DIVERSIONS WITHIN HOTEL DEL CORONADO PROVIDED IN INTERESTING VARIETY

We are going to stress particularly in this pamphlet indoor activities. In other literature recreation on land, bay or ocean and other outdoor advantages enjoyed all year under ideal climatic conditions are the predominating features. Within the hotel, however, are equally abundant opportunities for diversified amusement and gaiety.

The homelike atmosphere in Hotel del Coronado is one of its great charms. Another is its hospitality, combining sincere efforts to make our guests feel free to suit their own inclinations as to active participation in social affairs, or to take part merely as interested onlookers. Those who seek quiet or seclusion, too, will find their wishes respected.

The services of an experienced hostess add to the pleasure of guests in numerous instances. Introducing people, arranging Bridge tables or special parties are among the courtesies extended upon request.

Congenial groups are thus gathered, resulting in keener pleasure and oft-times in lasting friendships.
