.

Again, I would like to point out that this is not an authoritative text. The following are my opinions and my observations as an interested member of this society.

I. The Current Drug Problem

Grass and acid have become common words on a college campus. By grass the student no longer commonly means the short green vegetation around the campus. By acid the student no longer commonly means just any solution with a high concentration of free hydrogen ions.

Marijuana and LSD are the notorious drugs being used by adolescents today. The San Diego Police Department reports that 25% of the high school students smoke marijuana. San Mateo county authorities report that some 30% smoke marijuana. It is estimated that over 60% of all San Francisco high school boys have smoked marijuana at least once.

LSD isn't so popular. In fact, its use is reported to be declining. This is due to a concerted rational, educational program carried out by medical experts. It was estimated that only about 10% of the Haight-Ashbury residents use LSD repeatedly.

Other drugs such as STP, DMT, mescaline, and psilocybin were to be found in Haight, although not in great use.

Heroin, which was used more when Haight was a jazz district, is all but gone.

The amphetamines were used a great deal in Haight as fun trips. Rather than finding methadrine in tablet form, one would come across it in a powder which was dissolved and injected intravenously. Drug users just do not have adequate equipment for needle sterilisation. Serum hepatitis was on the increase, and several youths died.

Besides making these observations, I read a number of books on adolescent drug use. They can be found in my reading list. Most articles were very presumptuous affairs, expressing only one side. David Solomon presents a good case for the legalisation of marijuana; Charles Winick, a good case for its being kept illegal.

It is generally agreed by medical authorities that marijuana has no apparent long range effects for the occasional user, and that the immediate effects are no more dangerous than those of alcohol.

II. Drugs at UCSD

UCSD, like all other UC college campuses, has students who use illegal drugs. To them, I hope that you can get a copy of Dr. Tshirgi's statement on illegal drug use which should be distributed soon.

Our notable problem here is with marijuana. Being so close to the Mexican border, relatively large quantities of marijuana can be obtained at cheap prices.

Small quantities of LSD, mescaline, and hashish find their way onto the campus.

Amphetamines are found in pill form and are used primarily for studying.

One reason why students use drugs at UCSD is because they have little else to do. Many of them are curious about their perceptions. They do not just entertainment, for some get stoned to see a film, go to a dance, or a concert.

Conclusion

1. There is far too little medical knowledge about marijuana to be able to label it as a "safe" or "dangerous" drug. (Moreover, the current Federal laws make it all but impossible for even federally contracted labs to obtain tetrahydrocannabinol.)
2. Medical and civil authorities show marijuana to be a non-addicting and less of a factor in violent crime than alcohol, yet it is still illegal. Unfortunately the Constitution does not grant the freedom of choice of intoxicant.
3. LSD is apparently medically dangerous and under our traditions of state paternalism, it must be kept under control.
4. All drugs are now a legal problem and the majority of people view it as such. Actually drug abuse is a public health problem and jurisdiction over drug users should be taken out of the hands of civil authorities and placed in the hands of public and health authorities.
5. As a group the best thing which the A.S. could do is support legislation reducing drug possession and use to misdemeanor and changes as I offered in finding #4.

We must, as well, along with the Dean's office support educational programs, and offer alternatives to taking drugs. One alternative which is gaining in popularity in San Francisco is sensation and perception development. I have directed several successful sessions both on and off this campus. These sessions provide the student with entertainment on a dull UCSD Saturday night.

The development of T-groups on campus would also help. UCSD could be a very exciting place, without many "organized" activities. Give me 15 groovy people and I'll guarantee a groovy time. People can turn on to reality and themselves, but it takes training, just as the marijuana smoker must be trained to inhale properly to become high.

I think that this is a possible way in which we can alleviate the drug problem at UCSD, but support of legislation is also important.

TO: STUDENT ADMINISTRATION 1967-1968

FROM: RICHARD W. MONCREIFF

WHEREAS

1-789, 1604

1. **A. S. is obligated to contribute \$4550.00 to maintain a portion of the services of an executive secretary.**
2. **The A. S. Senate has legislated to pay the President and the Vice President salaries amounting to \$900.00/year.**
3. **The A. S. will be supporting at least 2 newspapers next year (The Trident Times and The Indicator), an annual, and a radio station.**
4. **It is A. S. policy that dances be primarily for the enjoyment of UCSD students; thus, capital to underwrite losses, about \$500.00 per dance, with a first-rate band, is necessary.**
5. **The A. S. fee is the fairest assessment of revenue to defray these added costs.**

The present student administration urges the next A. S. Senate to increase A. S. fees to \$6.00/quarter.

Because of our lame-duck status, we feel the new A. S. Senate should rightly adopt this legislation.

Minutes of the AS Senate Meeting

February 13, 1968

- I. The meeting was called to order at 7:15 by Gary Curtis.
- II. Roll. Members present: Rich Altenhoff, ^{Mr}Harv Sweetwood, Bill Stiles, Gary Curtis, Sue Dascomb, Carrie Randall, Bill Shark, Pete Waasdorp, Bob Topolovac, George Murphy.
- III. Business.
 1. Ed Spriggs was recognized and he reported that Dick Gregory will not be able to speak as previously planned. However he said the Black Students' Council could probably get Stokely Carmichael instead and suggested that the Senate vote to transfer funds from getting Dick Gregory to get Stokely Carmichael.

MSC that the Senate transfer up to the \$700 voted for Dick Gregory to obtaining Stokely Carmichael. The money will be transferred to the Guest-in-Residence Committee, using this agency to act as a coordinating agency. (Vote: 3 in favor, 2 opposed).

There was discussion as to whether or not admission should be charged. Some argued that students and others would be willing to pay admission and thus help defray the costs while others said this event should be free because it is a form of education for the campus.

It was moved but not passed that a set sum up to and including \$1 be charged as a condition for the Black Students' Council to be given the \$700.

MSC that the Black Students' Council in conjunction with the Guest-in-Residence Committee charge admission if necessary as a last resort to make up the difference between what the Senate and Guest-in-Residence allocate and what is needed.
 2. The next order of business was filling Jim Miner's vacancy on the Senate. Rich Altenhoff suggested Pete Waasdorp a student from their to fill the seat.

The Senate voted to approve Pete Waasdorp to fill Jim Miner's vacancy on the AS Senate.
 3. Bill Shark brought up the situation involving Charlae Moore. He summarized the situation saying that Charlie Moore had been put on conduct probation and told to leave the dorm primarily on the grounds that he had hung signs in unauthorized places, had girls in his room, and had a problem with identifying himself in the Cafeteria. It was pointed out that the historical role of the student is one in which the University determines the dorm contracts but how can the students make sure that the University fulfills its obligations. It was suggested that the students should initiate a Student Bill of Rights which provides for 1) dorm rules, 2) defines all student infractions, and 3) creates a supreme court to be elected by students at large. It was reported that Charlae Moore can appeal his ejection from the dorm and is doing so to the Committee on Student Conduct

MSC to create a committee to investigate the disciplinary action taken against Charlie Moore to investigate: 1) if due process was violated; 2) to point up areas of further study; and, 3) to recommend changes and programs for the future. The committee will report at the next meeting.

Pete Waasdorp volunteered to head the committee and asked those who would be willing to serve on it to see him after the meeting.

4. Dean Murphy reminded the Senate that the Communications Board was to report to the Senate on the finances of the newspapers and he circulated the First Quarter 1967-68 Financial Statement of the Triton Times and the Indicator. It shows that the Triton Times spent \$83.29 more than was budgeted while the Indicator spent \$730.49 more than the planned budget. Murphy reported that the Indicator has been put under the supervision of a receivership committee which has specified certain conditions under which it can continue to publish the Indicator.

MSC to accept the Financial Statement and release the balance of the funds earlier allocated to the Communications Board.

5. Gary Curtis reported that due to increased costs he was requesting additional funds of \$2000 for student activities for the 3rd quarter. It was decided to table his request for one week until it is decided and discussed whether or not the AS should begin to set aside money for the Student Union.

IV. Adjournment.

It was moved and passed to adjourn the meeting at 9:10 PM.

Respectfully submitted,

Cindy Nielsen

All Registered Student Organizations
UCSD 1966-67

On September 27, 28 and 29, 1967, tables or booths will be provided for you to advertize the organization over which you presided this past academic year. Arrangements for providing tables may be made by calling me in Beagle Hall.

I cannot overemphasize your participation in this facet of orientation week. As upperclassmen we have the responsibility to acquaint new students with the many extra-curricular activities available to them.

In addition, the dates set aside for your booth or table will provide your organization an excellent opportunity to acquire new members.

With your assistance I look forward to a great school year.

MEMORANDUM

August 30, 1967

GEORGE MURPHY
Dean of Student Affairs

SUBJECT: Tutorial Project, Budget

C
O
P
Y

Rich Altenhoff, John Nuber and I have made preliminary plans to establish a student tutorial project beginning in the Fall Quarter, 1967. We have outlined three types of projects: elementary, junior high and senior high age groups, with tutoring as the central theme and the "human relationship" we hope will develop between the tutor and the tutee as the secondary theme.

Our strategy is to have the project pretty well outlined by September 25, 1967, so that we can have a fairly concrete program to sell to the students when we begin recruiting. We have our program outlined and have made contacts with the Neighborhood House Association. All that remains to be done is:

1. Prepare a brochure describing the projects to be used in recruiting.
2. Find a student who has both the time and interest to be the Director of the project.
3. Prepare an "Orientation Program" for tutors.
4. Budget: The big need here is for money for transportation of tutors to the Neighborhood House Association; a 40 mile round trip. Our present plans are to have tutors run car pools and reimburse them for expenses on a trip basis rather than a mileage basis.

It is difficult to predict costs for transportation because we don't know how many students will have to be transported and we don't yet know what the tutoring schedule will be. We feel pretty certain that we will get at least 50 tutors at the start. If we do, it will mean that we will need at least

10 cars each week if we tutor once each week.
We were thinking of paying \$4.00 per round trip
which would mean we would need \$40.00 per week
for transportation. If we tutor twice each week,
our costs will obviously double.

ESTIMATED BUDGET FOR TUTORIAL PROJECT

Based on 50 tutors going to Neighborhood House Association
once a week (40 mile round trip).

Transportation

10 cars x \$4.00 per trip	=	\$ 40.00 per week
25 weeks of tutoring Oct. 15 - May 15 (approx.)	=	1,000.00 year
		<u>\$1,000.00 TOTAL</u>

Brochure

500 copies (estimated)	=	100.00
		<u>\$ 100.00 TOTAL</u>

Director

\$100/per month for 8 mo.	=	800.00
		<u>\$ 800.00 TOTAL</u>

Material and Supplies

Paper, mimeo, ditto, posters, etc.	=	250.00
		<u>\$ 250.00 TOTAL</u>

ESTIMATED TOTAL BUDGET = \$2,150.00

CHANCELLOR JOHN S. GALBRAITH

SUBJECT: Proposal to Establish ROTC Unit at UCSD

Dear John:

This proposal, forwarded with your covering memorandum of 5/5/67, has not yet been considered by the Committee as a whole. I have studied the documents myself with some care and note a number of points that seem to me to make it impossible for the Division to act in sufficient time to enable you to meet the deadline of 1 June 1967 mentioned by Lt. Colonel Carmichael in his letter to you dated 1 May 1967.

I call your attention to paragraph 2. a. of the "Application and Agreement for Establishment of Army Reserve Officers' Training Corps Unit" (Form 49-R342). This paragraph requires the establishment of a Department of Military Science and the adoption of a curriculum involving courses of military instruction prescribed and conducted by the Secretary of the Army. Further, paragraph 2. d. stipulates that academic credit applicable toward graduation for successful completion of such courses is to be granted; paragraph 2. e., involving the scheduling of military classes, requires that a representative of the Department of Military Sciences must be included on all faculty committees whose recommendations would directly affect the Department of Military Science. I need hardly point out that Divisional action on each of these stipulations would seem to be required. I am sure that these points of conflict with the Division's ordinary prerogatives are apparent to you.

It is also stipulated under paragraph 4 of the agreement that the senior commissioned officer assigned to the institution must be given the rank of Professor.

These rather serious matters are certain to provoke extensive debate in the Divisional Senate and the likelihood of favorable action before 1 June 1967 seems remote.

May 15, 1967

My personal view, in advance of the formal CEP recommendation on this matter, is that three steps of approval should be sought:

1. A student referendum;
2. Approval by the Division; and
3. Approval by the Administration.

The proposal may fail at any one of these levels. In view of the current national concern over the intrusion of military matters into campus activities, and especially in view of the bitter emotional divisions developing between the university community and the national administration over the Viet Nam War, I would regard it as extremely unwise to attempt to push this matter through to a quick decision without full opportunity for discussion and the expression of dissenting views.

I will try to get the CEP to act on the proposal as soon as possible, but I am following in the Committee the same general prescription I have recommended to the Administration.

Cordially,
